Fire at Kidder's Mill.
At about 3 o'clock this afternoon a fire broke out at the steam saw mill of Messrs E Kidder & Sons, in the building in which the gas used upon the premises is generated, and soon after the generator burst and the flames spread to and ignited the boiler and engine room. The department was promptly on hand and soon had the fire under control, although it was still burning when our report closed. We have no means at present of estimating the loss, but it will probably not be large.

Frank Leslie's Popular Monthly.
There are even more than the usual attractive features in the December number of this very popular magazine, and prominent among them are the opening chapters of Gerald Cartlon's great serial novel, "Leonie, Empress of the Air." Richard D. Kimball, L. L. D., has an article, "The Siege of Yorktown, the Surrender and its Centennial," with thirteen admirable illustrations. "Bear Hunting" and "An Adventure in the High Knob Region," by N. Robinson; "Samuel Johnson," by Leslie Stephen; "Mohammedan Holy War," by Frederic Daniel, and "Electricity, the Queen of Our Century," by A. V. Abbot, are finely illustrated articles, and will greatly interest the reader. Oscanian has an illustrated article on "Osman Pasha of Plezna"; there are short stories by M. T. Cador, Marguerite F. Aymar, S. Annie Frost and others; several well-written sketches and poems by popular writers, and a very abundant miscellany embracing a large variety of subjects and replete with entertainment and useful information. There are, in addition to the illustrations of articles, stories, etc., several from the picture plate frontispiece, "A Distracting Model," from the painting of Hans Dahl. The number contains 128 quarto pages, and over 100 embellishments. A single copy is only 25 cents; the yearly subscription, \$3, or \$1.50 for six, and \$1 for four, months, sent post free. FRANK LESLIE, Publisher, 53, 55 and 57 Park Place, New York.
We call the attention of our readers to the advertisement of J. Monroe Taylor. This house has been established nearly 40 years, and their goods are celebrated for purity and strength. We would recommend a trial of their Gold Medal brand to all who desire superior cooking.

"On to Richmond"
Mr. A. H. Morris, who has been for many years the railroad agent, telegraph operator and express agent at Magnolia, N. C., has been relieved from duty at that post and ordered to report for duty at Richmond, Va., for which place he left last evening. His future duties will be in the employ of the Southern Express Company.
Mr. Morris is a capable and efficient railroad man and there are many who will deeply regret his departure. He was well and intimately known to the many who had business to transact at the warehouse, and his uniform courtesy and spirit of accommodation will be long and kindly remembered by them.
"The melancholy days have come, the saddest of the year," because of the increase of suffering induced by Colds, Coughs, Asthma, etc., all of which Dr. Ball's Cough Syrup will promptly cure.
Look Out For Them.
Last evening, (Tuesday) there were quite a number of tramp sharpers at Magnolia, Duplin county, bound to this city with the ostensible purpose of going up the river to Fayetteville to attend the Cumberland County races. Five of them undertook to "beat" the railroad company out of a ride, three by getting upon the cowcatcher and two by concealing themselves between the tender and post car. The evening was intensely dark and favorable, but Capt. Cotts, the conductor, discovered them and politely invited them to "git", which they did in good order. They are blacklegs and gamblers and it will be well to have an eye on them if they should come to the city. They are all young and very well dressed.

