MRS. JOE PERSON'S
REMEDY FOR
SCROFULA
NEVER FAILS.
It Will Cure if Fairly Tested.

It gives me much pleasure to be able to
state that I have derived an effectual cure of
Scrofula from the use of Mrs. Joe Person's
remedy for that disease. I had suffered
from Scrofula for more than three years,
and had despaired of ever getting well. I
was treated during that time by three very
eminent physicians, without any good result.
I then went to the National Surgical Insti-
tute, at Atlanta, Ga., and was treated there
more than two months, with no better re-
sult than my family physicians met with.
After returning from the Institute, I was
persuaded to try Mrs. Person's remedy, and
I had not used it more than a week before I
discovered its curative and healing prop-
erties. My sores soon began to heal, and the
color of my skin changed as fast as the sores
healed. I had not thought of ever getting
well again, but my hopes increased, and I
spritedness, fed before the remedy, and I
am now enjoying splendid health and am in
good spirits. The remedy is mild as a pur-
gative, and a strong tonic; it will heal the
most stubborn sores in three weeks if taken
regularly. It is my opinion that it should
be taken some time after the sore is healed,
to remove the cause of its effects. It should
be taken regularly by all means, for I have
sometimes neglected it, from the pressure of
business, and in all cases found that the
cure already made would commence to re-
trograde, and for this alone it should be
taken regularly until an effectual cure is
completed. Nothing should prevent regu-
larity in the use of the remedy and it should
be taken at the proper time. I would recom-
mend to all who are suffering from
Scrofula to try it. It will surely cure you
if you give it a fair test. I speak from ex-
perience and not from hearsay. I am a grate-
ful recipient of a cure from the use of it, and
under many and lasting obligations to
Mrs. Person for the great relief I have ob-
tained from its use. Sufferers, try it and be
cured. My advice. I am, respectfully,
Kittrell, N. C. JAMES A. MORRIS.

No City Court to-day
The receipts of cotton at this port to-
day foot up 8 bales.

The wind has got around to the South
again and the atmosphere has warmed
up considerably.

The steamer *Elizabeth* is laid up for
repairs and the U. S. mail is being car-
ried by the *Passport* until her repairs
are completed.

We are glad to learn, according to in-
formation received from Richmond to-
day, that Maj. Hill's condition has some-
what improved.

The Wilmington Light Infantry are to
decide, at the meeting to be held at their
armory this evening, as to whether they
will go to Yorktown.

The many friends of Mr. N. B. Rankin
will be pleased to learn that he has so
far recovered from his recent illness as to
be able to walk about the house.

Scuppernongs have not made their ap-
pearance as yet. They are always a har-
binger of an early fall, as many persons
have found out to their sorrow.

Ex-Mayor Fishplate and family ar-
rived in this city last evening from At-
lantic City, New Jersey, where they have
been spending the past two months.

Will the Mayor, or the Chief of Pol-
ice, or the Board of Aldermen, or some-
body, inform us what has become of the
ordinance prohibiting the trotting of
horses in drays? If there is such an
ordinance, and we think there is one, it is
openly violated every day.

Society is deliciously informal during
the summer months. Receptions are
held on porches, not in parlors; so the or-
dinary young man is not fettered by con-
ventionalisms, and smokes his little cig-
rette with such dead earnestness and
fierceness that it is feared some injury
may befall the airy fabric of his brain.

Cigarette smokers, according to emi-
nent physicians and scientists, are in
danger not only of weakening their brain
powers by a habitual use of tobacco in
this form, but also of impairing the eye-
sight. The manufacture of cigarettes
has been made a subject for examination
at the North, and it has been developed
that they are, in many cases, made from
refuse tobacco.

Prof. C. O. Duplessis, of the Chicago
Gymnasium, says: We recommend St.
Jacobs Oil most warmly; the relief it
gives is certainly remarkable.

utrix in the foregoing case. The court
rendered a like judgment against this
defendant as in the previous case, the
whole being dismissed upon payment of
costs.

Lights Required.

