FLETCHER'S MILL'S, Carteret Co., N. C., July 17th, 1879.
Mrs. Person—Dear Madam: I think your medicine is the best that is now before the public for the cure of blood diseases. I have great confidence in it, and believe that it will do all that you claim for it. I have the personal knowledge of the condition of young Mr. Stokes, before he commenced taking your medicine, and I see you have his testimonial that he is cured. Go on, and I say God speed you in your efforts to ameliorate the condition of mankind, and add to his comfort and happiness. I will do all in my power for you among my friends. Yours respectfully,
DR. W. H. BARKER

No City Court to-day.

The receipts of cotton at this port to-day foot up 93 bales.
Watermelons in market this afternoon—the first of the season.

Thanks for an invitation to attend the Dixie Floral Fair which is to be held at Wadesboro July 20 and 21st.

Beautify your homes by using the N. Y. Enamel Paint, ready mixed and warranted. Sold only at JACOBI'S.

British brig *Elizabeth Scott* cleared to-day for Antwerp with 1,360 casks spirits, shipped by Messrs. Alex. Sprunt & Son.

Quite a large number of colored excursionists arrived in this city to-day from Goldsboro. They will remain here for a couple of days and will return to their homes on Thursday night.

We learn from reliable authority that the W. & W. Railroad Company will remove the wooden bridge across Smith's Creek, in the suburbs of the city, in a short time and put a substantial iron bridge in its place.

The Grand Lodge of the Independent Order of Good Samaritans, No. 10, met in this city, in the City Hall, to-day. To-morrow there will be a parade through the streets and an address by Geo. L. Mabson at the Opera House.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

Lightning seems to have been particularly active near Point Caswell during the past week. On Sunday a valuable ox, the property of Dr. Jno. R. Hawes, was killed by lightning while standing in the yard near Dr. Hawes' residence.

The thermometer in this office to-day at 3 o'clock registered 95 degrees. At 1 o'clock it was at 94 in the cool passageway at the City Hall. Some claim it as the hottest day of the season but we think it does not equal the warm spell of a few weeks ago.

Rev. Dr. Pick, a minister of Troy, N. Y., relates his experience thus: I take pleasure in adding to your many testimonials, that last Thursday, (Thanksgiving Day), not being able to preach on account of rheumatic pains in the shoulder, I bought a bottle of St. Jacobs Oil which after using several times, relieved me wonderfully.

Fire in the Woods.
About 400 acres of heavily timbered pine land near Point Caswell was devastated by fire a few days ago. Most of the trees were chipped and boxed and the loss will be severely felt by the owners of the trees. The fire was caused by lightning.

HUNDREDS OF MEN, WOMEN AND CHILDREN rescued from beds of pain, sickness and almost death and made strong and hearty by Parker's Ginger Tonic are the best evidences in the world of its sterling worth. You can find these in every community. Post. See advertisement.

Timely Warning.
W. T. Boyd, Sergeant Signal Corps U. S. Army in charge of Fort Johnston, gives the following notice: "All persons owning cattle at Smithville are hereby warned to keep their cows and other cattle out of the grounds at Fort Johnston or owners will be prosecuted for trespass. Back gates are kept open for accommodation of citizens but if cows are allowed to enter the grounds all gates will be closed excepting the two along water front. By order of Gen. Hazen, Chief Signal Officer."

Excursion on the Fourth.
As will be seen by advertisement published elsewhere, the usual Fourth of July excursion of the Hibernian Association will be given on the *Passport* on the Fourth. Maj. Jas. Reilly and Messrs. L. Brown, Jno. Dyer, D. Quinlivan, Jas. Corbett, Jno. Barry and F. H. Darby are the gentlemen who compose the Committee and it is hardly necessary to say that they will use their utmost endeavors to promote the pleasure of all who may attend.

IMMIGRATION MEETING.

A Step in the Right Direction.
A meeting of the merchants of this city was held at the office of Messrs. Alex. Sprunt & Son, this morning, at 11 o'clock, to hear the views of the Rev. Thomas Charbonnel, from Sherbrooke, Province of Quebec, Canada, on the subject of immigration, and to induce our merchants to establish an association to be known as the Immigrant Protective Society, for the purpose of befriending immigrants who wish to purchase lands and locate among us.

The meeting was called to order, and Mr. E. G. Worth was requested to act as Chairman. The Rev. Mr. Charbonnel explained the object of the meeting and impressed his hearers with the belief that he was earnest in his work and would carry out his plans if he received the co-operation of our people. Mr. Henry Natt, Col. W. L. DeRosset, Mr. Alex. Sprunt and others expressed their views as to the best means of locating the immigrants among us. Col. W. L. DeRosset and Messrs. Alex. Sprunt and T. E. Bond were appointed a committee to ascertain if it were necessary to have a legal organization for the purpose of making titles to lands that may be offered, and to report at an adjourned meeting to be held at Messrs. Alex. Sprunt & Son's office on Thursday next at 11 o'clock. The meeting then adjourned. During Mr. Charbonnel's stay in this city he is the guest of Mr. Alexander Sprunt, British Vice-Consul. He is a highly cultivated gentleman and has much influence in the community in which he resides. He represents a large number of French Canadians, English, Irish, Scotch and French, and he has come among us to interest the merchants, farmers and others in the cause he represents. He has no pecuniary interest in the matter but is thoroughly zealous in the spiritual and material interest of his people. He will remain in this city until after the meeting on Thursday and he then proposes to give a prospecting tour up the river.

The matter which Mr. Charbonnel has at heart is one of the utmost importance to this section of the country and one which should be met with every encouragement. He has already temporarily located several families at Gaston, in this State, and there are others who are anxious to change their homes from the cold climate of Canada to the temperate climate of this State, if they can only purchase lands at a reasonable price. We have plenty of idle land. Let us utilize it and encourage honest immigration.

Study your interest. You can now buy Cook Stoves at factory prices at JACOBI'S.

Closing Exercises.
The closing exercises of Misses Burr & James' school began yesterday afternoon by the reading of composition by the 1st and 2nd classes and an interesting object lesson from the little ones. In all the compositions the young misses did themselves and their teachers great credit, but we were particularly entertained by the argument between two of them as to which was the greatest, the mind of man or that of woman. Of course we agreed with the affirmative. "Life," by Miss Cameron, was exquisite in its conception and composition. The object lesson by the little ladies was a marvel and put many of the older ones to blush. They had many evidences of their handiwork on exhibition, principally moulding and mosaic work; it was truly the work of fairy fingers. The word "Excelsior," done in mosaic work, showed plainly that they understood full well the practical meaning of the word.

The exercises will close this evening with a Soiree to which the patrons of the school are invited.

Spare Us!
The old, old story! "You can't come over me." This brilliant pun is alleged to have originated with Noah as he emerged from the ark on Mt. Ararat, and looked with a mild complacency on the retreating waters that had so lately endeavored to overwhelm him, while a new comet blazed up in the East to light the menagerie down the hill, shook its fat tail and grinned a luminous grin. Our friends will please spare us further inflictions.
Freshwater Perch, Trout and Black-fish Hooks and Lines. A full assortment and lowest prices at JACOBI'S.

The Crops in Pender.

We learn from Daniel Shaw, Esq., of Pender county, and Chairman of the Board of Commissioners for that county, who was in the city yesterday, that never within his recollection, has he seen more beautiful crops than those which now gladden the eye in all directions where he has been. This includes everything growing, with the exception of peanuts, and of these, Mr. Shaw tells us, there will probably be not more than one fourth of a crop.

Smithville Items.
A Women's Christian Temperance Union was organized at Smithville last night with the following officers:
President—Mrs. E. H. Cranmer.
1st Vice President—Mrs. W. J. Potter.
2nd Vice President—Mrs. Carrie Davis.
Secretary—Mrs. Mary Carr.
Treasurer—Mrs. E. Pifer.
Capt. N. F. Thompson delivered a temperance lecture on Sunday afternoon in the Academy grove and made a telling impression among his auditors. His address is well spoken of, and it is said that two or three more lectures from him will certainly make Smithville a dry town at the August election.

