MRS. JOE PERSON'S
 REMEDY FOR
SCROFULA
 NEVER FAILS.
 It Will Cure if Fairly Tested.

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's Remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the Institute, I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spirits fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sores in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy, and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience and not from hearsay. I am a grateful recipient of a cure from the use of it and under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice. I am, respectfully,
 Kirtland, N. C. JAMES A. MOKINS.

No City Court to-day.

Magistrate's Row is exceedingly dull to-day.

The Pros and anti Pros are getting warmed up on the question.

The river still continues extremely low, with no arrivals of steamers from the upper Cape Fear.

Plain Board.
 A passenger by the Carolina Central this afternoon asked a *gamin* where he could get good, cheap, plain board. He was referred to Messrs Altaffer, Price & Co., and now the passenger is looking around for the boy who sent him to a planing mill for good, cheap, plain board. Well, you can't suit some people, no matter what you do.

A Rare Occurrence.
 A few days since, while rousting at Smithville, Capt. C. M. Harris caught, with a hook and line, while fishing for pan fish, a fine sea turtle. He brought it to the city, and by some sort of hocus pocus, John Carroll got hold of it and will serve it up in soup to-morrow. It is a very rare thing for a sea turtle to be caught with a hook and line.

For Prohibition.
 On Monday night next, commencing at 8 1/2 o'clock, Hon. D. L. Russell and Major Jas. C. McRae, the latter President of the State Prohibition Convention, will speak in front of the City Hall. Arrangements have been made by which round trip tickets, good to return on Tuesday, will be issued by the various railroads. If it is a fine night it is probable that many ladies will be present to hear the addresses.

Prof. Cromwell, whose magnificent Art Illustrations are world-famed, says that he had some time ago suffered excruciating torments from rheumatism, and had tried all kinds of medicines and so-called cures--all without effect. He heard, however, of St. Jacobs Oil, and resolved to give it a trial, which he did, and its effect on him was almost magical. A complete cure was effected, and since then he had never suffered from rheumatism.

The President.
 The announcement is made to-day that yesterday afternoon, immediately after the wound was dressed, as usual, the fever gradually subsided and has not since returned. He passed a good night and looked well this morning and expressed himself very cheerful. There are no rigors and have been none since the 25th inst. A slight increase of temperature was expected, as a matter of course, this afternoon.

Returned Leaking.
 Haytien brig *Dauphin*, Captain Mortyn, which cleared at this port on Tuesday for Ponce, P. R., with a cargo of shingles and lumber, shipped by Messrs Northrop & Cumming, had proceeded only a few miles down the river when she was found to be leaking. She was thereupon towed back to the city and is now lying at Messrs Northrop & Cumming's dock where the deck load is being discharged when it is hoped that the leak may be found. The pumps are kept going constantly night and day.

The Betting World.
 The fact that a bet of \$50 was made yesterday on 20,000 majority against prohibition, as published by us, has excited much interest and attention. The Pros have claimed that another bet of a similar nature was offered and refused and the Antis state to-day that not only this but lots of other bets will be taken and that the Pros will be accommodated with bets on 20,000 majority up to \$1,000. When this latter is made we will try and be on hand to record the particulars. As yet we have heard of no other transactions than that recorded yesterday.

Cold Tea.
 As usually made, cold tea is an unwholesome drink. The tea is made in the teapot, as usual, and then cooled therein, and perhaps allowed to stand in the teapot for many hours before being drank; by this process the tannin of the tea leaves is extracted and the result is a strong decoction of tannin. To make it properly, the tea should be drawn the usual length of time, say five minutes for green tea, eight minutes for Oolong tea and fifteen minutes for English breakfast; then pour it off into a pitcher or other suitable vessel, allow it to become cool; then place it in the icechest.

Good Templars.
 The Grand Lodge of North Carolina, Independent Order of Good Templars, will meet at Clayton on the 16th day of August next. The following arrangements have been made with the various railroads: Raleigh & Gaston Railroad, 3 1/2 cents per mile first class and 3 cents second class each way; Atlantic & N. C. Railroad, six cents per mile, round trip; Seaboard & Roanoke, three cents per mile, each way; Fayetteville Railroad, one fare round trip; Western North Carolina Railroad, three cents per mile, each way; Richmond & Danville Railroad, (N. C. Div.) round trip ticket rates. Enquire of Local Agents. The Subordinate Lodges will please report the names of those who will attend to J. T. Ellington, Clayton, N. C. This session will be an important one.

The Market Question.

