"JUST IMAGINE HOW I FELT."
BRUNSWICK, Co., Va.,
November 5th, 1881,
Mrs. JOE PERRON,
Franklinton, N. C.

DEAR MADAM:—It is with pleasure that I write to tell you that your valuable Remedy has entirely cured me of a most fearful looking and painful sore on my ankle. It came more than twelve months ago, very much like a ring worm. I painted it with Tinct. Iodine, until it became a very painful and bad looking place. Then I commenced to try everything I could think or hear of, until it became so very painful I could scarcely walk, when I went to the best doctor in the country for advice. He told me he could cure me if I would take my bed and there remain for four or five weeks, and if I did not do so pretty soon, it could not be cured at all, as the bone would become diseased, and my foot would have to be taken off. Just imagine how I felt, to be told there was no cure for the sore but to lose my foot, or give up all business—either of these Remedies would have ruined me. Mind you this was the advice of one of the best doctors in the State of North Carolina and this conversation took place last February. I continued to burn with caustic, as he advised until September, but derived no benefit from his treatment. I was advised then by a friend to try your Remedy, (Bitters and Wash) took the first dose the 17th of September, and I am now a well man, the sore is perfectly cured, and I can now walk as far, dance as much and jump as high as any man you know. Put me back to the 1st of September, let me know as much as I now do of the virtue of your Remedy, and I would not hesitate to pay ten dollars a bottle for it, if I could not get it for less. I think more of it than any medicine in the world. It is not only the best Remedy to purify the blood and cure all skin diseases, but I believe it will cure all kinds of blood diseases, and I know it will cure a love for strong drink. I hope you will have this published, as there are many sufferers who could be cured, if they could know of and get your Remedy I am truly and respectfully,
JOS. R. MASON,
South Gaston, N. C.

That Organ.
That beautiful Carpenter organ now at Mr. Heinsberger's music rooms, and the property of the ladies of St. John's Church, will positively be raffled off next Saturday night, at 8 o'clock. The matter is in the hands of Mr. Berry Gleaves, who has the list and who has a few chances for sale. Every chance must be paid for before it is thrown.

The Tax on Drummers.
Some time since there was a meeting of about three hundred drummers, representing business houses in almost every section of the country, held in Atlanta, Ga., for the purpose of completing an organization, the subject of which is to obtain a repeal of the laws, both municipal and State, under which commercial travelers are taxed. This is a question that has been discussed throughout the country for some time past, and one which interests directly every town and city in this and every State. Pending any action which this organization may take looking to the relief sought, there has been a very important decision just rendered by the Kentucky court of appeals which is wholly in favor of the commercial men. In a test case submitted the presiding justice took section 2 of article 4 of the Constitution of the United States which declares that "the citizens of each State shall be entitled to all the privileges and immunities of citizens in the several States," and held that while the supreme court had not fixed the extent of meaning to be attached to the word "privileges and immunities," yet they are of comprehensive meaning, and the clause quoted unmistakably secures the right of a citizen of one State to pass into another for the purpose of engaging in lawful commerce, trade or business and to be exempt from any higher taxes than are imposed by the State upon its own citizens. The court also held that there was no difference between the tax upon the sale of an article and a tax upon the article itself, and hence an ordinance requiring a license fee from a non resident greater than is required of a resident is unconstitutional.

Board of Aldermen.

The Board of Aldermen met in regular monthly session at the City Hall last night.

The Finance Committee, in the matter of the Belgian block pavement, recommended that the matter be indefinitely postponed, and on motion the report was received and adopted.

The report of Mr. Norwood Giles, commissioner of the Sinking Fund, was received.

On motion of Alderman Chadbourne the Treasurer was instructed to have 1,000 copies of the report and accompanying statement of Mr. Savage, Treasurer, printed for distribution.

The Chief of the Fire Department was requested to supply the Little Columbia Fire Company with such quantity of hose as he can spare for their use.

The committee on Fire Department were granted further time in the matter of the removal of a fire engine to the north side of the W. & W. Railroad.

