MRS. JOE PERSON'S
REMEDY FOR
SCROFULA
NEVER FAILS.
It Will Cure if Fairly Tested.
It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's Remedy for this disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the Institute, I was persuaded to try Mrs. Person's Remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spirits lifted, and before this remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to re-graduate, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience and not from hearsay. I am a grateful recipient of a cure from the use of it and am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice. I am, respectfully,
Kirtrell, N. C. JAMES A. MORRIS.

Board of Magistrates and County Commissioners.
The Board of Magistrates for this county, according to previous announcement, assembled in the Court House this morning, about 10:30 o'clock. The Chairman, Justice Jno. S. James, being absent from the city, Justice O. G. Parley, Jr., upon motion of Justice John Cowan, was called to the chair. Seventeen Magistrates being present out of thirty-two, a quorum was declared to be present, and the meeting pronounced duly organized, after which the Chairman proceeded to state the object of the meeting and read the law relating thereto, calling the Magistrates and Commissioners together annually on the first Monday in August, for the purpose of levying taxes, and so forth. The Board of County Commissioners, who were present in joint convention, then through their Chairman, Commissioner H. A. Bagg, made their regular annual report, from which we make the following extract: Estimate of expenses for the fiscal year ending in August, '82, \$26,000. It is recommended in order to meet these expenses that there be levied for the ensuing fiscal year on property, for general expenses 25 cents, for Criminal Court 18 cents, bonded debt 15 cents, hospital 5 cents; total on \$100 valuation of property, 63 cents; on polls, for general expenses 75 cents, Criminal Court 54 cents, bonded debt 45 cents, hospital 16 cents; total on each poll, \$1.90. The State levy is as follows: For general expenses 6 cents, asylums 11 cents, penitentiary 5 cents, bonded debt 6 cents, schools 12 cents. Total on \$100 valuation, 46 cents, and on polls for annual expenses 84 cents, and for schools 37 cents. Total on polls for State 12 1/2 cents; aggregate for State and county on polls \$3.12.
At the conclusion of Mr. Bagg's report Justice Henry Nutt made a speech asking of the Chairman of the Commission and making the further inquiry as to what was the source of revenue of the county. To this inquiry Mr. Bagg replied by presenting the printed report of the County Commissioners from 1878 to 1880, showing a reduction from the expenses of the previous Board under Republican rule in 1878, when the expenses were over \$41,000, to the report of 1880, when the expenses under the present Board were something over \$24,000. Chairman Bagg further stated that in that period they had paid off a floating debt of \$9,000 and reduced the bonded debt from \$60,000 to \$29,900.
Justice John Cowan then moved that the report of the County Commissioners be received and adopted. Motion carried unanimously.
Justice E. D. Hall then, after a few appropriate remarks, in which he stated in complimentary terms his entire confidence in the gentlemen composing the Board of County Commissioners, introduced the following resolution:
Resolved, That hereafter when a joint convention of the County Commissioners and Justices of the Peace shall be held for the purpose of levying taxes or for any other purpose requiring the collection or disbursement of money, the Board of County Commissioners cause to be prepared a detailed statement of what is required, so as to enable the Justices to act intelligently when the convention assembles. Said statement to be furnished to each Justice at least five days before the meeting of such convention.
Commissioner Worth endorsed Justice Hall's resolution and thought it a good idea which ought to be carried out. The resolution was then, upon motion, unanimously adopted, after which, upon motion of Justice King, the meeting adjourned.

The New Comet.
The comet, which is just beginning to make itself visible to the naked eye, will soon attract as much popular interest as it has already awakened in astronomical circles. As to the identity of the comet, nothing has yet been definitely settled. Professor Stone thinks it is a return of the comet of 1837. Professor Swift detects in the elements some resemblance to those of the first comet of 1793 and the second comet of 1770. Professor Chandler thinks the orbit bears special likeness to that of any known comet while in a brief letter, Mr. Merriman calls attention to the close similarity between the elements of the new comet and those of the third comet in 1822. But all are agreed that the new visitor is certain to be prominent and handsome although it may not rival that three-tailed comet which appeared the year before the Norman Conquest of England, or Halley's comet in 1456, which so terrified Pope Calixtus III that he ordered the church bells to be rung daily at noon and extra *Ave Maria's* to be repeated by everybody.
Slipped on a Rind.
Saturday evening, between 7 and 8 o'clock, an elderly lady passing down Market street slipped on a canteloupe rind in front of the Commercial Hotel and fell heavily to the sidewalk. She was conveyed to her home, complaining much of her hip. It is to be hoped her injuries are not serious. Persons should be exceedingly careful about throwing canteloupe rinds and grape hulls on the sidewalks.

EDITOR REVIEW--In your paper of a recent date, over the signature of "Homo Querulus," appears an article, objecting in a measure to the unusual sensation created on North Front Street, caused by the army of Bargain Seekers now flocking to the Grand "Right Week" Cost Sale, at Otterbourg's Men's Wear Depot. While the writer of said communication does not object directly to the new life infused into the business by the Proprietor of the Iron Front Store, but rather approves the spirit, yet he holds it as his opinion that the public thoroughfare ought not to be barred by the hundreds of people who are daily and assiduously wending their way to Otterbourg's Men's Wear Depot, in search of rare Bargains in Clothing and Furnishing Goods. As an old and retired merchant, one possessed of a practical experience of over thirty years, I emphatically rule your correspondent out of order, and express my delight in the energy and spirit which has predominated in Otterbourg's Men's Wear Depot during its four years' existence in our midst. Let the good work go on, L. J. O.; the people of Wilmington have lived satisfactorily for the past two weeks, surely they can find the same blessing during the remaining six weeks of your Grand and Successful Cost Sale. Let the springs of business expand; block the streets, close them up entirely if you like; I'm with the man, heart on, while others are languishing. As long as Otterbourg sells good Business Suits for Eight and Ten Dollars, Fine Dress Suits for Twelve and Fifteen Dollars, best British Half Hoes at 25c, finest Linen Collars 12 1/2c, elegant White Lawn Ties 15c per dozen, Linen Collars, 20c per pair, Peppercorn Jew Drawers at 50c, and Genuine Linen Handkerchiefs at 15c, you can justly count on the old man standing with a firm shoulder to the wheel of Energy and business, against the worm eaten Hub of Despondency and Failure. Let the Grand Cost Sale continue.
Yours, &c.

River News.
The steamer A. P. Hurt, Captain Albert Worth, which left Fayetteville last Thursday, arrived here yesterday morning at 1 o'clock, after a trip of five days. The Hurt reports the river still at its lowest stage. The North State is 13 miles from Fayetteville, tied up. The Murchison was about 35 or 40 miles this side of her destination. There have been no rains of consequence in the up country, although the lower part of the river has been visited with copious showers. The Hurt left here this afternoon on the return trip.
