PERSON'S

REMEDY FOR

SCROFULA NEVER FAILS.

It Will Cure if Fairly Tested.

lt gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. was treated during that time by three very emisent physicians, without any good result. I then went to the National Surgical Insti tute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the Institute, I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to hea!, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spiritedness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic ; it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should betaken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the curealready made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you I you give it a fair test. I speak from experience and not from hearsay. I am a grateful recipient of a cure from the use of it and am under many and lasting obligations to Mrs. Person for the great relief I have obtaised from its use. Sufferers, try it and be cured, is my advice. I am, respectfully,

The President To-day.

The news in regard to the President's condition is all good news. He passed a very comfortable night and has been in buoyant spirits to-day. He expresses a desire for more food than the physicians seem willing to allow him, and a determination to get well as soon as possible. We trust that his recovery may be considered now as almost an assured fact.

"What is It?"

There is a person in this city dressed in female attire who is generally supposed to be a man in disguise. The person walks and talks like a man, has some beard on the chin and carries a very large stick. The impression of those who have talked with the persons that king alcohol is holding the fort or else the person is insane.

Haunted Me. A Workingman says: "Debt, poverty and suffering haunted me for years, caused by a sick family and large bills completely discouraged, until one year ago, by the advice of my pastor, I procured Hop Bitters and commenced their use, and in one month we were all well, and none of us have been sick a day since; and I want to say to all poor mea, you can keep your families well a year with Hop Bitters for less than one doctor's visit will cost."-Christian Advo-

Personal.

Mr. Geo. B. Myers and family have returned to this city from their new home in Colorado. They are here on a visit.

Mr. William A. Brown, son of the late Thos. W. Brown, is on a visit to his see him looking well, and trust that he will enjoy his short vacation. Mr. B. is in the New York World office.

City Court.

Moses Scott, colored, was arraigned of payment of a \$1.50 fine.

Two white men, charged with an affray, were next arraigned. One was dismissed and the other sent below in default of the payment of a \$2 fine.

Moonlight Excursion To-Night.

Tired and panting mortals will have an opportunity to get a breath of salt air this evening at an exceedingly moderate price. Capt. Harper will run the Passport down the river, leaving at 8 o'clock and returning at 10:30. The price for the round trip will be only 25 cents .-The Italian harpers will be in attendance and discourse some of their best music for dancing

Death of a Prominent Colored Man

Henry Davis, an old colored resident of Myrtle Grove Sound, died at that place on Tuesday night. He was at prominent man among the colored people and was esteemed by the whites for his probity and worth. He and all of his children were born free. He was one time a member of the Board of Commissioners and Pilotage. We do not know his exact age but think that he must have been 78 or 80 years old.;

Freshwater Perch, Trout and Black fish Hooks and Lines. A full assort ment and lowest prices at JACOBI's. †

Home Work.

Messrs. McDougall & Williamson have ust turned out a premium buggy. It is one of the prettiest we ever saw and is something new in these parts. The running gear is painted white with gold trimmings. Mr. John W. Skinner, a young man of great promise and expe. rience, did the painting. When will our people realize the fact that as durable vehicles can be made right here for as little money as can be made at the North and West by Southern naters?

Destroyed by Fire.

Messrs. J. K. James, of Pender county, and Jno. H. Mashburn, of Onslow, near the Pender line, both suffered by fire on the 16th of last month. We have just learned the particulars. Mr. James has a turpentine distillery at Maple Hill and in removing the cap, after boiling, the flames burst out and the distillery and contents, together with some turpentine, spirits and rosin near at hand, were destroyed, entailing a loss of about \$400. Mr. James was himself painfully burned about the face and arm but has now, we are pleased to hear, almost entirely recovered.

On the same day the stables of Mr Jno. H. Mashhurn, brother-in-law to Mr. James, located about five miles from the distillery, were burned, it is thought by an incendiary. A considerable amount of corn and fodder, together with harness &c., was destroyed with the stables M Mashburn's loss was also about \$400 There was no insurance in either case.

Grand Excursion Next Week.

As will be seen by advertisement published elsewhere the members of New Hanover Tent, No. 57, Independent Order of Raechabites, have chartered the steamer Passport for an excursion to Smithville and the Blackfish Grounds on Thursday next, the 14th inst. Messrs Thos. E. Skipper, W. Richardson and P. Teboa are the Committee of Arrangements, and these gentlemen, seconded as they are by every member of the Order, will spare no pains to ensure the pleasure of those who may attend. They look for a large appreciation of their for doctoring, which did no good. I was efforts, and we feel sure that they will not be disappointed. Objectionable persons will be excluded, no liquor will, of course, be allowed on the boat, and the best of order will be preserved, Refreshments will be served at city prices and the Italian harpers will furnish the young folks with some delightful music is being adorned with an entire new for dancing.

