RALEIGH, N. C., Sept. 27, 1881.
 MRS. JOE PERSON,
 Franklinton, N. C.
 DEAR MADAME:—In reply to your letter
 asking what I think of your Remedy,
 I would say that the sales have been very
 fair, and so far as I can learn, the Remedy
 has been very satisfactory to my cus-
 tomers who have used it, especially so in
 the case of a little girl of this city, ten
 years of age, who was troubled for a
 long time with sores breaking out over
 the face and neck, having the appear-
 ance of Scrofula, and which had resisted
 the usual alternative treatment for a long
 time. She took four bottles of the Bitters
 last Spring, when the sores entirely
 disappeared, and up to this time she has
 had no return of them, her skin looking
 as fair and clear as anyone's.
 Trusting that you may receive the suc-
 cess which your Remedy seems to merit,
 I am, very respectfully yours,
 WM. SIMPSON,
 Druggist.

 MISSES BURS & JAMES, Principals
 MRS. M. C. CUSHING, Musical Instructor
 THE NINETEENTH ANNUAL Session
 of this School will commence on Wednes-
 day, October 5th, 1881, and close about the
 third week in June 1882.
 Pupils who enter after the first month will
 be charged only from date of entrance, but
 it is expected they will attend school the re-
 mainder of the session unless otherwise pre-
 vented by ill health, or removal from the
 city. Deduction made in all cases of pro-
 tracted sickness.
 The course of instruction will be as heretofore,
 thorough and systematic, each child
 receiving individual attention from the Principals.
 The school of Music will be conducted by
 Mrs. M. C. Cushing. Pupils outside of the
 School wishing to enter for this branch of
 education, can receive instruction with suit-
 able hours by early application.
 A limited number of boarders; scholars can
 be received in the family of one of the Prin-
 cipals.

 CW YATES—Thanks to the Public

No cases for the Mayor this morning.
 No news yet of any improvement in the
 river.

The receipts of cotton at this port to-
 day foot up 665 bales.

Spirits turpentine has advanced 1/2
 cent in this market to day.

The skies have been threatening rain
 all to-day but not a drop has fallen yet.

The Widow Bedott had the largest
 house of the season in Charlotte on
 Wednesday night.

Steamship *Gulf Stream*, Captain In-
 gram, cleared and sailed hence this morn-
 ing for New York.

A series of meetings, conducted by
 the Pastor, Rev. T. P. Ricard, is now in
 progress at Fifth Street M. E. Church.

One of the large guano sheds now
 being erected on the West side of the
 river is rapidly approaching completion.

The cheapest method to cheat the un-
 der-taker (who is generally around when
 Coughs and Colds prevail), is to buy and
 use Dr. Bull's Cough Syrup. It always
 cures.

Some of the farmers in the interior are
 talking about a second crop of cotton,
 provided this fine weather holds out two
 weeks longer.

A horse in a dray, driven by a colored
 man, backed over to-day into Prince's
 street dock and got pretty badly skinned
 about the head and legs.

The silver change which was sent into
 the country to pay the cotton pickers is
 again flowing back towards the city and
 soon there will be a plethora of it.

Ger. barque *Favorite*, Zepin, cleared
 at this port to-day for Glasgow with 100
 casks spirits and 3,254 barrels rosin,
 shipped by Messrs. Paterson, Downing
 & Co.

In the Supreme Court, on Wednesday,
 the case of the State vs. J. T. Edens,
 from New Hanover, argued on Tuesday,
 was reopened and argued for the defend-
 ant by D. J. Devane and D. L. Russell
 by brief.

Attention is invited to the handsome
 double-column advertisement displayed in
 this issue by Col. Hedrick. The arti-
 cle (our modesty is so great that we
 cannot call it by its proper name) has
 every guarantee of excellence.

It would never do to select women to
 all offices. If a female sheriff should visit
 the residence of a handsome man and
 explain to his wife that she had an at-
 tachment for him, there would be a va-
 cancy in that office in about two minutes.

