"JUST IMAGINE HOW I FELT."
BRUNSWICK, CO., VA.,
November 5th, 1881.
MRS. JOE PERSON,

Franklinton, N. C.
DEAR MADAM:—It is with pleasure that I write to tell you that your valuable Remedy has entirely cured me of a most fearful looking and painful sore on my ankle. It came more than twelve months ago, very much like a ring worm. I painted it with Tinct. Iodine, until it became a very painful and bad looking place. Then I commenced to try everything I could think or hear of, until it became so very painful I could scarcely walk, when I went to the best doctor in the country for advice. He told me he would cure me if I would take my bed and there remain for four or five weeks, and if I did not do so pretty soon, it could not be cured at all, as the bone would become diseased, and my foot would have to be taken off. Just imagine how I felt, to lose my foot, or give up all business—either of these Remedies would have ruined me. Mind you this was the advice of one of the best doctors in the State of North Carolina and this conversation took place last February. I continued to burn with caustic, as he advised until September, but derived no benefit from his treatment. I was advised then by a friend to try your Remedy, (Bitters and Wash) took the first dose the 17th of September, and I am now a well man, the sore is perfectly cured, and I can now walk as far, as fast as much and jump as high as any man you know. Put me back to the 1st of September, let me know as much as I now do of the virtue of your Remedy, and I would not hesitate to pay ten dollars a bottle for it, if I could not get it for less. I think more of it than any medicine in the world. It is not only the best Remedy to purify the blood and cure all kinds of blood diseases, and I know it will cure a love for strong drink. I hope you will have this published, as there are many sufferers who could be cured, if they could know of and get your Remedy. I am truly and respectfully,
JOS. R. MASON,
South Gaston, N. C.
The Remedy is for sale in Wilmington by Dr. Wm. H. Green. Send for circular of testimonials. nov 14-daw

Golden Days.
We have received the January number of this excellent magazine for boys and girls. We have carefully scanned its pages, and without hesitation pronounce it one of the best periodicals for the juveniles we have ever seen. Some of the best writers of literature for the young in the country contribute to its columns, among whom we notice the names of Oliver Optic, Frank H. Converse, Horatio Alger, Jr., Mary N. Prescott and others who have devoted a lifetime to writing for the young. There is nothing flashy nor yellow-covered in the matter contained in *Golden Days*, but all is interesting while it is instructive. Published by James Elverson, N. W. corner Ninth and Spruce streets, Philadelphia, Pa., at \$4 per year, payable in advance.

A bright little two-year-old child in New Haven, Conn., was given many Christmas presents, including some mechanical toys, and was so excited by them that he was attacked with congestion of the brain and died on Wednesday.

The Hop at Rankin Hall.
From those who were in attendance we learn that Prof. Agostini was made glad by a large attendance at the fancy dress Hop given by him at Rankin Hall last evening. The costumes were tasteful, the music good and the company entered into the spirit of the occasion with an ardor and good will that made the affair highly enjoyable. As the getter up and promoter of such entertainments, the Professor is an assured success.

Consecration of Bishop Northrop.
We learn from the Baltimore Sun that Rev. H. A. P. Northrop, the newly named Vicar-Apostolic for North Carolina, will be consecrated at the Cathedral in that city to-morrow morning. Pontifical high mass will be celebrated at 11 o'clock and Archbishop Gibbons will perform the ceremony of consecration. Bishop Keane, of Richmond, will deliver the sermon, in the absence of Bishop Lynch, of Charleston, who is sick and will be unable to attend. It is expected that the attendance of bishops and priests, as well as of laymen, will be very large and that it will prove one of the most interesting events of the kind ever celebrated in Baltimore.

An Item.
Some little consternation at first, and amusement afterwards, was occasioned this morning at a business house on Water street. A crash was heard overhead and a man's foot and leg were suddenly projected through the plastering. This proved to be a young plumber who was at work on some water pipes and who was not as light a weight as he may have thought. He was released by one of the clerks who mounted a very tall step-ladder and tore away the laths so that he could withdraw his leg. "Water narrow escape it was," said Mac, "and not Oscar to show for it." "Granted" was the response from all.

The Weather.
The Chief Signal Officer of the Army furnishes the following special bulletin to the press:

Generally cloudy weather and rain has prevailed in the Southern States and Ohio Valley and rain and snow are reported from New England and the Lake Region. The indications are that the temperature will rise on the Atlantic Coast and fair weather during the rest of Saturday, followed by light rains during the night, and partly cloudy and warmer weather on Sunday. A cold wave is approaching from the extreme northwest, and much colder weather will prevail in the Upper Lake Region and Upper Mississippi Valley Sunday night.
