"JUST IMAGINE HOW I FELT."
BRUNSWICK, Co., Va.,
November 5th, 1881.

Mrs. JOE PERSON,
Franklinton, N. C.
DEAR MADAM:—It is with pleasure that I write to tell you that your valuable Remedy has entirely cured me of a most fearful looking and painful sore on my ankle. It came more than twelve months ago, very much like a ring worm. I painted it with Tinct. Iodine, until it became a very painful and bad looking place. Then I commenced to try everything I could think or hear of, until it became so very painful I could scarcely walk, when I went to the best doctor in the country for advice. He told me he could cure me if I would take my bed and there remain for four or five weeks, and if I did not do so pretty soon, it could not be cured at all, as the bone would become diseased, and my foot would have to be taken off. Just imagine how I felt, to be told there was no cure for the sore but to lose my foot, or give up all business—either of these Remedies would have ruined me. Mind you this was the advice of one of the best doctors in the State of North Carolina, and this conversation took place last February. I continued to burn with caustic, as he advised until September, but derived no benefit from his treatment. I was advised then by a friend to try your Remedy, (Bitters and Wash) took the first dose the 17th of September, and I am now a well man, the sore is perfectly cured, and I can now walk as far, dance as much and jump as high as any man you know. Put me back to the 1st of September, let me know as much as I now do of the virtue of your Remedy, and I would not hesitate to pay ten dollars a bottle for it, if I could not get it for less. I think more of it than any medicine in the world. It is not only the best Remedy to purify the blood and cure all skin diseases, but I believe it will cure all kinds of blood diseases, and I know it will cure a love for strong drink. I hope you will have this published, as there are many sufferers who could be cured, if they could know of and get your Remedy I am truly and respectfully,
JOS. R. MASON,
South Gaston, N. C.

Sweet Revenge.
"Cutting" treatment is so often applied to marble, that when it gets the chance to "cut back," it uses it. Mr. Wm. Will, 1613 Frankford Ave., Philadelphia, Pa., furnishes this example in a late communication: "Some time since I received a severe injury to my back, by falling against the sharp edge of a marble step, the stone penetrating it at least a half inch, and leaving a very painful wound. After suffering for a time, I concluded to apply St. Jacobs Oil, and am pleased to say, that the results exceeded my expectations. It speedily allayed all pain, and swelling and by continued use, made a perfect cure. I really think it the most efficacious liniment I ever used."

Being Enlarged and Improved.
Messrs. Hancock & Daggett are making some very extensive improvements to their store property on the North side of Market street, near Front. The building which is now of two stories, is to be extended clear to the alley in the rear, and raised two stories more, making it four stories in all, with a basement. The building, when completed, will have a front of 22 feet, a depth of 92 feet and a height of about 50 feet. It will be one of the handsomest business houses in the city.

The improvements are now in progress and will be pushed forward as rapidly as possible to completion. In the meantime, Messrs. Hancock & Daggett have removed temporarily to No. 5 Market street, where they will be glad to see and accommodate their customers. They will move back into their old quarters with a new stock just as soon as the repairs are completed.

Flies & Mosquitoes.
A 15c. box of "Rough on Rats" will keep a house free from flies, mosquitoes, rats and mice, the entire season. Druggists.

J. H. Loftin and Robert Blount, two colored youngsters, were before His Honor this morning, charged with the larceny of a pair of shoes from the store of Messrs. Evans & VonGlahn, and were bound over in the sum of \$25 each for their appearance at the next term of the Criminal Court.

One party, whose name we suppress, kept his store open a little too late on Saturday night, in consequence of which he was brought up for keeping open and selling on Sunday. He was discharged upon the payment of the costs.

Coffee drinkers should read the advertisement in another column headed *Good Coffee*.

The Package Matinee.
The package matinee given by Prof. Agostini at Rankin Hall on Saturday last was largely attended and the affair was not only a decidedly pleasant one in every respect but decidedly successful. In all, 241 packages, representing about 350 pounds of edibles, were received. Those were turned over to the St. James' Home, Mrs. C. G. Kennedy, President of the Ladies Benevolent Society, and a few private charities. It is in order for the Professor to give a repetition of so successful a scheme for the benefit of the many poor among us.

The Daily Review.

Five years ago the first issue of the DAILY REVIEW was launched on the uncertain sea of journalism. We trust that we will all live until Christmas 1886, and then call it ten years. With life and health and strength spared to us we will endeavor to accomplish this. In the meantime, any felicitous remarks which our brethren of the press may see fit to indulge in in regard to this, our five years of accomplished journalism, will be "thankfully received and gratefully appreciated", but we can't promise to publish them all in full, we are opposed to such things on the principle that we can furnish something more interesting for our many subscribers to read.

Personal.

Messrs. C. E. Brownell and A. E. Purple, cotton manufacturers, from East Haddam, Connecticut, arrived in the city last evening, stopping at the Parcell House. They have been in the South about two weeks, during which time, as a matter of course, they took in the Atlanta Exposition, where they remained four days. They express themselves as highly pleased with the exposition.

They also, while in Atlanta, visited the new cotton factory there, and thought that a lack of system, probably caused by inexperience in the management of the mill and its operations, was tending rather to retard its complete success.

They also visited the mills at Augusta and mentioned one of them as being conducted upon a perfect system, and as doing fine work. To our inquiries upon the subject, they stated that the only hindrance they could see to successful cotton manufacturing in the South might be in the long continued hot weather being too severe for the operatives to endure. This not being the case, in their opinion we can manufacture cotton at one cent less per pound than they can at the North.

