Bangs cover a multitude of wrinkles.
A burnt moustache dreads the short cigar.
At 3 o'clock to-day the thermometer in this office registered 92 degrees.

A silver dollar in your hand is worth more than two thousand in the hand of your friend.

The excursionists from Washington, D. C., arrived in this city about 10 o'clock this morning.

Put a rich man on mule-back, and the mule will throw him just as quick as he would a beggar.

Like the dog in the manger, the nose is above kissing and is always ready to interfere with the kissing of others.

Call at JACOBI'S for Garden Hoes and Rakes, Shovels, Spades, Axes, &c. There you have the lowest prices.

To-day has been one of the warmest of the season but the heat has been tempered by a magnificent breeze from the South.

One case of drunkenness was disposed of by the Mayor this morning by imposing a fine of \$2 which increased the city treasury to that extent.

On and after to-day Capt. Southerland's wagonette will make regular trips to Wrightsville Sound, leaving here every evening at 6 o'clock, and leaving the Sound, on the return, at 7 a. m.

A half dollar of 1807 is worth seventy-five cents. A five-cent piece of 1795, in good condition, is worth one dollar. Fifty-cent pieces for 1813, 1819 and 1824 are worth sixty cents each. A half cent for 1851 is worth eight cents.

Deputy Sheriff N. V. Sutton, of Bladen county, passed through this city to-day en route for Goldsboro, having in charge Noel Terry, colored, who he is taking to the colored insane asylum at that place. Terry is in irons and is at times quite violent.

There is every prospect now that the usual Fourth of July regatta among the yachts of the Carolina Yacht Club will be a very lively and interesting one. The metal of the new yacht *Glide* is yet to be thoroughly tested and the old yachts of the fleet are in an excellent trim.

Rice Flour.
The first rice flour made in North Carolina was turned out to-day at the Cape Fear Flour Mills in this city. Messrs Norwood Giles & Co. concluded to try the experiment of making rice flour and had about 600 pounds of rice run through the Cape Fear Flour Mills. The rice flour is very pretty and we think will be very popular with housekeepers.

The Address This Evening.
The attention of our readers is again invited to the fact that Capt. N. F. Thompson will deliver an address on Temperance this evening at the Opera House under the auspices of the Woman's Christian Temperance Union. The admission is free and the public generally, and especially the ladies, are invited to attend.

A Quiet Wedding.
Quite a number of the Fayetteville excursionists remained over here yesterday. Last evening a gentleman and lady who were a part of the party were married and took a trip to the Sound. They returned to their homes by to-day's steamer, a happy couple, to receive the congratulations of their friends, who are as yet in ignorance of the nuptials.

Death of Captain Phillips.
We are sorry to learn of the death of Capt. C. B. Phillips, of the U. S. Engineer Corps, which occurred at his home, in Norfolk, last Tuesday night. Capt. Phillips was in charge of the Cape Fear River and Bar Works for some time, but was relieved at his own request, and was placed in charge of the works in the Northeastern part of the State. He bore the reputation here of being an excellent engineer.

The Gounod Musical Club.

By invitation of the Wilmington Amateurs the Gounod Musical Club, of Charlotte, will present the Pirates of Penzance at the Opera House in this city on Monday evening next. The gentlemen and ladies will arrive at 3 o'clock Monday afternoon. On Tuesday they will be taken to the Sound by the Amateurs and return to their homes on Wednesday morning. It is to be regretted that our visitors cannot be induced to remain longer with us. Tickets for the performance will be on sale at Heinsberger's to-morrow morning.

Mr. Haverly Knight, of the extensive Carpet House of Reeve L. Knight & Co., Philadelphia, Pa., reports the case of a friend whose hand was absolutely deformed by rheumatism of seven years standing, who was cured by the use of three bottles of St. Jacobs Oil, and rendered able to use his hand perfectly.

Death from Mock Orange Poison.
Mr. M. Bellamy lost a very valuable cow on yesterday afternoon from death caused by eating mock orange bushes. A flower garden near Mr. Bellamy's residence on Market street was being cleaned up, and among other bushes a quantity of mock orange was thrown in the street. The cow ate very heartily of it and died in about half an hour. It is said that the mock orange contains quite an amount of prussic acid which is deadly poison. This is the second or third cow which has come to its death by eating mock orange. Enforce the cattle ordinance and cows won't die from mock orange poison because they will not be in the street, to eat it.

Run Over by a Heavy Truck.

