 it has proven itself unequalled.
 As a Tonic and Blood Purifier it is
Unsurpassed.

PRELATER'S MILL'S, Carteret Co., N. C.,
 July 17th, 1879.
 Mrs. Person—Dear Madam: I think
 your medicine is the best that is now before
 the public, for the cure of blood diseases. I
 have great confidence in it, and believe that
 it will do all that you claim for it. I have
 the personal knowledge of the condition of
 young Mr. Stokes, before he commenced
 using your medicine, and I see you have
 the testimonial that he is cured. Go on,
 and I say God speed you in your efforts to
 ameliorate the condition of mankind, and
 add to his comfort and happiness. I will
 do all in my power for you among my
 friends. Yours respectfully,
 Dr. W. H. BARKER.

FOR WACCAMAW.
 The excursion to be given by the Sun-
 day School of St. Paul's Evangelical
 Lutheran Church, to Waccamaw Lake,
 will take place to-morrow, as has been
 announced. The fare for the round trip
 is very low, only 50 cents for adults and
 25 cents for children, and those who pro-
 pose attending may rest assured that the
 committee will spare no pains to make
 the occasion an enjoyable one to all who
 may attend. It will be well to remem-
 ber that the train will leave Front Street
 Depot at 8:30 o'clock.

A Good Time in Prospective.
 The Little Giant Fire Engine Com-
 pany meet to-morrow night to determine
 positively about an excursion to the
 Sound, next week. It is now thought
 that the gallant boys of this Company
 will make a trip to Capt. Manning's
 on Wrightsville, on Monday night, and
 return by moonlight—but not alone.
 Oh, no; each of the brave boys who
 run with the machine will have a fair
 partner to talk sentiment to, spout poetry
 for, and so forth. It will be a gay occa-
 sion, and we wish them all a merry,
 merry time.

An Accident.
 Captain T. J. Southerland, we regret
 to learn, suffered to the tune of about
 three hundred dollars this morning by an
 accident to the loft of his stable, which
 gave way under the pressure of some 800
 bushels of grain and feed which was
 stored there, precipitating the whole, or
 nearly all, with a crash through the
 floor, the timbers yielding to the weight
 and falling on two carriages and one
 buggy, which happened to be immedi-
 ately under the loft, flattening the bodies
 of the vehicles and mashing the wheels
 up to such an extent that they will all
 have to undergo thorough repairs. For-
 tunately the accident was attended with
 no loss of life although some of the la-
 boring men on the floor when the acci-
 dent occurred, and while engaged stow-
 ing up the bags of grain and feed, had to
 scramble right lively when they felt the
 floor giving way beneath them to prevent
 being carried down in the pile amid the
 general crash.

Wedding Bells.
 Gen. Allan Rutherford, formerly of this
 city, but more recently Third Auditor of
 the United States Treasury, and now
 practicing law in Washington City, was
 married in this city this morning to Miss
 Della, daughter of Joseph H. Neff, Esq.,
 The interesting ceremony took place
 at 5 o'clock at the residence of the
 bride's parents, Rev. Joseph R. Wil-
 son, D. D., pastor of the First Presby-
 terian church, officiating. The newly-
 wedded couple left for Washington City
 on the morning train.

Venor's Thrld.
 Under date of 2d inst., Mr. H. G. Venor,
 of Montreal, gives his third series of
 "predictions" for the current month of
 June: "Cool and cloudy generally, with
 frequent rain-falls up to the 9th or 10th;
 an occasional warm day, and frosts prob-
 able about the 7th and 8th. On the 10th,
 11th and 12th there will be a storm pe-
 riod, with muggy weather, hail and
 thunder storms; on the 13th and 14th,
 fair summer weather, with cool nights;
 15th to the 18th, cool, unsettled, showery
 weather; 19th and 20th, warmer weather,
 with increasing heat, up to the 25th;
 25th to the 28th, a storm period, with
 sultry weather; on the 29th and 30th,
 cooler, with change in the weather. The
 foregoing forecast will probably hold
 good for a large portion of the United
 States."

