THE DAILY REVIEW.

VOL. VI WILMINGTON, N. C., SATURDAY, MAY 14, 1881 NO. 65

The river Dwina, at Archangel, Russia, has flooded a great part of that town, causing great distress.

The electric railway from Berlin to Lichterfeld was opened Thursday, and was successfully worked.

The damage at Podol, the Jewish quarter of Kiev, by the recent riots was 22,500,000 roubles, instead of \$39,000,000. The Russian rouble is worth 75 cents.

It is officially announced that the recent municipal elections in Spain resulted in the return of 28,079 candidates favorable to the Ministry, and 3,824 hostile thereto.

It is reported that the Marquis of Lorne will soon retire from the Governor-Generalship of Canada. It is said that his relations with the Gladstone ministry are not very satisfactory.

The New York stock market is still fearfully inflated. The bulls have had their own way for weeks. When the tumble begins, as it surely will begin some of these days, then let somebody stand under.

The Turkish delegates to the Grecian Boundary Conference now propose to modify the convention for handing over the ceded territory so that the evacuating may take six months instead of three, as proposed by the Ambassadors.

The French campaign in Africa has been short, sharp, decisive and successful. It has been brought to a close by a treaty with the Bey of Tunis and it may well be understood that the French have secured all they demanded. The Powers stare with open mouths, and say "What does all this mean?" and France responds, "Nothing of any importance, gentlemen; it is only a little private difficulty which has already been amicably arranged."

It was very warm in New York and Brooklyn on Thursday, the thermometer being up among the nineties. Nobody was prepared for such a sudden hot spell and there was really great distress. In Prospect Park, Brooklyn, there was a brigade parade and seventy-five men were overcome by heat. Eight cases of sunstroke were reported in New York and six in Brooklyn. In New York, at noon, the thermometer marked 92 degrees; in Brooklyn, at 2 p. m., it was over 95; at Rondout, at 1 o'clock, it was 96; and at Port Jervis, at 1 o'clock, it was 94 and at 3 o'clock it was 100.

There was a large sale of fine cattle in Philadelphia on Thursday. The N. Y. Sun says:
The sale was attended by about 300 people, many of whom were ladies, but there were only about a dozen buyers, the mass of the farmers present being frightened off at the start by the stiffness of the bidding over Gambetta, a Jersey heifer, which sold for \$500. The sale lasted four hours, and the receipts amount to \$20,763.50, an average of about \$262 for each cow, heifer and calf. This is the lowest average known in Philadelphia for years. T. A. Have-meyer, of New York; H. N. Strong, of New York; J. B. Davis, of Richmond, Va.; A. Wilhelm, of Lebanon, Pa.; D. A. Given, of Cynthiana, Ky.; F. Shaw, of Boston, and Dr. Borland, of New London, Conn., were the heaviest buyers.

It is now thought that the first race between the yachts of the Carolina Yacht Club will take place over the Wrightsville course on the 4th of July. There seems to be no prospect of a race on the river this season.

We publish elsewhere an article from a member of the Ladies' Memorial Association, relative to the recent outrage at Oakdale, on which we have commented. In this instance we depart from a rule which we are justified in calling "invariable," as we do not know who our fair correspondent is. In this we think we are fully justified.

Personal.
Mr. J. M. Watson, Signal Officer at this station for the past year or so, leaves on the steamship *Regulator* with his family for New York to-morrow morning. We part with Mr. Watson with great reluctance. He is an obliging and courteous gentleman, and we wish him success and prosperity in his new found home.

The Receipts.
We understand that the gross receipts of the Festival held by the Rectory Club at the City Hall this week will probably reach as high as \$700, and that the expenses will not be more, probably, than \$100, if as much. Besides this there is an organ, donated to the Club, which is to be disposed of for their benefit, and we trust that the net amount will reach at least \$300. This organ has been a source of much vexation to the ladies. It was shipped from Boston, if we are not mistaken, nearly three weeks ago, and to-day, after telegraphing in every direction, it has just been heard from and will probably arrive to-morrow. It must have gone around by New Orleans to get to Wilmington. The fault, most likely, was in the lack of proper shipping direction. It is said to be an elegant instrument.

J. D. L. Harvey, Esq., of Chicago, Ill., spent over two thousand dollars on medicine for his wife, who was suffering dreadfully from rheumatism, and without deriving any benefit whatever; yet two bottles of St. Jacobs Oil accomplished what the most skillful medical men failed to do.

No interments in Bellevue Cemetery this week.

Sunset to-morrow afternoon at 58 minutes past 6 o'clock.

Strawberries to-day 20 cents a quart or three for fifty cents.

There were two interments in Oakdale this week—both adults.

When is a man, like friendship, most seriously tried? When he stands a loan.

Many a great man who thinks himself a great gun is nothing more than a big bore.

Woman is like the reed which bends to every breeze, but breaks not in the tempest.

The six weeks following the widow's marriage is now styled the oleomargarine honeymoon.

There seems to be a pretty general change of mails and schedules all over this State, to go into effect to-morrow.

The Register of Deeds issued three marriage licenses during the week, one to a white and two to colored couples.

The thermometer in the Review office climbed up to 89 this afternoon at 3 o'clock. At 1 o'clock it was one degree lower.

