**MRS. JOE PERSON'S**  
 REMEDY FOR  
**SCROFULA**  
 NEVER FAILS.

It Will Cure if Fairly Tested.

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the Institute, I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spirits lifted, and before this remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sores in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend it to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience and not from hearsay. I am a grateful recipient of a cure from the use of it and am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice. I am, respectfully,  
 Wm. H. Green, N. C. JAMES A. MORRIS.

 In our observation, the most reliable pain racker in existence is rheumatism; but better yet St. Jacobs Oil is the most decided rheumatism searcher and curer ever discovered. It has our signature to its worth.

**Struck by Lightning**  
 Yesterday afternoon, during the prevalence of the storm, a house on the corner of Ninth and Castle streets, occupied by Ben Smith, colored, was struck by lightning and was badly damaged. The roof was torn up and the chimney cut half in two by the electric fluid. The bricks of the chimney were thrown into the room in which Smith and his wife and five children were sitting, but, strange to say, not one of them was hurt.

**More Rain.**  
 Late yesterday afternoon there was another heavy fall of rain at this point, which continued into the night. How far it extended into the interior of the State we are not aware but we understand that there was rain at Magnolia on the North and Whiteville on the South. We trust that it also extended up about the headwaters of the Cape Fear, where they tell us that it is greatly needed.

**Killed by Lightning.**  
 We regret to learn of a terrible disaster which occurred yesterday, near Magnolia, during the prevalence of the thunder storm. Mr. John Matthews and his mother, residing about one mile from the town, were struck by lightning and killed while one of Mr. Matthews' brothers was stunned by the same stroke. The house, we understand, was not set on fire. We have no particulars, the above meagre report being all we have been able to get.

**Attention, Boys and Girls!—Free Sabbath School Lecture.**  
 Mr. Wm. R. Hunter, "The Children's Friend," will address the young people of this place this (Saturday) evening, 16th inst., at 8 o'clock, in the Front street M. E. Church. Subject: The Bible and the Sabbath School. The public generally, Pastors, Parents, S. S. Superintendents and Teachers particularly, are cordially invited to attend. The children are requested to attend at 8 o'clock and occupy the front seats to unite in singing. Come one! Come all! and greet "The Children's Friend" with a large audience as at his visit here sixteen years ago. It.

**A Double Runaway.**  
 A horse belonging to Mr. K. E. Heide took fright at the corner of Front and Market streets yesterday afternoon and dashed off towards the river. The driver in trying to rein the animal around the corner of Water street, turned short and threw the buggy over. The horse was put in another buggy, and Mr. Heide started to his summer residence at "Appleton." The animal went along very quietly for about a block, when he dashed off again, and Mr. Heide, after futile efforts to check him, jumped out and the animal left the buggy hanging to a tree near the corner of Third and Orange streets. Fortunately, neither Mr. H. nor his driver were hurt.

**Diving for Bricks.**  
 Some four or five years ago a lighter loaded with brick was sunk at Messrs Kerchner & Calder Bros' wharf, near the foot of Mulberry street, and during the last few days several white men have undertaken the job, "on their own hook," of getting up these bricks. They have adopted a primitive method. Running a long pole down by a timber raft moored there they dive to the bottom, remaining under the water about one minute and return with one arm full of bricks, while the hand of the other arm helps them in their ascent up by the pole. The first day they went down they got up about 800 in one hour and at this time the pile has swelled to goodly proportions.

**In Bodily peril.**  
 Two fishing boats, loaded with sturgeon, and each with two men aboard, were caught in the sharp squall yesterday afternoon when about three miles below the city. For awhile it was "pull Dick, pull Devil," with the chances decidedly in favor of the latter gentleman. The men say that hailstones as large as a walnut fell and that it was only by the most strenuous efforts that they kept from going to the bottom. Their boats were heavily loaded, otherwise they say that the wind must have lifted them bodily from the water. As it was they began to fill rapidly and the only resource left was for the men to jump overboard and endeavor to steady them with one hand while they bailed with the other, which they did.

**Fearful Havoc.**  
 On Thursday a terrible thunder and lightning storm passed over Goldsboro and vicinity. Two colored persons were killed at Goldsboro by the electric fluid and one man, two chickens and a dog at Dudley's, twenty miles this side of Goldsboro. The lightning is said to have been very severe and was almost incessant. We could not ascertain the names of the unfortunate people.

**The Second Grand.**  
 The second grand family excursion of the Wilmington Light Infantry will take place on the steamer *Passport* on Tuesday next, on the occasion of the visit of the Sumter Light Infantry. There will be music and refreshments on board and all the Committee, Messrs. Thos. C. James, Frank L. Meares, E. A. Oldham, J. P. Thomas and R. H. Beery, promise to do all that is possible to conduce to the comfort of those who may attend, and we think that they may be trusted to do it.

