Full moon to-morrow afternoon at 3:53.

A girl with a silly bean on hand has a soft thing.

A man bewails his lot when it's three feet under water.

Who will have the finest scuppernong grapes this season?

Singular that gas bills should be heavy and electric light.

Messrs. W. E. Davis & Son have received another cargo of fine flint river ice.

Fault finding is a powerful weapon. It is continually denting the temper of some one.

Women like balls and fashionable resorts as a hunter likes a place where game abounds.

The best drink to be had in hot weather is said to be buttermilk with a little ginger in it.

No lady with any refinement will use her husband's meerschaum pipe to drive nails in the wall.

Homely women look the best in big hats. We state this in the hope of seeing only small hats at the theatres.

Beautify your homes by using the N Y. Enamel Paint, ready mixed and warranted. Sold only at JACOBI'S.

Parsley eaten with vinegar will remove the unpleasant effect of eating onions: so will a pinch of green tea.

Many folks imagine that a girl takes an interest in his welfare, when in fact, she is only longing for his farewell.

Rejoice, oh thou heart of the newspaper man, for Fashion Magazines say bustles larger than ever are to be worn.

It seems that the canvassers have not gotten through counting the majority against prohibition in the western counties yet.

Mr. R. H. Berry who has received the city contract for repairing the wharves of the docks, commenced work on the Princess street dock this morning.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

Would it not be well for the city authorities to procure an air-tight odorless sink excavator for the use of the scavengers or make the scavengers supply themselves with one!

It is said that common kerosene placed on warts will remove them in a couple of weeks. It should be applied twice a day, and if the surface of the wart is hard and dry it should be scratched to promote the absorption of the oil. No scar is left after the cure.

A safe and sure means of restoring the youthful color of the hair is furnished by Parker's Hair Balsam, which is deservedly popular from its superior cleanliness.

**Some Collard.**  
 Mr. Joe H. Savage, Superintendent of the county Poor House, has possibly the finest kitchen garden in this section of the State. He has raised some very large beets and cabbages, and now he comes to the front with a collard measuring four feet ten inches in diameter and ten feet in circumference.

**Cincinnati Irish Citizen.**  
 Mr. Frank Letcher, No. 432 1/2 West Fifth St., assures us that for a series of years he was prostrated with rheumatism until life became emphatically a burden. He had exhausted the advertised remedies, and had lost all faith in the efficacy of any thing to afford relief, when a friend, who had tested the virtue of the oil, made him a present of a bottle, and to Frank's wonder and delight the first application afforded sensible relief; before the bottle was exhausted the pains and aches had disappeared. He is a new man, and a walking advertisement of the infallibility of St. Jacobs Oil.

## The Majority Against.

Justice Walker Meares, Chairman of the County Board of Canvassers, announced, from the Court House door, on Saturday, the majority against prohibition in this county to be 1,106 votes.

Call at JACOBI'S for Garden Hoes and Rakes, Shovels, Spades, Axes, &c. There you have the lowest prices.

**Not Yet Taken**  
 J. P. Willett, alias "French Pete," who committed a murderous assault upon his wife on Thursday last and who afterwards barred his doors and threatened dire vengeance on the officer who went to arrest him, has not yet been taken. It is thought that he has left the city.

**Left Us**  
 B. T. M. Emerson and family took their departure on the northern bound train Saturday evening for their new home in Richmond, whither Mr. Emerson goes to accept the position of Assistant General Freight and Passenger Agent of the Chesapeake and Ohio Railroad.

**St. Stephen's New Church.**  
 The new brick edifice now in the course of construction on the northeast corner of Fifth and Red Cross streets for St. Stephen's A. M. E. Church, Rev. J. G. Frye, pastor, is fast approaching completion. Services will be held in the basement of the building on Sunday next. A little over one year ago the old frame building was torn down and the new brick one has since been erected. It is a lasting monument to the credit of St. Stephen's congregation.

**News About the River.**  
 Private telegrams received here from Fayetteville to day state that there are indications of an early rise in the river. What this may mean to the receivers of the despatches are at a loss to determine. They think it probable, however, that the ambiguous wording may mean there have been recent rains in the up-country—Chatham county and beyond. Possibly though, the senders of the telegrams are only surmising because they saw a heavy bank of clouds in the direction in which the rain is so badly needed. At any rate we will wait and see.

**Skinny Men.**  
 Wells' Health Renewer. Absolute cure for nervous debility and Weakness of the generative functions, \$1 at druggists. Depot J. C. Munds.

**A Big Mistake.**  
 The impression which seems to prevail in the minds of some people that Mr. Harding Johnson, of this city, has removed to New York city is an erroneous one. Mr. Johnson has two branches, one in Savannah and one in New York city, but still lives in this city which is his headquarters. He has no idea of discontinuing his business here or moving away. He is now in New York looking after the business there and expects to return home in a few days. His family is and have been for the past two months spending the summer in Smithville.

**Look out for Sudden Changes**  
 of weather, and guard against them by using Warner's Safe Kidney and Liver Cure.

**Sad Death.**  
 Chealey Calhoun Bellamy, a young gentleman of great promise, died at the residence of his father, Dr. Jno. D. Bellamy, yesterday morning at 4 o'clock after a short but painful illness. On Wednesday morning last he was taken with bilious fever and on Saturday, congestive set in seriously affecting his brain. The deceased was 21 years and 10 months old. For the past five years he has been away from the city, part of the time at school but for the past three years he has been a student at Davidson College and had just entered the senior class.

