WILLIAMS' MILL'S, Carter Co., N. C.,  
 July 17th, 1879.  
 Mrs. Person—Dear Madam: I think  
 your medicine is the best that is now before  
 the public for the cure of blood diseases. I  
 have great confidence in it, and believe that  
 it will do all that you claim for it. I have  
 used Mr. Stokes' before he commenced  
 your medicine, and I see you have  
 a testimonial that he is cured. Go on,  
 and I say God speed you in your efforts to  
 alleviate the condition of mankind, and  
 to give us all comfort and happiness. I will  
 do all in my power for you among my  
 friends. Yours respectfully,

VOL. VI WILMINGTON, N. C., THURSDAY, MAY 12, 1881 NO. 63

**PLEASE NOTICE.**

We will be glad to receive communications  
 from our friends on any and all subjects of  
 general interest but

The name of the writer must always be for-  
 warded to the Editor.

Communications must be written on only  
 one side of the paper.

Personalities must be avoided

And it is especially and particularly under-  
 stood that the Editor does not always endorse  
 the views of correspondents, unless so stat-  
 ed in the editorial columns.

No City Court this morning

Of the May spring fashions, bonnets  
 stand at the head.

Now is the time for spring cleaning  
 and white-washing.

A corn is a little thing but it can put  
 a great movement on foot.

Do not engage in a dispute if there  
 is no possibility of convincing.

Gratitude is a debt which all men owe,  
 but very few take the trouble to pay it.

You can now buy Improved Heating and  
 Cook Stoves at factory prices at JACOBI'S.

Advertising by means of circulars is  
 like searching for a mountain with a  
 microscope.

The Water Works Company had men  
 employed yesterday in relaying the stone  
 on Front street.

Look out for them! A number of  
 counterfeit ten cent coins are said to  
 be in circulation.

As soon as the ball season of winter  
 ends, the ball season of summer begins.  
 The latter is of the baser sort.

A man in debt and loafing about on  
 being asked what he was doing, replied  
 that he was "resting on his ows."

The steamer *Passport* will be ready  
 to resume her regular trips about the  
 middle of next week. She looks like a  
 new craft, and the improvements to her  
 passenger accommodations will no doubt  
 be appreciated.

About this time of the year it always  
 happens that the peach crop is a total  
 failure but in some marvelous way it  
 manages to pick up and turn out pretty  
 well later in the season. The peach  
 crop is something you never can depend  
 upon until you see it.

A newly-married man was heard to ex-  
 claim the other day, I've had enough of  
 kisses, I've got enough of love! Oh, give  
 me back my old slouch hat! my comfort-  
 able glove! take off this coat that fits so  
 tight! oh, let me muss my hair! there's  
 balm in Gilead yet I hope—"God bless  
 the happy pair, say we!"

**Unmailables.**

The following unmailable letters re-  
 main in the Postoffice in this city:  
 Miss Julia Mills, Hickory, N. C.;  
 Messrs. Hodges Bros., Baltimore, M. D.

**Indications.**

For the South Atlantic States fair  
 weather, variable winds shifting to  
 Southwest, stationary barometer and  
 temperature.

**Who is He?**

There is a lucky man in Wilmington.  
 Ticket No. 25,204 drew \$1,000 in the  
 drawing of the Louisiana State Lottery  
 which took place on Tuesday last. The  
 ticket is held in this city, but the lucky  
 man's name has not been divulged as  
 yet.

How to be your own painter: Buy the  
 N. Y. Enamel Paint, ready mixed and  
 warranted at JACOBI'S.

**How Wise.**

In place of the former staple—free  
 gossip, if we are correctly informed, St.  
 Jacobs Oil is now the usual tea-party  
 topic. How wise and how much more  
 beneficial!

**The Sunken Tug.**

The steam tug *Orlando*, which sunk at  
 her wharf, at the foot of Orange street,  
 on Sunday morning last, still remains in  
 the same position. She is lying easily  
 on her side, and is made fast to the  
 wharf by hawsers. At low tide one end  
 of her pilot house can be seen and about  
 two feet of her smoke-stack is above the  
 water at high tide. Mr. R. H. Berry,  
 who has the contract to raise her, suc-  
 ceeded this morning in getting a chain  
 under her bows. Other chains will be  
 put under her to-day and to-morrow,  
 and it is thought she can be raised with  
 very little trouble. It is hoped that  
 her machinery and hull will not be hurt  
 by the submersion. The steam tug *Nyce*  
 is towing the rock to New Inlet in order  
 that the work on the Inlet will not have  
 to stop for lack of material.

