

THE DAILY REVIEW.

VOL. V WILMINGTON, N. C., TUESDAY, AUGUST 16, 1881. NO. 192

LOCAL NEWS.

NEW ADVERTISEMENTS.
WANTED—A Clerk
MRS. J. A. DROLLINGER—Opium Habit Cured
C W YATES—I Am Now Receiving
HEINBERGER—Great Economy.
No City Court to-day.
Watermelons are on the wane.
The receipts of cotton at this port to-day foot up 34 bales.

Northerly to easterly winds and a cool atmosphere prevail to-day.

It would seem as though the backbone of Summer has been broken.

Steamship *Regulator*, Capt. Duane, arrived here to-day from New York.

Call at JACOBI'S for Garden Hoes and Rakes, Shovels, Spades, Axes, &c. There you have the lowest prices.

A clerk for a commissary store in the country is wanted. Those interested are referred to advertisement in this issue.

Don't forget the family excursion which is to be given on the steamer *Passport* to-morrow to Smithville and the Forts.

Scientists affirm that the comet has a tail 4,000,000 miles long. In times of great distress from his what a comfort its tail must be.

Of all varied terms which have been applied to a black eye the last is the best. A black eye is now fashionably known as a "polka dot."

Puns are still in order. Some one remarked yesterday that he greatly fears that his sweetheart will be struck by lightning—she is so attractive.

Freshwater Perch, Trout and Black-fish Hooks and Lines. A full assortment and lowest prices at JACOBI'S.

Some crabbed cynic on whom the milk of human kindness has evidently soared, says that "after man came woman, and she has been after him ever since."

One of the survivors of the last fight at Fort Fisher, a gentleman now resident at Warsaw, has written an account of the fight which we publish on the third page of this issue.

There are a number of five dollar gold pieces in circulation that are counterfeit. Examine them carefully before you take them. The counterfeit coin is not more than half as heavy as the genuine.

Mr. L. E. Frank, No. 28 N. Ninth street, Richmond, Va., says: I was severely afflicted with rheumatism in the knee joint and hip and by the use of St. Jacobs Oil was fully restored. Relief followed its use in half an hour.

From the *Hickory Press*, we learn that Mr. Howell Cobb, who recently removed from this city, has purchased a farm one mile east of that town, and is now erecting a very fine residence. The house is located near the road leading to the Sparkling Catawba Springs.

Food for the Brain and Nerves that will invigorate the body without intoxicating is what we need in these days of rush and worry. Parker's Ginger Tonic restores the vital energies, soothes the nerves and brings good health quicker than anything you can use.—*Tribune*. See other column.

Crabs and Mulletts.
The water in the river is so low, and has been for some time past, that the salt water of the ocean has found its way as far up as this city. Crabs are caught daily from the Market dock and mulletts are caught opposite the city. Porpoises have been seen opposite Point Peter. It is feared that the rice crop on the river will be injured by the salt or brackish water if planters find it necessary to freshen their crops.

"Rough on Rats."
The thing desired found at last. Ask druggist for *Rough on Rats*. It clears out rats, mice, roaches, flies, bedbugs, 15c. boxes.

Too Previous.
The report in circulation to the effect that the Rev. Dr. Bernheim has recently been elected to the Presidency of the North Carolina College at Mt. Pleasant is a "little too previous," and we are requested by Dr. Bernheim to contradict it. He says the election for a president of the college will not take place until the 5th day of October; that he is not certain he will be elected, and also that he does not know whether he will accept the position if elected. And that is all there is in it, so far.

The refractory seamen from the *Br. barque Live Oak*, were turned over to U. S. Commissioner McQuigg this morning who committed them to the County Jail to await the Captain's orders.

We are sorry to hear unfavorable reports from the crops in the Town Creek section of Brunswick county. There has been no rain in three weeks and everything is parched. Unless there are good rains very soon the loss will be a serious one.

Personal.
We are glad to see Col. F. W. Kerchner, of the firm of Kerchner & Calder Bros., home again, after an absence of two months at the North. Col. Kerchner was compelled to go North on account of his health and returns much improved in that respect.

Thermometrical.
The following temperatures to-day, at 3 o'clock, are reported on the weather bulletin issued this afternoon:
Key West, 79; Punta Rasa, 77; Cedar Keys, 86; Jacksonville, 81; Savannah 81; Charleston, 82; Charlotte, 82; Augusta, 86; Montgomery 87; Pensacola, 88; Atlanta, 87; Wilmington, 81.

Collision on the River.
The Swedish barque *Frithjof*, Capt. Birne, from Havre, France, collided with the Nor. barque *Ottar*, Captain Krag, from St. Thomas, now lying at quarantine station, on last Thursday, by which the latter vessel had her rail and part of her fore-rigging carried away and the former vessel lost her jibboom. The reason assigned for the collision is that the *Frithjof* wouldn't mind her rudder. The other vessel was at anchor at quarantine while the *Frithjof* a short time before had just crossed the bar and was sailing up the river for this port. We have not learned the estimated amount of the cost for repairs to each ship, but presume it will not be very great.

Beautiful your homes by using the N. Y. Enamel Paint, ready mixed and warranted. Sold only at JACOBI'S.

Extension, Alteration and Improvement.

