 The Fayetteville excursionists who left here on the steamer *North State* on Thursday last on their return trip home did not arrive in Fayetteville until Sunday morning owing to the law stage of the water in the river.
 Another cotton bloom, this time from Bladen county, the first, we believe, reported from Bladen. It was sent by Mr. I. H. Smith, of Abbottsburg, through Messrs. G. Boney & Sons, of this city. Mr. Smith writes that he has about 75 acres in cotton and that it is all looking splendid.
Don't Take any Chances on Life when Warner's Safe Kidney and Liver Cure will regulate and keep you healthy at all times.

Passenger Law.

The recent laws of the U. S. Government relative to the overloading of excursion boats are very rigid and a Custom House official is now required to check off each passenger. This is done in order to prevent more persons from going on a boat than she is allotted to carry.

We have known people who had not stirred from their beds for six weeks, on account of Inflammatory Rheumatism, to be cured in less than one week by St. Jacobs Oil,—says Max Baumeister, Esq., Walla Walla, Washington Territory.

The Cotton Exposition.

From Dr. J. E. Winants, who has been appointed the agent for this city, we have a handsome lithograph view of the grounds in Oglethorpe Park, near Atlanta, as they will look when the buildings of the International Cotton Exposition will all be completed. The exhibition will open October 5th and close December 31st. Dr. Winants will take pleasure in furnishing all information which may be desired.

Sudden Death.

A colored woman named Phillis Thompson, living on Ninth, between Walnut and Red Cross streets, died suddenly yesterday evening. She was a washwoman and in the morning went to do a day's washing at Mr. Scarborough's, on Seventh street, apparently in her usual health. About noon Mrs. Scarborough in passing by the washroom discovered the woman lying down, and seemingly in great pain. Assistance was called and a wagon procured and she was sent home when a physician was called, who pronounced her disease a congestive chill, from which she died about 4 o'clock, p. m.

Dauchy & Co.

For four years past we have had dealings with the large advertising agency of Dauchy & Co., heretofore at 191 Fulton street, and we have found them in every particular prompt and reliable. Under these circumstances it is gratifying to know of their prosperity. Their business has increased so much of late that more extensive quarters have been found necessary and hence they have removed to No. 27 Park Place, corner of Church street, where the firm occupies a floor extending through the block to Nos. 24 and 26 Murray street, a space about 50 by 200 feet. About 50 feet of the Park Place front is partitioned off for the counting room and private office. Beyond, the walls are covered from floor to ceiling with pigeon holes for files of newspapers, and on one side of the room are a number of alcoves, furnishing places for about 8,000 files. The Murray street front is given up to the shipping department, Messrs. Dauchy & Co. being also manufacturers and dealers in printers' supplies.

Call at JACOBI'S for Garden Hoes and Rakes, Shovels, Spades, Axes, &c. There you have the lowest prices.

The Old German Volunteers of Wilmington.

We have time and again urged the organization of this fine company and have recently been informed that all that is wanted to bring this old command forward is to get some representative man of the German population to take hold, and in ten days thereafter the German Volunteers will have their ranks full. After conferring with a number of the old members we have come to the conclusion that Mr. A. Adrian is the man, and if he will call a meeting of his German friends to organize a company Wilmington will have the German Volunteers in full blast in less than ten days. The German Volunteers can uniform themselves with the service uniform adopted by the State, at a cost of \$800, and go to Yorktown. They can then get their full dress uniforms at their leisure, but let them adopt this service uniform now and let us chronicle the fact that they are organized and will go to Yorktown. Gen'l M. P. Taylor will have them armed at once. We hope this suggestion will be at once acted upon, and we shall soon be able to say that the German Volunteers are out with full ranks.

LADIES WHO APPRECIATE ELEGANCE and purity are using Parker's Hair Balsam. It is the best article sold for restoring gray hair to its original color and beauty.

The iron railing around the City Hall Park is receiving a new coat of black paint which much improves its looks and adds to its durability.

At 3 o'clock to-day the thermometer in this office registered 82 degrees, which is six degrees above Summer heat and four degrees higher than at the same hour yesterday.

To-day is the last day allowed by law for listing taxes. Up to 3 o'clock this afternoon 3,223 persons have listed, but there are between 600 and 700 persons in the city who are delinquents.

Rev. W. T. Jones will fill the pulpit of the First Baptist Church next Sunday, the Pastor, Rev. Jas. B. Taylor, being absent in Asheville this week in attendance on the Sunday School Convention.

A lady wants to know why the railroad companies do not provide special cars for tobacco chewers, as well as for smokers. Bless your innocent heart! tobacco chewers are not so particular as that. An ordinary passenger car is good enough for them.

A society of young ladies has been organized for the promotion of long engagements. The members have noticed that after their marriage the amount of revenue in the form of candy, bouquets, carriage rides, opera tickets and picnics, fall off with a very marked rapidity.

He Says She is Crazy.

Mirah Nixon, colored, was arrested in Brooklyn to-day for disorderly conduct. Since her incarceration in the city prison her husband has called at the City Hall and states that she is crazy. He says he can do nothing with her and that he has been compelled to send their children in the country for their personal safety.

Seventy-Third Birthday.

Mr. H. Nutt, of this city, celebrated to-day his 73d birthday, he having been born June 23d, 1808. We are pleased to say that he is still vigorous and hearty—much more so, in fact, than many who have passed the three score years and ten—and we trust that he may be spared many years yet. He has received numerous congratulations to day and bears his blushing honors as modestly as a school boy.

The River and River Steamers.

The steamer *A. P. Hurt* arrived in this city last night about 9 o'clock. She left Fayetteville on Monday morning about 8 o'clock. From Capt. Worth we learn that the water on the shoals is very low, and that the steamers have to be pulled over them by main force. The steamers *North State*, *Wave* and *Murchison* were at Elizabethtown yesterday afternoon. By the united efforts of the three boats' crews one of the steamers was pulled over the shoal, and the men were at work on the other. The river freight has accumulated in this city and the *Hurt* will have more than she can carry over with the assistance of two barge flats which she will have in tow. Capt. Worth has not, as yet, experienced an insurmountable trouble, as the *Hurt* is said to float on a heavy dew.
