MRS. JOE PERSON'S

REMEDY FOR

SCROFULA

NEVER FAILS.

It Will Cure if Fairly Tested.

It gives me much pleasure to be able to
state that I have derived an effectual cure of
Scrofula from the use of Mrs. Joe Person's
Remedy for that disease. I had suffered
from Scrofula for more than three years,
and had despaired of ever getting well. I
was treated during that time by three very
eminent physicians, without any good result.
I then went to the National Surgical Insti-
tute, at Atlanta, Ga., and was treated there
for more than two months, with no better re-
sult than my family physicians met with.
After returning from the Institute, I was
persuaded to try Mrs. Person's remedy, and
I had not used it more than a week before I
discovered its curative and healing prop-
erties. My sores soon began to heal, and the
color of my skin changed as fast as the sores
healed. I had not thought of ever getting
well again, but my hopes increased, my low
spiritedness fled before this remedy, and I
am now enjoying splendid health and am in
good spirits. The remedy is mild as a pur-
gative, and a strong tonic: it will heal the
most stubborn sores in three weeks if taken
regularly. It is my opinion that it should
be taken some time after the sores are healed,
to remove the cause of its effects. It should
be taken regularly by all means, for I have
sometimes neglected it, from the pressure of
business, and in all cases found that the
cure already made would commence to re-
trograde, and for this alone it should be
taken regularly until an effectual cure is
completed. Nothing should prevent regu-
larity in the use of the remedy and it should
be taken to all who are suffering from
Scrofula, and to all who are suffering from
all kinds of skin diseases. I would recom-
mend it to all who are suffering from
Scrofula, and to all who are suffering from
all kinds of skin diseases. I am, respectfully,
cured, is my advice. **JAMES A. MORRIS,**

Notice.

MY SIGNATURE, which appeared to a
notice recently published establishing rates
for stowing cargoes of vessels, was without
my knowledge or consent. Protesting that
the rates were excessive and could not be
maintained, and would damage our port, I
have now no connection with any laborer's
union or other organization to regulate
labor or Stevedore's wages, but am willing
to pay fair rates for labor and do the work
of vessels at the lowest figures commensu-
rate with the times.
