MRS. JOE PERSON'S
REMEDY FOR
SCROFULA
NEVER FAILS.

It Will Cure if Fairly Tested.

It gives me much pleasure to be able to
state that I have derived an effectual cure of
Scrofula from the use of Mrs. Joe Person's
Remedy for that disease. I had suffered
from Scrofula for more than three years,
and had despaired of ever getting well. I
was treated during that time by three very
eminent physicians, without any good result.
I then went to the National Surgical Insti-
tute, at Atlanta, Ga., and was treated there
more than two months, with no better re-
sult than my family physicians met with.
After returning from the Institute, I was
persuaded to try Mrs. Person's remedy, and
I had not used it more than a week before I
discovered its curative and healing prop-
erties. My sores soon began to heal, and the
color of my skin changed as fast as the sores
healed. I had not thought of ever getting
well again, but my hopes increased, my low
spiritedness fled before the remedy, and I
am now enjoying splendid health and am in
good spirits. The remedy is mild as a pur-
gative, and a strong tonic; it will heal the
most stubborn sores in three weeks if taken
regularly. It is my opinion that it should
be taken some time after the sore is healed,
to remove the cause of its effects. It should
be taken regularly by all means, for I have
sometimes neglected it, from the pressure of
business, and in all cases found that the
sore already made would commence to re-
new itself, and for this alone it should be
taken regularly until an effectual cure is
completed. Nothing should prevent regu-
larity in the use of the remedy and it should
be taken at the proper time. I would re-
commend to all who are suffering from
Scrofula to try it. It will surely cure you
if you give it a fair test. I speak from ex-
perience and not from hearsay. I am a grate-
ful recipient of a cure from the use of it and
I under many and lasting obligations to
Mrs. Person for the great relief I have ob-
tained from its use. Sufferers, try it and
be cured, is my advice. I am, respectfully,
Kittrell, N. C. JAMES A. MORRIS.
Send stamp for testimonial of remarkable
cures.

writes a druggist. "Kidney-Wort is the
most popular medicine we sell." It
should be by right, for no other medicine
has such specific action on the liver,

symptoms which indicate biliousness or
deranged kidneys do not fail to procure
it and use faithfully. In liquid or dry
form it is sold by all druggists.—*Salt

Alarm of Fire.

The alarm of fire this morning, about
9:30 o'clock, was caused by the burning
of the roof of a small frame house on the
corner of Fifth and Castle streets. The
fire was extinguished before much dam-
age was done or before the fire depart-
ment arrived at the scene of conflagra-
tion.

Rain and Wind

We were visited this afternoon by a
delightful rain and it came, too, just
when we began to long for it. It was
substantial and refreshing and will pro-
vide a wonderful help to the growing crops.
Previous to the rain, however, there was
as fast as 32 miles an hour and may have
done some injury to the corn hereabouts,
although, as it came from the South, its
fury was probably expended before reach-
ing the farms North of us, in Pender and
Duplin counties.

That Ornament.

While at Smithville on yesterday we
visited the Custom House, that orna-
ment (?) to the Government, and have
come to the conclusion that the Govern-
ment cares very little for the lives and
limbs of its officials. The gangway
leading to the Custom-House is tumbling
down, and will, unless fixed almost im-
mediately, fall under its own weight.
We would like to see it fall for it, and
the Custom House also, is a disgrace,
but we trust that no one will be on it to
be thrown down on the oyster rocks be-
low.

The Dixie Fair.

The Summer Fair of the Dixie Agri-
cultural Society comes off at the Fair
Grounds at Wadesboro on Wednesday
and Thursday of next week, the 20th and
21st inst. There will be a tournament,
glass ball shooting, trials of speed, bal-
loon ascension, &c. A dramatic perform-
ance will be given in the main building
each day.

Maj. J. G. Branch has been appointed
Chief Marshal; Dr. H. W. Robinson,
General Supervisor of Entries; S. C. Al-
exander, Jr., Supervisor of glass ball
shooting; Maj. W. A. Liles and D. L.
Saylor, Supervisors of amusements.

