Superior Court.
 The Superior Court has been occupied to-day in the trial of the case of M. P. Taylor vs. the National Bell Telephone Company, which was begun yesterday. The case was being argued this afternoon, but a verdict had not been reached previous to our close.

Personal.
 Mr. A. S. Heide, who for several years past has been one of our most energetic business men, has gone to Savannah, Ga., where he will establish a branch of the business of Heide & Co., of this city, under the firm name of A. S. Heide & Co. May success attend his efforts, and happiness be his portion in his new home.
First of the Season.
 Some of the finest looking peaches we have ever seen in this city were in market this morning and were grown at Topsail Sound by Mr. Louis W. Howard. The peaches are said to be of excellent flavor and certainly looked very tempting. Mr. Howard is said to be a very successful horticulturist and is paying much attention to the cultivation of peaches.

The Firemen's Pic Nic at Pine Grove.

The members of the Little Giant Steam Fire Engine Company, No. 1, and their invited guests indulged in a very enjoyable excursion and pic nic at Wrightsville Sound last evening. At about 4:30 o'clock the procession, headed by the Cornet Concert Club in the wagonette moved down Princess to Front street, thence to Market and up Market to the Turnpike. Following the wagonette, were carriages containing the Committee, the President and Foreman of the Little Giant and the Hook and Ladder Company and representatives of the *Star* and *Review*, and ambulances containing the members of the Company the engine and hose reel bringing up the rear. The procession was made through the streets amid the music by the Cornet Concert Club, the jingle of sleigh bells, the whistle of the engine and the striking of the gong on the hose reel. The drive to the Sound was indeed a very pleasant one and was enjoyed by all. Arriving at Wrightsville the company were met by Capt. E. W. Manning, who was ever kind and courteous to his guests. Capt. Manning has a most beautiful place and soon made his visitors feel perfectly at their ease. The time between the arrival of the company and supper, which was announced at 8:30 o'clock, was spent in lolling on the beautiful grassy yard surrounding the house and strolling up and down the beach. Some of the party indulged in a sail on the beautiful bay in front of Pine Grove and the Cornet Concert Club rendered several of their choicest selections.

The supper prepared by Capt. Manning was all that men whose appetites were sharpened by the drive and whiffs of the salt air could desire. Pigfish were in abundance, and were served up in a most tempting manner. That it was a repast which just suited the excursionists was well proven by the very flattering manner in which they paid their respects to it. The Sound pic nic was a decided success, so well had the committees, Messrs. H. H. Kasprovicz, H. G. Latimer and Martin Newman, attended to their duties, and we predict that the *Little Giant's* pic nic is but a precursor of many which will follow. To the committee and Capt. Manning we make our humble acknowledgments of kindness shown us.

[Oslo, (Ill.) Evening Sun]
 "And what can you tell about St. Jacobs Oil?" said one of our oldest subscribers. This was a fair question, and we answer, that we are reliably informed that a gentleman of this city who has suffered untold agony, and spent a mint of money to get relief from RHEUMATISM, in desperation bought some and tried it, and declares that it is the best remedy for RHEUMATISM he ever heard of.

A Pleasant Anniversary.
 Last evening the friends of Mr. and Mrs. S. G. Hall called upon them with congratulations on the anniversary of their fifteenth wedding day. In anticipation of the event, the worthy couple had arranged awnings in the grounds near the house which were illuminated by Chinese lanterns. Seats were prepared under the awnings and this made a delightful and cool retreat where the guests, especially the gentlemen, indulged in cheerful conversation and smoked their cigars with infinite gusto. It being a "crystal wedding" the presents were numerous, useful and in many instances really beautiful, embracing almost everything, from a suspicious looking quart bottle, labelled "Printer's Ink," to a mammoth "Rock and Rye" looking affair nearly two feet in height. Among other things we noticed a lamp, the shade of which was decorated in the beautiful and appropriate designs, the handiwork of a young lady of this city, who has the talent and genius of a genuine artist. The tables were elegantly and bountifully spread with the most tempting viands, to which the guests did ample justice. It was, indeed, a happy occasion, where all seemed
 "Merry as a marriage bell."
 Soon after nine o'clock the company began to disperse, and in a short time all was silent where had so lately resounded the earnest congratulations and laughter-provoking jest of well-wishing friends and relatives.