Mr. B. L. Perry is making extensive alterations and improvements to the Purcell House. The dining room is being lengthened 27 feet and is to be newly frescoed and refurnished. Mr. C. W. McClammy is doing the work of extending the room. When completed, which will be in a very few days, the dining room will be 75 feet long and 20 feet wide which will give it an easy seating capacity for 100 persons. In addition to the improvements to the main building Mr. Perry proposes to throw the French building which adjoins the old National Hotel building which is now a part of the Purcell House, into the hotel. This will give him thirteen more comfortable sleeping apartments. The new addition is to be gutted and remodelled according to plans which Mr. Perry has drawn up. In making these improvements the proprietor has not lost sight of the necessity of ample means of egress in case of fire. Each of the three buildings which are now thrown into one has two or three easy means of escape in case of fire. We trust that his efforts to give the traveling public increased facilities for comfort will be appreciated.

The alterations and improvements to the house will all be completed by the middle of September.

The August Regatta.

The regular August regatta of the Carolina Yacht Club is being sailed over the Wrightsville course this afternoon. It was thought that the following yachts would be entered:

Glide, sailed by Capt. Clayton Giles.
Restless, " " " S. P. Cowan.
Flirt, " " " R. H. McKoy.
Ripple, " " " Norwood Giles.

The wind has been blowing fresh from the northeast to day, and no doubt the race was an interesting one. We are unable to give the result of the race in this issue, but we think that the champion flag will *Glide* with a *Ripple* past a *Flirt*, and make things generally very *Restless*, as there is no *Spry* to put one on the *Qui Vive* or throw sand in the eyes of a *Little Sister* or *Bessie Lee*.

Certain Knowledge.
We know whereof we affirm when we say that Warner's Safe Kidney and Liver Cure has performed more wonderful cures than any medicine ever brought before the American public.

The President.

The chief topic of conversation to day on the street has been the alarming condition of the President, as evidenced by the latest bulletins issued. There is no doubt as to the fact that his condition is exceedingly critical, but we do not believe that anything has been withheld from the public. The latest news is to the effect that his condition is exceedingly low, but we do not think there is yet sufficient reason to fear the worst. The vitality he has previously exhibited, the results of a good constitution and correct habits of life, may yet stand him in good stead. We believe that his recovery is retarded by the unhealthy condition of the White House and its surroundings and that there would be a better prospect of recovery, could he but be removed.

Magistrate's Court.

Alex. Brantley was arraigned this morning before Justice Millis upon the charge of assault and battery. Judgment against defendant for costs.

The same defendant then swore out a warrant against Agnes Richardson for assault and battery. Dismissed upon payment of costs.

Alex. Brantley was then arraigned upon a peace warrant sworn out by Mary Sellers. Defendant was required to give bond in the sum of \$50 to keep the peace for ninety days. The parties in the foregoing cases are all colored.

Lou Huggins, colored, was arrested by authority of Justice Gardner and committed for trial to-morrow morning, at 10 o'clock, upon the charge of being a nuisance in the neighborhood where she resides, near the old Toll House.

List of Letters.

The following is a list of the letters remaining unclaimed in the City Postoffice Wednesday, August 17:

A—Thomas Ashford, Lucy Arlister, J. M. Atchison, Della Aikin.
B—W. A. Bowden, L. W. Branch, Richmond Brown, Maggie Bellman, John Bradham, Laura Butler (2), Laura Brown, Lizzie Butler, John B. Bridges, Eliza Barney, Fred Burnett, B. L. Branman.

E. R. BRINK, P. M.
Wilmington, New Hanover County, N. C.

Study your interest. You can now buy Cook Stoves at factory prices at JACOBI'S.

The following are the readings of the thermometer to-day at the Signal Office in this city: 7 a. m., 69; 11 a. m., 79; 3 p. m. 81. The maximum temperature, to-day was 82 degrees, against 86 for the same day last year.

True, Oh, King!

An exchange says: Every established local newspaper receives subscriptions from large cities, which puzzles the publisher to account for, but which the *New York Times* lately throws some light upon in the following: "A wholesale grocer in this city, who became rich in the business, says his rule always was when he sold a bill of goods on credit to immediately subscribe for the local paper of his debtor. So long as his customer advertised liberally and vigorously, he rested easy; but as soon as he began to contract his advertising space he took the fact as evidence that there was trouble ahead and invariably went for his debtor." Said he—"The man who is too poor to make his business known is too poor to do business."

The First New Cotton.

The first bale of new cotton this season was received here by Messrs. Worth & Worth, on the Carolina Central passenger train, at 3:25 o'clock this afternoon, from Messrs. Leak, Everett & Co., at Rockingham, who shipped two bales at the same time for account of Messrs. T. J. & W. W. Bostick, Richmond county, the producers. One bale arrived by express, as above stated; the other will follow on the freight train, and reach here late this evening. The bale already received was graded as middling, weighed 462 pounds, and was sold to Alex. Sprunt & Son at 13 cents per pound. Mr. Geo. H. Kelley was the weigher and G. O. Van Amringe, Esq., the broker. The first new bale last year did not reach this market until two days later, on the 18th of August, and was received by Messrs. Williams & Murchison.

MRS. JOE PERSON'S

REMEDY FOR

SCROFULA

NEVER FAILS.

It Will Cure if Fairly Tested.

It gives me much pleasure to be able to state that I have derived an effectual cure of scrofula from the use of Mrs. Joe Person's Remedy for that disease. I had suffered from scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the Institute, I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spiritenedness fled before this remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sores in three weeks if taken regularly. It is my opinion that it should be taken some time after the sores are healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the sores already made would commence to re-appear, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularly in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience and not from hearsay. I am a grateful recipient of a cure from the use of it and under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, in my advice. I am, respectfully,
Kithell, N. C. JAMES A. MORRIS.
Send stamp for testimonial of remarkable cure.