**Death of Rev. Mr. Turrentine.**  
 Rev. Morgan C. Turrentine, of the Alabama Conference of the M. E. Church, died in this city last evening at the residence of his son, Mr. John R. Turrentine, at the advanced age of 81 years.  
 This venerable man of God had literally given his entire life to the service of his Master, for at 17 years of age he was converted, at 18 he preached his first sermon and at 19 he joined the S. C. Conference. He had served at various points in the country throughout his long and useful life and was at one time on the borders, preaching to the Indians. At the time of his death he was a member of the Alabama Conference. The funeral services took place this afternoon.

**An Old Acquaintance.**  
 Our readers will recollect the colored individual, calling himself Joseph Thomas, who infested this city several years ago and who mystified the legal fraternity by the ease with which he apparently removed his heart from the left to the right side of his body, stopping its pulsations at will, and who carried with him an inch-thick bar of solid iron which he would bend and straighten again by repeated blows on his arm. It will also be remembered that he was filthy and dirty and that the proceeds of his exhibitions almost invariably went for whiskey. The same individual has turned up recently in Kansas City, where he claims to be a Zulu. The claim is disallowed, however, as there is plainly too much of the Ethiopian about him. The doctors in Kansas City ascribe to him two hearts, separate and distinct, which he can move about at will, and two complete and fully developed sets of ribs—twenty-two on each side, with one set placed within the other, but so situated as to be moved up or down at will.

**Mt. Morris, N. Y., is Responsible**  
 for the following valuable statement from Mrs. M. C. Arnold: "Warner's Safe Kidney and Liver Cure has done me wonders of good for catarrh of the bladder and female weakness."  
**The Sumter Light Infantry.**  
 We understand that a letter was received here to-day from Capt. Delgar, of the Sumter Light Infantry, wherein it is stated that there will probably not be many excursionists from Sumter to accompany the Light Infantry of that town to Wilmington and Smithville next Tuesday, owing to the fact that the use of the vacant officers' quarters at Fort Johnson has been denied them by the War Department. It was intended to quarter the ladies and children who might accompany the party in those buildings but these intentions have been frustrated. Capt. Delgar has, however, written to Secretary Lincoln and it is possible that the decision may be reversed before the company leaves Sumter, which we trust may be the case. Gen. Wade Hampton, we are sorry to learn, will not accompany the excursionists.  
 The Sumter Light Infantry will be received here by the Wilmington Light Infantry who will do all they can to make their trip a pleasant one. They will all go down the river together on the *Passport* on Tuesday and the Cornet Concert Club, who have been invited, will accompany them, discoursing some of their excellent selections on the way. There will, we trust, also be a large delegation of ladies and gentlemen from this city. All may rely upon it that good order will surely be preserved and that no intoxicating liquors will be allowed on board.

And a little more rain this afternoon.  
 What is wanted now is a good hotel at Smithville. It will pay; of this there is no doubt.

The agony of the laundrywoman is amusing to witness—white muslin dresses are universally worn.  
 Croquet don't seem to be as popular as formerly, like all other games, the novelty has departed.

Somebody observes that when six young ladies sit down to talk about a new dress pattern a small boy with a tin horn is a refuge for the weary.  
 The hair of the red haired girl is transmuted to auburn, or golden, when she becomes a young lady; the red-headed boy remains red-headed as long as he lives.  
 A good old lady from the country on seeing soda water for the first time declared that she "couldn't imagine how they ever poured it into the bottle so as to make it stay till they could get the cork in."

The market was well supplied to-day with everything in the vegetable line, we believe, except roasting ears. Watermelons and canteloupes were plentiful in supply but high in price. A good watermelon sold for from 25 to 50 cents and canteloupes at 50 cents to \$1 a dozen.

**The President's Condition.**  
 The condition of the President has improved so decidedly that it is announced to-day that hereafter bulletins will be issued only at morning and at night. It is stated that he passed a very comfortable night last night; that his temperature and pulse are better than they were yesterday; that more solid food has been allowed him and that the indications are all favorable.

**A Market House on Wheels.**  
 Quite a commotion was created on Market street among the small boys this afternoon with the appearance of a vehicle of some kind, which had the appearance of one of the old street cars resurrected from the fire at the street car stables, where it was partially destroyed by fire some year or so ago. The strange-looking conveyance was running on wooden wheels and being drawn by one poor ox.—It halted in the old market square and backed around, when it was discovered that there was a sort of counter or shelf at one end, from which it was said that some butcher proposed to retail beef. Wilmington certainly enjoys a variety of different modelled market houses.

**DIED.**  
 TURRENTINE—In this city, Friday evening, July 15th, 1881, at the residence of his son, Mr. John R. Turrentine, the Rev. MORGAN C. TURRENTINE, of the Alabama Conference of the M. E. Church South, aged 81 years.  
 His life was faithfully spent in the service of the Lord. As he lived, so he died; thus adding another trophy to the blessed Redeemer's cross, and leaving his bereaved children comforted with the assurance that "their loss is his gain."  
 "Servant of God, well done!  
 Rest from thy loved employ;  
 The battle fought, the victory won,  
 Enter thy Master's joy."
