A sick tramp was picked up on Mulberry street to-day and carried to the City Hall where he will receive attention.

Mayor Smith is better, we are pleased to state. He has so far recovered that he was able to preside at the City Court this morning.

To clean brass, immerse or wash it several times in sour milk or whey. This will brighten it without scouring. It may then be scoured with a wooden cloth dipped in ashes.

Mr. A. T. Kyle, Signal Observer at Sloop Point, is in the city to-day, on a brief visit. We were pleased to meet him in our office.

The peculiar appearance of the sun this afternoon attracted much attention. The sky was overcast with clouds through which the sun broke, showing a beautiful lilac color.

The following are the readings of the thermometer at the Signal Office to-day: 7 a. m., 78; 11 a. m., 85; 3 p. m., 84. Maximum to-day, 84, against 87 for same date in 1880.

Look not mournfully into the past; it comes not back again. Wisely improve the present; it is thine. Go forth to meet the shadowy future without a fear and with a manly heart.

Steamer *North State*, Capt. Green, leaves here to-morrow morning for Walker's Bluff, which is 57 miles above Wilmington. This is about as far as she expects to go on this water.

Beautify your homes by using the N. Y. Enamel Paint, ready mixed and warranted. Sold only at JACOBI'S.

David S. Cowan, Esq., of Robeson, Columbus county, has received an appointment as one of the Commissioners on behalf of the State Agricultural Society to the Exposition at Atlanta. Mr. Cowan will most probably attend.

Mr. S. A. Haney, the Assistant Signal Observer at this point, goes to Charlotte to-morrow, to take temporary charge of the office at that place. We commend him to the careful consideration of the Charlottee. He will be gone about three weeks.

"Rough on Rats."
The thing desired found at last. Ask druggist for Rough on Rats. It clears out rats, mice, roaches, flies, bedbugs, 15c. boxes.

Endowment Rank, section 221, K. of P., on Tuesday received a check for \$2,000, the benefit on the life of the late George Steenken, which was on the same afternoon paid over to Mrs. Frederika A. Steenken, the widow, for whose benefit it was made payable.

A Wilmington Boy.
We heard this morning from another of those Wilmington boys who have left the classic precincts of the old Cape Fear in search of fortune elsewhere. This time it is Mr. John O. Miller, son of the late T. C. Miller, whom many of our readers will remember as one of the most prominent lawyers in the State previous to the war. His son, our old friend, has brought up at Bakersfield, Kern county, California, and is now Auditor for that county. That he has not forgotten old times and old associates is evidenced by the fact that he sends in his subscription to us for the WILMINGTON JOURNAL. Success to him.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

City Court.
Alice Hall, colored, a well-known character, was before the Mayor this morning charged with drunkenness and disorderly conduct and resisting the police. She was sent below to recuperate for 30 days.

George Johnson, Tucker Johnson and Tom Shaver, arrested for sleeping under a house, were each ordered to be committed for 30 days.

"Al. how well do I remember—it was in the week November," when I caught the Cold that was wearing me surely and swiftly away; but I heard of Dr. Bull's Cough Syrup; took it, and am as well as ever.

Prayer for Rain.
A union prayer meeting will be held to-morrow (Friday) afternoon, at 4 o'clock, at the Seamen's Bethel, to petition for rain. All Ministers of the Gospel and all Christians, ladies included, are invited to attend. This appointment has been made in compliance with the request made by several Christians, requesting the Editors of the State to announce the request that all Christian people meet in their respective places of worship on Friday, Sept. 9th, to pray especially for rain.

Call at JACOBI'S for Garden Hoes and Rakes, Shovels, Spades, Axes, &c. There you have the lowest prices.

Personal.
Mr. R. R. Taylor, of this city and Lumberton, has just returned from a visit to the Adirondacks. He has been absent three weeks.

His Honor, the Mayor pro temp, of Lumberton, J. McD. French, Esq., is in the city to-day. We are pleased to see that he has recovered so greatly from his recent severe illness.

Mr. McLeod, the genial junior in the well-known firm of Pope & McLeod, at Lumberton, is also here to-day and favored us with a short visit.

At the Opera House.
The dramatic season has opened very auspiciously in our city. Last night a very large house was assembled to greet the combination under the management of Messrs. Anthony, Ellis & Hathaway, which gave the first performance here of the new season. The entertainment was very fine, in fact, it is said by many to be among the very best we have ever had in Wilmington. Humpty-Dumpty, though old, is ever fresh and enjoyable and it was put on the boards last night in good style; the dog show was very fine; the Princess appeared as represented and all of the features, in fact, were good. There was a matinee this afternoon, at which there was a good house of ladies and children and the brief season will close to-night when we trust that there will be another large audience.

Freshwater Perch, Trout and Black-fish Hooks and Lines. A full assortment and lowest prices at JACOBI'S.

Probable Fatal Affay.
From a gentleman resident on Long Creek, who is in the city to-day, we learn of a probable fatal affay which occurred in that town on last Saturday night. The difficulty was between two colored men, Hiram Armstrong and James Larkins. The former had drawn a razor on one of the latter's relatives, in whose behalf Larkins interfered, whereupon Armstrong turned on Larkins and endeavored to cut him with the razor, failing in which he seized a heavy light-wood fence paling and struck him a terrible blow on the head, which felled him. Larkins is now in a low state and it is thought that his skull has been fractured. It is likely that he will die, but Armstrong, who is still at large, does not seem to be aware of his desperate condition. He has made no attempt at escape, and will be arrested to-morrow and held to await the result of Larkins' injuries.

A Smasher.
The man killing elephant, Chief, the most fierce of his species ever on exhibition, is with the Old John Robinson show, which exhibits at Wilmington on Monday, Sept. 19th. This terrible animal is securely guarded and loaded with over two tons of chains, so arranged as to prevent him from doing any harm to those witnessing him. Remember, Monday, the 19th instant.

No Woman Need Suffer
when Warner's Safe Kidney and Liver Cure can be so easily obtained and so safely used.

The atmosphere is cloudy and hazy and looks equinoctial like.

Thermometrical.
The following temperatures to-day, at 3 o'clock, are reported on the weather bulletin issued this afternoon:
Punta Russa, 75; Key West, 88; Jacksonville, 87; Cedar Keys, 87; Savannah, 86; Charleston, 87; Charlotte, 90; Augusta, 92; Havana, 81; Montgomery, 88; Pensacola, 86; Wilmington, 81.

The Improvement.
The great improvement in the interior appearance of the Opera House has been very generally commended by those who were present last night. Everything was bright and clean and nice, and yet those in front have not seen one-half of the improvements. Capt. Penny-packer laid himself out to have everything about the house in excellent trim and he has not only succeeded but he is determined to keep it up to the present standard.
