No Magistrate's Court this forenoon.
The receipts of cotton at this port today foot up 906 bales.

Only those despise riches who despair of them.

Among the new ornaments are turtles and shrimps.

There are now 331 different styles of bicycles in use.

Nothing realized is so good as it seem ed beforehand.

A man with a straw hat and an over coat on looks odd.

Grapes, grapes, groans, gasps, grins, growls, grunts.

No more seaside or mountain gossip for twelve months.

The novelty out is a mock pocket in gentlemen's coats.

Typoid fever will sadly mar the prettiest face in the world.

If you are slandered never mind it; it will all rub off when dry.

A decided improvement in the quality of the oyster is observable.

A salad of soft crabs and cucumbers is the latest dish out for discomfort.

Ladies of style now carry a smelling bottle with them while on promenade.

Some of the ladies hats just "opened" are big enough for minstrel burlesque.

Young men, remember, virtue is the safest helmet—the most secure defence.

The boy who was kept in after school for bad orthography said he was spell-bound.

The man on the "home stretch" can generally be found on the sofa in the diningroom.

Steamship *Gulf Stream*, Captain Ingram, arrived here this morning from New York.

Maj. D. J. Devane and E. S. Martin, Esq., were in Raleigh on Monday, in attendance on the Supreme Court.

The Steamship *Gulf Stream* brought out a large quantity of hay from New York on this trip. "'Tis true, 'tis pity and pity 'tis 'tis true."

Br. brig *Signal*, Capt. Williams, cleared to-day for London with 1,878 casks spirits turpentine, shipped by Messrs. Alex. Sprunt & Son.

Schr. *Alta V. Cole*, Mitchell, from Boston, for this port, arrived on the 24th in Delaware Breakwater and the same day proceeded on her voyage.

The poison of a bee sting may be forced out by pressing the barrel of a small key firmly for a minute over the wound; no wound or swelling will result.

Freshwater Perch, Trout and Black fish Hooks and Lines. A full assortment and lowest prices at Jacobs's.

Mrs. Laura L. Saunders, the mother of Col. W. L. Saunders, Secretary of State, and formerly of this city, died at Capel Hill last Sunday, nearly 72 years of age.

The greatest boosters are the smallest workers. The deep rivers pay a larger tribute to the sea than shallow brooks, and yet empty themselves with less noise.

If a little vinegar or some cider is mixed with stove polish it will not take much rubbing to make the stove bright, and the blacking is not likely to fly in fine dust.

A letter received here yesterday from a gentleman in Fayetteville states that there were good rains at that place on Sunday but that there has been as yet no appreciable increase in the water in the river.

Steamship *Barnesmore*, Capt. Tenery, arrived safely at Liverpool yesterday, the agents here, Messrs Alex. Sprunt & Son, having received a telegram to that effect. The *Barnesmore* sailed from this port on the 6th inst., having crossed the bar and gone to sea the same afternoon.

Vicar-Apostolic.

The Baltimore American of the 22d says: "The apostolic briefs appointing the Rev. Harry Pinkney Northrop, of Charleston, vicar-apostolic of North Carolina, have been received by the Most Rev. Archbishop Gibbons. The Rt. Rev. Dr. Northrop arrived in Baltimore yesterday."

All should recollect that with the loss of health, loss of enjoyment and happiness soon follows. A Cough or Cold quickly undermines the health, and should be checked by the prompt use of Dr. Bull's Cough Syrup. For sale by all Druggists. Price 25 cts.

Painful Injury.

Dr. J. E. Winants met with a very painful accident yesterday at his ice mill on North Front street. By the springing of a lever he was struck in the near neighborhood of the left eye, and a painful contusion was the result. Had the blow fallen one inch lower it would have destroyed the eye. It was a narrow escape.

Supreme Court.

In the Supreme Court at Raleigh on Monday the following were among the cases called:

Harper Williams vs. Mary Williams et als., from Duplin; heretofore argued; court took the papers.

