Fayetteville Examiner. Sale of the State's Interest in the C. F. & Y. V. Railway.

We publish to day some very interesting documents in regard to the proposal by a company of capitalists, represented by Dr. Canedo, to purchase the State's interest in the C. F. & Y. V. Railway. The scheme disclosed in Dr. Canedo's proposal is one of large magnitude, involving the construction of not less than three hundred miles of railway within the limits of North Carolina, besides many additional hundred miles outside the State.

To this town the proposal specially commends itself. It contemplates a crossing of railways at this point which would give us advantages of an exceptional character. The branch to Shoe Heel and Florence would bring to this town much trade with a people who once brought their produce here, but have been induced to carry it elsewhere by the superior facilities of transportation in other directions.

Adapted from Harmless Materials, and adapted to the needs of fading and falling hair, Parker's Hair Balsam has taken the first rank as an elegant and reliable hair restorative.
