**SEE GOV. HOLDEN'S OPINION.**  
 BALTIMORE, N. C., Dec. 24, 1880  
 I take pleasure in stating that a member of my family has used Mrs. Joe Person's Indian Tonic with good results. I believe the remedy to be excellent for the purposes for which it is intended.

**W. W. HOLDEN.**

**SEE JUDGE STRONG'S OPINION.**  
 BALTIMORE, N. C., Dec. 1st, 1880  
 Mrs. Joe Person—Madam: Some months ago I was in bad health, suffering from debility, indigestion and loss of appetite. When a friend induced me to try your Tonic, I did so with the most happy results. I take great pleasure in recommending it as a valuable and efficient Vegetable Tonic, and wish you much success. Very respectfully,  
 GEO. V. STRONG.

**Big calf.**  
 Mrs. Elizabeth Warren has on her premises a calf now just two days old which weighed sixty-five pounds when not quite one day old. It is looked upon as something marvellous and can be seen at the corner of Second and Dock streets.

**From Chicopee Falls, Mass., Edgar T. Page, Esq., Druggist, writes that Mr. Albert Guenther, under Wilds Hotel has used that remarkable remedy, St. Jacobs Oil for a severe case of rheumatism and it cured him, as if by magic. He also used it with great success among his horses, in cases of sprains, sores etc. and it cures every time.**

**Stockholders' Meeting.**  
 There will be a meeting of the stockholders of the Carolina Central Railway held at the office of the Company in this city to-morrow at 12 o'clock. We learn from persons who are in a position to know that the organization of the Company as it now exists will remain intact.

**Cut by a Circular Saw.**  
 Henry Taylor, colored, had his right arm badly cut yesterday afternoon by a circular saw at the mill of Messrs. E Kidder & Sons. At the time of the accident Taylor was at the cut-off saw on the slide. His wounds which are severe though not dangerous, were dressed by Dr. E. A. Anderson. The man is doing as well as could be expected.

## Hymental.

The Rev. Dr. Watson, Rector of St. James' Church, performed two marriage ceremonies in this city last night, one at 8 o'clock and the other at 9:30. At the 8 o'clock ceremony, the groom, who is an Italian, was unable to understand the marriage ceremony in English, as he cannot speak a word in that vernacular, so the reverend gentleman translated the service into Latin when he addressed him, as the candidate for matrimonial honors understood that language very well. The bride was addressed in English and responded in the same tongue. We wonder in what language the courtship was conducted, but we suppose of course it must have been the language of love.

**How to be your own painter:** Buy the N. Y. Enamel Paint, ready mixed and warranted at JACOBI'S.

**Concerning Postal Cards.**  
 The Post Office department has issued the following order: "On and after June 1, 1881, no printing or writing will be permitted upon the address side of postal cards except that imprinted there at the manufactory, and such as may be necessary for the proper direction of the same. All postal cards bearing any other writing or printing upon the address side are declared unmailable and must be returned to the sender by the postmaster at the office where they may be mailed. Such cards may be treated as 'spoiled' and redeemed by any postmaster upon application of the holder, as prescribed in section 171, postal laws and regulations, 1879. Future supplies of postal cards will be printed on the address side with the words 'nothing but the address can be placed on this side.'"

**In on Schedule Time.**  
 The steamship *Gulf Stream*, Captain Ingram, from New York, put in an appearance here this morning about the usual hour; that is to say, the *Gulf Stream* arrived here at the wharf within ten minutes of the same time that she touched this port during the three consecutive trips preceding this one. Captain Ingram informed us this morning that his time of departure from New York and his arrival here, has not varied ten minutes during the last four trips he has made. With such a ship and so capable and clever a gentleman to command and navigate it, we are not surprised at such prompt schedule time.

**The Doctor of Alcantara.**  
 Those of our citizens who were at the Opera House last evening were amply repaid for any inconvenience they may have suffered in getting there. The performance was a decided improvement over the first presentation of the play as the ladies and gentlemen were more familiar with their parts, and several fine voices had been added to the choruses.

