"JUST IMAGINE HOW I FELT."
BRUNSWICK, Co., Va.,
November 5th, 1881.

Mrs. Joe Person,
Franklinton, N. C.
DEAR MADAM:—It is with pleasure that I write to tell you that your valuable Remedy has entirely cured me of a most fearful looking and painful sore on my ankle. It came more than twelve months ago, very much like a ring worm. I painted it with Tinct. Iodine, until it became a very painful and bad looking place. Then I commenced to try everything I could think or hear of, until it became so very painful I could scarcely walk, when I went to the best doctor in the country for advice. He told me he could cure me if I would take my bed and there remain for four or five weeks, and if I did not do so pretty soon, it could not be cured at all, as the bone would become diseased, and my foot would have to be taken off. Just imagine how I felt, to be told there was no cure for the sore but to lose my foot, or give up all business—either of these Remedies would have ruined me. Mind you this was the advice of one of the best doctors in the State of North Carolina, and this conversation took place last February. I continued to burn with caustic, as he advised until September, but derived no benefit from his treatment. I was advised then by a friend to try your Remedy, (Bitters and Wash) took the first dose the 17th of September, and I am now a well man, the sore is perfectly cured, and I can now walk as far, dance as much and jump as high as any man you know. Put me back to the 1st of September, let me know as much as I know of the virtue of your Remedy, and I would not hesitate to pay ten dollars a bottle for it, if I could not get it for less. I think more of it than any medicine in the world. It is not only the best Remedy to purify the blood and cure all skin diseases, but I believe it will cure all kinds of blood diseases, and I know it will cure a love for strong drink. I hope you will have this published, as there are many sufferers who could be cured, if they could know of and get your Remedy I am truly and respectfully,
JOS. R. MASON,
South Gaston, N. C.

Blind Tom plays in Raleigh this evening and to-morrow evening.

The receipts of cotton at this port for the two days foot up 2,639 bales.

Squirrels are said to be more numerous in this section than they have been known to be for years.

Blind Tom is booked for the Opera House in this city on next Tuesday and Wednesday evenings.

The ladies will find a new and attractive advertisement in this issue from Miss F. Karrer, at Exchange Corner.

Berries and birds are said to be plentiful in the woods this season, which is said by weather observers to be a sign of a cold winter.

No matter how gay the colored suits of the young men, the chimney never forgets its dignity and gravity, for its soot is always black.

The cool spell of weather has induced many of the farmers in the adjacent counties to kill some of their hogs, and the market, in consequence, is well supplied with pork.

There is unmailable matter in the Postoffice addressed to Mrs. J. V. Parker, 529 Ninth avenue, South Minneapolis, Minnesota, and a stamped envelope, illegibly addressed.

"Rough on Rats."
The thing desired found at last. Ask druggist for Rough on Rats. It clears out rats, mice, roaches, flies, bedbugs, 15c. boxes.

The recent change in the weather is delightful to those who have plenty of warm clothes, good food and a big wood pile. This morning was by far the coldest of the season, ice having been found almost everywhere out of doors.

The exports hence to-day foot up 1,077 bales cotton, per Nor. barque *Schadberg*, for Liverpool, shipped by Messrs Alex. Sprunt & Son, and 52,000 feet lumber and 85,000 shingles, per *Brucher*, *Mabel Darling*, for Nassau, shipped by Messrs E. Kidder & Sons.

For Atlanta.
Thanks to Col. A. Pope, General Passenger Agent of the Associated Railways, for a round trip ticket to the Atlanta Exposition, on the editorial excursion which is to leave Charlotte next Tuesday night. It is a great regret to us that we will be unable to go.

Made from Harmless Materials, and adapted to the needs of fading and falling hair, Parker's Hair Balsam has taken the first rank as an elegant and reliable hair restorative.

Important to Merchants.
A ruling made by the Acting Postmaster-General is of much importance, especially to merchants. General Hatton has decided that matter produced by the hand-stamp the type-writer or the copy press are all *prima facie* within the intent of the postal regulation, providing that reproductions upon paper having the character of an "actual personal correspondence" shall not be included in the term "printed matter." It is reasonable to assume, he adds, when the matter is produced by one not engaged in the business of printing, and one copy can be produced by the process adopted, that the matter is intended for use only between two persons upon subject persons to themselves.