By a recent decision of the Lighthouse
Board, timber or other rafts are required
to carry lights on each end of the raft at
least ten feet above the raft. If the raft
is of two cribs, or a double raft, two
lights are required. Row boats or yachts
are required to carry a light six feet
above the bow of the boats.

A Handsome Testimonial.
A few of Capt. John W. Harper's
friends have presented him a handsome
testimonial as a token of their apprecia-
tion of him, both as a courteous gentle-
man and an efficient and obliging steam-
boat commander. The testimonial is a
very handsome swinging silver pitcher. It
is handsomely embossed and heavily
frosted and is of the newest designs in
such ware. Besides the pitcher there is
a gold-lined goblet and a gold-lined drip
pan, each having its place on the stand
which supports the pitcher. We have
rarely ever seen a young gentleman so
universally popular as is Capt. Harper.
By his courteous and obliging manners
and efficient management he has won
for himself and his steamer, the *Pass-
port*, a reputation which will live long
after he and his craft are numbered
among the things of the past.

Rocky Point Wheat.
Dr. E. Porter, of Rocky Point, made
a shipment of wheat from that point a
few days since to Mr. C. B. Wright, of
this city. He raised this season about
one hundred bushels. It is said that
there are some excellent wheat lands in
the neighborhood of Rocky Point. We
are reminded of the fact that in
the old ante-bellum days
there were considerable amounts
of this cereal raised in that neighbor-
hood. A few years previous to the war
Mr. E. E. Lane, then farming on the old
Lane plantation, now owned by Mr. Geo.
Z. French and known as *Excelsior*, re-
alized from 20 acres some 400 bushels of
fine wheat, which was sold in this mar-
ket. The late Levin Lane, Esq., fre-
quently during his life had fine patches
of wheat as had also Dr. W. B. Meares
and other planters on Rocky Point.

Insurance Statistics.
Mr. W. J. Gordon, Secretary of the
local Board of Underwriters, has com-
piled some insurance statistics for the six
months ending June 30th, 1881, from
which we glean the following points of
interest:

Estimated value of property destroyed
by fire \$6,600; insurance money paid
thereon \$6,294.52; amount for corres-
ponding period of 1880, \$33,047.82.

Number of fires recorded 20, of which
only one involved no insurance loss. Of
the above number, six involved a loss of
\$6,178.37, leaving only \$116.15 for the
remaining thirteen fires.

Causes of fires—Sparks on roof, 6; fire
popping on bed from fire-place, 1; inen-
diary, 3; defective chimney, 2; ignition of
clothing from fire-place, 1; unknown 8.

Losses by agencies—Atkinson & Man-
ning, \$3,159.62; Norwood Giles, \$2,-
106.63; DeRosset & Northrop, \$691.55;
John W. Gordon & Bro., \$318.75; Wil-
mington Mutual, \$17.97; Wm. L. Smith
& Co., nothing.

Brought Back.
Oscar Hensen, John Miller, Thomas
Clark and James Hilliard, four seamen
who have been stopping at Bryson's sail-
or boarding house, in this city, left the
above named place rather suddenly a day
or two ago, when shortly after their de-
parture it was discovered that several ar-
ticles of clothing and a pistol were miss-
ing. Warrants were consequently sworn
out for their arrest before Justice Mc-
Quigg, and upon information received
that they had taken the road leading in
the direction of Weldon, on foot, the
Sheriff of Pender was telegraphed to at
Burgaw to keep a lookout and stop the
parties when they made their appearance
there. Accordingly the officers were on
the qui vive, and yesterday they tele-
graphed here that the parties were ar-
rested. Officers Statcher and Whitney
were thereupon despatched to Burgaw,
and to-day returned with the absconding
parties, on the freight train. The pris-
oners were committed for trial until to-
morrow morning, at 10 o'clock, before
Justice McQuigg.

The President.

