There are only four prisoners confined
 in the county jail.

New moon to-morrow morning at 49
 minutes past 8 o'clock.

At 3 o'clock to-day the thermometer
 in this office registered 84 degrees.

Mr. M. Cronly, Jr., has been appointed
 a notary public by the Governor.

"Will the coming man fly?" Probably
 when the coming man gets after him.

Two or three first class barrel coopers
 can get employment by applying to Mr.
 A. H. Van Bokkelen.

We know a man so near-sighted that
 he can't recognize a creditor when he
 passes one on the street.

Right habit is like the channel, which
 dictates the course in which the river
 shall flow, and which grows deeper and
 deeper with each year.

Indications.
 For the South Atlantic States fair
 weather, light, variable winds, mostly easterly,
 stationary or higher temperature or
 barometer.

Eat onions. We once knew a poor un-
 fortunate fellow who was the prey of
 every one. Poor people borrowed of him
 from morning till night. He commenced
 eating onions. Now, no one goes near
 him.

Oaths are vulgar, senseless, offensive
 and impious; they leave a noisome trail
 upon the lips and stamp odium upon the
 soil. They are inexcusable. They gratify
 no sense, while they outrage taste and
 dignity.

There is no place in the wide world
 like home. It is the dwelling place of
 our hearts' treasure, and the first of our
 lives we owe to it and its inmates. To
 make it pleasant and attractive should
 be the aim of every man.

If you are a wise man you will treat
 the world as the moon treats it. Show
 it only one side of yourself, seldom show
 yourself too much at a time, and let what
 you show be calm, cool and polished.
 But look at every side of the world.

Twenty-six badgered dogs have been
 caught and made to bite the dust since
 the 10th of June. As soon as the dogs
 are caught they are taken out of the city
 and killed, instead of being placed in the
 pound for two days, to the serious annoy-
 ance of persons living in the neighbor-
 hood.

Would not be without St. Jacobs Oil
 if it cost \$50 a bottle, says Mr. Russer,
 216 Rush street, Chicago, Ill.

To-day, St. John the Baptist's Day,
 was celebrated by Mt. Nebo and Giblem
 Lodges (colored) F. and A. A. Y. M., by a
 parade and public installation of the
 officers of Mt. Nebo Lodge, No. 14, at
 the Opera House this afternoon. J. W.
 Telfair, P. D. G. M., delivered the ad-
 dress.

The grand jury of Pender Superior
 Court, having completed the labors of
 the session were called before Judge
 Graves, in the Court room, yesterday
 evening, and after being very highly
 complimented by His Honor for the
 faithful and efficient manner in which
 they had performed the duties assigned
 them were discharged for the term.

Still They Come
 We are in receipt of a cotton bloom
 which opened on the plantation of Mr.
 W. N. Ellsworth, near Wallace, Duplin
 county, on the 22nd inst. The crops in
 that section are looking finely, the farm-
 ers are working like beavers, and the
 prospects for a bountiful harvest were
 never better.

Save Your sugar.
 Every housekeeper should know that
 sugar boiled with acid, if it be but three
 minutes, will be converted into glucose,
 which is the form of sugar found in sweet
 apples. One pound of sugar has as much
 sweetening power as two and a quarter
 pounds of glucose. In other words, one
 pound of sugar stirred into the fruit
 after it is cooked, and while yet warm,
 will make the fruit as sweet as two and
 a quarter pounds added while the fruit is
 boiling.

Tax Listing.

Yesterday was the last day allowed
 by law to list taxes; 3,312 persons listed
 up to sundown. Col. Barr is finishing
 up the tax list and is allowing those per-
 sons who come when he is at the City
 Ball to list their taxes. There are now
 about 400 persons in this city who have
 not listed.

Daily Mail for Wrightsville.

Col. Brink has succeeded in getting a
 temporary mail service established be-
 tween this city and Wrightsville Sound.
 It will begin early in July and will run
 until January. The service will be six
 days in the week and the time allowed
 for delivery, two hours. Bids will be re-
 ceived until July 5th.

Judge Graves in Pender.

A friend in Pender county wants us
 to know that Judge Graves won golden
 opinions from the citizens of Pender and
 also from the members of the bar who are
 in attendance upon Court for his earnest
 efforts to expedite the business of the
 term as well as for his urbanity of man-
 ners. He is certainly an indefatigable
 worker, and he has the happy faculty of
 making others connected with the Court
 work also.