One That Went.
 Our cotemporary, Gen. Joel H. Muse, of the *Star*, is one of the brave six hundred that yesterday took passage on the excursion train for Washington City and intervening points. We wish him much pleasure and nothing to repent at leisure on his return.

Arrangements Perfected.
 Sunday's Charlotte *Observer* tell us this: The manager of the Gunned Musical Club has succeeded in perfecting arrangements with the railroad authorities for the trip to Wilmington on 20th inst. A special car has been secured for the members of the cast, while very low rates will be given to their friends who may wish to go. A letter was received by the manager a day or so ago in which every assurance is given that the trip will be a decided success.

Beautiful your homes by using the N. Y. Enamel Paint, ready mixed and warranted. Sold only at JACOBI'S.

Elementary Grammar.
 We have received from Messrs. T. H. Butler & Co., of Philadelphia, a copy of Bingham's Elementary English Grammar, which is designed as an introduction to Bingham's Grammar. We are much pleased with it and think from the examination we have been able to make that it will prove an excellent medium for beginners. Apart from this fact it is essentially a home production, having been prepared by Rev. G. W. Greene, Principal of the Moravian Falls Academy, Wilkes county, in this State, as an introduction to the excellent work prepared by the late Major Bingham. It is well printed and well bound and is cheap, only 25 cents a copy.

To Builders and others--Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

CITY MATTERS.

A meeting of the Board of Audit and Finance and the Finance Committee of the Board of Aldermen was held at the City Hall last night, when the following matters were considered and acted upon:
 In the matter of leasing the Opera House, the Finance Committee of the Board of Aldermen recommended that it be leased to Mr. E. J. Pennypacker for the five years from October next, according to specification, and at the annual rental of \$600, payable quarterly, and was concurred in by the Board of Audit and Finance.
 In the matter of a petition from Mr. W. L. DeRosset, Jr., concerning the tax on job printing officers, the tax ordinance was amended as follows: "Where not more than two type-setters are employed, one dollar per month; in excess of two, three dollars per month."
 In the matter of the police force, asking increase of pay, the Finance Committee of the Board of Aldermen recommended that the pay be not increased; but that the force be furnished with a uniform (summer); provided, that if a policeman is not in the employ of the city for three months after the uniform is furnished, it shall be returned to the city. On motion, the recommendation was concurred in by the Board of Audit and Finance.
 The levy of a tax of five dollars per month on boat stevedores who make contracts for work, recommended by the Board of Aldermen, was concurred in by the Board of Audit and Finance.
 In the matter of the new market house, the company asking for a committee of conference from the two boards to meet a committee from the Wilmington Market Company, the chair appointed Mr. Jones and Mr. Calder, and on motion, the chairman of the Board of Audit and Finance was added.

Rupture
 West y Phillip's Case.

Dr. J. A. RHEIMAN--Dear Sir--I am happy to inform you that I am entirely cured of a large scrofula rupture. It is a year ago to-day that I received your treatment. I have tested the cure by going without the appliance. My business is that of a locomotive engineer. My rupture, as you will recall to your mind, was similar to "Jordan's," in your pamphlet of illustration. I was ruptured in the year 1863, while in the army. I have tried spring and elastic trusses, with great discomfort and injury, my rupture always growing worse. Finding I must get some relief or give up my business, I determined to try you as a last resort, and I must say that I found your treatment a complete success. My improvement and cure have, considering my terrible condition, surprised my friends as well as myself. During your treatment I have worked hard in my business, enjoying both safety and comfort, and have not lost a day's work. My general health has also improved. I will take pleasure in recommending the medicine to you whenever I see an opportunity. You may publish this letter for the benefit of humanity. My address is 211 East 44th st. With best wishes I remain yours respectfully,
 WESLEY PHILLIPS

Prohibition.