You know how it is.
What to him was love or hope? What to him was joy or care? He stepped on a plug of slippery soap, the girl had left on the top-most stair. His feet flew out like wild, fierce things; and he struck each stair with a sound like a drum; and the girl below with the scrubbing things, laughed like a fiend to see him come. But he gathered himself with care and toil, and repaired the damage with St. Jacobs Oil,—like any sensible man would.

A Chance for Wilmington.

The REVIEW has already informed its readers of the fact that a scheme was on foot, inaugurated by Northern capitalists, for the purchase of the Cape Fear & Yadkin Valley R.R., with the view of extending it from Wilmington to the Ohio river. The proposition was first mooted, it seems, as long ago as August 17th of last year, in a letter to Gov. Jarvis. The matter seems to have been kept with much secrecy. We first heard of it here some six months ago but in such a manner that we could not give it publicity then. The proposition has now assumed a tangible shape. Mr. A. H. Canedo, Vice President of an organization known as the New York & Southern Railroad & Telegraph Construction Company, has addressed a communication to Gov. Jarvis, which, with his Excellency's reply, is published in full in yesterday's *News and Observer*. Mr. Canedo, in his communication, says:

I now have the honor to make a direct proposition to purchase said stock upon the terms set forth in a memorandum of a contract herewith annexed and made a part of this letter. This proposition is made for and in behalf of said New York & Southern Railroad and Telegraph Construction Company, and by virtue of a resolution of said company, under its seal and signature of its president and secretary, hereto attached.

The object of the company, as briefly alluded to in my letter of August 17th, is to construct a grand trunk line from Wilmington, N. C., via Fayetteville, Greensboro, Mt. Airy, through Virginia and Kentucky to Covington, opposite Cincinnati, Ohio, with branches down the Guyandotte River, West Virginia, and down the Tug Fork of Big Sandy, from Prestonsburg, Kentucky, to Ashland, on the Ohio River, and by connection at Mt. Sterling, Kentucky, with Louisville. Also a branch from Lloyd's, near Germantown, North Carolina, up the Yadkin Valley to Patterson, Caldwell county, North Carolina, and a subsidiary branch to Ore Knob; and also to construct a line from Florence, South Carolina, through Fayetteville to Goldsboro, North Carolina. I would further say that although it is not specifically referred to or mentioned in the memorandum of the contract submitted herewith, it is the intention of the contracting parties whom I represent that, in addition to the \$55,000 paid for the State stock, to pay off the entire floating debt of the Cape Fear and Yadkin Valley Railroad Company, amounting to about \$100,000, (as reported to me) before the final consummation of the sale and delivery of the road.

And I would beg leave to call your attention and that of the commissioners to the necessity for such legislation, at as early a day as practicable, as may be necessary to enable us to make a new issue of bonds and fulfill our obligations and push the work to an early completion of the main line between the initial and objective points.

Now, therefore, I would ask you to assemble the commissioners appointed by the Legislature at its session of 1881, to sell the above mentioned interest of the Cape Fear and Yadkin Valley Railroad held by the State, at as early a day as to you may seem proper, to consider this proposition.

Gov. Jarvis in his response tells Mr. Canedo that the Commissioners will be called together on the 19th of December, and requests that gentleman and his backers to be present. He candidly tells him that his scheme is of such magnitude, and of such importance to the State, that a searching investigation will be made as to his ability to carry out his propositions and that ample security will be required for a performance of contract, which is all right and proper. The entire matter is left by the Legislature in the hands of the Commission, which is composed of the following gentlemen: Dr. A. J. DeRosset, of Wilmington; Levi M. Scott and Julius A. Gray, of Greensboro; E. L. Vaughan, of Alleghany; George M. Rose, A. A. McKethan, Jr., and A. B. Williams, of Fayetteville; Orrin A. Hanner, of Chatham; Jesse F. Graves, of Mt. Airy; Tyre York, of Wilkes; A. J. Boyd, of Reckingham; Hugh Parks of Randolph, and W. A. Lash, of Stokes.

Mr. Canedo's company, be it understood, is separate and distinct from that represented by Gen. Imboden and the outlook at this time is that Wilmington is to have two routes to the Ohio Valley. As for the Cape Fear & Yadkin Valley R. R., that is bound to go into other hands. The road is out of funds and burdened with debt, and there is no iron to lay that portion of the road which is now ready for the rails.

