"JUST IMAGINE HOW I FELT."

BRUNSWICK, Co., Va.,
November 5th, 1881.

■ Mrs. JOE PERSON,

Franklinton, N. C.

DEAR MADAM:—It is with pleasure that I write to tell you that your valuable Remedy has entirely cured me of a most fearful looking and painful sore on my ankle. It came more than twelve months ago, very much like a ring worm. I painted it with Tinct. Iodine, until it became a very painful and bad looking place. Then I commenced to try everything I could think or hear of, until it became so very painful I could scarcely walk when I went to the best doctor in the country for advice. He told me he could cure me if I would take my bed and there remain for four or five weeks, and if I did not do so pretty soon, it could not be cured at all, as the bone would become diseased, and my foot would have to be taken off. Just imagine how I felt, to be told there was no cure for the sore but to lose my foot, or give up all business—either of these Remedies would have ruined me. Mind you this was the advice of one of the best doctors in the State of North Carolina, and this conversation took place last February. I continued to burn with caustic, as he advised until September, but derived no benefit from his treatment. I was advised then by a friend to try your Remedy, (Bitters and Wash) took the first dose the 17th of September, and I am now a well man, the sore is perfectly cured, and I can now walk as far, dance as much and jump as high as any man you know. Put me back to the list of September, let me know as much as I now do of the virtue of your Remedy, and I would not hesitate to pay ten dollars a bottle for it, if I could not get it for less. I think more of it than any medicine in the world. It is not only the best Remedy to purify the blood and cure all skin diseases, but I believe it will cure all kinds of blood diseases, and I know it will cure a love for strong drink. I hope you will have this published, as there are many sufferers who could be cured, if they could know of and get your Remedy I am truly and respectfully,

JOS. T. JAMES,

NEW ADVERTISEMENTS.
MISS E. KARRER—Something New
HEINBERGER—Christmas Goods
C. W. YATES—Christmas Goods

A "square meal" generally costs a round price.

Why do you speak of the silence of sleep, when most of us sleep sound?

The receipts of cotton at this port today foot up 1,642 bales.

November leaves us today. Tomorrow is the first day of the first winter month.

Glory is well enough for a rich man but it is of very little consequence to a poor man with a large family.

Explode gunpowder in your bed-room if you want to drive away flies and mosquitoes. A twenty-five pound keg will do.

If a cheerful heart is a continual feast, there must be a large number of people who do not get a square meal once a year.

Soon married men will be groaning over the fact that their wives are out buying them elegant Christmas presents.

In some respects the gentler sex far surpass us. No man, for instance, can deliver a lecture with a dozen pins in his mouth.

The clam has a larger mouth in proportion to its size than a human being, and yet a clam never talks about its neighbors.

When one knows a good thing it should be told; and we do know from experience that Dr. Bull's Cough Syrup is the best remedy for Coughs and Colds we ever used. It only costs 25 cents a bottle.

Some idea of the magnitude of the railroad interest in this country can be had from the fact that 860,000 people are employed in its service.

Dr. Foote's Health Monthly advises people to try a newspaper over the chest, beneath the coat, as a chest protector in extremely cold weather.

Children are already making up their lists of what they want Santa Claus to bring them. May none of them be disappointed in their wishes.

The most elegant buttons have the cameo head of Queen Elizabeth, or Marguerite, cut in mother of pearl. Price fifteen dollars a dozen.

Freshwater Perch, Trout and Black fish Hooks and Lines. A full assortment and lowest prices at Jacob's.

There was but one trifling case before the Mayor today.
Laura Hall was charged with disorderly conduct and was sent below for ten days in default payment of a fine of \$5.

Brig Stella (Br), from Bantry for Smithville, N. C. before reported abandoned was passed, totally dismasted, by steamer Neptune (Br), at St. Michaels, Nov. 15. The steamer took the wreck in tow, but was obliged to let her go on account of bad weather.

The scarcity of nuts and the thinness of corn shucks—the invariable signs of the weather wise farmer—indicate that the weather will be warm, while the goose bone (an equally reliable and solemn authority) points to a cloudy, stormy and inclement season.

To Builders and others—Go to Jacob's for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

Death of Mr. Patterson.

Mr. William A. Patterson, senior member of the firm of Patterson & Hicks, died this forenoon at the residence of Mr. W. H. McRary, in this city. Mr. Patterson had been a sufferer for a long time from consumption, the disease which terminated his life. He was a native of Milton, in Caswell county, but has been a resident of Wilmington for 25 years, having been employed previously to and for a few years since the war as bookkeeper in the office of Messrs. W. H. McRary & Co. He was unmarried and as near as we can ascertain at this time, about 40 years of age. He was of a quiet, retiring disposition, pleasant and affable in his discourse with others, and was probably without an enemy in the world. A host of friends mourn his departure.

Personal.