John Read vs. William J. Exum, from Wayne; put to the end of the district.

James M. Williams vs. Robert Teachey, from Duplin; argued by D. J. Devane for the plaintiff and Allen & Isler for the defendant.

The Bedott.

The "Widow Bedott" held a levee last night at the Opera House to a fine audience. It was one of the very best performances of this or any other season. Mr. Bishop is simply immense. There is no discounting the real enjoyment he serves out to his audiences. Always irresistible he has improved since his last appearance here. He kept his audience last night in a roar of convulsive laughter throughout the entire piece.

Beautify your homes by using the N. Y. Enamel Paint, ready mixed and warranted. Sold only at Jacobs's.

Personal.

Capt. N. F. Thompson has returned from his visit to the Northern cities. He has made arrangements with the Elkins Manufacturing and Gas Company of Philadelphia, a very large firm, who will establish a Southern Department of their business, with headquarters in this city, under his management. Capt. Thompson will at once secure a location and open for business. He is a gentleman of business capacity, pluck and enterprise and we are sure that he will do well in his new venture.

A Cure for Diphtheria.

The following is said to be an excellent remedy for diphtheria. The disease is declared by Mr. Greathead, of Australia, to be of hydrated growth, and that the germs of it floating about in certain impure atmospheres are inhaled by human beings: For a grown person four drops of sulphuric acid diluted in three quarters of a tumbler of water, with a smaller dose for children. The effect of this treatment is instantaneous, the acid at once destroying the parasites and the patients coughing up the obstruction. Sufferers have recovered in a few minutes by adopting the Greathead treatment. Children almost previously in a dying state, were declared to be playing about within ten minutes, and at a computation some forty or fifty of these sudden recoveries have been placed on record, with full and satisfactory results of the performance of this wonderful, infallible and quick cure for diphtheria. When necessity demands you to arrest this dangerous disease, don't neglect to test the virtue of the Greathead treatment.

An Interesting Dispute.

The courts of New Orleans have now before them an injunction suit restraining Mr. Simon Silverman, of Indian Bay, Ark., from collecting \$15,000 from the Louisiana State Lottery Company, as it is alleged that Mrs. Emma Clarke of the same town was the rightful owner, and that the ticket had been obtained from her on the promise to collect it, while she was ignorant of her great good luck. The Company have had three similar cases in its history. All that is wanted is to know who is the owner. The next drawing (the 138th) will take place on Nov. 8th, and M. A. Dauphin, New Orleans, La., will promptly give any information relative thereto.

Study your interest. You can now buy Cook Stoves at factory prices at Jacobs's.

This Evening.

"Eviction," which is to be presented to night at Opera House, is said to be a very fine piece. It is founded upon the present troubles in Ireland and is full of startling sensations. The box sheet is still at Dyer's where seats may be secured.

This statement is to show, writes Mr. John Dieffenbacher, Strasburg, Ohio, that I have been afflicted with rheumatism for several years past, and could not get any relief until I used St. Jacobs Oil. By the use of one bottle I was much relieved and with the second, I was as nearly cured as it is possible to cure rheumatism in one of my age, being now sixty-four years old.

The Wrecked Ship.

The wrecked ship *La Louisiana* has drifted from her former position and is now about one mile from the shore and about two miles nearer Bald Head point. Mr. James Nolan is engaged in wrecking her on behalf of Messrs. G. Boney & Sons, the purchasers of the cargo. Thus far but little of the cargo of lumber has been saved, but under the present favorable circumstances, it is thought that a considerable amount of it will be secured during the next few days.

Catarrh of the Bladder.

Stinging, smarting irritation of the urinary passages, diseased discharges, cured by Buchupaiba. Druggists, Dept Jas. C. Munds.

There is a forest of masts at the docks of both of the compress companies.

There was a northerly wind this morning, and the atmosphere was cool enough for fires and overcoats, but this afternoon the wind has shifted, and it is warm and pleasant again.

