 MRS. JON PHOENIX.  
 Franklinton, N. C.

DEAR MADAM:—In reply to your letter asking what I think of your Remedy, I would say that the sales have been very fair, and so far as I can learn, the Remedy has been very satisfactory to my customers who have used it, especially so in the case of a little girl of this city, ten years of age, who was troubled for a long time with sores breaking out over the face and neck, having the appearance of Scrofula, and which had resisted the usual alternative treatment for a long time. She took four bottles of the Bitters last Spring, when the sores entirely disappeared, and up to this time she has had no return of them, her skin looking as fair and clear as anyone's.  
 Trusting that you may receive the success which your Remedy seems to merit, I am, very respectfully yours,  
 WM. SIMPSON,

No City Court today.

The Storm Signal was still floating in the breeze to-day.

The receipts of cotton at this port to-day foot up 943 bales.

Full moon to-morrow morning at 54 minutes past 8 o'clock.

Br. brig *Tramore*, Morrice, from this port for Hamburg, arrived at Plymouth on Tuesday.

Quality and efficacy considered, Dr. Bull's Cough Syrup is without exception the best cough preparation in the market. Price 25 cents a bottle.

Hon. Geo. Davis, of this city, was registered at the Yarboro House, in Raleigh, on Tuesday.

Bro. McDiarmid, of the *Robesonian*, was in the city yesterday, as seriously and solemnly sedate as ever.

Call at JACOBI'S for Garden Hoes and Rakes, Shovels, Spades, Axes, &c. There you have the lowest prices.

At 7 o'clock this morning the thermometer at the Signal Station in this city registered but 50 degrees. At Washington City it was down to 37.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

In a few days comes the Hebrew Feast of Tabernacles, while on October 16 will be the Feast of Blowing of Trumpets. This will end the Jewish feasts until December 17, when the faithful will again be called together for the celebration of Hanuka.

The *Barnesmore*.

The steamship *Barnesmore* sailed hence this morning for Liverpool, and was expected to cross the bar at 4 o'clock this afternoon. Her trip here is considered highly successful, and a confident belief is expressed that a regular line will be established. A farewell supper was given by Capt. Perry at the Purcell House last night, to the officers of the ship, which we understand was in every way delightful and successful.

Study your interest. You can now buy Cook Stoves at factory prices at JACOBI'S.

**Death of Dr. Seavy.**  
 Dr. J. B. Seavy, for many years a prominent citizen and successful practitioner of medicine in New Hanover and Pender counties, died suddenly at his residence, near Newkirk's Bridge, in Sampson county, yesterday, the 5th inst., aged 68 years.

Do. Seavy was a native of New Hampshire, and came to this State about 1835, and married the eldest daughter of the late Bryan Newkirk, by whom he leaves three daughters and one son. His health has been infirm for several months, so as to excite alarm among his friends, but his sudden death caused a shock to his many friends, and a severe blow to his bereaved family, a portion of whom received the sad intelligence while in attendance at the Eastern Baptist Association now in session at Magnolia. He was a member of the New Hanover County Medical Society and a member of the State Medical Society.

**Proposed Tramway.**  
 It will be remembered that there was some talk here, a few years ago, about building a railroad from Point Caswell to Clinton, the connection with Wilmington from the former place to be made by water. Capt. R. P. Paddison is now endeavoring to enlist the interests of the people along that route in a tramway which it is said can be built for \$25,000. The distance between Clinton and Point Caswell, we believe, about 40 miles. We think the project a feasible one and if the estimate as to the cost is correct we should certainly be to the interest of our business men here to help forward the new enterprise as it would open up a country now difficult of access and would bring here much trade that now goes elsewhere.

Beautify your homes by using the N. Y. Enamel Paint, ready mixed and warranted. Sold only at JACOBI'S. †

 Ask druggists for "Rough on Rats." It clears out rats, mice, bed-bugs, roaches, vermin, flies, ants, insects. 15c. per box.