Committees from the Board of Audit and Finance and the Board of Aldermen met yesterday afternoon to consider the petition recently submitted to them by the Wilmington Market Company, but adjourned until this afternoon, when final action will probably be taken. As there seems to be considerable interest manifested in this matter, we publish herewith the prayer of the petitioners--

TO THE HONORABLE, THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF WILMINGTON AND THE BOARD OF AUDIT AND FINANCE OF SAID CITY: Gentlemen--
 Your petitioners, the Wilmington Market Company, respectfully sheweth: That, early in the year 1879 a number of the citizens of this City, induced by the very apparent want and necessity of a building proper, convenient and comfortable, for the purposes of public markets, and still further persuaded by the opinion and desires of a large number of the citizens of said City, to wit, 2,000, as expressed in a petition annexed hereto signed by them and requesting the Board of Aldermen to aid and promote so laudable an enterprise, formed a corporation for the purpose of procuring eligible locations, and erecting thereon commodious and handsome buildings, suitable and proper for public markets, the use and benefit of which might accrue to the City without increasing the burden of taxation upon the citizens.

Upon the presentation of the said petition and certain proposals of your petitioners to the Board of Aldermen, and after due consideration and negotiations, a contract was at last prepared and executed between the City of Wilmington and your petitioners, providing among other things that if your petitioners would erect certain buildings for public markets, according to certain plans and specifications therein agreed upon, the said City would have, hold and use said buildings as public markets, paying the consideration in said contract agreed upon for the same.

Thereupon your petitioners, relying upon the said contract in good faith and in pursuance thereof, purchased the land, and, at great expense and outlay of money, erected thereon handsome, convenient and commodious buildings, suitable for public markets and in strict compliance with the plans and specifications selected by the Board of Aldermen, and tendered the same to the City. And the Board of Aldermen, after a careful survey and examination of said buildings, duly received and approved the same as being according to contract. Then after and subsequent to the erection, completion and acceptance of said buildings by the City, legal objections being suggested to some of the provisions of said contract, by the attorneys of the City, it was agreed by all parties that another and different contract should be entered into in reference to said market, which was accordingly drawn and executed by the Board of Aldermen and your petitioners on the 7th day of December, 1880, whereby your petitioners conveyed to the said City of Wilmington in fee simple (except the market in the Fifth Ward which was for a term of years) the said lands and premises with the improvements thereon and the City is now, and has been since the said 7th day of December, 1880, the legal owners and in possession thereof, subject however only to the condition that the City on its part would keep and perform certain covenants, agreements and stipulations in said contract contained. The Board of Audit and Finance was requested to endorse and approve the said contract and another petition, annexed hereto, signed by a large number of citizens, representing \$2,735,000 of the taxable property in said city, was presented to the Board of Audit and Finance, earnestly requesting and urging said Board to endorse and approve the contract last above mentioned. But a majority of the Board refused to endorse said contract for reasons assigned in a communication to the Board of Aldermen; since which time the City, though exercising control over said buildings, has done nothing towards the performance of said contract, while your petitioners have at all times been ready and willing to perform the same in good faith. Upon the foregoing fact your petitioners submit: that as they were induced to undertake the heavy expense of purchasing lands and erecting thereon buildings suitable for public markets and did erect the same, in strict compliance with the plans and specifications prescribed by the city of Wilmington, and in pursuance of and relying upon the contract solemnly entered into with said city and at the suggestion and request of a large number of citizens--a strong equity at least exists in their behalf which should induce the authorities of the city to take some action which will relieve your petitioner from the heavy and grievous loss which must necessarily result to them from a refusal on the part of the city so to do, as the buildings are totally unfit and cannot be used for any other purpose than as City Markets; therefore your petitioners ask that your honorable bodies, the Mayor and Board of Aldermen and the Board of Audit and Finance, will duly consider of these matters and take such action in the premises as equity and good conscience shall dictate, and your petitioners will in the same spirit entertain any proposition the city authorities may submit in this behalf.

Signed J. E. LIPPITT,
 President Wilmington Market Company.

Poverty may excuse a shabby coat,

but it is no excuse for shabby morals. The "Comet" is the latest brand of whiskey. Terrible tails are told of its rapidity of action. The American Bible Society, since its formation sixty-one years ago, has issued 38,882,811 copies of the Bible. Does the young man who persists in being a loafer ever reflect how much less it would cost to be a decent, respectable man? The word "syndicate" as used in large stock operations simply means "association" or "partnership." The original meaning of the word is "a council." Conundrum for the skeptics: If there is no devil, as you assert, who then is the father of flies? Several baldheaded men impatiently await your reply. Nature has written a letter of credit on some men's faces which is honored whenever it is presented. On the other hand, it has hung out a placard on the faces of some, that the public might beware of them.

Haunted Me.

A Workingman says: "Debt, poverty and suffering haunted me for years, caused by a sick family and large bills for doctoring, which did no good. I was completely discouraged, until one year ago, by the advice of my pastor, I procured Hop Bitters and commenced their use, and in one month we were all well, and none of us have been sick a day since; and I want to say to all poor men, you can keep your families well a year with Hop Bitters for less than one doctor's visit will cost."--*Christian Advocate.*