Dr. Grissom's Report.

We have received from Dr. Thos. F.
 Wood a copy, as a reprint from the June
 number of the *North Carolina Medical
 Journal*, of Dr. Eugene Grissom's "Re-
 port of the Trial of James Thomas De-
 Jarnette, for the murder of his sister, at
 Danville, Va., July 8th, 1880." The re-
 port is very elaborate, covering 48 pages,
 and we understand that it will be large-
 ly circulated. We have read much of it
 and must say that Dr. Grissom well
 maintains the position assumed by him
 at the trial as regards DeJarnette's
 sanity.

The trial of Abbie Howard, colored,

charged with infanticide, took place at
 Burgaw yesterday, the 22nd inst. Messrs
 Bland, of Pender, and Powell, of Duplin,
 were assigned as counsel for the de-
 fense. The jury, at about eleven o'clock
 last night, returned a verdict of man-
 slaughter. Sentence had not been pro-
 nounced up to the hour of our leaving
 there this morning. We have heard the
 efforts of the defendant's counsel very
 highly complimented, both by citizens
 and the profession. It was Mr. Powell's
 first appearance at the Pender Court.

What's in a Name?

The people of Pender county are in a
 high pressure quandary, with all the at-
 tachments and modern improvements.
 In the Act of the Assembly, ratified
 March 10th, 1877, locating the county
 site, the following words occur: "The
 county site wherever it may be located
 shall be called Stanford." This Judge
 Graves declares to be the legal name of
 the town. In an Act of Assembly rat-
 ified on the 25th day of February, 1879,
 it says: "The town of Stanford, in
 Pender county, be and the same is here-
 by incorporated by the name and style
 of the town of Burgaw." To the latter
 name the citizens of the town tenacious-
 ly cling; but while this difference of
 opinion exists between Judge and citi-
 zens, the latter are placed in the awk-
 ward predicament of not knowing
 what town they are in.

But this is not the worst feature of the case by an overwhelming majority.

Only think of the pretty babies who have
 been born there since the creation of the
 county who will grow up and not know
 in what town they made their debut
 upon the stage of life. They were there
 and made their share of the wretchedness
 some might have voted for Burgaw while
 others might have preferred Stanford
 —but they had no choice in the matter,
 and now the uncertainty as to which
 town had the distinguished honor must
 be exasperating. It is perplexingly
 perplexing, outrageously outrageous,
 awfully awful; a dilemma from which
 there seems no way to be extricated un-
 less by a stay of proceedings until it is
 definitely and irrevocably determined in
 what town the babies of the future shall
 be born.

Insus Naturae.

Mr. J. W. Conoley has at his store
 a kitten with two separate and distinct
 faces, which are well developed, and a
 pigeon with two well developed heads.
 These curiosities are among the queer
 freaks of nature one sometimes sees.
 Both are dead and are preserved in alcohol.

Pronounced Insane.

Clara Nixon, colored, was examined by a
 commission *de lunatico inquirendo*, con-
 sisting of Dr. J. C. Walker and Justices
 W. W. Harris and J. O. Mills, this
 morning, and was sent to the insane
 department of the Poor House. Her
 husband will make an effort to get her
 in the Colored Insane Asylum at Golds-
 boro.

City Court.

James Williams and Charles Hall
 were up for disorderly conduct and were
 sent to prison for 10 days each.

Clara Nixon, who was arrested yester-
 day for disorderly conduct, was thought
 insane and turned over to a commission
de lunatico inquirendo.

A case of D. and D. was dismissed, and
 his Honor, Mayor Smith, here closed for
 the day.

 M. E. Church will give an excursion to

 Persons not connected with the Sunday

 sonable cost. Capt. W. M. Parker, the
 Superintendent, promises a pleasant

 it pleasant for you than Brother Parker.

 roaches, lose their lives by collision with
 "Rough on Rats." Sold by druggists,

Musical Treat.

The pupils of Mr. E. Van Lear will
 give a musical soiree at the Opera House
 on Monday evening. They are in good
 training and the soiree will no doubt be
 expect. Mrs. Kahnweiler and her
 Nathan Mayer, R. H. Grant and the
 Orion Quartette Club, Messrs Tilley,
 Thorpe, Welsh, and Fremont, have
 kindly consented to assist in making the
 evening a pleasant one to those who at-
 tend. The sale of reserved seats will be
 commenced to-morrow morning.

To Protect Plants.

