"JUST IMAGINE HOW I FELT."
 BRUNSWICK, Co., Va.,
 November 5th, 1881.

Mrs. JOE PERSON,
 Franklinton, N. C.
 DEAR MADAM:—It is with pleasure
 that I write to tell you that your valua-
 ble Remedy has entirely cured me of a
 most fearful looking and painful sore on
 my ankle. It came more than twelve
 months ago, very much like a ring worm.
 I painted it with Tinct. Iodine, until it
 became a very painful and bad looking
 place. Then I commenced to try every-
 thing I could think or hear of, until it
 became so very painful I could scarcely
 walk, when I went to the best doctor in
 the county for advice. He told me he
 could cure me if I would take my bed
 and there remain for four or five weeks,
 and if I did not do so pretty soon, it
 could not be cured at all, as the bone
 would become diseased, and my foot
 would have to be taken off. Just imag-
 ine how I felt, to be told there was no
 cure for the sore but to lose my foot, or
 give up all business—either of these Re-
 medies would have ruined me. Mind
 you this was the advice of one of the best
 doctors in the State of North Carolina
 and this conversation took place last
 February. I continued to burn with
 caustic, as he advised until September
 but derived no benefit from his treatment.
 I was advised then by a friend to try
 your Remedy, (Bitters and Wash) took
 the first dose the 17th of September, and
 I am now a well man, the sore is perfect-
 ly cured, and I can now walk as far,
 dance as much and jump as high as any
 man you know. Put me back to the list
 of September, let me know as much as I
 now do of the virtue of your Remedy,
 and I would not hesitate to pay ten dol-
 lars a bottle for it, if I could not get it
 for less. I think more of it than any
 medicine in the world. It is not only
 the best Remedy to purify the blood and
 cure all skin diseases, but I believe it will
 cure all kinds of blood diseases, and I
 know it will cure a love for strong drink.
 I hope you will have this published, as
 there are many sufferers who could be
 cured if they could know of and get your
 Remedy I am truly and respectfully,
JOS. R. MASON,
 South Gaston, N. C.

 nal Court, which convenes on the second
 Monday in February, as follows:

BOARD OF EDUCATION.

The Board of County Commissioners
 resolved itself into a Board of Education,
 when the following proceedings were
 had:

The recommendation of the school
 committees for the 1st and 2d Districts
 in regard to the pay of teachers, etc.,
 was, on motion, adopted.

On motion, the resignation of Wm. E.
 Giles, School Committeeman of District
 No. 5, in Harnett Township, was accept-
 ed, and George Hooper was appointed in
 his stead.

The Board then adjourned.

The violation of any of nature's laws
 brings its warning by the feeling of
 discomfort. Exposure will induce colds,
 throat diseases, consumption, etc. all of
 which give warning by a troublesome
 cough. Use Dr. Bull's Cough Syrup in
 time, and remove both the cause and
 effect of your discomfort.

High-heel Shoes
 High-heel shoes are again becoming
 the prevailing fashion for ladies, and it
 would be well for those using them to
 understand some of the ills arising there-
 from. It is true that high heels make
 the instep seem higher and give the foot
 a more graceful and shapely appearance,
 but as the heel of the foot is kept up
 above its proper level, the muscles, whose
 duty it is to raise it, are enfeebled by the
 loss of that exercise. These muscles are
 the calf of the leg, which will thus win-
 die away to the leanness of decrepit age
 and become a thin, unshapely shank if
 this distortion be long persisted in, for
 exercise unfolds the muscular system,
 producing a full, bold outline of the
 limbs, and if the high heel is substituted
 for the muscular action the limb is sure
 to become thin and unshapely.

The Wave.

Capt. W. A. Robeson, who has for so
 many years past been part owner of the
 steamer *Wave*, has purchased the re-
 maining interest from the Express Steam-
 boat Company, and will hereafter run her
 on his individual account. Messrs. Geo.
 W. Williams & Co. being agents here.
 The *Wave* is a splendid steamer, and
 has been lately overhauled and repaired.

The Beautiful Snow

The snow commenced falling pretty
 generally throughout the Eastern section
 of the State on Saturday last and con-
 tinued until near noon on Sunday. It
 extended also well into the interior. In
 Raleigh there was sleighing on Monday.
 Five inches of snow fell at Rockingham,
 in Richmond county, and the storm ex-
 tended down as far as Abbottsburg.
 On the W. & W. Railroad it extended
 down as far as Rocky Point, and at
 Moore's Creek, Pender county, it fell to
 the depth of two inches. It began to
 snow at Fayetteville on Saturday even-
 ing and continued until Sunday noon
 during which time there was a fall of
 four inches. The snow extended down
 the river as far as Elizabethtown. The
 cars on the different railroads came in
 with their tops laden with the fleecy
 element, and when the steamers *Wave*
 and *Governor Worth* arrived here they
 had three inches of snow on the upper
 decks. In fact hardly any place escaped
 in this section, save upon the immediate
 sea coast.

When the steamers left Fayetteville,
 yesterday morning the river was rapidly
 declining, although there is yet an
 abundance of water. It is expected
 that if warm weather should ensue with-
 in a few days to thaw the snow that has
 recently fallen, the river will again rise
 as high as it was at the time the freshet
 was at its highest, and possibly higher.

The Insurance Question.

We publish herewith a petition which
 has been circulated in this city and pretty
 extensively signed, applying for a reduc-
 tion of rates on insurance here, in view
 of the fact that the Water Works are an
 accomplished fact, and that the risk by
 fire is thereby greatly lessened. The
 application is signed by a large number
 of our leading citizens, many of them
 among the most prominent business men
 of the city, and it is safe to say that the
 insurance they represent will run up into
 millions of money. In other cities, we
 understand that a reduction of rates has
 been made, and we suppose that it will
 also result here. To our mind, a reduc-
 tion of rates will entail an increase of
 business, rather than a diminution. The
 application, which we publish, must
 command the consideration of those to
 whom it is addressed:

NOTICE TO INSURANCE COMPANIES.
 Whereas Wilmington is favored with
 a thorough and complete system of Wa-
 ter Works (just completed) extending
 through the main streets where the
 greater portion of the most valuable
 property is located, and whereas the
 said Water Works are upon the most
 modern improved and complete system
 as a protection against fire and which
 so greatly lessens the risk and danger
 from loss by insurance companies and
 whereas the premiums paid on insurance
 are much higher in our city than in many
 other cities that have less water protec-
 tions, &c., therefore we the undersigned,
 ask and urge the agents of the various
 insurance companies doing business in
 this city to consider the above and cause
 a general reduction from 2, 4, 5 to 1/2 of one
 per cent upon premium rates heretofore
 paid. We ask it in simple justice to
 ourselves, knowing the risk on property
 to be much more reduced than what is
 above requested. We hope the above
 may be granted, and that a general re-
 duction of insurance heretofore carried,
 or the entire cancelling of policies may
 not be necessary on account of the vari-
 ous insurance companies declining to
 grant a reduction which is so manifestly
 just.
