MRS. JOE PERSON'S
REMEDY FOR
SCROFULA
NEVER FAILS.
It Will Cure if Fairly Tested.

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the Institute, I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had but thought of ever getting well again, but my hopes increased, my low spiritedness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sores in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience and not from hearsay. I am a grateful recipient of a cure from the use of it and am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, in my advice. I am, respectfully,
Kittrell, N. C. **JAMES A. MORRIS.**

Mr. Paul-Pope, son of Col. A. Pope of this city, and a very promising young gentleman, graduated last week at the Virginia Military Institute.

Had time and space and type permitted we could have filled our paper yesterday with local news alone. As it is some items are brought over to this issue.

We understand that the young folks at Burgaw made the most of the occasion on Monday night. Notwithstanding the fatigues of the day, dancing was kept up throughout the entire night, the floor being crowded all of the time.

Cannot a rowing race on the river be gotten up between the crews of the vessels in port? We are satisfied that if a race could be arranged for, a suitable purse of money could be raised to be presented to the winning boat.

Judge Schenck, with his daughter and niece, the latter the daughter of Gen. Rameur, and both beautiful young ladies, was in the city yesterday and Monday, passing a part of yesterday on a visit to the young ladies on the *Passport* to Smithville.

The barque *Sosterk*, from Liverpool, with 407 tons of iron for the Cape Fear & Yadkin Valley R. R., is now discharging her cargo at the wharf of the Cape Fear & People's Steamboat Company, directly in front of this office. This iron is to be taken to Fayetteville on the steamers.

Mr. John B. Hyland, of Troy, N. Y., for the space of ten months suffered with rheumatism so badly that he could hardly raise his arms or legs. Tried a bottle of St. Jacobs Oil and the relief was instantaneous.

The Wrightsville Mail.
There were some twenty bids received by Col. Brink for carrying the Wrightsville mail. They were not opened here but were forwarded to Washington City. In a day or two the service will be awarded, and the mails will be put on. The carrier will leave here about 8:30 o'clock a. m. and return late in the afternoon.

indications.
For the South Atlantic States fair weather, winds mostly from south to west, stationary barometer and temperature.

A Healthy State.
People are constantly changing their homes from East to West and from North to South or vice versa, in search of a healthy State. If they would learn to be contented, and use the celebrated Kidney-Wort when sick they would be much better off. The whole system can be kept in a healthy state by this simple but effectual remedy. See large adv.

Repair It.
Nutt street is in a very bad, and we may say dangerous, condition. The plank road way needs repairs, and in some places it is entirely worn-out. It is surprising to us that some horse has not broken his leg by getting his hoof caught in between the planks.

Pic Nic at Croom's Bridge.
We understand that there is to be a social picnic at Croom's Bridge, on the North East river, on Saturday, August 20th, to which all from this city and elsewhere who may be inclined to attend will be welcomed. It will be a basket picnic and there will be music and dancing in the evening. It is possible that a boat may be run from the city that day, provided there will be enough passengers to justify it.

Bargains.
Some rare bargains are now being offered by Messrs. Sol Bear & Bros., and especially in gentlemen's linen pants and vests. The Messrs. Bear are desirous of closing out all of their Summer stock preparatory to the Fall and Winter-purchases. Next month the season will open to the trade in New York and the senior member of the firm is generally on hand among the first to secure the new and prettiest things offered.

To Remove.
We are sorry to learn that Col. A. Pope, General Passenger Agent of the Associated Railways of Virginia and the Carolinas, has concluded to remove his family from this city to Richmond, his headquarters being in the latter city. Col. Pope has been resident here for more than ten years past and the entire community will regret the removal of so good a citizen. Our loss in this respect is Richmond's gain.

Requisitioned.
Early this morning Constable T. O. Bunting arrested one Lester Kennedy, alias Cauley Kennedy, charged with grand larceny. He was captured in a house near the corner of Second and Ann streets, where he was living. The arrest was made by Officer Bunting on the strength of a telegram from Sheriff Samuel Rowan, of Columbia, S. C., and this morning Deputy-Sheriff McGuire arrived here with a requisition from the Governor for the prisoner. Mr. McGuire will leave to-night for Columbia with Kennedy in charge.

The prisoner, Kennedy, was formerly a Deputy U. S. Marshal and the charge against him is the larceny of some valuable old coins, sent to the South Carolina State Fair for exhibition in November last. Court is now in session at Columbia and Kennedy is wanted there for immediate trial.

Sulcide and Dyspepsia.
A most remarkable cure for dyspepsia "Wells' Health Renewer." The greatest tonic, best bilious and Liver Remedy known. \$1. Druggists. Depot Jas. C. Munds.

A Town Without Mails.
There is a town in North Carolina, and a town of some importance too, that is absolutely without mail facilities. We refer to Columbia, in Tyrell county. They have had no mail there for six weeks and when they want to get any or when they have letters to post they put a man on a horse and send him fifty miles to the nearest postoffice. We ascertained this fact through a letter from the register of deeds, written to Washington City, explanatory of the fact of the omission of the vital statistics of that county from the report, because of the fact that, there being no mail to Columbia, the blank forms were not received there until the lists had been closed. The letter was forwarded from Washington to Wilmington to Dr. Wood, Secretary of our State Board of Health.