A correspondent of the Norfolk Vir-
 ginian furnishes the following receipt
 for the protection of plants from cater-
 pillars, which are unusually numerous
 this year. It is said to be very effec-
 tive:

"Take one heaping tablespoonful of
 Paris green to one cup of flour; mix
 with water to form a paste; put this in
 a gallon watering pot; fill the latter, let-
 ting the contents dissolve. Water with
 a rose attachment. Two or three applica-
 tions of this solution will rid the plants
 of the vermin. Paris green is a deadly
 poison, and those using this remedy
 should be careful about handling the
 plants until the caterpillars are gone and
 the plants have been thoroughly washed
 with pure water several times."

Lights in Bed Chambers.

The following, which we clip from the
 New York Herald, contains suggestions
 that might well be heeded:

"The kerosene lamp has been so promi-
 nently engaged in bursting and in blow-
 ing human beings into hospitals and
 eternity that many people are under the
 impression that it has no time in which
 to attend to anything else. This is a
 great mistake, and a convincing proof of
 its abilities in another direction is found
 in a dispatch announcing the death by
 suffocation of a priest who had slept in a
 room in which a lamp was burning im-
 perfectly. How many thousand head-
 aches are discovered every morning in
 bedchambers that have been lighted
 through the night by kerosene lamps
 'turned down low' will never be known,
 but the aggregate is enormous, and can-
 not be otherwise, for a small flame in a
 lamp chimney does not cause enough
 draught to insure perfect combustion,
 and this being the case the slumberers
 breathe carbon and carbonic acid gas as
 literally as in a petroleum refinery. If a
 little light is necessary in a bedchamber
 it may be supplied by a specially pre-
 pared taper, by a candle, or by a wick
 floating and supported in animal or vege-
 table oil; but the turned down kerosene
 lamp is always a menace to health and
 life."

Don't Pour Alcohol on the Fire

and don't take anything that has alcohol
 in it to help inflamed kidneys. War-
 ner's Safe Kidney and Liver Cure is
 purely vegetable, and acts directly upon
 the kidneys and liver.

The receipts of cotton at this port to-
 day foot up 36 bales.

There were good rains up the country
 yesterday but no rise in the river is re-
 ported as yet. The steamer *Muchison*
 arrived last night and the *Wave* and
North State this morning.

A Correction.

The cost of uniforms for the members
 of the German Volunteers, in the event
 of a reorganization of that command, as
 given by us yesterday, was excessive.—
 The error was typographical. The ser-
 vice, or fatigue, uniform for 35 men, the
 number which now constitutes the rank
 and file of a company, will cost, at \$8 65
 each, \$302.75, instead of \$800, as we had
 it.

LADIES WHO APPRECIATE ELEGANCE
 and purity are using Parker's Hair Bal-
 sam. It is the best article sold for re-
 storing gray hair to its original color and
 beauty.

A Real Curiosity.

We received this morning, from the
 Postoffice in this city, a letter written
 May 7th, 1850, and mailed three days
 later, at Chincopin, in Duplin county.
 It was addressed to the *Wilmington
 Journal* and contained a request to pub-
 lish the marriage notice of "John Deal
 to Mary Raner, the daughter of John
 Raner by Nathan Murray, Esq." which
 we hasten to do, even at this late day,
 although the bride, if living and happy
 in her married life is probably a grand-
 mother now. The letter was properly
 directed and sealed, but without stamp
 or envelope, as this was in the days when
 stamps and envelopes were generally un-
 known, and there was no reason why it
 should not have come straight through
 from Chincopin to Wilmington, instead
 of going to Washington City. It was re-
 cently discovered somewhere in the post-
 al department at Washington and for-
 warded here for delivery, having accom-
 plished the trip from Chincopin, in Du-
 plin county, to Wilmington, a distance
 of 65 or 70 miles, in a little more than
 31 years, a speed of progression which is
 at the rate of two miles in one year.

A REPLY TO THE

"ICE RING."

GENTLEMEN—We take this public
 method of replying to your THIRD propo-
 sition to buy us out. We were driven into
 the ice business by the prices extorted by
 your monopoly and we now propose to give
 the people of Wilmington and surrounding
 country the benefit of low prices, and let
 you try ever so hard to drive us out. If
 you wish to put your threat into execution
 of selling ice at 1/2 cent per pound do so,
 and the people will get the benefit, while
 we can use our ice in our business at one
 quarter of the cost we have been forced to
 pay you for years. Respectfully,
