### JACOB'S OIL

THE GREAT  
GERMAN REMEDY.

FOR  
**RHEUMATISM,**  
Neuralgia, Sciatica, Lumbago,  
Backache, Soreness of the Chest,  
Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Eclily Pains,  
Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals Dr. Jacobs Oil as a safe, sure, simple and cheap External Remedy. A trial entails but the comparatively trifling outlay of 50 cents, and a very cure suffering with pain can have cheap and positive proof of its claims.

**MRS. JOE PERSON'S**  
REMEDY FOR  
**SCROFULA**  
NEVER FAILS.  
It Will Cure if Fairly Tested.

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's Remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Sanitarium at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returning from the Sanitarium, I was persuaded to try Mrs. Person's Remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my long-suffering heart felt before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sores in three weeks if taken regularly. It is my opinion that it should be taken some time after the sores are healed, to remove the cause of its effects. It should be taken regularly by all means, for I have been taken in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair trial. I am a grateful recipient of a cure from the use of it and am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, in my advice. I am, respectfully,  
Kittrell, N. C. JAMES A. MORRIS.

The finest mullets of the season thus far were in market this afternoon, offered by Mr. Jimmy Walton.  
In some of the churches thanks were rendered yesterday for preservation from the dangers of the storms.  
They had heavy rains in the interior last Friday but there is no increase of water perceptible here as yet.  
Spirits turpentine sold here today for 51 cents, the first time it has reached that figure in perhaps ten years.

The sound of the hammer is heard in the land today. Everybody whose roof was lifted is making strenuous efforts to shed rain water.  
The late storm is still the topic of conversation. We are continually hearing of injuries to the roof and the flooding of parlors and bedrooms by the rain.  
Messrs. E. Peschau & Westermann received a cablegram to-day stating that the barque *Lydia Peschau*, Captain Bremers, arrived at Antwerp last Saturday. Capt. Bremers' many friends here will be glad to hear of his safe arrival in port.  
There were many threats of rain last night, but none fell, a fact for which many felt thankful, considering the exposed condition of their places of business with the tin gone and the roofs open to the rains as well as the winds of Heaven.  
**No Woman Need Suffer** when Warner's Safe Kidney and Liver Cure can be so easily obtained and so safely used.  
The damages by the storm at the warehouse of the W. & W. R. R. were not so great as was at first feared. The building itself is a total wreck but it is said that only a few cases of goods were damaged and these not to a very great extent.  
**Thinking Men** should take Warner's Safe Kidney and Liver Cure.  
A very peculiar appearance of the sky was noticed here last night, about 8 o'clock. Long, narrow bands of clouds, each distinct and separate from the other, and with the stars shining between them, arose in the West and moved to the East. We counted thirteen of these. They finally merged into one and the whole sky became overcast.  
**Vessels Ashore.**  
The ship *La Louisiana*, which dragged her anchors and drifted across the bar during the recent gale, is now ashore on Cape Fear, locally known as Bald Head Point. Whether she will be gotten off again we are unable to say.  
It is thought that the barque *Live Oak*, now ashore near Fort Anderson, will be gotten off on the flood tide today. The *Passport* and several tugs are expected to pull on her.  
The barque *Glacier*, which was driven ashore on an oyster rock near Smithville during the recent gale, is still there. She draws 13 feet and is in 11 feet of water, as we stated on Saturday. It is hoped that she will be gotten off but it will be necessary to discharge her cargo before the attempt is made.

**City Court.**  
There were but two cases before His Honor, the Mayor, this morning.  
Geo. F. Swinlow, charged with disorderly conduct. Judgment suspended.  
Carrie Hill, charged with disorderly conduct. Judgment suspended.  
At a recent concert, it was the subject of remark that in what fine "voice" the singers were; in commending his good judgment, the leader will pardon us for whispering that he always recommends Dr. Bull's Cough Syrup for clearing and strengthening the voice.  
**The Stonewall**  
The stern of a small vessel, supposed to be a schooner, was seen yesterday drifting across Frying Pan Shoals. The cabin of a small vessel also drifted inside the bar. The lost vessel is supposed to be the schooner *Stonewall*, from Pamlico county, bound to this port. If so, all on board must certainly have been lost.

**Robinson in Raleigh.**  
Robinson's circus performed in Raleigh Friday afternoon in the midst of a driving rain-storm and just about the time of day that everything hereabouts was being upset by the gale. There were some 3,000 persons under the canvass, who sat there with the rain dripping through the canvass and down their backs. A part of the tent was carried away by the wind. The shooting of the woman from the mortar does not take place in the circus, but in the concert.

