**MRS. JOE PERSON'S REMEDY FOR SCROFULA NEVER FAILS.**  
It Will Cure if Fairly Tested.  
It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's Remedy for this disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the Institute, I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spiritedness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularly in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience and not from hearsay. I am a grateful recipient of a cure from the use of it and am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, in my advice. I am, respectfully,  
Kittrell, N. C. JAMES A. MORRIS.

Steamship *Regulator*, Capt. Doane, sailed to-day for New York.  
"Camping out" will be popular this summer—with those who never tried it.  
The most fastidious ladies now say pillow protectors instead of pillow shams.  
Men are like pigs—one with a little head may be just as sharp as one with a big head.  
Gen. M. P. Taylor, of this city, has been appointed a potary public by the Governor.  
An editor without a backbone don't amount to much. It's his principal column, you know.  
It makes no difference how you caught Rheumatism or Neuralgia; use St. Jacobs Oil and be restored.  
Fourth of July is also a Decoration Day, the decoration consisting of court plaster and bandages.  
It is a peculiar and awful veneration which the small boy has for a companion whose father is a policeman.  
Call at JACOBI'S for Garden Hoes and Rakes, Shovels, Spades, Axes, &c. There you have the lowest prices.  
The great want of the strawberry is moisture, and yet it will not flourish with its roots in stagnant water.  
New parasol handles are in the form of sword-hilts or champagne corks. It is hard to tell which is the worst taste.  
From two to three hundred yards of narrow lace is frequently used by a fashionable dressmaker on a summer costume.  
Beautify your homes by using the N. Y. Enamel Paint, ready mixed and warranted. Sold only at JACOBI'S.  
Col. E. R. Brink has at the Postoffice a photograph of Guiteau, the assassin, which was taken since his attempt on the life of the President.  
A prayer and experience meeting will be held at half past 9 o'clock to-morrow morning in the lecture room of the Front Street Methodist Church.  
**Catarrh of the Bladder.**  
Stinging, smarting irritation of the urinary passages, diseased discharges, cured by AUCHUPAIBA. Druggists. Dept. Jas. C. Munds.  
Bro. McDiarmid, of the *Robesonian*, is in the city and called in to see us today. He has entirely recovered the use of his vocalizing powers.  
It's an ugly fashion for women who have plump, round arms to bury them under wrinkled gloves, but they will be in style even if it is detrimental to their beauty.  
The bustle is gradually creeping back into favor. This will increase the value of blanket sheet newspaper. And hoopskirts are again to be the fashion. This will increase the size of pavements.  
In this asthetic age druggists should be careful to keep cord of various colors with which to tie up their wares. Think what a shock it is to the taste of a lady wearing yellow gloves to be compelled to carry a parcel tied with a blue string.  
People inquire for signs of rain or fair days. It is said that the little ant is a pretty reliable indicator. Examine a nest. If the ants have prepared for a pleasant day's work by putting in a hard night's work in raising their hillocks, then look out for dry weather, but if they have rested during the night, and the grass in the early morning is dry and free from dew, count on wet weather.