Trying to Keep Cool.

In our search after items around the
Court House to-day, we discovered four
lawyers puffing and sweating in the Su-
perior Court Clerk's office, examining old
records, making new copies of some
thing already recorded, and all the while
doing their utmost to keep cool, which,
considering the state of the thermometer,
up among the nineties, was exceedingly
difficult to do. But then, our legal friends
have the consolation of knowing that
they will make somebody else sweat for
all their labor and trouble when settle-
ment day comes. The difference between
lawyer and reporter is marked; the
former labors to make some one pay for
it, while the reporter labors and sweats
to make somebody pleased by the news
he offers as the result of his labors. This
is a very unequal world, somehow.

Old Shoes

You probably think that if you look
very sharply at an old shoe when you
throw it away, you will know it again
if it ever comes back to you. But that
doesn't at all follow. One of these days
you may buttoa your dress with an old
pair of slippers, comb your hair with a
boot, or grasp a cast-off gaiter while at
your dinner. You don't see how this
can be? Well, we'll tell you. Old shoes
are turned to account by manufacturers
in the following manner: They are cut
into very small pieces, and kept for a
couple of days in chloride of sulphur.
The effect of this is to make the leather
hard and brittle. Next the material is
withdrawn from the action of the chloride
of sulphur, washed with water and dried.
When thoroughly dry it is ground to
powder, and mixed with some substance
like glue or gum, that causes it to ad-
here together. It is then pressed into
molds and shaped into buttons, combs,
knife handles, etc. So you see how it
may come to pass that you will comb
your hair with a boot, and fasten your
clothes with a slipper.

Beautify your homes by using the N.
Y. Enamel Paint, ready mixed and war-
anted. Sold only at JACOBI'S. †

Worth Knowing.

A practical gardener says that if you
will set a tomato plant by the side of
each cabbage plant, worms will keep a
proper distance from both. Cabbage
worms abhor tomato plants. As tomato
and cabbage plants both bear transplant-
ing well, it will be easy to try the experi-
ment, without planting the seed togeth-
er. The tomato plants could easily be
pulled up and thrown away when the
worms desert the patch, or when the
plants are large enough to be trouble-
some. Possibly the tomato plant may
be made very useful in protecting cab-
bage and other plants.

Pharmaceutical Association.

The next meeting—the first annual
meeting, we think—of the North Caro-
lina Pharmaceutical Association, will
take place at Newbern, on August 9th.
The local committee have secured accom-
modations for members and their families
at \$1.50 per day at the hotels. Reduced
rates on the railroads have been secured
for members and visitors attending the
meeting, as follows:
Cape Fear and Yadkin Valley Rail-
road, round trip tickets for one fare—
Raleigh and Gaston Railroad, 3½ cents
per mile, each way. North Carolina,
Wilmington and Weldon, Atlantic and
North Carolina, and Western North
Carolina Railroads, round trip tickets, 6
cents per mile. In order to be present
at the opening session, members must
take the 3:45 p. m. train at Goldsboro
on Monday.

The meeting will have a social as well
as scientific feature; members are, there-
fore, cordially invited to bring their
friends. An excursion to Morehead City
is contemplated by the local committee.

The meeting promises to be one of
much interest—the recent pharmacy act
will probably be discussed—an exhibition
of pharmaceutical preparations is ex-
pected. It is desired that every reputa-
ble druggist in the State join the associa-
tion at this meeting.

The bulletins received to-day state
that the President passed a very com-
fortable night and still continues to do
well. At 8:30 this a. m. his pulse was
90, temperature 99.8-10, respiration 22.

Prejudice Kills.

"Eleven years our daughter suffered
on a bed of misery under the care of sev-
eral of the best (and some of the worst)
physicians, who gave her disease various
names but no relief, and now she is re-
stored to us in good health by as simple
a remedy as Hop Bitters, that we had
poohed at for two years, before using it.
We earnestly hope and pray that no one
else will let their sick suffer as we did, on
account of prejudice against so good a
medicine as Hop Bitters."—The Par-
ents.—*Telegram.*