A little son of Mr. George Stienken was run over by the water works truck this morning about 9 o'clock, on the corner of Fourth and Harnett streets. The little fellow is only about five years old and has frequently been pulled from under the wheels of the truck. It appears he has been in the habit of running in between the wheels of the truck and trying to jump on the body, which is only about six inches from the ground. He has been warned against it and once or twice has been carried to his parents by the driver of the truck and apprised of the danger the little fellow was running. This morning he made an attempt to jump on the body of the truck, when he fell and the wheel passed over his right leg, breaking it near the hip bone. Medical aid was summoned to the little fellow who is now resting as easy as could be expected, but who is suffering very much from his crushed leg.

Lippincott's Magazine.

Knebworth, the ancestral seat of the Bulwer-Lyttons, is the subject of the opening article in the July number of *Lippincott's Magazine*, written by Mr. William H. Rideing, to whom ample facilities were afforded by Lord Lytton. In "Zoological Curiosities" Dr. Oswald continues his very entertaining account of "Our Four-Handed Relatives," with some piquant illustrations. "Palmetto Leaves," by Rev. Robert Wilson, is a capital sketch of Charleston, S. C., describing both its permanent features and present aspect and condition. "Ranch Cure," by Alfred Terry Bacon, may be regarded as supplementary to Dr. S. Weir Mitchell's well-known papers on "Camp-Cure." In "A Trip to Brighton and the Goodwood Races," J. A. Dickson gives a lively account of the characteristic incidents and scenes of an English race-course, and of the journey by stage-coach from London, with pleasant glimpses of the country traversed. Mrs. Mary Treat's "Observations on a Colony of Slave-Making Ants" exhibit the close study of animal life that distinguishes the trained naturalist, and will be found both curious and entertaining.

"Across the Gulf," by Rebecca Harding Davis, is in the best vein of a writer whose stories are never weak or commonplace. The other short stories in the number are "Harcourt's V-line Mango," by S. A. Shields, and "Six Views of Miss Starr," by Elyn Daywood, both clever character sketches evidently drawn from life. The serial, "Craque o' Doom," maintains its interest while drawing to its conclusion, and the editorial departments are as well filled as usual. The whole number is especially suitable for summer reading, and begins the second volume of the New Series.

Beautiful your homes by using the N. Y. Enamel Paint, ready mixed and warranted. Sold only at Jacobs's.

Is It Remarkable?

It is a little remarkable to see ice in the gutters of the streets in this locality on the 17th day of June, yet such was the case to-day. Ice, and a plenty of it, could be seen in the gutter near the corner of Walnut and Nutt streets, about 4 o'clock this p. m. We think there was at least 500 pounds altogether in three large blocks which tumbled off an ice cart en route for the railroad depot.

Charlotte Wins.

The series of "chicken disputes," had in this city during the past three days, were closed yesterday afternoon. It is the first regular main between Wilmington and Charlotte cocks and we are sorry to say that Charlotte got away with us, that city being credited with 9 fights to our 7. There were 19 fights and 3 of these were drawn.

Magistrate's Court.

Armenata Taylor, colored, was arrested upon a warrant issued by Justice Gardner last night, upon the charge of perjury. To-day the defendant was arraigned in the above named Justice's Court and bound over to the next term of the Criminal Court in the sum of \$50. Rosa Pearsall, colored, for assault and battery, was ordered to pay the fine and costs. John Hill, colored, for assault, was committed in default of payment of costs. Jno. Smith, alias R. J. Hubbard, colored, was arraigned before Justice Mills upon the charge of assault and battery and was committed in default of payment of fine and costs. Phil Turner, colored, charged with larceny, was committed for trial until 4 p. m., on the 18th instant, by Justice Mills also.

The Colored Delegation.

A delegation of colored from this State, thirty strong, headed by George W. Price, Jr., of this city, called on the President at the White House, on Wednesday, and were granted an audience. The chairman of the delegation read an address to the President, setting forth the claims of the colored men to office, and also read the resolutions adopted by the colored convention held in Raleigh last month. President Garfield received them very graciously, and promised to be guided by the recommendations contained in the address, so far as lay in his power. In concluding the interview, he shook hands with each one. The delegation went to Washington City and returned on the excursion train.

July 17th, 1879.

Mrs. PERSON—Dear Madam: I think your medicine is the best that is now before the public for the cure of blood diseases. I have great confidence in it, and believe that it will do all that you claim for it. I have the personal knowledge of the condition of young Mr. Stokes, before he commenced taking your medicine, and I see you have the testimonial that he is cured. Go on, and I say God speed you in your efforts to ameliorate the condition of mankind, and add to his comfort and happiness. I will do all in my power for you among my friends. Yours respectfully,
Dr. W. H. BARKER