**Tokay Claret.**  
A friend in this city has handed us a bottle of home-made claret, from the Tokay vineyards, near Fayetteville, now the property of Col. W. J. Green. We have done as our friend bade us; we gave it a fair test—it is all gone—and most unhesitatingly pronounce it as an excellent article of claret, fully equal to any, and superior to much of that brought here from abroad. Col. Green should place his wines in this market.  
**Last Night's Rain.**  
We had a fine rain here last night. The clouds came up and out of the northeast about 9 o'clock and there was a steady downpour nearly all night long. The same storm, we understand, reached all or the way between Weldon and Wilmington. How far South it went we do not know but there was none of it as far West as Lumberton. At that point there was much wind, however, and it is feared that some damage was sustained by the crops.  
Freshwater Perch, Trout and Black fish Hooks and Lines. A full assortment and lowest prices at JACOBI'S.  
**City Court.**  
Henry King, col., a little huckster who was arrested for sleeping in the streets, was discharged.  
The next case was the incorrigible old woman Mary Jane McClellan who for disorderly conduct was yesterday again taken to the guard house, besides having failed to comply with the Mayor's order to leave town. But this the defendant claimed she did do, immediately going over the boundary limits and then returning directly afterwards. His Honor seemed puzzled to know how to deal with the case; the creature's native wit had beaten the Mayor. But the decision of the Court finally was that defendant go below for five days.  
Jno. Chavers, colored, for being drunk and disorderly was required to pay \$2. This ended the proceedings and the Court adjourned.  
To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.  
**Schedule B Tax.**  
The merchants and others interested were crowding the Register of Deeds' office this morning, this being the last day in which to give in their Schedule B tax. But it is plain to our mind that the law could not have meant to include Sundays in saying, "The first ten days in January and July." Laws enacted by legislatures in latter day times are generally ambiguous, and this is not an exceptional instance. The intention no doubt was to say the first ten working days. Otherwise, a strict construction of the law would require the Register of Deeds to attend on Sundays occurring during these ten days, and then our municipal authorities would put a stop to that, for this would be a violation of their Sunday Ordinance, and here we would have a conflict of State and municipal authorities at once. So the question naturally arises, what are you going to do about it?  
**A Runaway.**  
Yesterday afternoon, about 5 o'clock, a horse which Mr. J. M. Forshee was trying, took fright on Dock, between Front and Water streets, and dashed madly off, and as the animal turned the corner of Dock in the direction of Orange street, the buggy was upset and Mr. Forshee and the driver were thrown out. The driver was bruised a little but in the fall Mr. Forshee's left foot was forced between two large saws which were in a saw-frame leaning against Messrs. P. Cumming & Co's mill. One of the teeth of the saw was buried in Mr. Forshee's ankle and made quite an ugly wound, and it is feared that mumps will set in and that osseocelce is apt to follow the probing for fragmentary particles of an unsettled market. As he was thrown out of the buggy he shouted "Kenan, put dry salt sides up and call on the doctor for shertage." There is no immediate danger of canfervoid algae composed of cylindrical filaments enclosed in tubular cellular sheets.  
HUNDREDS OF MEN, WOMEN AND CHILDREN RESCUED from beds of pain, sickness and almost death and made strong and hearty by Parker's Ginger Tonic are the best evidences in the world of its sterling worth. You can find these in every community. Post See advertisement.

**The President.**  
The news from the President to-day is all encouraging. He continues to improve. His pulse is a little higher than it was yesterday, but this, it is said, is owing partly to the fact of the weather and partly to the process of suppuration of the wound which is now going on. The case is declared by the physicians to be progressing satisfactorily.  
**Fashion Notes.**  
Pretty handkerchiefs for the neck are of white twilled silk, edged with Breton or Languedoc lace.  
Bonnets of all shapes, including those which show the hair back and front, or entirely conceal it, are worn.  
Dark green nun's veiling or French bunting makes a stylish dress for both young girls and older women.  
Pique dresses in princess form trimmed with Hamburg embroideries hold their places in fashionable favor.  
Large, wide-brimmed hats, turned up all around, are worn tilted back by girls who wear a bang on the forehead.  
The charmed robe of high ceremony this summer is of white sarah, shirred and trimmed with white Spanish lace.  
Throatlets and wristlets of black velvet, trimmed with a network of beads and with coin pendants, are coming in vogue.  
Tea gowns are made in pink or blue flannel and worn in the morning; of silk damasse and brocade, and worn in the evening.  
Six big loops and one short end form the back of some new skirts which are far more puffy than anything that has been worn for years.  
Daffodils and pure white silk are used to trim Leghorn hats, and daffodils are also used to make the side bouquets on the skirts of white gowns.

**A New Warehouse.**  
We understand that the large brick warehouse of the W. C. & A. R. R., on the Company's wharf in this city, is considered unsafe, and that Capt. Divine, the General Superintendent, has ordered that it be evacuated at once preparatory to tearing it down and erecting another in its place. The warehouse will be cleared out on Monday and the work of demolishing it will be begun at once.  
**The District Conference.**  
The delegates from this city, both clerical and lay, to the Wilmington District Conference of the M. E. Church, held this week at Elizabethtown, returned here this afternoon on the Carolina Central train.  
We understand that the Conference was largely attended and that a large degree of interest was manifested. The proceedings were very interesting and were marked by a wonderful unanimity for so large an assemblage. We have been promised a report of the Conference which we hope to be able to lay before our readers on Monday.