Be Sensible.
 You have allowed your bowels to be-
 come habitually constive, your liver has
 become torpid, the same thing ails your
 kidneys, and you are just used up. Now
 be sensible, get a package of Kidney-Wort
 take it faithfully and soon you will for-
 get you've got any such organs, for you
 will be a well man.—*Albany Argus.*

An Unfortunate Accident.
 On Wednesday evening of last week,
 during a thunder storm which prevailed
 at that time, Andrew Johnson, colored,
 who lives in Holly township, Pender
 county, on Messrs French Bros' land, but
 who was plowing for Mr. Hines, took his
 horse out of the plow and started for
 home, to get out of the storm, Mr. Hines
 preceding him. When that gentleman
 reached the house he looked around for
 Jackson but found only the mule, with-
 out the rider. He immediately returned
 to look for Jackson and found him in the
 field lying on his face on the ground,
 and apparently lifeless, near a tree which
 had just been blown down, with his leg
 badly broken in several places, his hip
 dislocated and with internal injuries—
 as was afterwards ascertained. The un-
 fortunate man revived and was taken to
 his house where Dr. W. J. Ennett, of
 Burgaw, was summoned to his assis-
 tance. Dr. Ennett succeeded in reduc-
 ing the dislocation, but the leg was so
 badly crushed that amputation was
 found necessary. This was performed
 next day, although the body was com-
 pletely paralyzed. He stood the opera-
 tion very well but Dr. Ennett fears that
 he cannot recover. Johnson was high-
 ly thought of and was esteemed one
 of the most reliable colored men in the
 neighborhood.

Why will people, when clearing a
 piece of ground, leave trees standing
 therein? A number of sad accidents have
 occurred from this fact.
 Miss Karrer invites the attention of

 ceived; also to the stock of ladies' and

Cool Floors and Cool Rooms.

The late cool spell makes all house-
 keepers ready to take up their carpet,
 and put their floors on a summer footing.
 Matting makes a delightfully cool room
 when the windows are kept bowed, or
 for unlighted parlors on summer evenings,
 but red and white matting, which is the
 most durable sort, does not look so cool
 as a stained floor. Staining floors is so
 easily done at home, and as these are the
 easiest rooms in the whole house to keep
 in order, it is not surprising that every-
 body has the housekeeper inclined to have
 yet another room finished in this way
 and lays down her mattings in the halls
 and entries, where bare floors are noisier.
 Do not put carpets in your closets; oil
 cloth or matting is much better and can
 be easily kept free from dust. Matting
 after being swept should be wiped with
 a damp cloth. Hot salt and water will
 thoroughly cleanse it and will not discolor
 it. If one can afford to do it, it
 would be a healthful plan to lay aside
 the carpets of sleeping rooms during the
 summer and substitute the cool, fresh
 mattings. A great many people laugh
 in a somewhat scornful way at any new
 suggestions relating to matters of health;
 they think the old tried ways of doing
 things are the best, without much regard
 to their results. In nothing is ignorance
 and narrow-mindedness more plainly
 shown than in this.