Mr. A. H. Canedo, representing the New York and Southern Railroad and Telegraph Construction Company, of which he is the Vice-President, is in the city to-day and at the Parcell House. The above company, it will be remembered, have made a proposition for the purchase of the State stock, 55,000 shares, in the Cape Fear & Yadkin Valley R. R., and the Commissioners have been called by Gov. Jarvis to meet in Raleigh on the 19th of December to consider the proposition.

Mr. Canedo is on his way from Raleigh to New York but as he was desirous of meeting and becoming acquainted with some of our citizens, concluded to pass a day in Wilmington on his return. He was called upon at the Parcell House by Dr. A. J. DeRosset, one of the State Commissioners for the sale of the road, Hon. A. H. VanBokkelen, Maj. C. M. Stedman, Messrs. R. E. and William Calder and other prominent citizens, whose names we did not hear. Afterwards, upon invitation, Mr. Canedo visited the Produce Exchange, where he met many others. He will leave here to-night on his return to New York, but will be in Raleigh again at the meeting to be held on the 19th.

Southward the Southern General's Fly.

About Thanksgiving Times for some years past many of the leading journals throughout the land have chronicled the movements southward of Gen'l G. T. Beauregard of La. and Jubal A. Early of Va., to New Orleans, where they resort semi-annually to conduct under their sole control the Grand Distribution of the Louisiana State Lottery, which will next occur at New Orleans on December 13th, when over half of a million of dollars will be cast among the ticket holders, and the full particulars of which can be had by sending to M. A. Dauphin, New Orleans, La. One hundred thousand dollars is the first prize. Who will get it?

It is feared that the enormous manufacture of wooden toothpicks is utterly destroying the forests of America; but then the young man who spends all his salary for good clothes must have something to eat.

Improvements.

Messrs. Altamir, Price & Co. have recently made some improvements to their sash and blind factory, at the foot of Walnut street. They have extended their building, the addition being 21x44 feet, and in this is to be located the glazing department, where the glasses are kept and fitted to the sashes. The office of the factory has also been removed from Nutt street, near Red Cross, and located in the mill yard, near the factory.

Produce Exchange.

At a meeting of the members of the Produce Exchange, held this day at noon, the President announced the death of Mr. William A. Patterson, of the firm of Patterson & Hicks, members of the Exchange, when on motion of Mr. C. H. Robinson, it was ordered that the members meet at their rooms to-morrow one-half hour before the time named for the services, and attend the funeral in a body. It was also ordered that a page in the record book of the Exchange be dedicated to his memory.

The Exchange will be closed during the funeral services.

The Cape Fear.

Steamers D. Murchison and North State are both here to-day from Fayetteville. They both brought large freights and it is said that there are lots more to come yet. There was about eight feet of water at Fayetteville when the steamers left, the river having fallen off about two feet, but it was then about at a standstill which is a sure indication of another rise. It is said that there have been heavy rains in the interior and that no apprehensions need be entertained for some time of a want of water. It is said that there are a large number of rafts on the way down the river to this port.

Criminal Court.

The following cases were disposed of in this Court to-day:

State vs. Wm. Price, for assault and battery. Verdict, guilty.

State vs. Tom. Wescott, for larceny. Verdict, guilty.

State vs. Pat Sullivan, for assault and battery. Defendant submits. Judgment suspended on payment of costs.

State vs. Albert Herring for larceny and Mary Ray for receiving. Verdict guilty as to the woman and net guilty as to the man.

State vs. Amanda Ferman, for perjury. Verdict, guilty.

State vs. John Solomon, for larceny. Verdict, guilty.

Exports Foreign.

Barque Glacier, Small, cleared at this port to-day for St. Pierre, Martinique, with 190,000 feet lumber, shipped by Messrs. E. Kidder & Sons; brig Aften, Johnson, for Pointe-Petre, Guadeloupe, with 166,173 feet lumber and 268,850 shingles, shipped by Messrs. Northrop & Cumming, and German brig Elisabeth Ahrens, Alm, for London, with 3,653 barrels rosin, shipped by Messrs. Patterson, Downing & Co.

Col. K. M. Murchison, of New York, is here on a short visit to his brother, Capt. D. R. Murchison.

In a recent interview with Mr. Joseph Gramer, one of the proprietors of the Emerson Piano Company, Boston, Mass., that gentleman remarked: I have used that splendid remedy, St. Jacobs Oil, in my family, and found it to be so very beneficial that I will never be without it. It has cured me of a severe case of rheumatism, after other remedies had failed.

We are glad to hear that Capt. W. J. Potter's wife is very ill, not expected to recover, at his residence, in Smithville.

A letter received here yesterday states that the residence of Mr. James Moore at Pittsboro, was destroyed by fire last Friday night. It caught from a spark. Nearly all of Mr. Moore's furniture was saved.

We call the attention of our readers to the advertisement of J. Monroe Taylor. This house has been established nearly 40 years, and their goods are celebrated for purity and strength. We would recommend a trial of their Gold Medal brand to all who desire superior cookery.