We call the attention of our readers to the advertisement of J. Monroe Taylor. This house has been established nearly 40 years, and their goods are celebrated for purity and strength. We would recommend a trial of their Gold Medal brand to all who desire superior quality.

Thanksgiving.

Thanksgiving Day seems to have passed off in a quiet and orderly manner and without accident so far as we have been able to ascertain. The disagreeable weather interfered with the enjoyment of many but notwithstanding this fact the woods were full of nimrods, many went up the various roads, a large number down to the Sound and a few went to church and rendered thanks.

Sick headache, nervous headache, neuralgia, nervousness, paralysis, dyspepsia, sleeplessness and brain disease, positively cured by Dr. Benson's Celery and Chamomile Pills. They contain no opium, quinine, or other harmful drug. Sold by druggists.

River News.

The *North State* and the *Bladen* are the only Fayetteville boats here to-day. The former comes from Council's and the latter from Fayetteville, but both expect to go through on the return trip. Capt. Skinner left Fayetteville on Tuesday morning and got here yesterday, having tied up during the night. He says that there have been hard rains at Fayetteville and above that point, as well as below it, and he confidently looks for a plenty of water on his return. Considerable of a freshet is likely to result from these rains.

Amusing.

An amusing incident occurred at Market Dock this morning. A countryman had just crossed the river with his cart and mule when, in endeavoring to hitch up, the cart tilted and down went its contents. Among these were two dozen eggs, but two of which were broken by the fall, but the man was so incensed with his misadventure that he broke all of the balance himself. A colored individual who ventured to ask the price of eggs narrowly escaped receiving a handful in his face. The incident was the source of much amusement to those who were gathered there.

Notes from Atlanta.

Daniel Shaw, Esq., Chairman of the Board of Commissioners in Pender county, is now at Atlanta. In a note to the Editor of this paper he says that he has been in attendance on the Exposition and that its success is assured beyond a doubt. The crowds in attendance this week are larger than at any previous time. Mr. Shaw says that he looked through the North Carolina exhibit and that he is proud of it. There are very few North Carolina visitors at Atlanta, however, at this time, but there will probably be a large number of visitors from this State between this and the 31st of December, at which time the exposition will close.

Warner's Safe Kidney and Liver Care
Death of Mr. L. E. Rice.

We regret to learn of the death of Mr. Lawson B. Rice, Deputy Collector of Customs at this port, at his residence in this city, early this morning. He had been for a long time a sufferer from a bronchial affection, which was remotely the cause of his death.

Mr. Rice was a native of Lawrence, Mass., and was, we think, about 46 years of age. He was a paymaster in the navy during the civil war, and came to Wilmington in 1866, which has ever since been his home. He was a member of the Cape Fear Building Company, which founded Abbottsburg and built the saw mills there, and was a gentleman of enterprise and public spirit.

Elizabeth city *Economist*: The Conference of the African Methodist Church, which has been in session in this place for several days, has been largely attended. Cotton has yielded about two thirds of a crop, and the quality has been extra good. The staple unusually good. Price good. Corn has been a full crop. Rice about half a crop.

Durham Plant: A telegram to-day from Rev. L. J. Holden announced the sad news that Capt. Thomas Lynch was murdered in Oxford Tuesday night. At the time the telegram was sent there was no evidence to show who did the foul deed. Capt. Lynch was a son of Lemuel Lynch, Esq., of Hillsboro.

TO SUBSCRIBERS WILMINGTON TELEPHONE EXCHANGE.

YOUR ATTENTION IS CALLED to the following:
Whenever your Telephone is out of order don't fail to report it promptly. My endeavor is to get all instruments in working order and to keep them so if possible.
You understand, of course, that a Telephone Exchange, with its net-work of wires, forms a complicated system, and although the utmost vigilance is given, there will be times when some of the many wires will become crossed, grounded, or broken; but as soon as such cases come to our notice we will endeavor to remedy them in as short a time as possible. Subscribers are requested to answer calls promptly and to use numbers, as it greatly facilitates the business of the Exchange. The party who first calls for a connection, must never fail to say, "disconnect," when through talking; for if this is neglected the wires may remain connected indefinitely and thus unavailable for parties who may want them; operators cannot know by intuition when the wires are idle. If the above is complied with I see no reason why we shouldn't have a good-working Exchange. Address all communications to