**For some reason Mr. Hobbs did not give his exhibition of skill on the violin, and in order that the audience should not be deprived of any of the pleasures anticipated, Mrs. Cameron and Mr. Chase sang a duet which called forth a shower of flowers and hearty encores.**

**Mrs. Kahnweiler excelled herself in her vocal gems. Her staccato passages were wonderful and such as are only attained by musical talent of the greatest order of merit and perfection. In the opera of "The Doctor of Alcantara" the quarrel trio by Mrs. Lippitt, Mrs. Cameron and Mrs. McFarland was very fine.**

**The rich and musical voices of the ladies taking the parts of Donna Lucrezia, Isabella and Inez were never heard to better advantage. Mr. Clark as the Doctor and Mr. Bradley, as Carlos, rendered their parts with great satisfaction and acted out the characters with almost faultless accuracy. Messrs. Welsh, Dyer, VonGlahn and Carr added much to the performance by their good singing and clever acting. Possibly the most noticeable improvement was in the Guards. Their number had been increased by the addition of several fine voices, which added greatly to the general harmony and fullness of the choruses.**

**Mrs. Taylor presided at the piano and impressed every one with her faultless and musical touch.**

**Many lose their beauty from the hair falling or fading. Parker's Hair Balsam supplies necessary nourishment, prevents falling and grayness and is an elegant dressing.**

## If you would prevent sickness see that your premises are properly policed and that lime and disinfectants are judiciously placed in all low and damp places.

Disinfectants can be had at the City Hall free of charge.

**Sunday School Convention.**  
 A Sunday School Convention under the auspices of the North Carolina Baptist State Convention, will be held at Asheville commencing June 23d and continuing for three days. The Rev. J. B. Taylor, pastor of the First Baptist Church of this city has been requested to deliver an address before the Convention.

**"Courage"**  
 Rev. Joseph R. Wilson, D. D., will deliver a lecture at the Opera House Friday evening next, the 29th inst., under the auspices of the Wilmington Library Association. The lecturer has selected as his subject "Courage," and will no doubt deliver one of the best lectures of the season. His theme is one which will give him ample opportunities to test his intellectual cultivation. The public have a treat prepared for them, and we have no doubt but that Dr. Wilson's reputation as a speaker will attract many who do not usually attend lectures. The price of admission has been placed at the low figure of 25 cents.

**A Thing of the Past.**  
 In excavating near the Northeast corner of Market and Front streets to-day for the Water Works, workmen came across a brick wall about four feet thick, some three feet under the surface of the ground. The wall was well preserved and must have been the foundation of a building which stood there generations ago. We did not learn that a house had ever stood there but suppose so from the fact of the discovery of the wall. Will some of our "old citizens" put on their thinking caps and enlighten us on the subject.

**The Odd Fellows' Celebration.**  
 The anniversary of the institution of Odd Fellowship in America was celebrated last evening at the Odd Fellows' Hall by Cape Fear and Orion Lodges, P. G., W. J. H. Bellamy, acting as Noble Grand.

**After the ritualistic ceremonies had been appropriately observed, the acting Noble Grand in a terse little address introduced G. R., Chas. M. Busbee, of Raleigh. Mr. Busbee's address was on Odd Fellowship and was both instructive and interesting. His audience was pleasantly entertained for an hour and was charmed with his abilities as a lecturer. P. G., M., W. L. Smith on behalf of the Lodges tendered their thanks to Mr. Busbee, and introduced P. G., F. H. Sleeper, of Indiana, who is in the city on a visit, who spoke for a few minutes in a very happy and pleasing style.**

**An Important Matter.**  
 The Board of Health for New Hanover county we understand, meets to-night, and we hope and we believe, that the worthy gentlemen who comprise that Board will take into consideration the danger attending the excavations now being made in nearly every street in this city. The warm rays of the sun yesterday, shining with full power and intensity upon the newly dug, damp earth along the proposed route of the water works company, gave an early foreboding of what we may expect before the work of digging up the earth for the purpose of laying these pipes is completed. We do not wish to antagonize the interests of the water works company, and we hope that our remarks will not be considered as tending in that direction because we are exceedingly anxious to have this new enterprise completed. But we do not wish it done at the sacrifice of the health of the city. The whole winter has been allowed to pass without a spade or a pick being stuck into the ground, and it is only when the spring is two-thirds gone and we are just upon the eve of the sickly season, that the company commences its operations of digging. We would respectfully call the attention of the Board of Health to an important fact which they have possibly not lost sight of, and that is, that it was the opening of a sewer in Memphis three summers ago that caused that city to mourn the lives of thousands of her best people, and brought woe and sorrow to almost every household within its fatal limits. Shall we profit by their experience?