 Blinds, pure White Lead, Oils, Varnishes  
 Window Glass, all sizes. All at the lowest  
 prices

**Don't You Forget it!**

Executors and Administrators should  
 remember that the last Legislature en-  
 acted a law requiring all executors and  
 administrator's notices to be published in  
 some newspaper published in the county.  
 Unless such a notice is so published, a  
 creditor is not barred from proving his  
 debt against the estate by any length of  
 time.

**Off for Florida.**

Mr. R. H. Tait, a young gentleman  
 of this city who is universally liked by  
 his many friends and acquaintances, will  
 leave to-night for Jacksonville, Florida,  
 where he goes to take a position in a  
 large dry goods establishment at that  
 place. Mr. Tait carries with him the  
 best wishes of his large circle of acquaint-  
 ances.

**Board of Health.**

The Board of Health of New Hano-  
 ver county met in regular session last  
 evening. The subject under discussion  
 was the water supply and the sanitary  
 condition of the city. Several sugges-  
 tions were made looking to the improved  
 sanitary condition of the city. On the  
 14th all work of excavating for the wa-  
 ter works will cease except in the sand  
 hills near Hilton.

**A Monster Alligator.**

An alligator was killed at the Bluff,  
 near Lillington Hall, on the North East  
 river, a few days since, which measured  
 ten feet eight inches in length, four feet  
 three inches across the hips, four feet  
 eight inches from arm to arm, or across  
 the upper part of the body, five feet  
 around the body, and twenty inches from  
 the lower jaw to the upper jaw with the  
 mouth wide open. His gatorship was  
 killed by Mr. James Shaw, of Pender, at  
 his father's landing. The hide has been  
 preserved and will be made to serve a  
 good purpose.

**Col. Burr in Newbern.**

In its account of the ceremonies on  
 Memorial Day in Newbern, the *Nut  
 Shell* of that city thus refers to the ad-  
 dress of our fellow-townsmen, Col. James  
 G. Burr, who in response to an invitation  
 from the Ladies' Memorial Association of  
 the Elm city, consented to make the  
 annual oration; says our cotemporary:  
 "Col. Burr's address was a master effort.  
 Good judges claim that it was the best  
 ever delivered here. While, in many  
 respects, it was similar to all other ad-  
 dresses delivered on such occasions, the  
 speaker interspersed in his remarks  
 many beautiful and original ideas, and  
 expressed able and eloquent thoughts that  
 could only emanate from a talented and  
 cultured mind."

**Planetary Events During May.**

At 5 o'clock Wednesday morning  
 Venus passed between the earth and the  
 sun, but, as her dark side was turned to  
 the earth, was invisible. In a short time,  
 however, she will reappear on the west-  
 ern side of the sun as morning star, and  
 before the month closes her radiant  
 presence will grace the dawn for an  
 hour and a half before sunrise. Venus  
 is now at the same point, only invis-  
 ible in passing the sun, as she will be  
 in December, 1882; but then her bright  
 side will be turned toward the earth,  
 and she will be seen all over America,  
 making a transit or crossing the sun's  
 disc. The last transit, in 1874, was the  
 occasion of millions of expenditure in  
 fitting out expeditions to different  
 countries where it was to be  
 visible. The observers of the  
 transit of 1882 will witness  
 a rare phenomenon, that will not occur  
 again until 2004, one hundred and twen-  
 ty-two years hence. The most beautiful  
 celestial picture of the month occurs on  
 the morning of the 26th, for the waning  
 moon will be near Venus, Saturn and  
 Jupiter, though she passed her conjunc-  
 tion with them all on the previous day.  
 As Venus rise on that morning about ten  
 minutes after 3 o'clock, Saturn ten min-  
 utes later and Jupiter about ten min-  
 utes after Saturn, if the sky is clear, it  
 will be safe to promise a superb planetary  
 show, well worth taking pains to witness.  
 The new moon of the 27th throws her  
 shadows over a portion of the earth, and  
 causes a partial eclipse of the sun, invis-  
 ible here.

The Ladies of the St. John's Rectory  
 Club have received from Mr. M. J. Dinglehoff  
 a handsome silver card receiver,  
 which is now on exhibition at the City  
 Hall and will be voted for at the Bazaar  
 to-night.

**Shipped Foreign.**

The Swd. Brig *Emil*, Captain Mal-  
 mors, cleared from this port for Greenock,  
 Ireland, to-day with 2,750 bbls. tar,  
 shipped by Messrs. Paterson, Downing  
 & Co. Also the Nor. barque *Jerbuen*,  
 Captain Svendsen, for Rosstock with 2587  
 barrels rosin by Messrs. E. G. Barker &  
 Co.