Chris McColler, colored, swore out a
 peace warrant against Allen Pettifoot. It
 was made returnable before Justice Millis
 this morning, who required the derandant
 to give a bond of \$50 to keep the peace.
 He gave the bond and was discharged.

Warner's Safe Kidney and Liver Cure

Mr. John Carroll, of the Metropolitan
 Saloon and oyster house, has our thanks
 for a bucket of splendid New River oys-
 ters, sent to us this morning. They are
 from the celebrated Winberry gardens
 on New River, and are very fine. Mr.
 Carroll receives them in the bucket regu-
 larly every Tuesday and Friday during
 the season.

Don't Die in the House.

Ask druggists for "Rough on Rats."
 It clears out rats, mice, bed-bugs, roach-
 es, vermin, flies, ants, insects. 15c. per
 box.

The editor and foreman of this paper
 last night partook of an oyster supper at
 the Club Rooms, on Second street, in re-
 sponse to an invitation extended by the
 proprietor, Mr. F. W. Ortmann. The
 bivalves were fat and luscious, the wine
 was delightful and the cigars were good,
 as is always the case at this excellent
 house where everything is under the im-
 mediate personal supervision of the pain-
 taking proprietor.

The Colored Fair.

We are glad to learn, as we do from
 the *News and Observer*, that the prom-
 ises for a successful fair among the col-
 ored people are at this time very good.
 This fair opens next Monday in Raleigh.
 The first fair, says the *News and Ob-
 server*, was held in 1879, and this will
 be the third. The colored people are
 showing a commendable energy in secur-
 ing a thorough exhibit. Ever since these
 fairs began the white people have shown
 a lively interest in them, and hundreds
 of them visit the exhibition. They feel
 a pleasure in seeing the successful efforts
 of the negroes to improve their condition.
 The officers of the North Carolina Indus-
 trial Society inform us that they have
 assurances from all parts of the State
 that the entries of articles will be numer-
 ous. The display of farm products will
 be extensive, while the stock exhibit
 will, it is said, be creditable.

Made from harmless materials, and
 adapted to the needs of fading and fall-
 ing hair, Parker's Hair Balsam has
 taken the first rank as an elegant and
 reliable hair restorative.

Mosquitoes Dangerous.

An ingenious scientist adds another
 pang to the sensation we receive from
 the "animated particle of malicious dust"
 —the mosquito—by pointing out the
 fact that, as these insects are not partic-
 ular who whose blood they imbibe, it may
 and often does happen that "disease
 germs" are communicated to us from the
 bodies of animals afflicted with splenic
 fever, etc. The malignant pustule that
 sometimes forms at the point of puncture
 is traced to this source. This picture is
 drawn: A healthy man, sitting at his
 window on a summer day, feels the well
 known pungent pain upon his cheek.
 The beak or proboscis of the sanguinary
 fly inserted in his flesh leaves there the
 germs which had been derived from the
 blood of his last diseased victim. The
 blood of diseased animals, slaughtered to
 stamp out a plague, if allowed to fall in
 the ground, will be fed upon by various
 insects, who will communicate the infec-
 tion to a whole neighborhood. The con-
 sideration of these facts will not tend to
 increase the popularity of our twilight
 visitors.

A Twenty Years Conflict.

The Keeper of the Gross Point light,
 Mr. C. Boynton, was cured of Rheuma-
 tism of twenty years standing by the use
 of St. Jacobs Oil says the *Chicago News*.

In the Very Jaws of Death.

