Call at JACOBI'S for Garden Hoes and Rakes, Shovels, Spades, Axes, &c. There you have the lowest prices.

A new profession is the "finger nail artist, and a woman at that. She guarantees to beautify the nails, both as to shape and color.

HORACE WATERS & CO., of New York, now sell Pianos and Organs on installments in all parts of the country.

Bids Invited.

Alderman Jas. B. Huggins invites bids for the erection of a belfry on the City Hall building and for removing the fire alarm bell from the New Market. Plans and specifications of the belfry can be seen at the Treasurer's office. See advertisement in another column.

Mr. A. J. Bandel, La Fayette House, Washington, D. C., relates the following: I have suffered with rheumatic pains in my chest for years, and have taken during that time many different medicines, without any permanent relief. Since trying St. Jacobs Oil I have been entirely rid of all pain, and have been so more than three weeks since my first application of it. It acted like a charm from the beginning.

Postponed.

The excursion advertised by Professor Agostini for Thursday has been postponed until Friday, the boat having been previously chartered by Capt. R. P. Paddison for his excursionists from up the river, for Thursday, the 11th inst.

See Here.

You are sick; well, there is just one remedy that will cure you beyond possibility of doubt. If it's Liver or Kidney trouble, Consumption, Dyspepsia, Debility, Wells' Health Renewer is your hope. \$1. Druggists. Depot Jas. C. Munds.

City Court.

One more unfortunate wearied with sobriety, became rashly importunate and committed a breach of propriety. It was Scip Hill, again, who was found drunk and down last night. He had a hearing before his Honor the Mayor this morning and was sentenced to ten days imprisonment. The Court then adjourned.

A State Band at Yorktown.

Adjutant-General Jones has commissioned Prof. W. H. Neave, of Salisbury, to organize a State band to accompany the North Carolina brigade to Yorktown, and Prof. Neave has issued a circular invoking the co-operation of the bands and citizens of the State in the work before him. He sets forth that there is not a professional band in the State, as is the case in other States, but that he hopes by making judicious selections from the amateur talent, composing the various bands in North Carolina, to organize one which will reflect credit upon the State at the October Centennial at Yorktown. Prof. Neave is said to be a musician of a high order of talent.

Messrs J. E. Willson, E flat cornet; D. B. Mitchell, B flat cornet; H. D. Burkheimer, 2nd B flat; Frank B. Lippitt, Tenor; S. G. Hall, Tuba, and Geo. D. Parsley, bass drum, of the Cornet Concert Club have consented to accompany the State band to Yorktown. The above named gentlemen whose musical ability is well established in this community, will be a valuable acquisition to Prof. Neave. They may be accompanied by other members of the Cornet Concert Club.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

indications.

For the South Atlantic States slightly warmer, fair weather, winds mostly southeasterly, stationary or lower pressure.

A Strange Fish.

Yesterday morning while Mr. John Farrow was returning from the rocks off Masonboro Inlet he discovered, about two hundred yards off shore, a fish with a very high black fin which he took for a porpoise. The fish seemed to get a scent of the fish in Mr. Farrow's surf boat and changed its course from the southward and bore hard down on the boat with great speed. Mr. Farrow got an oar ready intending to give the fish a punch but as it came alongside he discovered that it was a stranger to him and about the length of his boat, which measures sixteen feet. He ordered the boat's crew to pull away from it as rapidly as possible. He describes the "stranger" as being about 16 feet long with a black body, high fins and a head shaped like a catfish's, on each side of the eyes were smellers. The fish played around among the fleet of fish boats which were coming in about that time and all the fishermen aver that they have never seen anything like it before and do not know the name of it.

Study your interest. You can now buy Cook Stoves at factory prices at JACOBI'S.

Board of Aldermen.

The Board of Aldermen met in adjourned session yesterday afternoon, at 3:30 o'clock; present—His Honor Mayor Smith, and Aldermen Bowden, Huggins, Alderman, Chadbourn, Worth, Northrop, Telfair, Sampson and Willis.

The committee on Finance reported in reference to Jno. S. McEachern's application for damages to hay, caused by the overflow of a drain on July 1st, but made no recommendation, simply giving a statement of facts connected with the case.

Alderman Chadbourn moved to allow Mr. McEachern to withdraw his application. Carried.

By request of the Finance committee, they were granted further time to report on the petition from parties who have paid the assessment made against them on the Belgian block pavement on Front street.

The committee on Fire Department submitted two plans for putting a belfry on the City Hall—one drawn by B. D. Morrell and one by Henry Taylor. The plan drawn by Mr. Morrell was adopted, and the committee was instructed to advertise for bids and have the work done at a cost not exceeding \$300.

The committee on Sanitary matters reported progress.

The committee on Lights was granted further time on petition for a lamp in front of the Second Baptist Church.

The committee on Streets and Wharves reported progress in reference to certain wharves and bridges and were granted further time on removing house of Jno. A. Barker.

Petition from sundry citizens in reference to suppressing a house of ill fame on the southeast corner of Eighth and Dock streets, was, on motion, referred to the Chief of Police with instructions to notify the owner of the property that the nuisance must be abated.

A petition from sundry citizens and newsdealers was presented, asking that Messrs. C. M. Harris and S. Jewett be allowed to keep open their places of business until 10 o'clock on Sunday mornings.

Alderman Sampson moved that the newsdealers be allowed to keep their places of business open until 10 o'clock on Sunday mornings. Motion lost.

The ayes and nays were called and resulted as follows:

Ayes—Aldermen Alderman, Bowden, Chadbourn and Sampson.—4.

Nays—The Mayor and Aldermen Huggins, Worth, Northrop, Telfair and Willis.—6.

