MRS. JOE PERSON'S
REMEDY FOR
SCROFULA
NEVER FAILS.
It Will Cure if Fairly Tested.

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the Institute, I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spirit was raised before this remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sores in three weeks if taken regularly. It is my opinion that it should be taken some time after the sores are healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the remedy already made would commence to re-urge, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. It would be a kindness to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience and not from hearsay. I am a grateful recipient of a cure from the use of it and am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice. I am, respectfully,
Kittrell, N. C., JAMES A. MORRIS.

To cure bunions, use pulverized saltpetre and sweet oil. Obtain at a druggist's five or six cents' worth of saltpetre; put into a bottle with sufficient olive oil to dissolve it, shake up well, and rub the inflamed joints night and morning, and more frequently if painful.

A French surgeon says the simple elevation of a person's arm will stop bleeding at the nose. He explains the fact physiologically, and declares it a positive remedy. It is certainly easy of trial. Or a strong solution of alum water, sniffed up the nostril, will cure in most cases, without anything further.

Prof. Agostini has expressed his willingness to take charge of a dancing class in this city, provided a certain number of scholars can be secured by the 9th inst. The list is at Mr. Heinberger's. The Professor, as everybody knows, is thoroughly master of the art, and we trust that the necessary number of names may be secured.

Personal.

Mr. Geo. N. Harris, who has for nearly five years past been on the staff of this paper as City Agent of the DAILY REVIEW, yesterday severed his connection with the paper for the purpose of embarking in another business. It was with mutual regret that the parting took place. Mr. Harris is a gentleman of energy, determination and excellent business qualifications and the Editors of the REVIEW and all of the employees of the paper tender him their best wishes for success in his new field of labor.

Taken ill in the Guard House.

Fanny Gore, the depraved white woman sometimes called the Queen of Paddy's Hollow, was taken suddenly ill in the Guard House last night, and had frequent spasms, besides being threatened with convulsions. The cause of the sudden attack is supposed to be the short stoppage of her rations of the ardent, or the frequent libations of the poisonous stuff which the poor creature had taken before her incarceration. A colored man, also confined as a prisoner at the same time, but who was very faithful to the sick woman by ministering to her wants during the night, was this morning rewarded for her fidelity in the cause of humanity by receiving a discharge from prison in accordance with an order to that effect from the Mayor. The sick woman had one more spasm this morning and at the suggestion of the city physician, has since been conveyed to her lodging place, near old Camp Lamb, where the city physician will see that she has the proper medical attention.

Odd Fellows' Convention.

The Sovereign Grand Lodge of the Independent Order of Odd Fellows meets on September 19th, in annual convocation, in Cincinnati, Ohio. Many prominent members of the order from the different States will be present. There is to be erected a splendid monument to Odd Fellowship by the Odd Fellows of Ohio, and this occasion, no doubt, will be one of the greatest gatherings ever known in the history of American Odd Fellowship. Much interesting legislation will be had to perfect and harmonize the new rituals of the lodges and encampments. The Sovereign Grand Lodge legislates for the order in the United States, Germany, Canada, Peru, Chili, and other parts of South America, the Sandwich Islands, Australia, and wherever the order exists. The highest office in the order is the Grand Sire, now held by a citizen of Georgia. The highest in a State is Grand Patriarch, and next the Grand Master of the State Grand Lodge. The Sovereign Grand Lodge works in the encampment degree, and a representative must be a Past Grand of a lodge, and a member of the royal purple degree of the encampment.

City Court.

The tramp arrested yesterday upon the charge of drunkenness and other misbehavior was the only case for the Mayor's consideration this morning. His Honor gave the defendant his discharge upon condition that he leave town within twenty-four hours; if seen here after that time to be arrested and incarcerated in the City Prison for thirty days. The conditions were accepted and the tramp went marching on.

State Board of Pharmacy.

Dr. W. H. Green, Chairman of the State Board of Pharmacy, who has been in Raleigh this week in attendance on the meetings of the Board, returned here night-before-last. From him we learn that 270 applications for registration were passed upon and that certificates will be issued to all such as soon as they can be made out. There was only one applicant for examination under the Pharmacy Act passed by the last Legislature, Mr. D. S. Carraway, of Wilson, who passed a satisfactory examination and was made a Licentiate of Pharmacy.

A Good Haul on one Trip.

The schooner *A. Heaton*, bound from New York to Charleston with limestone rock, became disabled in the storm of last week and lost her rudder. The Captain then sought protection under Cape Fear. The steam tug *Blanche*, of this port, went out and made arrangements to tow the disabled schooner to Charleston for \$1,000. This was accomplished, and the *Blanche* was on her way back to this port when she fell in with the schooner *Hattie M. Lollis* from Jacksonville, Fla., for New York with cargo of lumber, abandoned at sea. The Captain of the *Blanche* then towed the second disabled vessel safely into Charleston harbor, the crew having previously been picked up and taken to Savannah by the steamship *Juniata*.

That Belfry Again.

EDITOR REVIEW.—I read the article in your paper of Friday, 19th inst., and I was much pleased to think there was some one who would ask the Board of Aldermen to reconsider the resolution of putting a belfry on the City Hall, and giving such good reasons why it should not be done. I am glad the article came out so opportunely, for it set our citizens to thinking and expressing themselves against such an act of architectural vandalism, and I therefore hope that the question will forever rest with this Board of Aldermen, and all future Boards, of ever placing anything upon the roof of the City Hall but paint to preserve it. If I understand aright it was suggested to place the belfry on the City Hall to save a few hundred dollars. Have the finances of the city come to such a pass that those in authority will do an act that will certainly mar the beauty of the building, besides taking the chances of doing an injury to so valuable a piece of property that in our citizens have taken such a just pride in? Now, I will ask the question: Have the Board of Aldermen the right to commit such an act? They have the legal right perhaps, and the courts in all probability would sustain them, but have they the right to commit an outrage upon the good taste of our intelligent citizens? It has been suggested that if the bell must be moved and the finances of the city are in such a condition that it cannot build a bell tower, a subscription be taken up for the purpose. I have heard several gentlemen say that they would subscribe five dollars rather than see a belfry or anything else upon the roof of the building, and I hope all good citizens will unite in protesting against anything being done that is calculated to destroy its elegant proportions or its majestic grandeur.