Alarm of Fire.

The alarm of fire was sounded this afternoon about 4:30 o'clock. The fire department turned out promptly but were sent back before reaching the scene of conflagration which is said to have been mother and family. We are pleased to at a dwelling near the corner of Third and Church streets.

Appreciated. We are glad to have evidences of the appreciation of original matter appearing in the REVIEW. Bro. Bonitz, of the this morning on the charge of disorderly Messenger, shows this when he copies conduct. He was sent below in default | bodily, in his last issue, and incorporates into his editorial matter, without credit or quotation marks, the closing paragraph of the special correspondence of the REVIEW from Washington City, published in last Tuesday's issue of the Review

A Good Idea.

Col. Jno. L. Cantwell, commanding the Wilmington Light Infantry, is using strenuous efforts to make the armory a pleasing resort during the evenings for the members of his company. Books and periodicals and papers are being gathered together, as also pipes and tobacco. The plan is already beginning to take and will probably prove still more successful during the winter months.

The Duplin Canal.

There was a meeting of the Directors of the Duplin Canal Company held in this city yesterday afternoon.

The work upon the canal is to be resumed immediately, and a test to be find ourselves. Natural remedies are made by sluicing with twelve feet head of water, and no doubt seems to be entertained of the success of the experi-

The President was directed to have collections made.

Jacob Smith, Sr., was elected Director for Duplin in place of J. W. S. Miller, resigned.

We are glad to learn, as we do from Major Young, that the prospects for the early completion of the canal have grown much brighter of late. It is an important work and one which in its completion will develope much of benefit to our

What We Like to Hear.

We are glad that Mr. A. J. De Voe, the New York rival of Vennor, has raised his voice, and made such pleasant predictions as these: "I have heard a great deal about the terrible hot weather that is said to be coming upon us this month. A new prophet has arisen in Canada, and by the aid of astronomical calculations tells us that we will have the hottest of weather. I do not profess to know anything about astronomy, but I am unable to see any indications of unusually hot weather for this month Our warmest days will be in the latter part of August and early in September. July will be a delightful month for lazy people in the Middle and Eastern States. There will be heavy showers and plenty of them. There will be very hot weather in] the southwest, but it will not reach New York until after July."

Vienna Bread.

"Vienna bread" and "Vienna rolls" were among the strong gastronomical at tractions of our '76 centennial; and we give our lady readers the formula for making the bread: Pare, boil and mash twelve large Irish potatoes; add one tablespoon of sugar, one of salt and two of flour. Add gradually two quarts of beiling water and one of cold, stirring all the time. When lukewarm add one cup of good yeast. When this has risen until light and foamy make the bread by allowing one quart of this rising for every two loaves of bread, and use no other wetting. When this sponge has risen, knead, let it rise again, mould into loaves, and, when light enough, bake. You should warm the yeast before making the bread sponge by placing it over a kettle of warm water. Keep the loaves warm after the first moulding; this will hasten the prscess of rising without impairing the quality of the bread.

HUNDREDS OF MEN, WOMEN AND CHILDREN RESCUED from beds of pain, sickness and almost death and made strong and hearty by Parker's Ginger Tonic are the best evidences in the world of its sterling worth. You can find these in every community. Post. See advertise-

The Use of Lemons.

The lemon tree is a native of Asia, al though it is cultivated in Italy, Portugal and in the south of France. In Europe, however, it seldom exceeds the dimensions of the smallest tree, while in its native state it grows to over sixty feet in height. Every part of this tree is valuable in medicine, though we rarely employ any but its fruit, that is, the lemon itself. And every one knows how to employ this in lemonade-to squeeze the juice in cold water; this is the shortes, way-or to cut into thin slices and then boil it. Either way is good. Lemonade is one of the best and safest drinks for any person, whether in health or not. It is suitable to all stomach diseases, is excellent in sickness-in cases of jaundice, gravel and liver complaints. The pipins crushed may also be mixed with water and sugar, and be used as a drink. Lemon juice is the best scorbutic remedy known. It not only cures this disease, but prevents it The hands an ! nails are also kept clean, white, soft and suple by the daily use of lemon instead of soap. It also prevents chilblains. Lemon is used in intermittent fevers, mixed with strong, hot, black coffee without sugar. Neuralgia may be cured by rubbing the part affected with a cut lemon. It is valuable also to cure warts and to destroy dandruff on the head by rubbing the roots of the hair with it. In fact, its uses are manifold, and the more we employ it, externally and internally, the better we shall the best, and nature is our best doctor, if we would listen to it. Decidedly, rub your hands, head and gums with lemon. and drink lemonade in preference to all