A family of young ladies who reside up town so often entertain company on the front stoop that they have gained the title of step-sisters.

There was much promise of rain last evening although but little fell. The thunder rolled and the lightning flashed and a small quantity of rain fell and then the cloud passed over.

Too much lime cannot be used about your premises just now. Scatter it lively in every direction. A small amount of money spent in lime will be a good investment in a sanitary point of view.

Health Officer F. M. James will leave on a visit to his friends and relatives at his old home, Nantucket, Massachusetts, to-morrow morning. He goes via New York and will be gone for about two or three weeks.

It is now thought that the first race between the yachts of the Carolina Yacht Club will take place over the Wrightsville course on the 4th of July. There seems to be no prospect of a race on the river this season.

Anniversary Celebration.
The association of officers of the Third North Carolina Infantry will celebrate their regular anniversary, the 16th of May, on Wrightsville Sound this year. Members of the Association are requested to meet at Dr. Thos. F. Wood's office, on the corner of Second and Chestnut streets, promptly at 9 o'clock on Monday morning.

Many lose their beauty from the hair falling or fading. Parker's Hair Balsam supplies necessary nourishment, prevents falling and grayness and is an elegant dressing.

The First of the season.
As intimated by us yesterday, the first grand excursion of the season to the seaside will be given by the Wilmington Light Infantry on their anniversary, the 20th, which falls due next Friday, to Smithville and the Forts, on the steam yacht *Passport*. Our friends may rest assured that no pains will be spared to enhance the pleasure of the occasion, and we do trust that it will be a fine day and a large turn-out.

The Bazaar.
The Bazaar given by the Rectory Club of St. John's Church closed its doors last night. It was opened on Wednesday evening and, despite many drawbacks, is considered as having been very successful. The following were awarded:

The pair of vases, "for the most popular married lady in Wilmington," was awarded by ballot to Mrs. Jno. E. Lippitt.

Neill Emerson received the largest number of votes, and was awarded the afghan "for the handsomest baby."

Miss Augusta Lippitt was declared "the most popular young lady," she having received a majority of the votes cast.

Miss Loula Parsley was the recipient of a handsome handkerchief case as "the prettiest lady at the Bazaar."

An elegant table cloth was given Mrs. C. D. Myers in partial recognition of her arduous efforts to make the Bazaar a success.

The ladies have still a number of handsome articles on hand which will probably be disposed of by them at some entertainment next month.

We Correct.
In the fight over the proposed new county of Vance the Oxford *Free Lance* and the Henderson *Tobaccoist* have organized a little controversy. In doing this the *Free Lance* evidences the state of affairs in Pender county. That paper has the "best authority" for making the following assertions:

1st. The county has no public building.
2d. A special tax of \$2,500 per year for four years was levied by the last Legislature for Pender.

3d. Up to two years ago jury tickets were going at a song.
4th. County script is not saleable at any price.
5th. Despite the fact that no buildings have been erected, the county is understood to be going in debt and has been since its erection.

The "best authority" is sometimes, unreliable. The first assertion is correct. Pender county has as yet no public buildings, but soon will have.

The second assertion is correct and is also corrective of the first. The tax alluded to is for the purpose of erecting a Court House and Jail.

The third assertion is correct, and for reasons which we will hereafter explain. The fourth assertion is incorrect, essentially. There are two classes of scrip. That issued, during the past two years, since a Democratic Board of Commissioners have had control of affairs, is, if we are correctly informed, worth par and is redeemed very soon after issue. We have never seen or heard of any of it being offered for sale.

The fifth assertion is entirely wrong, and, for that matter, is just the reverse of the facts in the case. When the Democrats came into the administration of affairs, something over two years ago, for the first time since the formation of the new county, they found it already heavily burdened with debt. They immediately inaugurated a wise policy of reform, and as a result have not only paid off the expenses incurred during their administration, but have actually largely reduced the old debt. We have not the figures by us now, but think that the debt was some \$7,000, and that it has been reduced by a Democratic Board, during the past two years, to about \$4,000. It is safe to assume that, had the Democrats been in control from the first, Pender county would not to-day owe a dollar.

WILMINGTON, N. C., May 13th, 1881.
EDITOR REVIEW:
I was both shocked and justly indignant, (in common, I presume, with our entire community) on hearing of the perpetration of the unmitigated outrage by which a lady and a little girl were wounded by pistol shots fired by unknown hands during the Memorial celebration on the 10th of May, and I confess that I have been greatly astonished to find that no effort has been made to investigate the affair, and discover, if possible, the miscreant who committed the dastardly act in order to bring them to condign punishment. It is evident there was more than one engaged in the diabolical plot, as there was three distinct shots fired, one with each discharge of the Light Infantry. Why does not the Mayor of Wilmington offer a reward of \$1,000 for the apprehension of the would-be assassins? If crimes like this can be committed with impunity, and the offenders go unpunished, what security have we for the future? What a spectacle would be presented, if our ladies should be compelled to call upon our soldiers to guard them while they paid the tribute of affection to our dead heroes? Very respectfully,
A MEMBER OF THE LADIES' MEMORIAL ASSOCIATION.