Rev. W. W. Colley, who was for several years a missionary in Central Africa, will deliver an address to-morrow night at the First Baptist Church, corner of Fifth and Market streets.

Spirits turpentine is to-day worth in this market 60 cents more; rosin 65 to 75 cents more for strained and good strained; crude turpentine 45 cents more; tar 15 cents less and middling cotton 5 more.

Mr. James H. Hearne's Dramatic Troupe are booked for the Opera House in this city November 5th. They play "Hearts of Oak." So far as is now known there will be a gap in the theatrical season from to-night until the Saturday night of next week.

Mr. Charles R. Mayer, a well-known resident of this city, and formerly a fruiterer and confectioner, with a large business, died here yesterday, of consumption, after a long and lingering illness. The remains were taken to Smithville to-day for interment.

Judge Brooks, as we learn from the *Newbern News*, has telegraphed District Attorney Albertson that he is sick and unable to leave for Newbern, as he expected to do. The Federal Court is set for Newbern this week and Wilmington next week and we suppose by the above that it is very doubtful if Judge Brooks is able to hold Court.

City Court.

A colored boy by the name of Robert Howe was arraigned before His Honor the Mayor, this morning, charged with disorderly conduct, was found guilty and sentenced to five days in the C. P.

Charlotte Green, disorderly, five days in the C. P.

Simpson Richardson, charged with an affray, was ordered discharged.

Joseph Lucas, found guilty of an affray, was fined \$5.

Forepaugh's Circus.

This big show exhibits in Augusta on next Saturday evening, and the people of that city are preparing to visit it in large numbers. Yesterday's *Chronicle* says:

Prof. Abt. of Forepaugh's great show, gave a free exhibition in front of the Masonic Temple last evening. A large canvas was suspended against the Temple and the stereopticon was immediately in front of this. A very large crowd was in attendance. The views presented were very fine and many of them elicited loud applause from the spectators. They embraced pictures of various animals in the menagerie, performances in the arena; statuary, landscapes, comic pictures, etc. The statuary was especially fine. We have seldom seen as fine an exhibition of the kind. If this is a foretaste of the circus, the latter certainly must be the finest that has ever visited this section, and from the manner in which the press speaks of it, we believe it is.

Eating Lemons.

A good deal has been said through the newspapers lately about the healthfulness of lemons. The latest advice as to how to use them so they will do the most good runs as follows: Most people know the benefit of lemonade before breakfast, but few know how it is more than doubled by taking another at night also. The way to get the better of a bilious system without blue pills or quinine is to take the juice of one, two or three lemons, as the appetite craves, in as much ice-water as make it pleasant to drink, without sugar, before going to bed. In the morning on rising, or at least half an hour before breakfast, take the juice of one lemon in a goblet of water. This will clear the system of humors and bile, with mild efficacy, without any of the weakening effects of calomel or con greous water. People should not irritate the stomach by eating lemons clear; the powerful acid of the juice, which is almost corrosive, infallibly produces inflammation after awhile, but properly diluted, so that it does not burn or draw the throat, it does its full medical work without harm, and when the stomach is clear of food has abundant opportunity to work on the system thoroughly.

RALEIGH, N. C., Sept. 27, 1881.

Mrs. JOE PERSON, Franklinton, N. C.

DEAR MADAM:—In reply to your letter asking what I think of your Remedy, I would say that the sales have been very fair, and so far as I can learn, the Remedy has been very satisfactory to my customers who have used it, especially so in the case of a little girl of this city, ten years of age, who was troubled for a long time with sores breaking out over the face and neck, having the appearance of Scrofula, and which had resisted the usual alternative treatment for a long time. She took four bottles of the Bitters last Spring, when the sores entirely disappeared, and up to this time she has had no return of them, her skin looking as fair and clear as anyone's.

Trusting that you may receive the success which your Remedy seems to merit, I am, very respectfully yours, WM. SIMPSON, Druggist.

For sale in Wilmington by Dr. Wm. H. Green. Send for circular of testimonials. oct 3-daw