**In District.**  
Schr *Samuel L. Russell*, Captain Steelman, of Bridgeton, N. J., put in this port yesterday leaking badly. The schooner is bound from Jacksonville for New York with a cargo of lumber. She experienced the late gale off Cape Lookout, and started her deck load, losing a small portion of it, and had her cabin filled with water. The vessel sprung a leak and will have to discharge cargo and go on the marine railway at this port. She is consigned to Messrs. Geo. Harris & Co.  
A safe and sure means of restoring the youthful color of the hair is furnished by Parker's Hair Balsam, which is deservedly popular from its superior cleanliness.  
**A Narrow Escape.**  
Early on the morning of the late gale three boats' crews of fishermen crossed over to the banks for the purpose of hauling their seines for mullets, etc. After their arrival the weather, which had been threatening, became worse, and finally culminated in a violent blow from the Northeast, causing the tide to rise rapidly and so high that the low banks became almost submerged and the heavy seas from outside washed completely over into the Sound. The position of the fishermen now became a perilous one. The heavy surf pouring in at one door of the Club House and out at the other rendered it of course untenable, and the top of one of the highest sand hills was sought by the men. A short consultation resulted in a decision to attempt to reach the main land in their boats, so after wrapping their seines around the hill to prevent their being washed away they started upon their perilous trip across the angry waters of the Sound. No land could be seen for the mist and spray which filled the air. The waves in the Sound were tremendous, and the only guide the Captain had in steering was the fact that a Northeast wind would blow them ashore "somewhere" on the coast. No sail was needed, only an occasional dip of the oar to steady the boats as they dashed along before the furious blast. The land was soon reached and the boats glided safely some distance up into a corn field, such was the height to which the tide had risen. They had left the banks at the Club House on Wrightsville beach and made land upon the presence of Mr. Worth on Greenville. It was afterwards learned that one of the seines left on the banks, owned by Edward McCabe, had been washed away and lost.  
Mr. Jos. B. Worth, formerly of this city, but now of Petersburg, Va., is here on a very short visit. He comes for the purpose of removing his wife and child to the home he has prepared for them in Petersburg.

**Very dull to-day** in the neighborhood of the Court House and Magistrates' Row.  
It is reported here, but with what authority we have been unable to ascertain, that two bodies were washed up on the beach near Main Bar yesterday.  
Messrs. Witmer & Bro., Druggists, Philadelphia, Pa., so we see by a Philadelphia exchange, tell "it that a customer of theirs said he would not take one thousand dollars for the remainder of his bottle of St. Jacobs Oil if he could not get another. This speaks.  
Miss E. Karrer left here this morning for the Northern markets, where she goes for the purpose of purchasing Fall and Winter millinery goods. She promises her lady customers to give them the benefit of the newest and the prettiest and the most stylish things to be found in the New York markets.  
**Changes on the Carolina Central.**  
Saturday's *Charlotte Observer* says: On Monday the schedule on the Western Division of the Carolina Central will be changed—this time there is no mistake. The passenger train will leave for Shelby at 8:35 in the morning, and will return at 6 o'clock in the afternoon. A daily freight will also be put on this division—the first unmixed freight train which has ever been run to Shelby.—When these changes take place Monday a total of 16 freight and passenger trains will leave and arrive in Charlotte daily over the two divisions of the Carolina Central.

At about 12 o'clock to-day the wind indicator over the Signal office at this place was the stillest we have ever seen it. According to it there was not a particle of breeze blowing. Several gentlemen watched the caps for fully five minutes and during that time they did not move.

**Truths Worthy of Remembrance.**  
**FIRST—OTTERBOURG'S** ability to carry a larger and more varied stock of Ready Made Clothing and Furnishing Goods than any house in the city.  
Second—The rapid and perpetual growth of Otterbourg's trade—a fact which is exciting public comment, and an honor worthy of emulation.  
Third—That Otterbourg, being young in years, is better calculated to make choices selections as regards style, color, and finish, than an older person who naturally adheres to Revolutionary time principles. Otterbourg's clothing experience of fifteen years has made him an adept as far as quality and durability are concerned.  
Fourth—That Otterbourg being qualified to pay cash down for every dollar's worth of goods bought, (see July report from Northern manufacturers) is also better qualified to sell clothing at less figures, and offer greater advantages, than those who are not thus qualified.  
Fifth—Otterbourg claims to have (and the community coincide) the largest and best adapted building for his business in North Carolina. Plenty of light, and any quantity of room to display stock. Nobody need be deceived by the useless shoddy commodity thrown on goods by useless show windows. Otterbourg's stock stands the test of a forty foot open front.  
Sixth—Otterbourg is now in New York; will remain one month—a fact of no consequence in itself—but of great importance to a scrupulous trader, as he will devote that unusual length of time to the personal supervision of the manufacture into clothing of his imported Fine Cloths and Cassimeres.