The same committee presented as their report in the matter of the petition of Hall & Pearsall, a protest of property owners against the erection of the shed petitioned for, and on motion, the petition was refused by the Board.

In the matter of a fire-alarm tower, the same committee submitted two plans for adoption. On motion, the whole matter was referred back to the committee, with power to act.

The action of the Committee on Streets and Wharves, contracting for new plank on the upper end of North Water street, was approved.

The Committee on Hospital reported that the hospital is now in full operation, and that during the months of November and December four hundred and two days of relief have been afforded and eleven patients still remain under treatment. The expenses for the past two months have been \$691.64, the larger part of which expense was for necessary fences, and repairs to the building.

The Clarendon Water Works Company tendered the services of the works as per contract.

Alderman Chadbourne moved that a committee of three be appointed to examine into all the points in connection with the contract of the city with the company and report at a called meeting of the Board. Adopted.

The Mayor appointed as said committee, Aldermen Chadbourne, Bowden and Alderman.

The report of the Chief of the Fire Department was read, and the Board adjourned.

CITY FINANCES.

Report of the Commissioner of the Sinking Fund, and Accompanying Statement of the City Treasurer.

OFFICE BOARD OF AUDIT & FINANCE, January 4th, 1882.
The Honorable the Mayor and Aldermen City of Wilmington:
GENTLEMEN:—As required by law, I beg to report the present status of the Sinking Fund.
Securities held,
Bonds maturing Feb. 1st, 1892, \$ 2,500
Bonds maturing Jan. 1st, 1897, 3,300
Bonds maturing Jan. 1st, 1899, 1,000
Bonds maturing Jan. 1st, 1901, 10,000
Bonds maturing Jan. 1st, 1904, 25,000
Cash uninvested 55
Total \$41,855

All of the above has been accumulated since the establishment of the Board of Audit and Finance, in 1877.

The possession of a sinking fund of the above proportion is of itself a matter of gratulation; but when it is coupled with the fact that within the same time the debt of the city has actually been reduced more than one hundred thousand dollars, the tax-payers cannot fail to appreciate the management of the city affairs since 1877.

Not only has this immense debt reduction been accomplished, but tax on real estate has been reduced one-fourth of one per cent., notwithstanding the fact that the assessed valuation thereon has been reduced \$637,832. The license tax has also been reduced.

The above concise statement of important financial items is highly gratifying, and of interest to every citizen; for not only has the municipal credit been restored, but a continuation of economical administration and proper application of revenues must undoubtedly lead to a further reduction of taxes.

All bonds belonging to the sinking fund, and the coupons thereto attached, have been indelibly stamped "Sinking Fund, City of Wilmington, N. C.," and are deposited in the vault of the Bank of New Hanover.

Your attention is especially directed to the accompanying valuable report of Mr. Savage, your Clerk and Treasurer, wherein a comparison is instituted, and

the present improved state of finances satisfactorily and clearly demonstrated.

Yours, respectfully,
NORWOOD GILES,
Commissioner Sinking Fund.

OFFICE CLERK AND TREASURER, CITY OF WILMINGTON, N. C. January 3, 1882.

Norwood Giles, Esq., Chairman Board of Audit and Finance, Wilmington, N. C.

Sir—In answer to your request of this date, that I furnish you with a statement of the present condition of city finances, as compared with the same when I entered upon the duties of my office, in July, 1877, I respectfully submit the following report:

By the city tax books of 1877 I find real estate assessed at \$3,832,890, and the rate of taxation two per cent.

On July 1st, 1877, the debt of the city, as near as could be ascertained, was about \$673,000, with not a dollar in the sinking fund. Much of this debt was in past due bonds and coupons and a floating debt of \$15,000. There was no money of moment in the treasury and an overdraft at bank of \$1,200. To pay the policemen and other expenses for June, 1877, it was necessary to borrow \$2,300 from bank.

The bonds were selling for seventy cents, or less, on the dollar, and the coupons were bought up at a discount ranging from ten to twenty per cent., and paid into the Tax Collector's office by the purchasers for taxes at par.

The current expenses of the city for the fiscal year ending May 12th, 1877, were \$79,359.57; balance due treasurer by his account that date, \$1,999.72.

