LOCAL NEWS.

The fact that the year is to have one Sunday more than most years have is regarded by many good people as a cheerful omen for the advance of the Gospel. It at least to that means two more sermons than usual will be heard from every pulpit.
 There is no increase as yet of the water in the river at Fayetteville, as a result of the recent snow in the interior. On the contrary, it is still falling, and when Capt. Sandy Robeson left Fayetteville yesterday there was there but 10 feet on the Shoals.
The "Sun" Almanac
 We have received, through the courtesy of the publishers, Messrs S. Abell & Co., the Baltimore *Sun* Almanac for 1882. It is neatly gotten up and contains much interesting matter relating to Baltimore and its vicinity, and is valuable for the large amount of statistical and other information concerning the "Monumental City."
Vaccination.
 Dr. J. C. Walker, Superintendent of Health, gives notice that he has received a fresh supply of vaccine matter, and that all persons applying at his office between the hours of 12, noon, and 2 p. m. will be vaccinated free of charge.
 Although there is no small pox now in the city, it prevails extensively in cities north of here, from whence it is very liable to be brought here, and this precautionary measure should not be neglected.
 Freshwater Perch, Trout and Black fish Hooks and Lines. A full assortment and lowest prices at Jacobs's.
Stormed.
 Some twelve or fifteen couples of young ladies and gentlemen dropped in last night on Mr. T. H. Smith, at his residence, on Front street, corner of Church. They were prepared for a storm and carried the music along with them. Mr. Smith surrendered at discretion and then did his best to help along the fun. The young folks danced until 2 o'clock, and about midnight were entertained with refreshments. Everybody voted it a decided success.
 It takes over one hundred pairs of gloves to assuage the grief of the Brooklyn officials over the death of an alderman, whose life might have been saved by a single bottle of Dr. Bull's Cough Syrup.
The City Finances.
 The exhibit of the city finances published by us yesterday is correct in every particular, and there is, therefore, no need to republish it to-day. It is a splendid showing, and is an evidence of what real reform means, which is economy and honesty in the management of public affairs, with taxes and expenditures at the lowest possible figures. We doubt if there is another city in the United States which can make as fine a showing for the past four years.
 To Builders and others—Go to Jacobs's for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.
City Court.
 A. R. Batson, colored, charged with disorderly conduct, was the first case on the docket this morning and it was settled by his forking-over to the city treasury a fine of \$5, and he was discharged.
 Amzi Rudisell, colored, charged with the same offense, was discharged.
 Another case, charged with the same offense, was discharged upon the payment of a fine of \$4. We suppress the name with the hope that the individual may see the evil of his ways and act accordingly.
Sale of Railroad Stock.
 The 2,000 shares of the W. & W. Railroad stock, for which proposals were invited up to noon yesterday, were taken by Messrs. J. Harmanus Fisher & Son, of Baltimore, Md., at \$101.50 per share. A higher figure was offered by parties who only wanted 100 shares, but as Messrs. Fisher & Son's proposition was for the entire amount or none, of course the whole was awarded to them.
 The holders of the 7 per cent. bonds of the Company, to the amount of \$391,000, notified the Treasurer that they would exchange the bonds and \$110 for stock of the Company, at par, in accordance with the privilege granted them by a resolution of the stockholders at their annual meeting in November last.

 The nice little steam tug *Wm. Noyce*, (no pun intended here) which broke down in some of her machinery about a week ago, has been overhauled and repaired and will resume work to-morrow. She had steam up to-day and everything was found to work nicely.
 Mr. Archie Wilson, who is employed with Mr. Herman Hintze, at his meat shop, on Second street, met with a very painful accident this morning, nearly losing two fingers by an ill-directed blow of his meat axe. The wound is very painful, but the doctor hopes to save the fingers.
Magistrate's Court.
 Isaiah Easton, colored, was arraigned before Justice Millis, charged with an assault and battery upon Mary Jones, colored, and was found guilty, but judgment was suspended upon the payment of costs. This was not satisfactory to the defendant, and he appealed, and gave bonds in the sum of \$50 for his appearance at the next term of the Criminal Court.
From Wilson to Florence.
 We understand that the surveys for the new railroad cut off, from Wilson to Florence, S. C., are to be begun at once. Col. Bridges, on his recent visit to Fayetteville, gave the necessary instructions and the survey is to be begun this week. Two parties will start out from Fayetteville, one towards Wilson and the other towards Florence. Col. Fleming Gardner, the well-known engineer, is to have charge of the surveys. The line to Wilson is to be run via Smithfield, in Johnston county. We very much fear that this cut-off will work much more of injury than of benefit to Wilmington.
The Weather.
 The Chief Signal Officer of the Army furnishes the following special bulletin to the press:
 A storm of slight energy is advancing from the northeast and is now central near Lake Superior, cloudy weather prevails in all the districts east of the Mississippi, with rain in the Southern and Middle States and Ohio Valley and light snow in the Lake Region. The temperature has risen slightly in all the districts, but continues below freezing as far South as the Ohio Valley and Virginia. Easterly to southerly winds prevail in the Lake Region, and westerly on New England coast and Upper Missouri Valley.
 Indications are that rain will prevail in the Middle and South Atlantic States and snow in New England, New York and the Lower Lakes during Friday and Friday night, followed on Saturday by clearing weather and slightly higher temperature.
EDITOR REVIEW:
 Will the Chairman of the Board of Audit and Finance or the City Clerk and Treasurer inform the public what reduction of the debt and taxes have been made since the accession to office of Mayor William L. Smith?
 The public have been informed heretofore as to the decrease of the indebtedness and reduction of taxes during Mayor Fishblate's administration and a repetition is unnecessary. If the figures were to be published since Mayor Smith's administration, the public could institute a comparison. A CITIZEN.

"JUST IMAGINE HOW I FELT."

BRUNSWICK, Co., Va.,
 November 5th, 1881.
 Mrs. JOE PEARSON,
 Franklinton, N. C.
 DEAR MADAM:—It is with pleasure that I write to tell you that your valuable Remedy has entirely cured me of a most fearful looking and painful sore on my ankle. It came more than twelve months ago, very much like a ring worm. I painted it with Tinct. Iodine, until it became a very painful and bad looking place. Then I commenced to try everything I could think or hear of, until it became so very painful I could scarcely walk, when I went to the best doctor in the country for advice. He told me he could cure me if I would take my medicine and there remain for four or five weeks, and if I did not do so pretty soon, it could not be cured at all, as the bone would become diseased, and my foot would have to be taken off. Just imagine how I felt, to be told there was no cure for the sore but to lose my foot, or give up all business—either of these Remedies would have ruined me. Mind you this was the advice of one of the best doctors in the State of North Carolina and this conversation took place last February. I continued to burn with caustic, as he advised until September, but derived no benefit from his treatment. I was advised then by a friend to try your Remedy, (Bitters and Wash) took the first dose the 17th of September, and I am now a well man, the sore is perfectly cured, and I can now walk as far, dance as much and jump as high as any man you know. Put me back to the 1st of September, let me know as much as I now do of the virtue of your Remedy, and I would not hesitate to pay ten dollars a bottle for it, if I could not get it for less. I think more of it than any medicine in the world. It is not only the best Remedy to purify the blood and cure all skin diseases, but I believe it will cure all kinds of blood diseases, and I know it will cure a love for strong drink. I hope you will have this published, as there are many sufferers who could be cured, if they could know of and get your Remedy. I am truly and respectfully,
 JOS. R. MASON,
 South Gaston, N. C.
 The Remedy is for sale in Wilmington by Dr. Wm. H. Green. Send for circular of testimonials.
