**"JUST IMAGINE HOW I FELT."**  
 BRUNSWICK, Co., Va.,  
 November 5th, 1881.  
 Mrs. JOE PERSON,  
 Franklinton, N. C.

DEAR MADAM:—It is with pleasure that I write to tell you that your valuable Remedy has entirely cured me of a most fearful looking and painful sore on my ankle. It came more than twelve months ago, very much like a ring worm. I painted it with Tinct. Iodine, until it became a very painful and bad looking place. Then I commenced to try everything I could think or hear of, until it became so very painful I could scarcely walk, when I went to the best doctor in the country for advice. He told me he could cure me if I would take my bed and there remain for four or five weeks, and if I did not do so pretty soon, it could not be cured at all; as the bone would become diseased, and my foot would have to be taken off. Just imagine how I felt, to be told there was no cure for the sore but to lose my foot, or give up all business—either of these Remedies would have ruined me. Mind you this was the advice of one of the best doctors in the State of North Carolina, and this conversation took place last February. I continued to burn with caustic, as he advised until September, but derived no benefit from his treatment. I was advised then by a friend to try your Remedy, (Bitters and Wash) took the first dose the 17th of September, and I am now a well man, the sore is perfectly cured, and I can now walk as far, dance as much and jump as high as any man you know. Put me back to the list of September, let me know as much as I now do of the virtue of your Remedy, and I would not hesitate to pay ten dollars a bottle for it, if I could not get it for less. I think more of it than any medicine in the world. It is not only the best Remedy to purify the blood and cure all skin diseases, but I believe it will cure all kinds of blood diseases, and I know it will cure a love for strong drink. I hope you will have this published, as there are many sufferers who could be cured, if they could know of and get your Remedy I am truly and respectfully,  
 JOS. E. MASON,

Steamboatmen report only a slight rise thus far in the Cape Fear as resulting from the recent rains.

The almanac promises that it will be cold, with high winds, on Thursday, and we'll bet it hits the cold part right.

Thanks to Capt. S. P. Collier, of the Freight Department of the Atlantic Coast Line, for a copy of the January issue of that attractive and useful publication, "How to Ship."

Dresses in Paris fashions are not so long as they were and shoes and stockings are the principal considerations. Old-fashioned diamond buckles are returning to favor. Shoes have lower heels and squarer toes.

"Old Probabilities," Vennor, the goose, bone, and all other prophecies, have been at fault recently in their predictions of the weather. The almanac has been almost as truthful as any of them.

Pink-eye, the new horse disease, has not yet appeared in Wilmington, so far as we are aware, but it is well enough to look out closely for it. They have it bad in Richmond, so bad in fact, that the street cars could not be run last Sunday.

We have received a postal card, mailed at Germantown, N. C., evidently addressed by a lady, but with nothing on the face of it, the card having evidently been mailed in forgetfulness of this fact. If this should meet the eye of the party who mailed the card she will know why there is no response.

 Yesterday's Raleigh *Visitor* says: "The Rev. Dr. E. A. Yates, the pastor of Edentou Street M. F. Church, is fast winning the esteem of his congregation by his fine sermons. He preached two most excellent sermons yesterday, especially the one at night from the text: 'Am I my brother's keeper?' This sermon created a most profound impression on the congregation during its delivery.

Thousands of families have had occasion to try the never failing qualities of Dr. Bull's Cough Syrup and they all unite in the praise of this wonderful prescription.

**First National Bank.**  
 The Sixteenth Annual Meeting of the stockholders of the First National Bank of Wilmington was held at their banking house, in this city, this morning.

Col. F. W. Kerchner was called to the chair, and Messrs. M. J. Heyer and Geo. R. French, Jr., were requested to act as secretaries.

**Oakdale Cemetery.**  
 The lot-owners of Oakdale Cemetery held their annual meeting for the election of officers last evening, with the following result:  
 President—Donald MacRae.  
 Directors—W. H. Northrop, Jas. H. Chadbourne, W. J. Yopp, Edward Kidder, George R. French and Dr. A. J. DeRosset.

From the report of the Superintendent, Mr. T. Donlan, we learn that there have been 79 interments during the year 1881; and what is a most singular coincidence precisely the same number were interred there during the year 1880. There were 25 removals from one lot to another on the grounds during the year: 9 removed from Oakdale and one removed to Oakdale. During the year 31 lots have been improved, 10 foundations for monuments have been built and 10 monuments and 11 headstones have been erected.

There has been 1,000 feet of new fence built during the year, 3,000 feet of fence repaired with new posts and the entire fence has been newly whitewashed.

The Lodge has been thoroughly repaired and painted, and the Summer Rest, on Section "H," has had a new floor, new foundations, and has been newly painted.

The bridge has been repaired, but needs a new abutment of either wood, brick or stone. The entrance gate is fast going to decay, and a new one will soon be a necessity.

The Superintendent recommends the removal of all large trees from private lots, and the putting back of those standing near, so as to guard against their being blown down by the storms, to the injury of the monuments and headstones. He also recommends a thorough clearing up and removal of all the underbrush on the grounds.

The Northern mail closes now at 5:15 P. M., instead of 5:30 P. M., as recently.

Galsborough hats are being hissed in the New York theatres. "Take your clothes off your head, sis," is the somewhat startling remark.

A man leaning against a lamp-post cannot be arrested for having no visible means of support. That is why the street corner loafer leans.

Office seeking is disgusting enough. A man who asks for an appointment abroad should be ashamed to look a foreign country in the face.

The Bar of Wilmington will probably adopt resolutions commemorative of the lamented Judge Brooks at either the session of the Federal Court, which meets on the first day of May, or that of the Superior Court, which assembles on the fifth day of June, most probably on the former occasion.

**Off For Texas.**  
 Rev. Dr. Patterson leaves here tomorrow morning en route for Palestine, Texas, where he goes in the interests of the University of the South. He will be absent about two months, most of which he will probably spend in Texas, and will return here in the Spring. We wish him a pleasant voyage and success in his efforts.

**The Weather.**  
 The Chief Signal Officer of the Army furnishes the following special bulletin to the press:  
 There are indications that a storm is developing in the southwest, and light rains and cloudy weather are reported from the Gulf States, Tennessee, Kentucky, Missouri and Iowa; generally clear weather continues in New England, Middle States and Lake Region. Northerly to westerly winds continue in the Middle and New England States, and northwest to southeast winds are reported from the Southern States and Mississippi Valley. The temperature has changed but slightly in the districts east of the Rocky Mountains to from 5 to 10 degrees above the mean for the month in all districts. The indications are that the cloudiness will increase on the Atlantic Coast with rain in the Middle and South Atlantic States and rain or snow in New England during Wednesday.