I find by the tax books of 1881 real estate assessed at \$3,195,058, and the rate of taxation one and three-fourths per cent. The present debt of the city is, all in bonds, \$572,100; the sinking fund is \$41,800. No floating debt or past due coupon. The six per cent. bonds are now at par, and the eight per cent. bonds cannot be bought at 105.

The current expenses of the fiscal year ending April 1, 1881, were \$ 54,480.67
Cash on hand at that date 10,415.75
Thus we see that real estate was assessed in 1877 at 3,832,890.00
The same real estate was assessed in 1881 3,195,058.00
Reduction of assessment on real estate 637,832.00
Total value of taxable property, real and personal, in 1881 4,856,557.00

The valuation of personal property is made by the taxpayers themselves and is largely in excess in 1881 of that returned in 1877.

The city tax on real estate in 1877 was \$76,657.80
The city tax on the same real estate in 1881, with four year's improvements, is 55,913.51

Reduction of city tax on real estate 20,744.29
In the matter of the monthly license tax on merchants I find that the following taxes were paid per month for the respective years:

Auctioneers	1877.	1881.
Bar rooms	\$10 00	\$ 5 00
Bakers	12 50	10 00
Commercial brokers	5 00	2 50
Commission merchants on sales of from \$5,000 to \$10,000	7 50	5 00
Wholesale and retail dealers, on sales of from \$500 to \$1,000	5 00	4 00

And all other license taxes have been reduced in the same proportion.

Upon the summing up I find the sinking fund increased \$41,800; the debt reduced \$100,000; the tax on real estate reduced 33 1/2 per cent.; the merchants' license tax reduced 35 per cent.; the city bonds at and above par, an advance of 50 per cent.

Very respectfully,
HENRY SAVAGE,
Clerk and Treasurer.

A New Steam Tug.
The steam tug *Confidence*, Capt. Bradley, from New Orleans, via Charleston, arrived here at 2 o'clock this afternoon. She is owned by Messrs S. & J. M. Flanagan, of Philadelphia, and consigned to Messrs Geo. Harriss & Co. of this city. She will be used here for towing vessels in the harbor and to and from Smithville. In general appearance the *Confidence* very much resembles the steam tug *Bianche*, but she is said to be much faster. She is fitted with compound engines and has all the appliances for towage, and will remain here as a regular towboat. She arrived at Smithville at 7 o'clock this morning, and immediately commenced business by towing a schooner up to the city.

Magistrate's Court.
Mary Jones, colored, for an assault and battery, on Celia Sauls, also colored, submitted, paid the costs and was discharged.

Celia Sauls was then arranged for an assault and battery on Mary Jones, and she submitted, paid the costs and was discharged.

Aleck Sauls, colored, for an assault and battery on the above-named Mary Jones, submitted, paid the costs and was discharged. This being all the business, the dusky trio departed and the court adjourned for the day.

Weather Wisdom.

Under the title of Old Probabilities, one of the most useful and valuable officers of the U. S. Government is most widely known. But quite as well known is Prof. J. H. Ties, the meteorologist of the Mississippi Valley, whose contributions to his favorite study have given him an almost national reputation. On a recent lecture tour through the Northwest, the Professor had a narrow escape from the serious consequences of a sudden and very dangerous illness, the particulars of which he thus refers to: The day after concluding my course of lectures at Burlington, Iowa, on 21st December last, I was seized with a sudden attack of neuralgia in the chest, giving me excruciating pain and almost preventing breathing. My pulse, usually 80, fell to 35; intense nausea of the stomach succeeded, and a cold, clammy sweat covered my entire body. The attending physician could do nothing to relieve me; after suffering for three hours, I thought, as I had been using St. Jacobs Oil with good effect for rheumatic pains, I would try it. I saturated a piece of flannel large enough to cover my chest, with the Oil, and applied it. The relief was almost instantaneous. In one hour I was entirely free from pain, and would have taken the train to fill an appointment that night in a neighboring town, had my friends not dissuaded me. As it was, I took the night train for my home, St. Louis, and have not been troubled since.