A communication from Mr. F. H. Darby, City Attorney, enclosing a final statement of all back taxes collected by him from May 31st, 1879, to August 8th, 1881, showing the amount of \$24,056.03 to have been collected was received and referred to Finance Committee for examination.

SHIP LETTERS.

Ande-Styremond Henrik Fergersen, barque Edvind Lidyye, Capt Edwin W Ferris, str dredge E V White.

Persons calling for letters in above list will please say "advertised"; if not claimed in 30 days will be sent to dead letter Office, Washington, D. C.

E. R. BRINK, P. M.
Wilmington, New Hanover County, N. C.

One or Two Mistakes.

It is not often that we attempt an explanation regarding typographical errors, but yesterday's issue contained several which we think demand some little explanation. We have a typo in this office who commenced learning the art of printing by taking the place of the Printer's Devil, and yesterday he seemed not to have forgotten his early calling and played the devil with everything we wrote. In the editorial column under the head of "General Bragg's attack on Fort Fisher" we wrote "no other alternative but to capitulate," and yet it appeared in print "no other attention but to capitulate." Again in the local column Mr. Harding Johnson's name was spelt with an S, his surname we mean, notwithstanding the fact that it was written correctly in the copy and corrected in the proof. Another glaring mistake was in another local article where the adjective congestive was made by the printer to take the place of the noun congestion, even after it had been corrected by the proof reader.

"When the cat is away the mice will play." Our editor-in-chief being absent the typo evidently does not stand as much in awe of his representative as he would of the editor himself *proprie persona*.

List of Letters.

The following is a list of the letters remaining unclaimed in the City Postoffice Wednesday, August 10:

Grand Lodge.

The colored Odd Fellows of North Carolina will hold their Grand Lodge meeting in this city to-morrow. Many delegates and excursionists have already arrived, and a much larger number is expected to-morrow.

A safe and sure means of restoring the youthful color of the hair is furnished by Parker's Hair Balsam, which is deservedly popular from its superior cleanliness.

The E. V. White.

The steam dredge boat E. V. White commenced work on Snow March Channel on Saturday last. For one or two days, her machinery and engines being new, she did not accomplish much; but today everything is working as nicely as possible. Much good work is expected of the dredge and there is every prospect that she will come fully up to expectations.

Excursionists.

About one hundred and fifty excursionists from Point Caswell and the vicinity of Black River are expected to arrive in this city to-morrow afternoon about 4 o'clock on the steamer John Dawson. They will spend the night at the Sound and on the beach and on Thursday will indulge in an excursion down the river on the steamer Passport. We wish them a pleasant time.

Look out for Sudden Changes

of weather, and guard against them by using Warner's Safe Kidney and Liver Cure.

Ready for Use.

The repairs to the steamer Governor Worth have been completed and she is now ready for use. She is intended strictly as a freight boat and by the removal of her cabin accommodations she draws about four inches less water. The Worth will not be put on the river now on account of the extreme low water and because at the present stage of the river the channel is not wide enough for her.

Major Hill's Condition.

From a gentleman just returned from Richmond we regret to learn that Major Jas. H. Hill's condition is still considered critical and that it is only at intervals that he is perfectly rational. At other intervals and for the most of the time, our informant says the unfortunate gentleman is unconscious. His physicians have strong hopes, however, of his ultimate recovery, but they persistently interdict anything like noise or company in the sick man's room, and enjoin the most perfect quietude at all times.

Another Fast Horse.

The desire for fast horses has increased so much of late years that Wilmington has several three minute horses, and one or two which can make a mile in little less time. Capt. H. C. Brock, our Chief of Police, has caught the fever and has now at Currie's stables a very fast horse known as Tanner. The animal is not particularly pretty but his chief qualities are wind and good bottom. He is carefully stabled in a box stall on the left hand side of the southern end of the stable. The animal, it is thought, will be driven by Capt. Brock at the fall and winter races which are to take place at the race track near this city on Capt. Southern's land's motel farm.

Something New to fixed the Sun.

We notice several of our wharf rats have taken an extra precaution to guard against the powerful rays of the sun by purchasing and wearing something known as Ray's Sun Shade, but which to our eyes, looks more like a buggy top on a small scale, which can be lowered or raised to suit the convenience. The arrangement has steel or metal rods of some kind which are fastened about the neck, shoulders and waist. The advantages claimed over an umbrella is that the protection is afforded by means of the rods referred to, without employment of the hands, which are left free to perform their regular vocation. In these days of frequent freaks of the electric fluid, we should think the wearers of these new fangled sun shades held out a special invitation to a flash of lightning to alight and make a minute examination or investigation of the new arrangement.

The following are the readings of the thermometer to-day at the Signal Office in this city: 7 a. m., 78; 11 a. m., 87; 3 p. m., 88. The maximum temperature to-day was 88 degrees, against 84 for the same day last year.

PLEASE NOTICE.
We will be glad to receive communication from our friends on any and all subjects of general interest but
The name of the writer must always be furnished to the Editor.
Communications must be written on only one side of the paper.
Personalities must be avoided.
And it is especially and particularly understood that the Editor does not always endorse the views of correspondents, unless so stated in the editorial column.

The Excursion To-Night.

Lovers of music should not fail to attend the moonlight excursion on the Passport to-night under the auspices of the Arian Quartette Club. The boat will leave her wharf at 8:30. Messrs M. F. Manning and H. C. Depew, of the the Mahn Opera Troupe will be of the party.

Thermometrical.

The following temperatures to-day, at 3 o'clock, are reported or the weather bulletin issued this afternoon:
Key West, 83; Havana, 81; Punta Rassa, 78; Cedar Keys, 85; Savannah, 88; Charleston, 90; Charlotte, 87; Augusta, 88; Montgomery, 89; Atlanta, 89; Wilmington, 88.