The bulletin issued by the physicians
to-day states that the President is better.
He had a good night and the enemata
have been retained. There has been no
further vomiting, and the news comes di-
rect from Washington that a transfusion
of blood is to be made into his veins, the
blood to be furnished by a robust Wash-
ington City editor. It has been known
there for several days, it is said, that the
President's brain is almost depleted of
blood.

A Fall of Fifteen Feet.
This morning about 10 o'clock George
Toomer, a colored man about 25 or 30
years of age, while at work in the second
story near the space left for the stair-
way in the new building belonging to
Mr. Jno. C. Heyer, on the corner of
Fourth and Red Cross Streets, acciden-
tally lost his balance and fell, through the
opening above referred to—a distance of
some 15 feet—to the floor below. During
the fall the unfortunate man struck the
round of a ladder and broke a rib, besides
receiving other serious injuries. Dr.
Edward D. King, who was summoned
immediately, pronounced the rib broken
but the full extent of the injuries it was
impossible to ascertain at the time. A
vehicle was brought to carry the injured
man home, but it was found that he
could not assume a sitting position, con-
sequently he was supported on either
side, by a couple of fellow-workmen and
in this way conveyed to his home. It is
thought the injuries, though quite serious,
are not necessarily fatal.

Summer Drinks.
A very nice beverage is made by taking
two quarts of water, a tablespoonful of
pulverized ginger, and half a teaspoonful
of strong ginger, half a teaspoonful of
molasses of maple sugar. Stir well, add
a lump of ice the size of a quart bowl to
keep cool; put in a tin pail with a tight
cover, and it is a very good field drink,
and will keep cool half a day.

Another drink is made by taking a
lemon or two, roll or squeeze till soft,
slice very thin, and put into a large bowl,
and turn a pint of boiling water over the
slices. Let it stand till cool, and then
allow a quart of cold water to each lemon,
and half a cupful of sugar; stir well
and add a lump of ice to make it very
cold. The acid of the lemon is very
grateful to the mouth and stomach on a
hot day. All iced drinks should be sip-
ped slowly, as they quench the thirst
better and do not give a chill, as if taken
in large swallows and great quantities.
Still another drink is prepared by taking
two eggs, beat thoroughly till frothy, add
half a teaspoonful of sugar, a teaspoonful
of extract of vanilla and a quart of
milk; cool with ice. It is very delicious
and strengthening on a hot day. Another
is made by taking a teaspoonful of
raspberry jam, stir it into three pints of
water, strain it through a fine colander,
and set it in the ice chest till very cold;
it is a very pleasant beverage.

Miscellaneous
THE
\$1. BALTIMORE WEEKLY SUN \$1.
IN A GOOD FAMILY PAPER AS IS
PUBLISHED IN THE COUNTRY.

The Original and Selected Editor are full
of interest a constituent chief family read-
ing. Its lyrical pieces are also of a high
order of merit. Besides these merits it is a
compendium of
THE NEWS OF THE WEEK,
well collated and of infinite variety. All
fresh occurrences at home and abroad find
a place in its columns. The bright and
graphic letters of the special correspondents
of THE SUN at the capitals of Europe, in
California and elsewhere, are published in
the Weekly, and, in addition to describing
the course of political events, will give the
gist of the day and the drift of events.
The WASHINGTON BUREAU OF THE
SUN will keep the readers of the Weekly
well informed in respect to everything of in-
terest, politically and socially, transpiring
at that point. Whatever besides, that is se-
rious or joyous, that tends to give a spice
of variety, will be supplied to make the Weekly
attractive.

ITS MARKET AND FINANCIAL RE-
PORTS
are brought down to the latest hour of pub-
lication, and every pains taken to make them
trustworthy.

AGRICULTURAL MATTERS
are not neglected, and the farmer will find
in the columns devoted to this subject many
valuable hints and suggestions. Sound
editorial discussions always have place in the
Weekly, and, with its stories and short light
literature, its well-written letters from places
at home and abroad, its political and general
news and gossip, and its excellent Market
and Financial Reports, THE BALTIMORE
WEEKLY SUN commends itself to all who
desire to have a thoroughly good paper at a
very low price.