Pursuant to the call of the President, the Prohibition Society of New Hanover county met in the City Hall, last evening, B. G. Worth, Esq., in the chair. The object of the meeting having been explained, a motion was made to publish a paper in the interest of prohibition, and a committee was appointed to raise funds for the purpose, consisting of Messrs. B. F. Hall, H. M. Bowden and E. R. Brink.

A committee on publication was also appointed--Messrs. N. F. Thompson, John McLaurin and C. W. Yates. The President was instructed, at such time in July as he may select, to invite Hon. A. S. Merrimen and Rev. J. C. Price to address the people of Wilmington.

In the discussion of these questions, and in response to a special call, several persons addressed the meeting, among them Rev. Dr. E. A. Yates, and Rev. D. J. Saunders, pastor of the colored Presbyterian church of this city.

It was ordered that a committee of three from each ward of the city should be appointed by the President, at his convenience, to constitute a campaign committee, and that to this committee the President of the Society be added as chairman.

On motion, the Finance Committee previously appointed was instructed to pay over to the Treasurer of this Society all funds collected; and it was directed that any surplus over what may be necessary to publish the paper determined upon, shall be applied under the management of the Executive Committee of the Society to the procuring of such other literature as may be necessary and proper, and for the employing of such speakers as may be secured.

On motion the meeting then adjourned.

The Cocking Main and Race.

Most of the day was taken up in matching the birds and getting things in readiness for the first dispute, which took place at 4 o'clock. At the time of our going to press none of the managers or spectators had come into the city and we are unable to give the result of the fight. Quite a large crowd is in attendance at Klein's Garden, and things were passing off very nicely. To-morrow afternoon the trotting race between Unknown and Mary Wilbur will take place on Capt. Southerland's new track near this city. The chicken dispute will be carried on at Klein's until the time for the race.

Wilmington Light Infantry.

At the regular monthly meeting of the Wilmington Light Infantry, held last evening, nine new members were elected, and we understand that several applications are now before the company. We are pleased to see our young men taking a lively interest in military matters and hope soon to see the W. L. I. take its former stand among the military organizations of the State. We are also pleased to note that some of our most influential citizens are taking an interest in the old and honorable company and have contributed funds towards uniforming the members. The company is still in need, however, of more money and a committee has been appointed to solicit contributions for the purpose of buying the new uniforms in which to attend the Yorktown celebration in October next.

PLEASE NOTICE.

We will be glad to receive communications from our friends on any and all subjects of general interest but

Rupture
 Its Relief and Cure as Certain as Day follows Day.

Since the restoration of Dr Sherman's terms thousands are crowding upon him for treatment, gladly throwing away their spring, irksome, debilitating and life-punishing trusses. His treatment for this affliction makes the patient comfortable and safe in the performance of every business or labor. It is a grand thing, and those who are ruptured do not provide themselves with it must endure the dangers of that perilous affliction and the use of trusses all their life. Thousands of those cured give the most flattering testimonials of gratitude to Dr. Sherman. He is the author and inventor of his popular system; he imparts his secret to no one, it is applicable to all cases and cases, and under his reduced rates. Within the reach of almost every man.
 Patients can receive treatment and leave for home same day. Dr. Sherman's Book on Rupture gives convincing proofs from professional gentlemen and others of his successful treatment. It is illustrated with photographic pictures of bad cases before cure, and is sent to those who send 10 cents. Principal office 321 Broadway, N. Y. Branch office 45 Milk street, Boston. Days in New York--Monday, Tuesday, Saturday. In Boston--Wednesday, Thursday and Friday.