**How About It?**  
 If we recollect aright the last Congress made an appropriation of \$30,000 for improving the upper Cape Fear river, since which time nothing has been heard from the appropriation or the work of improvement, that is, to our knowledge. A gentleman, who is one of our most enterprising citizens and also a leading merchant in this city, acquaints us with these facts, and tells us further that unless the work is commenced and the appropriation applied to that purpose before the 1st day of December, Anno Domini, 1881, the provisions of the act become null and void and the appropriation lost to us. Will some knowing one inform us why this is thus? Last summer would have been an excellent time for operating on the bed of the river between here and Fayetteville, as the water has been extremely low for months past, while the trade of those directly dependent upon the boats as a means of communication and transportation with our city has been languishing fearfully.

**Meeting of the Eastern N. C. Baptist Association at Magnolia.**  
 FIRST DAY—CONTINUED.  
 Committees were appointed on the following subjects:—Foreign Missions, State Missions, Ministerial Education, Sunday Schools, Temperance, Education, Obituaries, to audit the accounts of the Finance Committee, of the Treasurer of the Association and of the Treasurer of the Executive Committee, to nominate delegates to the Baptist State Convention and to nominate an Executive Committee. On motion of Rev. J. B. Taylor, a special committee, consisting of L. R. Carroll, Esq., and Revs. F. H. Ivey and J. N. Stallings, was appointed to take into consideration the propriety of striking out or modifying Article 9 of the Constitution. On motion, the Rev. J. B. Taylor was added to this committee. After prayer by Rev. Mr. Bailey, the meeting adjourned.

SECOND DAY  
 Met at 9 o'clock a. m. Religious exercises conducted by Rev. Mr. Cashwell Association called to order by the Moderator. The Committee on Periodicals reported, recommending the *Biblical Recorder* and *Kind Words*, a Sunday school paper, Rev. Mr. Bailey, representing the *Recorder*, addressed the body and received subscriptions to his paper.

Preaching at 10 a. m. in the Methodist church by Rev. J. B. Taylor. The Missionary sermon was preached at 11 a. m., in the Baptist Church by Rev. Mr. Ivey, the appointee. Collection \$22.50. Adjourned for dinner, which was bountiful in quantity and excellent in quality.

When the meeting was called to order in the afternoon, the committee on the proposition to strike out or modify Article 9 of the Constitution reported, eliciting considerable discussion. The Article in question is as follows:

ART. 9.—The Association shall appoint an Executive Committee of seven members, which committee shall have the superintendence of Associational Missions and Colportage. They shall have the power to disburse all sums paid by the Treasurer of the Association for the objects under their charge, and during intervals between the meetings of this body to receive and disburse funds for those objects, and to take such steps for their advancement as they shall deem advisable, and shall make an annual report to the Association of their doings.

It was decided not to modify if Rev. Dr. Huffman's services as General Associational Missionary can be secured. The Executive Committee were instructed to employ Dr. Huffman at a salary of \$800. Churches called and pledges made amounting to about \$600.

Adjourned.  
 The crowd in attendance was very much larger than that of the first day.

**Criminal Court.**  
 The following cases have been disposed of in this Court since our last report: State vs. Daniel Chadwick, charged with assault and battery. Motion to amend the warrant. Motion granted. Defendant found not guilty.

State vs. Thomas Kennedy, charged with larceny; an appeal from Justice Millis' court. Judgment below affirmed.

State vs. David Littleton, charged with the slandering of women. Continued.

State vs. Wm. Brown, charged with carrying a concealed weapon. Defendant found not guilty and discharged.

State vs. John C. Gurlew, charged with carrying a concealed weapon. Defendant found guilty.

State vs. Jann Williams, charged with larceny. Defendant found guilty.

State vs. John Williams, charged with assault and battery. Defendant submits and judgment suspended.

State vs. John Williams, charged with carrying a concealed weapon. Defendant submitted and judgment was suspended.

State vs. Samuel Carver, charged with larceny. Case on trial.

In the case of John Waddell, charged with larceny, on trial Tuesday night, the jury at a late hour returned a verdict of guilty.

State vs. David Littleton, charged with slandering. Verdict not guilty.

State vs. Dick Fenner, charged with assault and battery. Verdict guilty.