Deceased was universally popular with his college mates, and had on several occasions been elected by them to the highest offices in their gift in the college secret and debating societies. He possessed a mind that was particularly bright and active, and his future was full of promise. His death is a severe blow to his aged parents and devoted brothers and sisters. We tender them our sincerest sympathies.

The following unmailable matter lies in the postoffice in this city for want of the revenue required by the government: Mr. M. O. Hewitt, Stamp Sound, N. C.; Mr. W. H. McDade, Flemington, N. C.

## The following are the readings of the

thermometer to-day at the Signal Office in this city: 7 a. m., 75; 11 a. m., 83; 3 p. m. 82. The maximum temperature to-day was 88 degrees, against 84 for the same day last year.

**Thermometrical.**

**County Commissioners**  
 The Board of County Commissioners met in adjourned session this afternoon. Present—H. A. Bagg, Chairman, and Commissioners Worth, Montgomery, Pearce and Moore.

In accordance with an act passed by the last Legislature, the fiscal year of the county will end on the 30th of November, instead of August 31st, as formerly.

Petition of J. I. Carter was referred to the Chairman of the Board with power to act.

It was ordered that the Clerk of the Superior Court be allowed to move part of the records of his office to the Court Room while the repairs to his office are going on.

The Board then adjourned until the first Monday in September.

**Criminal Court.**  
 The August term of this Court came to a close this morning. The following persons, all colored, were sentenced as follows:

William A. Williams, larceny, 4 years in the penitentiary.

Philip Turner, larceny, 3 years in the penitentiary.

Dock Deberry, assault and battery, 3 months in County House of Correction.

Sol. Moore, carrying concealed weapons, 2 months in County House of Correction.

Mary Stuart, assault and battery, 2 months in County House of Correction.

Other persons who were convicted of assault and battery were punished by fines.

**A Complaint Against Sailor Boarding House Runners.**  
 Complaint from the masters of vessels now held at quarantine station near the mouth of the river about the utter and reckless disregard of the quarantine laws on the part of the sailor boarding house runners who infest this port, and who, while the captain and crew of a ship which chances to sail from a South American or other extreme southern port after a stated season is compelled by virtue of the quarantine regulations of the port to remain at the quarantine station a certain number of days without communication with the shore, steal on board their vessel and not only steal their men away, but steal the property of the vessel also. Captain Morrice of the Br. brig *Tramore*, at quarantine, had to lower his boat on Friday night last to save one of these same characters from drowning. The boat of the boarding house runner having capsized while sneaking along side of the brig in the darkness of the night for the purpose the Captain thought—and subsequent events developed the correctness of the surmise—of stealing some of the *Tramore's* crew. To show the grateful appreciation in which the runner held the kindness of the Captain for saving his life, two of the sailors were afterwards induced to desert and in doing so stole a fine large y.w. boat belonging to the brig. Naturally enough the Captain asks why he should be so rigidly quarantined and no watch kept on those from the shore. By all means we think there ought to be a police or guard boat at the quarantine ground to watch such manoeuvres and prevent any communication whatever from either side while vessels are anchored at quarantine.

## Freshwater Perch, Trout and Black-fish Hooks and Lines. A full assortment and lowest prices at JACOBI'S.

**City Court.**  
 His Honor Mayor Smith held a short levee this morning. James M. King, charged with being drunk and disorderly, was fined \$1, and Wm. Gause, colored, also charged with drunkenness and very disorderly conduct, was fined \$2. Both paid up and departed.

**New Advertisement**  
**Yes, Sir.**  
 WE HAVE MET WITH GREAT SUCCESS in our Closing-Out Sale. Our promise was made to the public that they should have for a limited time, the benefit of our COST PRICES. We have kept our word and the result is a sweeping business. Yes, madam, you can send your boy around. We have yet some few bargains left in Dress Suits, Underwear, Neckwear, Hosiery, etc.

Our extra sizes in Middlesex Blue Flannel Suits sold well at \$12.50. Only a few remain on our counters to be disposed of. Out of a lot of thirty only four of those Nobby Brown Cheviots are now on the market. Cost Price \$11.80.

Our Collar and Cuff business has been immense. Four years ago Otterbourg struck the death blow to the old price 25 cents, and sold the best goods three for 50 cents. Now we are running the best Collar, any style, at 12 1/2 cents.

We have sold completely out of those elegant White Lawn Ties, but to keep the wheel turning, have ordered a few more. These Ties will arrive by Express Wednesday morning, and will be furnished to our trade for 15 cents per dozen.

We made a big drive in British Half Hose at 25 cents, and delighted our patrons with 50 cents Linen Handkerchiefs at 25 cents; plenty on hand.

Fair notice is given that owing to the unprecedented rush on our stock, two weeks of the advertised eight will be withdrawn, leaving about twenty-one days wherein to make your chances good.

We go North about the 20th inst., to purchase Fall and Winter stock. Our head will be level on that score; never fear.

Like John Wanamaker, the great clothier of Philadelphia, Otterbourg is becoming famous as the leading Clothier of Wilmington North Carolina.