They expressed themselves warmly and cordially upon the courteous treatment they had everywhere received, with pleasure at what they had seen and delighted with our general climate. During the day, with Mr. F. A. Newbury as their chaperone, they visited the Cotton Compresses, the Wilmington Cotton Factory and other places of interest to strangers in the city, and were especially interested in the working and power of the Compresses. They leave this evening for Richmond, where they propose to stop for a day or two before returning home.

We were pleased to meet to-day with Mr. Adam G. Latta, formerly of this city, but now of Savannah, Ga., who is here on a short visit.

The components of Dr. Bull's Cough Syrup are daily prescribed by the ablest physicians, whose success is due to the specific influence of these components. Dr. Bull's Cough Syrup, skillfully prepared for immediate use, is for sale by all druggists.

The steam dredge intended for work at this port, before reported at Beaufort, left that port on Saturday and is expected in below to-day.

Children's School Shoes, both lace and button, AT COST FOR CASH, at HOWE'S. 2w

Mr. James H. Low, of Atlanta, Ga., who was a resident of this city during the war, and for some time after its close, is here on a visit to his son-in-law, Capt. A. L. DeRosset.

The news from up the river is not encouraging. Steamboatmen who arrived here last night report the river so low that they have considerable difficulty in navigating over the Shoals between here and Fayetteville.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass &c. You can get all sizes and at the lowest prices.

The change in the weather has been remarkable. Yesterday morning it was cold enough for hot fires and heavy overcoats, and to-day it is necessary for comfort to leave the doors and the windows all open.

We very much regret to learn that Mr. Henry Nutt is quite ill at his residence in this city, and sincerely hope that his sickness may be but of a temporary nature, and that he may soon be restored to his usual health.

Appointment of Deputies.

We understand that Mr. W. P. Canada, Collector of Customs, has appointed Mr. R. C. Myers and Major Charles E. Taylor as Deputy Collectors at this port. Mr. Myers is appointed Special Deputy, and in addition to his other duties, will take charge of the office here during Mr. Canada's absence or sickness. His commission will be confirmed by the department at Washington City.

The appointment of these gentlemen will give general satisfaction here. They are both excellent business men, thoroughly qualified for their respective duties by long service, and have won the esteem and regard of the entire mercantile community by the courteous and considerate manner in which they have transacted their duties.

Fires in the Country.

From information received here, we learn that the dwelling house of Mr. G. A. Roper, situated a few miles from Laurinburg, together with the furniture therein, was destroyed by fire on last Sunday morning, at 11 o'clock. Some of the furniture was saved, but the larger part was destroyed. The fire is thought to have caught from a stovepipe. Insured for \$1,600 with Messrs. John W. Gordon & Bro., in the Liverpool, London & Globe.

On the 10th inst., last Saturday, a lot of naval stores at Sarcets, on the North East River, in Duplin county, the property of Mr. D. W. Boney, was burned, it is thought by an incendiary. His loss was \$1,000, also insured with Messrs. John W. Gordon & Bro., in the Liverpool, London & Globe.

Canaries.

All birds at this season require extra food. Canaries should have all through the year German summer rape, Sicily canary, and millet seeds mixed in equal parts, and care should be taken to have the seeds fresh and of the best quality. In addition to the seeds, feed canaries daily one-fourth part of a hard boiled egg both yolk and white, and mix with it as much cracker dust as can be taken on a 10c. piece. Fresh water, both for drinking and the bath, and plenty of coarse, washed gravel daily, will usually keep a bird in health. Twice a week give it a piece of apple or lettuce. If the bird has not yet finished moulting, keep him in an even temperature of about sixty-five or seventy degrees, and let him hang where there is no possibility of a draught blowing on him. If not yet in song hang a half inch strip of raw, fat salt pork in the cage, and let him pick at it for a week or so.

GOOD COFFEE.
Everybody wants it, but very few get it because most people do not know how to select coffee, or it is spoiled in the roasting or making. To obviate these difficulties has been our study. Thurber's package Coffees are selected by an expert who understands the art of blending various flavors. They are roasted in the most perfect manner (it is impossible to roast well in small quantities), then put in pound packages (in the bean, not ground), bearing our signature as a guarantee of genuineness, and each package contains the Thurber recipe for making good Coffee. We pack two kinds, Thurber's "No. 84," strong and pungent, Thurber's "No. 41," mild and rich. One or the other will suit every taste. They have the three great points, good quality, honest quantity, reasonable price. Ask your Grocer for Thurber's roasted Coffee in pound packages, "No. 84" or "No. 41". Do not be put off with any other kind—your own palate will tell you what is best. Where persons desire it, we also furnish our "Ideal" Coffee-pot, the simplest, best and cheapest Coffee-pot in existence. Grocers who sell our Coffee keep them. Ask for descriptive circular.
Respectfully, &c.,

Importers, Wholesale Grocers and Coffee Roasters, New York.
P. S.—As the largest dealers in food product in the world, we consider it our interest to manufacture only pure and wholesome goods and pack them in a tidy and satisfactory manner. All goods bearing our name are guaranteed to be of superior quality, pure and wholesome, and dealers are authorized to refund the purchase price in any case where customers have cause for dissatisfaction. It is therefore to the interest of both dealers and consumers to use Thurber's brands.