State vs. Wm. L. Smith, et al. charged with permitting a nuisance. It is not proper to state here in this connection, that Mayor Smith, as the representative head of the city, has been indicted for allowing the market carts to remain on the public thoroughfares after certain hours. A motion by counsel for defence to quash the indictment was being argued when we were compelled to close our report.

**Remarkable Fields of Rice.**  
 Here is an item for those who are interested in the cultivation of rice. Last Spring Messrs. Elkins & Co., of Elkinsville, fifty miles from this city, on the Carolina Central R. R., sowed a shallow pond, containing 300 acres, with 300 bushels of seed rice. They scattered it broadcast and after 18 days drew off the water. The rice was then left to grow. It sprung up rapidly and has matured bountifully and that without any cultivation whatever. Not a hoe, nor a plow, has been about it, nor was it worked in any way. It grew seven feet high and it is expected that the yield from the 300 acres will be 10,000 bushels, despite some loss by the recent storm, or 33 1/2 bushels to the acre. Messrs. Elkins & Co have forwarded to this city a sheaf of the rice, which is to be sent to the Atlanta Exhibition. It was received by Messrs. Worth & Worth and turned over by them to Messrs. Norwood Giles & Co., who will forward it, and it will be sure to attract great attention. This rice, as has been stated, is 7 feet high, while the average for lowland rice is generally about 2 1/2, and/or upland 5 feet.

This reminds us of a similar circumstance which we have heard of, dating some fifty years ago. A farmer by the name of Sullivan, residing in Robeson county, not far from Moss Neck, drew off the water from a pond and then sowed with rice. It yielded 50 bushels to the acre, and that without cultivation. It is said that the same thing has also been tried on a small scale, at Green's Mill Pond, near this city, in recent years.

**Surrendered their Charter.**  
 Our Fayetteville neighbors are in a strange plight. They are no longer a municipality, the charter of the town having been surrendered at an election held last Monday, in consequence of a failure to compromise with the creditors of the town. The question now is, what becomes of the town property? It is thought by some that it vests in the State. The *News and Observer* says that such of it as was not necessary for the town government, as \$100,000 of railroad stock owned by the town, is probably stamped with a trust in favor of its creditors. A bill in equity was filed by Messrs. Hinsdale & Devereux in the Federal Court, before the surrender of the charter, for the appointment of a receiver. The plaintiff sues in behalf of all the creditors of the town. The progress of this suit will be watched with interest.

**New Rooms for Germania Lodge.**  
 The Germania Lodge of Knights of Pythias of this city have rented a suite of rooms in what is known as the Tienken building, just south of Granite Row, on Front street, and have fitted them up most comfortably, although the finishing touches have not yet been given by the workmen, who are still busy there at work. Through the courtesy of our old friend and comrade, District Deputy Grand Chancellor G. C. Prempert, we were shown through these rooms this morning and we must say that for comfort and convenience they equal if not surpass anything of the kind in Wilmington. After ascending the stairway and passing through the hallway we entered the ante room; from there we were ushered into the Lodge room proper, a large spacious room 34 feet square with a pitch 15 feet 6 inches high and capable of seating some 75 persons. This room is nicely carpeted and well furnished. From the Lodge room through folding doors we entered the Banquet Hall and from thence still another room to the North, the Club Room. There are two property rooms where the regalia, the billy goats and greased pole are kept, though these latter were all hid from our view and we failed to catch a glimpse of these. The Lodge meets in its new hall for the first time this evening.

Mr. J. B. Weston, 45 Greenwood street, Springfield, Mass., Supt. Car Works, Boston & Albany Railroad, thus writes: I am one more of the fortunates who have had the good luck to hear of that wonderful remedy, St. Jacobs Oil. I had rheumatism in the shoulder severely and could find no relief until I used the Oil. I applied it and must confess I was surprised at the results.

Thanks to Mr. Horace Emerson, of the Atlantic Coast Line, for a copy of a handsome illustrated card just issued by the Associated Railways, with descriptive matter and illustrations of the summer of Yorktown, portraits of Washington, Cornwallis, LaFayette and others, and various sketches of the Centennial.