Severely Shaken by Savage Sharks.
 Capt. Paul Boyton, of world-wide
 fame as a swimmer, in an interview with
 a newspaper correspondent at the sea
 shore, related the following incidents in
 his experience:
 Reporter:—"Captain Boyton, you
 must have seen a large part of the world."
 Capt. Boyton:—"Yes sir, by the aid
 of my Rubber Life Saving Dress, I have
 traveled over 10,000 miles on the rivers
 of America and Europe; have also been
 presented to the crowned heads of Eng-
 land, France, Germany, Austria, Belgium,
 Italy, Holland, Spain and Portugal and
 have in my possession forty-two medals
 and decorations; I have three times re-
 ceived the order of knighthood, and been
 elected honorary member of committees,
 clubs, orders and societies."
 Reporter:—"Were any of your trips
 accompanied by much danger?"
 Capt. Boyton:—"That depends upon
 what you may call dangerous. During
 my trip down the river Tagus in Spain,
 I had to "shoot" one hundred and two
 waterfalls, the highest being about eighty
 five feet, and innumerable rapids. Cross-
 ing the Straits of Messina, I had three
 ribs broken in a fight with sharks; and
 coming down the Somme, a river in
 France, I received a charge of shot from
 an excited and startled huntsman. Al-
 though all this was not very pleasant,
 and might be termed dangerous, I fear
 nothing more on my trip than intense
 cold, for as long as my limbs are free and
 easy, and not cramped or benumbed, I
 am all right. Of late I carry a stock of
 St. Jacobs Oil in my little boat—(the
 Captain calls it "Baby Mine" and has
 stored therein signal rockets, thermom-
 eter, compass, provisions, etc.)—and I
 have had but little trouble. Before
 starting out I rub myself thoroughly
 with the article, and its action on the
 muscles is wonderful. From constant
 exposure I am somewhat subject to rheu-
 matic pains, and nothing would ever
 benefit me, until I got hold of this Great
 German Remedy. Why, on my travels
 I have met people who had been suffer-
 ing with Rheumatism for years; by my
 advice they tried the Oil, and it cured
 them. I would sooner do without food
 for days than this remedy for one hour.
 In fact I would not attempt a trip with-
 out it."

The Captain became very enthusiastic
 on the subject of St. Jacobs Oil and we
 left him citing instances of the curative
 qualities of the Great German Remedy
 to a party around him.

Ember Days.
 By authority Wednesday, Friday and
 Saturday, of this week in the Episcopal
 and Catholic Churches are set apart as
 Ember days. These days were designated
 as early as the third century by the
 Church for fasting and prayer. All the
 Ember days of the year are the Wednes-
 day, Friday, and Saturday after the 1st
 Sunday in Lent, after the feast of Whit
 Sunday, after the 14th of September, and
 after the 13th of December. The weeks
 in which these days fall are called Ember
 weeks. The name is probably of
 Anglo-Saxon derivation, meaning the
 circular days, and in the canons they are
 termed the *quatuor anni tempora*, the
 4 cardinal seasons. Some, however, have
 supposed the name to be taken from the
 ancient custom of using ashes or embers
 in connection with fasting.

Suit for Defamation of Character.

Molly Overton, a soiled dove, formerly
 of the neighborhood of Paddy's Hollow,
 who has been swearing out warrants
 against different parties, first before Jus-
 tice Millis and then before Justice Gard-
 ner, for defamation of character, has had
 the misfortune to have every case de-
 cided adversely to her interests and in
 consequence bound for the costs in each
 case. This renders the gentle Molly lia-
 ble for the costs and unless she can
 liquidate the amount charged against her
 in these cases, she will have to go to
 Jail and swear it as well as sweat it out.
 Moral—don't be too hasty to prove that
 others have defamed you, but when you do
 attempt such a thing always be sure
 and have a good character before you at-
 tempt to prove it.

EDITOR REVIEW:—"Comment is un-
 necessary." In reply to "A Few Re-
 marks" from the local in the REVIEW,
 June 8th, I have a "few remarks" to
 make. First, I did not say to the local
 that "the convicts would not be sent to
 Raleigh for two or three days," but I
 told him that the Judge had under con-
 sideration whether to send the three
 boys or bind them out, and the others
 would be sent when I was informed
 whether the boys were to go or not, and
 I did not then know when that would be.
 I was informed from the Judge about 6
 o'clock, p. m., that the boys would not
 be sent, after the REVIEW had been issued
 for Tuesday. Second, I did not feel un-
 der any obligation at that hour to in-
 form the local that the convicts would go
 off Wednesday morning.

Very respectfully,
W. H. SHAW.

 Shaw for information, and to whom the
 reply was made, is absent from the city
