MRS. JOE PERSON'S

REMEDY FOR

SCROFULA

It will cure it fairly tested.

It gives one more pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians without any good result. I then went to the National Surgical Institute, Atlanta, Ga., and was treated there more than two months with no better result. After consulting with a friend, I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spirits revived, and before my remedy, and I am now enjoying perfect health and am in good health. My friend, I had a purgative, and a strong tonic. It will heal the most stubborn sores in three weeks if taken regularly. It is my opinion that it should be taken some time after the sores are healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this reason it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair trial. Expect from experience and not from hearsay. I am a grateful recipient of a cure from the use of it and am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice. I am, respectfully,
KIMBLE N. C. JAMES A. MORRIS.

Hand some Decorations.

We have already spoken of the numerous evidences of grief displayed by our people in draping with the ceremonies of mourning public buildings and places of business. They are all displayed with much taste, but without meaning to institute any invidious comparisons, we may say that those at the Postoffice are arranged with unusual care and taste, so much so, in fact, as to excite the approving comments of numbers of our people. The work was done by Mr. J. W. Zimmerman.

The W. L. I.

There have been some changes recently in the list of officers of that veteran organization, the Wilmington Light Infantry. Second Lieutenant R. H. Beery has been elected First Lieutenant to fill a vacancy caused by the resignation of Lieut. W. J. Gordon, and Junior Second Lieutenant Geo. W. Doyle has been made Second Lieutenant, Vice Lieut. Beery, promoted. The vacancy still existing will be filled by election at the next regular meeting of the company.

Thirty-four years of constantly increasing use have established a reputation for Dr. Bull's Cough Syrup second to no similar preparation. It relieves instantly and cures all Coughs, Colds, &c.

The Fatal Cotton Gin.

From passengers on the Carolina Central Railroad, we learn of a fatal accident which occurred near Lilesville on last Friday evening. Dr. A. T. Jackson, a prominent resident of Anson county, got his right hand caught in a cotton gin and drawn in beneath the teeth which crushed and mangled it so that amputation was considered necessary. The operation was performed but the shock to the nervous system was such that the unfortunate gentleman sank beneath it and died the next day.

Made from harmless materials, and adapted to the needs of fading and falling hair, Parker's Hair Balsam has taken the first rank as an elegant and reliable hair restorative.

The Rice Crop.

We learn, from one of the most extensive planters on the river, that the injuries to the rice crop feared from the effects of the storm are found to be fully as severe as was at first feared. Rice cutting is now going on on both rivers and it is therefore easy to ascertain the extent of the loss. Much of the rice was blown clear of the stalks and was scattered on the ground while in other instances rull heads were prostrated in such a manner that much will be lost in the cutting. Our informant, however, thinks that 25 per cent. will cover the loss, and this may be equalized by an increase in the price. The highest price obtained here last year for lowland rice was about \$1.40 per bushel but it is said that offers of \$1.50 have been made already this season. The disasters to the crop in South Carolina will, of course, have an effect on the market. It is expected that the first rough rice will reach market this season about the 10th of October.

Cerilas Engine Co., Providence, R. I. Mr. Jeremiah Miller, Foreman of this vast enterprise, writes as follows: I suffered for a long time with severe pains in the knee, at times being scarcely able to move. I tried medicines of all kinds but nothing would benefit me. Happening to think of St. Jacobs Oil, I used it with faint hope, however, it would benefit me. What was my surprise to find after a few applications, that the pain had ceased; and in a few days I was entirely cured.

Magistrate's Row furnished only one item to-day, that of Fred Hill, colored, charged with the larceny of a pair of pants. The defendant was committed in default of \$100 bail for trial at the next term of the Criminal Court.

The Fall term of the Criminal Court, His Honor, Judge Meares, presiding, convenes in this city on Monday next, at 11 o'clock. Several cases will be brought against the city, growing out of what is commonly known as the "Poor man's bill," in relation to the disposal of the market carts and other matters pertinent thereto. Upon the whole it promises to be an interesting term.

The Harty & Hardie Combination.

We were pleased to receive a call to-day from Mr. B. B. Ludlow, Business Manager for the Harty & Hardie Combination, who will play in this city on Monday and Tuesday, October 3d and 4th. On Monday night they present the *Child of the State* and on Tuesday *Diplomacy* and *The Corsican*. This is we believe, the first visit of this Combination to our city and they come to us let us say it here, heralded as being one of the very best troupes on the road. Mr. Ludlow tells us that the Combination is first class in every particular and that the two entertainments they will give in Wilmington will be sure to please and he brings ample testimonials as to the correctness of what he says. They played at the Windsor Theatre, New York, on the night of the 13th inst., and of that performance the *New York Herald* says:

There is not a positively bad actor or actress in the entire cast. The lines of the play were last evening more perfect than is usually the habit on the first night of a season. The costumes were elegant and the scenery was new. With such elements of success little more was wanting to maintain the interest in the story which has already been described in the *Herald*. As the Count Maurice, Mr. Hardie was often strongly effective and dramatic, although at times his declamation was characterized by too much draught on his vocal powers, but he is always graceful in action and gesture and well deserves the compliment of a recall. Mr. George Hocy, as far as the piece permits him, exhibited fine qualities as a comedian, but he has ability enough to occupy a broader field, and a more valuable stage experience in other characters may secure for him an even stronger individuality than he now enjoys. Senora Majorani as Gertrude, a "Child of the State," played her part with much force, and notwithstanding evident nervousness was one of the central figures on the stage whose presence was always welcome. Miss Eva Glenn Baker, as Carline, another "Child of the State," likewise had nothing to complain of in the manner of her reception by the audience. Miss Emma Pierce attired her character as Marie very handsomely, and the Louisa, as personated by Mrs. J. J. Prior, was one of those fine characterizations of a matron that might be expected from a lady long identified with good dramatic work. "A Child of the State" has proved to be a success and will be retained on the boards at the Windsor Theatre during the present week, and next week will be followed by "A Legion of Honor."