The Tea Party.
Notwithstanding the inclement weather the Japanese Tea Party given last night at the City Hall, by the ladies of the First Presbyterian Church, was largely attended. A number of the entertainers were dressed in full Japanese costume and attracted much attention and some amusement. A beautiful and attractive feature was the Chinese (we mean Japanese) pagoda which was erected in the centre of the large hall. Many beautiful articles of Japanese ware were displayed and the refreshment tables were liberally patronized. To-night is the last of the entertainment and all should go.
The Tea Party.
Owing to the fact that we could not until late obtain a report of the proceedings of the railroad meetings in this city held yesterday, which was in its turn due to the prolonged session, we were obliged to contract our report in yesterday's issue. We now publish resolutions which were adopted by the stockholders and also by the Board of Directors of the Wilmington & Weldon R. R. By the stockholders it was
Resolved, That the President and Directors of this Company be, and they are hereby authorized to increase the capital stock of the Company to such extent as may be necessary to provide for the outlay incident to the construction of the Scotland Neck branch of this road, and to provide for this Company's proportion of such sleeping car equipment for the Atlantic Coast Line as may be deemed essential; the whole not to exceed \$200,000—and that the said stock shall be disposed of to the highest bidder after due advertisement; provided, that no bid shall be accepted at less than par.
Resolved, That the President and Directors of this Company be and they are hereby authorized to purchase at not exceeding 110 such of the \$571,000 7 per cent gold bonds recently issued as the holders thereof may signify their willingness to dispose of, on or before the 5th day of January next, payable in the capital stock of this Company at par; and that they be authorized to increase the capital of the Company to such extent as may be necessary to pay for same.
The Board of Directors adopted the following:
Resolved, In accordance with the authority conferred upon the Board by the stockholders at their meeting, held this day, W. T. Walters, D. MacRae and B. F. Newcomer were appointed a committee with power to advertise for proposals and to dispose of so much of the capital stock of this company as may be necessary to meet the expenditures made and to be made on the Scotland Neck Branch Railroad, and to provide for this company's proportion of such sleeping car equipment for the Atlantic Coast Line as may be deemed essential, the whole not to exceed \$200,000, and not to be disposed of below par. Also, to notify the holders of the \$571,000 7 per cent bonds recently issued, numbered from to of their privilege to sell the same to the company at 110, payable in capital stock at par, provided they notify the Treasurer at Wilmington of their desire to do so on or before the 5th of January next.
A Lucky Pump Maker.
A recent number of The Washington (D. C.) Post gives an interesting sketch how one Augustus De Grammond, driven out of the pump manufacturing business at the national capital owing to the general introduction of Potomac River water, was in his financial desperation led to venture sending a dollar to M. A. Dauphin, New Orleans, La., and in return obtained \$15,000, having received in return half of ticket No. 7,240 in the 137th monthly drawing of The Louisiana State Lottery on Oct. 11th. This good luck of a worthy Washingtonian will tempt many to correspond with the beneficent M. A. Dauphin, New Orleans, prior to the Grand Semi-Annual Distribution of over half a million of dollars on December 13th, under the sole control of Gen'l G. T. Beauregard of La., and Jubal A. Early of Va., and some one else will be put in history in like manner.

DIED.
JORDAN—On his farm, at Stag Park, near Burgaw, Pender county, N. C., on the 18th of October, 1881, Rev. JESSE FRIDGEN JORDAN, aged 76 years. He was afflicted with a long standing disease of the lungs. The deceased was endowed with a strong and cultivated mind and possessed of excellent sense and a fine judgment, as well as energy of character. In all the varied relations of husband, father, neighbor, friend, citizen, patriot and christian, he was exemplary, firm, reliable, true and faithful. Converted early to religion he joined the Methodist Church early in life and became a regular minister of that denomination, when a young man. He labored with great good and success under the appointments of the church at various points in Georgia and North Carolina for many years until the failure of his voice compelled him to abandon preaching and to aid the Methodist ministers in the Circuit where he lived. He was a preacher of much force and power. The writer never heard more fervent prayers from human lips than this holy man of God was accustomed to make to the Throne of Grace. He has left the trials and gloom of earth to enjoy the peace and rest and joy of his higher home in heaven. "Blessed are the dead who die in the Lord."

"JUST IMAGINE HOW I FELT."
BRUNSWICK, Co., Va.,
November 5th, 1881.
Mrs. JOE PERSON,
Franklinton, N. C.

DEAR MADAM:—It is with pleasure that I write to tell you that your value of my Remedy has entirely cured me of a most fearful looking and painful sore on my ankle. It came more than twelve months ago, very much like a ring worm. I painted it with Tinct. Iodine, until it became a very painful and bad looking place. Then I commenced to try everything I could think or hear of, until it became so very painful I could scarcely walk. When I went to the best doctor in the country for advice. He told me he could cure me if I would take my bed and there remain for four or five weeks, and if I did not do so pretty soon, it could not be cured at all, as the bone would become diseased, and my foot would have to be taken off. Just imagine how I felt, to be told there was no cure for the sore but to lose my foot, or give up all business—either of these Remedies would have ruined me. Mind you this was the advice of one of the best doctors in the State of North Carolina, and this conversation took place last February. I continued to burn with caustic, as he advised until September, but derived no benefit from his treatment. I was advised then by a friend to try your Remedy, (Bitters and Wash) took the first dose the 17th of September, and I am now a well man, the sore is perfectly cured, and I can now walk as far, dance as much and jump as high as any man you know. Put me back to the list of September, let me know as much as I now do of the virtue of your Remedy, and I will not hesitate to pay ten dollars a bottle for it, if I could not get it for less. I think more of it than any medicine in the world. It is not only the best Remedy to purify the blood and cure all skin diseases, but I believe it will cure all kinds of blood diseases, and I know it will cure a love for strong drink. I hope you will have this published, as there are many sufferers who could be cured, if they could know of and get your Remedy. I am truly and respectfully,
Yours,
JOS. R. MASON,
South Gaston, N. C.