**More Trouble.**

Jacob Wilson alias Walter Wilson,  
 colored, now languishes in jail in default  
 of the payment of costs in Squire Gard-  
 ner's court. It seems that Wilson owed  
 Alice Bishop, also colored, money for  
 board, and that Alice had possession of  
 Wilson's trunk which she was keeping in  
 "chancery" until the board bill was paid.  
 While the woman was absent from her  
 dwelling Wilson by raising a window in  
 the house got in and took his trunk off.  
 He was arrested for the offence and is  
 now in jail for costs.

**A Health Officer Arrested.**

Capt. Francis M. James, one of the  
 Health Officers of the city, was arrested  
 yesterday on a warrant sworn out by G.  
 W. Herring before Justice Gardner. Health  
 Officer James is charged with forcible  
 trespass. He condemned and sent out of  
 market yesterday forty-four bunches of  
 fish, the property of the prosecutor, who  
 claims that the fish were not sound. A  
 preliminary examination of the case was  
 had to-day, but Justice Gardner with-  
 held his decision until to-morrow. It is  
 thought that if the plaintiff gains the case  
 he will institute a civil suit against the city  
 for damages.

**The Bazaar and Festival.**

The first evening of the Bazaar and  
 Festival by the ladies of St. John's  
 Rectory Club was only partially suc-  
 cessful last evening, but the ladies hope  
 for better things and a more thriving  
 patronage this evening and to-morrow  
 evening. The entertainment offered to  
 visitors is a Hall beautifully decorated  
 with flags, and brilliantly illuminated  
 with gas, in which are tables containing  
 choice pieces of handiwork, elaborately  
 finished, and other tables on which are  
 tempting viands and refreshments of  
 every kind, behind which wait some of  
 the fair maids and matrons of the Club  
 to serve the customers who may favor  
 them with an order for their goods or  
 chattels. The flower stand was among the  
 most beautiful things we saw in the hall  
 last night, while the table with the fancy  
 articles and needle-work, in our judg-  
 ment, came next in point of attraction.  
 The Music and Art Gallery was said to be  
 highly interesting and "truly amusing"  
 as the late Artemus would say. But  
 of that we do not speak from observa-  
 tion, but from hear say. The balloting  
 for the different prizes will be continued  
 to night and on each succeeding night  
 until the close of the Festival.

The record at the polls stood last night  
 as follows:  
 Toilet set—for the most popular young  
 lady in Wilmington—Miss Jessie Myers  
 20, Miss Loula Parsley 7, Miss Jamie  
 Parsley 5, and so on scattering down to  
 one vote.

Pair of vases—for the most popular  
 married lady—Mrs. J. E. Lippitt 31,  
 Mrs. G. G. Thomas 13, Mrs. S. H. Fish-  
 blate 5, and several scattering.

Jewelry case (the gift of Mr. George  
 Honnet)—Miss Lettie Green 18, Miss  
 Jessie Myers 3, &c.

Organ—Mrs. E. M. Cushing 9, Mrs.  
 M. P. Taylor 3.

**Fashion Notes.**

Misses will find the sailor hat in Milan  
 braid and broad fancy bands the favorite  
 for every-day wear.  
 New Lisle thread and silk gloves have  
 long, loose buttonless wrists reaching  
 half way to the elbow.  
 The leaf star, and almond brocades  
 are much used for summer mantles, but  
 plain satin is much more durable.  
 Soft gold shades, silver, buttermilk-  
 red, blue, gray, black and white are the  
 prevailing colors for spring bonnets.  
 Small, straight jackets, not quite  
 closed in front, but drawn together by  
 ribbons, are worn by little girls this  
 spring.  
 The buttons on the summer gowns  
 are all small and insignificant. It is the  
 fringes and bead trimmings that give  
 glitter this year.  
 The shirred mantles of black satin  
 surah are the most fashionable of spring  
 wraps. They are trimmed with Spanish  
 lace, jet and chenille.

Decidedly the warmest day of the  
 season. The thermometer reached 88°  
 in this office at 4 o'clock.

**Delinquents.**

Over \$300 for back taxes was paid into  
 the City Treasurer before 9 o'clock this  
 morning by merchants. Mayor Smith  
 is stirring the delinquents up with a long  
 pole and within the past ten days sixty  
 four merchants have anted up at the  
 Captain's office. Mayor Smith says he  
 is "going for" all delinquents and ex-  
 pects to save much money for the city.  
 Some persons who paid their license tax  
 this morning were in arrears for 12  
 months, and several others had never paid  
 a license tax since they have been doing  
 business in the city.

Many lose their beauty from the hair  
 falling or fading. Parker's Hair Bal-  
 sam supplies necessary nourishment,  
 prevents falling and grayness and is an  
 elegant dressing.