Mr. J. W. Reilly, Superintendent of
 the Gas Works in this city, made a very
 narrow escape from death this morning.
 About 9 o'clock he, with two of his men,
 were engaged in cleaning out one of the
 gas tanks, a disagreeable and, at times,
 a very dangerous undertaking. While
 at work there one of the men spoke to
 Mr. Reilly, and receiving no reply, went
 up to him and found him lying at full
 length in the tank and breathing very
 hard. He called his companion and the
 two immediately drew him out into the
 open air where he remained unconscious.
 The alarm was given and among others
 who rushed to the spot was Capt. W. A.
 Cumming, from his mills near at hand.
 Under this gentleman's directions run-
 ners were sent out at once to summon
 medical assistance. The first to arrive
 was Dr. Schonwald, Jr., and soon after
 came in Doctors Walker, Bellamy and
 Love. Restoratives were applied and
 Mr. Reilly was removed to his home on
 Sixth, between Dock and Orange streets,
 where for nearly two hours the physi-
 cians applied every resource to restore
 him to consciousness. The asphyxia gradu-
 ally yielded to the efforts applied and
 finally Mr. Reilly was restored to con-
 sciousness. It was a fearful fight, though,
 and the escape from death was a very
 narrow one. Had Mr. Reilly remained a
 few moments longer in the tank, it is
 thought that the entire resources of
 science and skill would have been un-
 availing to save his life.
 The news of the disaster had spread
 rapidly, and a general distress was man-
 ifested. His restoration was a matter of
 universal congratulation. Mr. Reilly is
 deservedly very highly esteemed by all
 who know him.

We are glad to know that Capt. R. T.
 Fulghum is not to leave the ranks of
 journalism. He announces that he will
 publish at Greensboro an afternoon daily,
 to be called the *Evening Tribune*, the
 first number of which will appear on
 Tuesday next, the 1st of November. We
 wish him much success.

Coup's Men in a Row.

Some of the attaches of Coup's circus
 got into a big row at Cartersville, Ga.,
 on last Tuesday night, after the close of
 the performance. The trouble seems to
 have been with a deputy marshal and
 others, but the cause is not stated, other-
 wise than that mean whiskey was at the
 bottom of it. A colored man was shot
 in the head and killed, and several others
 were badly beaten and bruised. Two of
 the circus men were shot. A hound and
 a bear escaped from the cages during the
 melee. The bear was shot and killed,
 but the hound is still at large.

An Appeal.

Col. T. F. Toon, who was the gallant
 Colonel of the 20th Regiment of North
 Carolina Troops, during the war, has
 undertaken to assist Maj. Moore, who is
 now engaged in writing a history of the
 North Carolina Troops. With this end in
 view he has made a very earnest appeal
 to his former comrades to furnish him
 with the necessary data. We cheerfully
 give place to his card, hoping that it may
 meet with a generous response:

FAIR BLUFF, N. C., Oct. 18th, '81.
Survivors of the 20th N. C. Regiment;
 COMRADES:—In order that an authen-
 tic record of the gallant part sustained
 by you in the late war may be preserved,
 I ask the co-operation of those who
 know whereof they write. Your self-
 sacrificing patriotism and undaunted her-
 oism deserve it; the memory of our fall-
 en comrades plead for it; our children
 claim it, and history demands it.
 I suggest you form survivors' associa-
 tions for each company. Elect a presi-
 dent, treasurer and secretary, and collect
 authentic information as follows: Com-
 plete original master rolls; date of en-
 listment; how organized; promotions; bat-
 tles, with a list of killed, wounded and
 captured in each engagement; marches
 and incidents worthy of record. Send
 this to me at Fair Bluff, Columbus Co.,
 N. C. I will compile and furnish the
 same to Maj. Moore, now writing a
 history of N. C. Troops. I beg a letter
 from each surviving member of the Regi-
 ment. Lt. Col. N. Slough and Maj.
 D. J. Devane join me in this appeal.
 Sincerely yours,
 T. F. TOON,
 Colonel 20th Regiment N. C. T.

 WHALEBONES.

After spending over \$12,000 in experiments, we have perfected a material for
 boning Corsets, called CORALINE, which is vastly superior to horn or whale-
 bone. Its advantages are:

- 1st.—It cannot be broken.
- 2d.—It is more pliable than whalebone, and so adapts itself more readily to the
 movements of the body. This makes it much more comfortable and healthy.
- 3d.—It is not affected by cold, heat or moisture. A Corset boned with Coraline
 will last one-half longer than one boned with whalebone.

The Coraline Corset is made throughout of superior materials, and is warrant-
