Messrs Harding Johnson & Co. have dissolved partnership, the junior member, Mr. S. P. Shott, retiring. The business will be conducted by Mr. Johnson who will sign in liquidation.

Prof. Agostini's Fancy Dress Hop will take place at Rankin Hall next Friday evening. The gentlemen who may attend are particularly requested to appear either in full dress or fancy costume.

We learn that while a raft of timber was coming down the Cape Fear river last Friday, at a short distance this side of Fayetteville, it was torn to pieces and a colored man whose name we were unable to learn was drowned.

British brig *Stella*, from Heptry, for Smithville, N. C., reported abandoned, was seen Dec. 11th, in lat. 35, lon. 15. She was totally dismantled, but her hull appeared in good condition, cabin, bulwarks and deckhouse intact and mainmast battered down. She was heading East and drifting South.

### Business Change

Some changes have been made in the old and well known business house of Williams & Murchison, of this city, Fayetteville and New York. Mr. John D. Williams, of Fayetteville, retires and the cotton and grocery business in this city has been separated, Capt. Murchison conducting the former and Mr. G. W. Williams the latter. Mr. Henry C. McQueen, for several years past the confidential clerk here of the old house, has, we are pleased to see, been admitted as a partner in the cotton and naval store business. He is a gentleman of excellent parts and of thorough business capacity and his admission into this large and prominent house will be of much gratification to all who know him. The new firms will, we are sure, continue to merit and retain the remarkable success and prosperity which has always attended the old house.

## The Cape Fear and Yadkin Valley Railroad.

The agreement lately made by Dr. Canedo and the commissioners appointed by the Legislature to sell the State's stock in the above named corporation is too lengthy for us to print in *extenso*. We avail ourselves of a synopsis of the most important provisions, made by the *News and Observer*. The State sells its 5,500 shares of stock to the New York and Southern Railway and Telegraphic Construction Company, to be held as the present private stockholders hold their stock, and the said company agrees to pay within sixty days after the ratification of the agreement fifty-five thousand dollars to the Treasurer of the State and one hundred thousand dollars to President Gray, to be used in paying off the floating debt of the company.

Within twelve months from the ratification the road is to be completed and equipped in good running order from Raemont, near the South Carolina line, by way of Shoe Heel and Fayetteville to Greensboro. Within two years it is to be built and equipped in like manner from Greensboro to Mt. Airy, passing by Braces X Roads, Walnut Cove and Germantown. Within three years it is to be fully completed from Fayetteville to Wilmington, and up the valley of the Yadkin by way of Wilkesboro to Patterson, in the county of Caldwell, and also through the county of Surry to Ore Knob, according to the provisions of the charter.

Within thirty days after the payment of the \$155,000 the work is to begin, with sufficient force and material, and be continued until completed. On the payment of the \$155,000 the certificate for the stock sold is to be assigned on the books of the company, but the new certificate is to be deposited with the Treasurer of the State as trustee for the State and if the purchaser fails to complete the road in three years then it forfeits all interest in the stock and it reverts to the State, the purchaser losing entirely the \$155,000 paid. The mortgage bonds of the railroad company are also to be deposited with the State Treasurer, and are to be delivered up for sale only with the approval of the Governor, and then in amounts not greater than \$300,000 and upon an affidavit that the proceeds are necessary to pay for work done or material delivered. The purchasers are to vote the stock at all meetings of the railroad company.

If the \$155,000 is not paid within sixty days after the ratification of the agreement, the sale falls through, but Dr. Canedo has twenty days to get his syndicate to sign it, and then the railroad company has twenty days to accept it. If Canedo does not return the articles signed in twenty days, the agreement is not to be binding on the State. The gauge of the road is not to be changed.

A failure to begin work in thirty days, or to complete the different parts of the road according to this agreement, subjects the purchaser to a penalty of \$2,500 per month as long as the default continues, which, however, the Governor can remit in his discretion, and if not remitted the penalties are a lien on the stock which shall be sold to satisfy the same. And if the entire road is not built according to the contract the entire stock is forfeited to the State. Such is the substance of the agreement.

It appears therefore that the first thing to be done is for Dr. Canedo to get the signatures of his associates, the next the acceptance of the contract by the railroad company. These have to be done within forty days. Then within sixty days the money is to be paid and within thirty more the work is to begin. If things work right therefore, within four months the purchasing company will have its hands at work finishing the road.

### A Jewel.

Our friend, Professor Agostini, was in our office on business this morning. He wore a diamond ring presented to him by his friends in Charlotte. His presents of this character have been so numerous that he is compelled, in justice to all, to alternate or rotate in wearing them: a Wilmington ring one day, a Charlotte the next day and finally to wind up with Atlanta. If the thing continues, and we hope it may, the Professor will be fairly jewelled: the young ladies all pronounce him a jewel.