A Romance of a Poor Young Man.
A reporter of the *Philadelphia Record* recently sought out a young German seagr maker in that city named Delaware E. Wenzelle, of No. 869 North 9th street, and found him with \$5,000 in greenbacks preparatory to opening a bank account and going into business for himself on the river front. This came from expending one dollar for a half ticket in the May drawing of the Louisiana State Lottery. There will be over \$110,000 distributed in like manner July 12th. A venture often wins. Jay

Crude turpentine is 10 cents better today than it was yesterday and tar has lost 30 cents, which is 35 cents better for crude and \$1.25 better for tar than on the same date last year.

The Registrars in this city for the approaching election are doing literally nothing at all. But very few are registering, and comparatively few seem to know that the registration books are open. It is a fact that three of the Registrars have not yet entered a name.

Exports Forgiven.
Swedish barque *Israel* cleared to day for Bristol, Eng., with 1,100 casks spirits and 1,300 barrels rosin, shipped by Messrs Alex. Sprunt & Son, and schr. *Lizzie Major*, for Jeremie, Hayti, with 4 barrels coal tar, 15 bales oakum, 6 barrels pitch, 6 do tar, 3 do rosin, 2 cask spirits, 25,000 bricks, 60,000 shingles and 112,642 feet lumber, shipped by Messrs Jas. H. Chadbourn & Co.

Temperature and Rainfall.
The following meteorological report has been prepared at the Signal Office in this city for the week ending July 3rd, 1881, as compared with the corresponding week of last year:

The maximum thermometer was 95 degrees as against 97 last year; minimum do 62 as against 68; weekly range of do 33 as against 29; total rainfall 4.54 inches as against 1.07. During the week in 1880 the thermometer reached 97 three times and on two other days it was above 90.

The rainfall for the past week in the cotton belt averages about as follows: South Atlantic States, 1.78; Eastern Gulf, .74; Western Gulf, .32; Ohio Valley and Tennessee, .76; average for the district, .90.

Lime Water.
It is healthy now on North Water street. The fire in the lime in Messrs. E. G. Barker & Co's. warehouse was all suppressed last Saturday night, and the street in front is still white with lime water. Much of this found its way to the river, and the streets were yesterday carefully cleaned and the lime thus gathered carted off to localities where it may be needed. The building in which the lime was stored is badly damaged, the north wall, dividing from Messrs. Harding Johnson & Co's. premises, have given way to the pressure from within. Messrs. Johnson & Co. were damaged to the extent of being compelled to remove a frame building, which had been built against the wall, and its contents.

The Chief of Police was Serenaded.
Our Chief of Police is very fond of operatic music, especially when it is on the high seas, and speaks felinely of a concert which took place on his back fence about 3 o'clock this morning. The song, as he describes it, was, "Meow! Meow! My tail is longer, Meow, than yours, Mr. Comet." Then came in the bass and a full chorus. He says the last mother's son of that feline opera troupe are bound for purr-dition. The last we saw of the Chief, this noon, he was looking for his boot-jack, a grip-sack, two pairs of winter's boots, one pair of old-fashioned brass firedogs, a water bucket, sixteen fire bricks from the back of the fireplace, and numerous small articles of which he has no inventory.

The Immigrants' Friends' Society.
Pursuant to a call from the Chairman, a meeting of merchants and others was held at the Produce Exchange this morning, at 11 o'clock, for the purpose of organizing the Immigrants' Friends' Society of Wilmington under the plan of incorporation as submitted by the committee appointed to draw it up. The by-laws were read and after some slight amendments were adopted as a whole.

The annual meeting of the Society will be held in this city on the first Tuesday in June of each year at the office of the Society.

The election of officers was held with the following result:
President—Henry Nutt.
Secretary—Walker Meares.
Board of Directors—Alex. Sprunt, B. G. Worth, F. W. Clark, and A. J. DeRosset.

On motion, Rev. Mr. Charbonnel was elected an honorary member. The Secretary was instructed to have printed such portions of the records of the Society as Rev. Mr. Charbonnel may think advisable.

All other matters were referred to the Board of Directors.
The meeting then adjourned.

President Garfield.

The only news received here to-day from the President is good news. He was better this morning, having rested well last night and strong, hopes are entertained of his ultimate recovery.

Coupled with this news is the statement of a quarrel among the physicians as to who is properly entitled to direct the case. We read of this in the New York *Herald* and it has since been telegraphed through the country and perhaps abroad. Disgraceful!

Down the River.

The excursion on the steamer *Passport*, on the Fourth, given under the auspices of the Hibernian Benevolent Association, was one of the most delightful affairs of the kind on record here. As usual a large portion of the party landed at Smithville but many others remained on board when the boat steamed out a few miles to sea. Old Neptune was propitious, however, and nobody yielded the tribute. The committee were especially attentive to the comfort of those on board and not one of those present brought back a regret on the return to the city.

Safe in Port.

We gave publication yesterday to the fact that some apprehensions were being felt here as to the safety of the schooner *Mary Bear*, Capt. Chadwick, which cleared hence for Baltimore on the 25th ult. To-day we are gratified in being able to announce that she has arrived safely. Three young gentlemen, Messrs. R. E. Lee, Isaac Bear and Marcus Sternberger were passengers on her and today Mr. Samuel Bear, the father of one of the passengers, received a dispatch dated at Baltimore this forenoon stating that the schooner had just arrived there safely and that all were well.

A moonlight excursion will be given on the steamer *Passport*, down the river, to-morrow evening. The Harpers have engaged the harpers and it will be just splendid for dancing. "And don't you forget it."

HUNDREDS OF MEN, WOMEN AND CHILDREN RESCUED from beds of pain, sickness and almost death and made strong and hearty by Parker's Ginger Tonic are the best evidences in the world of its sterling worth. You can find these in every community. Post. See advertisement.
