"JUST IMAGINE HOW I FELT."  
BRUNSWICK, Co., Va.,  
November 5th, 1881.  
MRS. JOE PERSON,  
Franklinton, N. C.  
DEAR MADAM:—It is with pleasure  
that I write to tell you that your valuable  
Remedy has entirely cured me of a  
most fearful looking and painful sore on  
my ankle. It came more than twelve  
months ago, very much like a ring worm.  
I pointed it with Tinct. Iodine, until it  
became a very painful and bad looking  
place. Then I commenced to try every-  
thing I could think or hear of, until it  
became so very painful I could scarcely  
walk, when I went to the best doctor in  
the country for advice. He told me  
he could cure me if I would take my bed  
and there remain for four or five weeks,  
and if I did not do so pretty soon, it  
could not be cured at all, as the bone  
would become diseased, and my foot  
would have to be taken off. Just imag-  
ine how I felt, to be told there was no  
cure for the sore but to lose my foot, or  
give up all business—either of these Re-  
medies would have ruined me. Mind  
you this was the advice of one of the best  
doctors in the State of North Carolina,  
and this conversation took place last  
February. I continued to burn with  
caustic, as he advised until September,  
but derived no benefit from his treatment.  
I was advised then by a friend to try  
your Remedy, (Bitters and Wash) took  
the first dose the 17th of September, and  
I am now a well man, the sore is perfectly  
cured, and I can now walk as far,  
dance as much and jump as high as any  
man you know. Put me back to the 1st  
of September, let me know as much as I  
now do of the virtue of your Remedy,  
and I would not hesitate to pay ten dol-  
lars a bottle for it, if I could not get it  
for less. I think more of it than any  
medicine in the world. It is not only  
the best Remedy to purify the blood and  
care all skin diseases, but I believe it will  
cure all kinds of blood diseases, and I  
know it will cure a love for strong drink.  
I hope you will have this published, as  
there are many sufferers who could be  
cured, if they could know of and get your  
Remedy I am truly and respectfully,

were so terrible; his wife was also suffer-

**The Rain To-Day.**  
The most copious rain in this vicinity  
for many days, fell to-day, and for a  
couple of hours Water street well de-  
served the name which it bears. The  
water poured down in torrents that the  
gutters could not carry off as fast as it  
fell, and the streets were flooded in con-  
sequence.

**A Cutting Scrap.**  
**A difficulty occurred in Pender county,  
not far from Castle Hayne, on last  
Saturday night, between several colored  
persons, as a result of which one of them,  
a man who had been getting out timber  
in that section, was badly cut across the  
face, the breast and the arms. His as-  
sailant was arrested and the case was  
being tried yesterday. We did not learn  
the names of the parties.**

**Ball at Burgaw.**  
**The young people of Pender county  
are making arrangements to have a ball  
at Burgaw on the evening of Thursday,  
the 29th inst., and hope to make it a  
pleasant and enjoyable affair. From  
our knowledge of the persons engaged  
in getting it up, we have no doubt that  
it will prove a complete success. They  
hope that the young people of this city  
will remember the time and the occasion  
and make it a point to be present.**

**A Runaway.**  
**A horse, attached to a buggy, the  
property of Rev. C. Sampson, colored,  
took flight, at about 1 o'clock this p.  
m., on Front, between Princess and Mar-  
ket streets, and ran to the corner of  
Market street, where he was stopped by  
coming in contact with one of the tele-  
phone posts. The carriage and harness  
were considerably damaged, but the  
horse, we learn, was not injured. In his  
race the horse came very near running  
over a little girl, but fortunately she  
escaped.**

**Pender Court.**  
**It was expected yesterday that this  
Court would close to-day for the term.  
The criminal docket, which was very  
heavy, occupied the three first days of  
the week, and it was thought that the  
civil business could be dispatched to-day.  
Judge Shipp and Solicitor Galloway are  
both hard workers.**  
**The bar is largely represented. There  
were present yesterday twenty-four  
lawyers, thirteen of them from this city.  
Duplin, Sampson and Onslow were also  
represented.**

**The C. F. & Y. V. R. R.**  
As was generally foreseen, Dr. Canedo,  
of the New York and Southern Rail-  
way and Telegraph Construction Com-  
pany, has become the purchaser of the  
Cape Fear & Yadley Valley R. R., which  
means, we trust, that Wilmington is to  
be connected, at no distant day, with a  
line of railway direct to the Ohio river.

**Her Cargo**  
**The schooner Nellie Husted, now ly-  
ing at Messrs Northrop & Cumming's  
mill, is from Miragoane, Hayti, and with  
a cargo of logwood and spiders and  
scorpions. We saw two or three speci-  
mens of the latter to-day and they are  
truly villainous looking objects.**

day foot up 1,051 bales.**  
**The Christmas turkey is now on the

**Nature orders all things well. It is  
suggested that these dark nights greatly  
facilitate the stealing of Christmas poultry.**  
**Schr. William Deming, Hodgins,  
cleared at this port to-day for Gaudou-  
loupe, with 140,530 feet lumber, shipped  
by Messrs Northrop & Cumming.**  
**The dress makers are the best support-  
ers of newspapers, particularly during  
the spring and fall—they patternize  
every one which falls into their hands.**  
**The river is again low, there being  
only three feet of water on the shoals.  
There will be a reinforcement though  
in all probability, if to-day's rains ex-  
tended into the interior.**  
**Frank Leslie's Popular Monthly.**  
**The January number is one of remark-  
able excellence and abounds with liter-  
ary and artistic brilliants. Prominent  
among the latter is the colored frontis-  
piece, "The Finishing Touch," by Meyer  
Von Bremen. Douglas Campbell con-  
tributes a highly interesting article,  
"The Past, Present and Future of New  
York's Water Supply," which is pre-  
fessely illustrated. "Distinguished Inva-  
lids," "In the Land of Pyrenees," "Chas-  
worth," by N. Robinson, "Hearing," by  
T. Jeffrey Parker, are a few of the finely  
illustrated, noteworthy articles. Gerald  
Carlton's serial, "Leonie, Empress of the  
Air," is continued; and among the admir-  
able short stories are "The 9:30 Up,"  
"La Jeune; or, Actress and Woman,"  
"Sister Marguerite," "Sainty's Christ-  
mas Gifts," and "The Murder in the  
Rue St. Denis," both by Helen V.  
Hierson, etc., etc. There are several  
poems of merit, an unpublished one by  
Sir Walter Scott is invested with pecu-  
liar interest. There are also descriptive  
and personal sketches; paragraphs on a  
variety of subjects—entertaining, inter-  
esting and affording valuable informa-  
tion. The number contains 128 quarto  
pages and about 100 illustrations, and is  
offered at the low price of 25 cents. The  
annual subscription is \$3, sent post-free.

and 57 Park Place, New York.**  
**Complications.**  
**If the thousands that now have their  
rest and comfort destroyed by complica-  
tion of liver and kidney complaints  
would give nature's remedy, Kidney-  
Wort, a trial they would be speedily cured  
It acts on both organs at the same time  
and therefore completely fills the bill for  
a perfect remedy. If you have a lame  
back and disordered kidneys use it at  
once. Don't neglect them.—Mirror and