## Fire at Spring Garden

On Friday last about 1 o'clock P. M. the fine dwelling house upon the plantation formerly owned by Mr. A. E. Hall, deceased, and now belonging to Rev. J. B. Bailey, of Monroe, and situated at Spring Garden, in Pender county, was destroyed by fire. Mrs. Willis Webb, tenant of Mr. Bailey, was living in the house at the time. The fire was accidental. It is believed that sparks from the chimney, under the influence of a strong westerly wind which prevailed at the time, were blown into cracks or crevices between the chimney and top of the house, and in this way fired the upper structure of the house, as the flames were first seen springing from the upper part of the second story of the house; but too far advanced to be extinguished. The chimneys emerged from the body of the building, as it was a four-squared roof. Mrs. Webb succeeded in saving much of her property but a large part was damaged in the removal. The house was situated about three miles west of Rocky Point depot. We have not learned whether the house was insured.

How the hearts of a crowd swell and throb with pitiless hatred against the man who coughs during the performance at a theatre, when they know he is too stinky to invest twenty-five cents in a bottle of Dr. Bull's Cough Syrup.

## A Commendable Enterprise.

One of the most successful and deserving newspaper enterprises in the country is the *Tradesman*, published semi-monthly at Chattanooga, Tenn., devoted to the industrial interests of the South, in the development of which it is rendering most valuable aid.

An office was established at the Cotton Exposition being the only newspaper office on the grounds, from which thousands of copies have been distributed gratuitously; each different issue containing an article on the resources of two of the Southern States. These lists are published entire in the issue of December 15th, and form a complete directory of the industries of the Southern States, compiled with great care, giving name, location and business of every industrial concern in the South. It also contains the name, address and nature of goods displayed by every exhibitor at the Cotton Exposition and a summary of the resources of the South. This important issue, which is designed by the publishers as their Souvenir Exposition number, will be of great benefit in giving information in regard to the South to capitalists and others, and should be in the hands of every business man. Mailed to any address on receipt of 10 cents, by addressing Tradesman Publishing Company, Chattanooga, Tenn.

## Yearly Statement.

We are indebted to Col. Jno. L. Cantwell, Secretary of the Produce Exchange, for the following facts and figures as regards the receipts and exports at this port for the year ending December 31st, 1881. The statement is taken from the books of the Exchange and is therefore thoroughly correct.

The receipts of cotton for the year ending December 31st, 1881, foot up 129,792 bales, against 106,156 in 1880, an increase of 23,636 bales; spirits, 85,525 casks, against 89,954, a decrease of 4,429 casks; rosin, 432,654 barrels, against 480,984, a decrease of 48,330 barrels; tar, 60,534 barrels against 54,186, an increase of 6,348 barrels; crude turpentine, 91,458 barrels, against 108,231, a decrease of 16,773 barrels. The exports foot up as follows:—Cotton, 67,765 bales domestic, and 57,704 foreign in 1881, against 40,344 domestic and 65,718 foreign in 1880; an increase of 19,407 bales; spirits, 29,181 casks domestic and 58,477 foreign, against 33,272 domestic and 69,453 foreign, a decrease of 15,067 casks; rosin, 40,479 barrels domestic and 446,659 foreign, against 48,361 domestic and 399,359 foreign, an increase of 35,582 barrels; tar, 35,582 barrels domestic and 14,909 foreign, against 39,409 domestic and 14,032 foreign, a decrease of 2,950 barrels; crude turpentine, 2,335 barrels domestic and 102 foreign, against 3,356 domestic and no foreign, a decrease of 919 barrels.

Schooner *J. P. Wyman*, Uran, cleared at Baltimore Dec. 31st, for this port.

## A Heroic Woman.

During the fire which destroyed the large dwelling house of Rev. J. B. Bailey, near Rocky Point depot, on last Friday, one of the inmates, Miss Bettie Clark, niece of Mrs. Willis Webb, exhibited great pluck and daring in efforts to extinguish the flames and save the property. In despite of the protests and warnings of the older heads, she went up and down the stairway leading to the second story, rescuing valuable property, amid the suffocating smoke, burning air and falling roof, that made the second story unendurable and perilous. Still she went up and down the stairs loaded with valuables that she saved, until the passage way crumbled beneath and left her above with no means of escape. In this extreme peril, she made her way through an open door to the roof of the burning piazza, when those below called upon her to leap to the ground as her only means to save herself from destruction. But such a leap would probably have killed her; so she called for a ladder that she espied at a distance, and waited in coolness for its coming. The ladder was placed upon the crumbling sides of the burning piazza, and she bravely came down upon its rounds safely to the ground. In the hour of trial and danger there is nothing like coolness and intrepidity, and the female sex cannot be excelled in these qualities.

## A Minu e.

At a meeting of the Vestry of St. John's Church, Wilmington, N. C., on January 1st, 1882, the following preamble and resolutions were unanimously adopted:
