Mrs. JOE PERSON,
Franklinton, N. C.
DEAR MADAME:—In reply to your letter asking what I think of your Remedy, I would say that the sales have been very fair, and so far as I can learn, the Remedy has been very satisfactory to my customers who have used it, especially so in the case of a little girl of this city, ten years of age, who was troubled for a long time with sores breaking out over the face and neck, having the appearance of Scrofula, and which had resisted the usual alternative treatment for a long time. She took four bottles of the Bitters last Spring, when the sores entirely disappeared, and up to this time she has had no return of them, her skin looking as fair and clear as anyone's.
Trusting that you may receive the success which your Remedy seems to merit, I am, very respectfully yours,
WM. SIMPSON,
Druggist.

The Circus.

Coup's big show exhibited here yesterday afternoon and last night and to large crowds, although the tent, which is enormously large one, was not full on either occasion. The show is very good this year and is quite an improvement on that of last season. The various features of the entertainment, the Broncho horses, the performing dogs, the riding and the trapeze were all good but the crowning features, and those which possessed most interest for all, were the wonderful flight of Lu Lu and the race in the hippodrome.
A Branch House.
We some weeks ago made mention of the fact that Capt. R. M. McIntire, of this city, was about to open, in the flourishing town of Durham, a branch dry goods store, he having secured an eligible location in a handsome new brick building just erected there. The business is to be under the charge of Mr. W. H. Muse, who has been with Capt. McIntire for years past, and is thoroughly versed in the business. Mr. Muse, who has been admitted to a partnership in the new house, the firm being R. M. McIntire & Co., left this morning for Durham, and Capt. McIntire will follow in a few days, to return here as soon as the new business has been fairly opened.

Hucke's Comet.

Hucke's comet, which has been visible for several weeks, may now be seen through a good telescope in the constellation of Leo Minor in the eastern heavens, some ten or fifteen degrees above the horizon, at about 2 o'clock in the morning. Prof. Monro B. Snyder, of the city of Philadelphia, says that this comet, though small and invisible to the naked eye, is one of the most interesting of the heavenly bodies, because of its short and constantly decreasing periodicity, which, while it was 1,212 6-10 days in the latter part of the last century, is now only 1,210 1/2 days. The comet is globular in form and has no tail. Its orbit has been studied more closely than those of many of the planets. The diminution of the periods, at first ascribed to ethereal resistance, is by modern science considered unexplained. At its perihelion the comet is thirty-two million and at its aphelion four hundred million miles from the sun.

The Stats Fair.

The Fair at Raleigh opened on Tuesday in good style. On Wednesday the attendance was very large, estimated by the *Visitor* at 10,000 persons. The *News and Observer* publishes a long account of the doings on that day. The exhibit seems to be a very large one. We clip a few paragraphs from the *News and Observer*:
A number of ex-Confederate soldiers met to-day at headquarters in the grand stand. After some appropriate remarks by Gen. Cox and Col. Beasley, it was resolved that a special meeting should be held to-day at 1 p. m.
Capt. Bogardus and son's wonderful skill in shooting glass balls with rifle and shot gun attracted much attention. Eugene Bogardus' rifle shooting, with his gun in straight position, was wonderful, as was also his shooting at moving objects, such as 14 balls out of 15 thrown in the air. Henry, aged 6 years, shot glass balls with a rifle, and a glass ball from his father's fingers with a rifle. Capt. Bogardus' fancy trap shooting delighted the sportsmen. Capt. Bogardus shot a Parker gun, using Dittman powder. He has two breech-loading bird guns for sale.
One of the features of the day was the match between the Asheville and Raleigh teams, of five men each. Mr. J. W. Scott, of Ridgeway, acted as referee; Messrs. C. J. Voorhies and Hugh Morrison, as judges, and Messrs. Hal M. Worth and Mr. Vandiver, of Asheville, as scorers. These gentlemen acquitted themselves to the satisfaction of all. The scores were as follows:
Raleigh Team—Engelhard, 27; I. Johnson, 26; Creech, 27; S. Johnson, 21; Pullen, 28. Total, 129.
Asheville Team—VanGilder, 26; Lusk, 23; Waddell, 25; Furman, 23; Sawyer, 20. Total, 117.
Trotting race for horses that never trotted in less than three minutes. Entries—Chauncey, Wilmington, Ruric Nevel, Henry, Bob Lee and Nettie. Best three in five. Chauncey won the three heats and race; Wilmington second; Ruric Nevel third, and the others distanced. Time 2:44, 2:41, 2:48.
Running race; mile and repeat. Entries—Sun Bird, Belfast and Pill Box. Sun Bird won both heats and race; Belfast second; Pill Box third. Time 1:56.
Trotting race for 2:45 class, best three in five. Maud McDonald, School Girl and Ethna Allen. Maud McDonald won the three heats and race; School Girl second; Ethna Allen third. Time, 2:48, 2:50, 2:48.

The Wilmington Presbytery.

The Presbytery of Wilmington met in Union church at Faison's depot, on 6th inst., and by request was opened with a sermon by Rev. R. B. McAlpine.
This Presbytery is the smallest in the synod of North Carolina. It has 15 ministers, 115 elders, 73 deacons, 33 churches and about 2,000 communicants. There was present a fair representation from the churches; 14 ministers and 22 elders, 36 delegates in all.
The narrative on the state of religion within the bounds of the Presbytery gave some pleasing indications of progress. A number of the churches have had accessions, while one or two have had a decided increase. The duty of giving to the various objects of benevolence is becoming more general. All the churches, except six, are supplied with stated preaching; the congregations are good and increasing; Sabbath schools are generally sustained.
It was recommended by resolution that ministers and elders use their utmost efforts to place the A. C. Presbyterian in every family within their respective congregations. A good religious paper is regarded by the Presbytery a great power in extending the cause of Christ.
Rev. Mr. Garriss was dismissed to Bethel Presbytery, S. C.
Messrs. Colin Shaw and R. B. McAlpine were elected trustees of Davidson College.
Committee on Foreign Missions reported that collections had been taken up in most of the churches for this subject. The committee on Home Missions reported, recommending the speedy appointment of an evangelist for the Presbytery. A committee consisting of Messrs. McMillan, Black and Dr. Wilson, were appointed to secure a suitable man and provide the means for his support.
The Synod of North Carolina was memorialized by the Presbytery to extend its line along the W. & W. Railroad to Weldon, taking in that part of Orange Presbytery lying east of the railroad (including the churches along the line) and north of the N. C. Midland; provided Orange Presbytery consent to the same.
Burgaw was chosen as the next place of meeting, on Thursday before the 4th Sunday of March, 1882. Members of the Presbytery enjoyed very greatly the hospitality of the people in and around Faison. A bountiful dinner was spread each day under the trees, near the church, for the delegates and large congregations in attendance. Presbytery adjourned late Saturday evening, after a profitable and interesting session.
We are indebted for the above to the *Goldboro Messenger*.