A Handsome Steamer.
The steamer *Sylvan Glen*, Mitchell commander, which formerly ran in and about New York bay put into this port to-day for coal. The steamer is a perfect beauty and is destined for Jacksonville, Florida, where she will run up the St. John's river. She has recently been purchased by Col. H. T. Baya of that place. The *Sylvan Glen* is 220 feet long and 43 feet beam and was built expressly for a day passenger boat. She is handsomely fitted up and is bountifully supplied with life floats, life preservers, etc. She is a double decker and has ample saloon and cabin accommodations for the passengers, 750, which she is licensed to carry. Captain Baya possesses all the elements to make him a most popular and efficient commander of a passenger steamer.

Mr. E. Van Laer's Soiree.
The musical soiree last evening, given by the pupils of Mr. E. Van Laer's music class and his friends, was well attended and very much enjoyed. Part first of the programme was devoted to the exhibition of skill by the pupils who, though quite small and young, displayed careful training and rapid advancement. Miss Chasten's rendition of the "Last Smile," piano solo, was superb. The Misses Bear, Bissett, Niemyer, Rulfs, Stolter, Rosenthal, Blumenthal, Adrian and Haehagen all did so well it would be unjust in us to individualize. Masters R. Hawes, A. Adrian, F. Schutte and M. Dinglehoff among the younger male pupils performed the tasks assigned to them with wonderful accuracy. They are young gentlemen of great promise and will no doubt in time to come be musicians of no mean order. Masters P. Boatwright and J. Greenwald were older and further advanced and more was expected of them. They evinced great talent and came fully up to the expectations of their friends, who are generally the most severe critics. Miss Jackson's vocal solo was bewitching and called forth a spontaneous burst of applause and hearty encore.

Part second of the programme was given up to the friends of Mr. Van Laer who consented to add to the pleasure of the evening. The Arion Club, Messrs. Tilley, Thorpe, Welsh and Fremont, sang delightfully and were happy in the selection of the pieces they rendered.

The vocal solo by Mr. N. Mayer and the *Serenade* by him and Mrs. Kahnweiler were a treat long to be remembered. Mrs. Kahnweiler's *Fugitive* was heartily encored. The instrumental performances in this part of the programme were by well known musical talent and were heartily enjoyed. It was a matter of great regret to the audience that Mr. R. H. Grant could not, on account of an affliction in his family, give them the promised vocal solo.
Mr. Van Laer has every reason to feel proud of the pupils who reflected so much credit upon him as a musician and instructor.

The C. & F. R. R.

The Clinton & Faison railroad is now organized, with J. L. Stewart as President. The Directors are Messrs. Isham Faison, J. C. Pass, Jas. A. Ferrell, E. T. Boykin and Col. John Ashford. The two first are from Duplin while the remainder, with the President, are from Sampson. Mr. W. H. Moore, of Clinton, who has been appointed by the Board to solicit subscriptions to the stock of the Company, is in the city to-day and has canvassed among our business men, meeting with some success.

The Directors of this new road are all in the city to-day for the purpose of conferring with Hon. R. R. Bridgers, President of the W. & W. E. R. R., to find out what aid they will receive from his road. We learn that they are much encouraged by the result and speak of commencing the work at an early day.

Clinton is about equidistant from Warsaw and Faison, say 14 miles from the road to the town. The country through which the new road is to pass is very level and there will be but little labor required in the grading. The only stream to cross is Six Runs and that is a very small obstacle. The Legislature, it will be remembered, granted the aid of one hundred convicts to this road.

Down the River.
The boys of the C. M. Stedman Fire Company No. 1 will give their annual excursion to Smithville and the Fords to-morrow on the steamer *Passport*. The committee pledge themselves to see that the utmost decorum is preserved on the boat and special attention will be paid to the care and attention of ladies and children. No liquor will be allowed and no objectionable persons will be permitted to get on the boat. Let the citizens encourage the gallant firemen who have so often and cheerfully endangered their lives for the protection of property. Give them a big crowd and a financial success and they will guarantee the
