"JUST IMAGINE HOW I FELT."
BRUNSWICK Co., Va.,
November 5th, 1881.
Mrs. JOE PERSON,
Franklinton, N. C.

DEAR MADAM:—It is with pleasure
that I write to tell you that your valuable
Remedy has entirely cured me of a
most fearful looking and painful sore on
my ankle. It came more than twelve
months ago, very much like a ring worm.
I painted it with Tinct. Iodine, until it
became a very painful and bad looking
place. Then I commenced to try every-
thing I could think or hear of, until it
became so very painful I could scarcely
walk, when I went to the best doctor in
the country for advice. He told me
he could cure me if I would take my bed
and there remain for four or five weeks,
and if I did not do so pretty soon, it
could not be cured at all, as the bone
would become diseased, and my foot
would have to be taken off. Just imagine
how I felt, to be told there was no
cure for the sore but to lose my foot, or
give up all business—either of these Re-
medies would have ruined me. Mind
you this was the advice of one of the best
doctors in the State of North Carolina
and this conversation took place last
February. I continued to burn with
caustic, as he advised until September,
but derived no benefit from his treatment.
I was advised then by a friend to try
your Remedy, (Bitters and Wash) took
the first dose the 17th of September, and
I am now a well man, the sore is perfectly
cured, and I can now walk as far,
dance as much and jump as high as any
man you know. Put me back to the 21st
of September, let me know as much as I
now do of the virtue of your Remedy,
and I would not hesitate to pay ten dol-
lars a bottle for it, if I could not get it
for less. I think more of it than any
medicine in the world. It is not only
the best Remedy to purify the blood and
cure all skin diseases, but I believe it will
cure all kinds of blood diseases, and I
know it will cure a love for strong drink.
I hope you will have this published, as
there are many sufferers, who could be
cured, if they could know of and get your
Remedy I am truly and respectfully,
JOS. R. MASON,
South Gaston, N. C.
The Remedy is for sale in Wilmington

THE DAILY REVIEW.

VOL. VI WILMINGTON, N. C. THURSDAY JANUARY 12, 1882 NO 10

LOCAL NEWS.

NEW ADVERTISEMENTS.
HEINBERGER—When the Sun Meets
C. W. YATES—All Right
Wm. H. GREEN—Indian Tea.

No Magistrate's Court to-day.

Avoid a slander as you would a scorpion.

Keep to the right when walking the thoroughfares.

The receipts of cotton at this port to-day foot up 422 bales.

There is a statement that by eating licorice you sweeten your breath.

A kind word spoken to a husband will go further than a broomstick or a flirtation.

Schooner *Jennie E. Simmons*, Grace, cleared at Philadelphia Jan. 9th, for this port.

Only one drunk and down in the guard house last night, and he was discharged this morning.

How often does it rain just hard enough to go to the theatre, but too hard to go to church!

Steamboatmen report a plenty of water—about 20 feet—in the Cape Fear, and they are happy.

The tooth of a mastodon weighs six and a half pounds. Imagine such a tooth with a jumping toothache.

A family in the First Ward are now troubled with the mumps—and regard the complaint as a well affair.

Why do girls kiss each other, while boys do not? Because girls have nothing better to kiss, and the boys have.

Relic hunters are paying fair prices for Confederate money and old fractional currency, but they must be in good condition.

To kiss a rosy cheek girl, and find your mouth filled with Venetian red, and she growing pale, is fearfully awful.

The latest argument in favor of hard money is found in the danger of transmitting small-pox by means of the paper currency.

Russian barque *Rasmo*, Gronblom, cleared at this port to-day for Bremen with 850 bales cotton shipped by Capt. A. D. Cazaux, Agent for Messrs Russell & Potter.

The stomach is a man's best friend but he uses it as if it were his worst enemy. It is supposed to hold three pints, but if one can't put four quarts in it he feels disappointed and hungry.

By notice published elsewhere it will be seen that the steamer *Clinton* will be sold at public auction at the foot of Walnut street, in this city, at 12 o'clock, on the 21st inst.

The air hereabouts is rife with matrimonial rumors and some of them of the most startling nature. Certain it is that the matrimonial fever has become epidemic in this locality.

Rubbing a bald head daily with a fresh raw onion will make the hair grow out again. Nature can stand a good deal, but when it comes to such treatment she throws up the sponge, and would start a crop of sorghum if the owner desired it.

Freshwater Perch, Trout and Black Fish Hooks and Lines. A full assortment and lowest prices at JACOBI'S.

The very best material with which to make lamp lighters is postal card. Cut them lengthwise into strips one sixteenth of an inch wide. They burn readily, do not give off sparks, and leave scarce a trace of ashes.

Don't keep in a constant fret about things that may be annoying, or worry about things you can't help. Troubles are not lightened by fretting. The true remedy is to keep cool and try to master the difficulties and not let them master you.

Skinny Men
Wells' Health Renewer. Absolute cure for nervous debility and Weakness of the generative functions, \$1 at druggists. Depot J. C. Munds.

Mr. Stephen Jewett, of this city, has decided to leave the Old North State and seek a new home among the orange groves in Florida. He will leave with his bride in a day or two, and there will be four others in the party.

Attention Needed.

We suggest to the city authorities the propriety of more lights and better lights on Nutt street, between Red Cross and the Carolina Central Depot, as also the propriety of having the pavements kept clear of obstructions. It is bad walking, at the best, but of a dark night it is dangerous, especially in crossing the tracks of the W. & W. and W. C. & A. Railroads, where there is not a light to guide the wayfarer. This is an important matter and should be attended to at once, inasmuch as the departure of the C. C. train takes place now at night, the depot being necessarily approached by way of Nutt street.

The coming holidays will be more generally observed than any for many years, and we would remind our readers that a bottle of Dr. Bull's Cough Syrup will prove a most acceptable holiday present.

Venor's January Weather

Venor's almanac for 1882 says it is a very cold term in northern and western sections, moderating toward the end of the week to heavy snowfalls in Canada and northern States, and rains in more southern sections. Unsettled and stormy but moderate weather will likely characterize the entry of the third week with blustery and drifty weather in the west and rain to the southward, followed by still milder weather and alternations of snow, sleet, and rain in the northern section. An occasional fine day between these disturbances. The 25th is likely to bring lower temperature. Week likely to end mild, with snow and rains extending southward to New York and Washington.

The Weather.

The Chief Signal Officer of the Army furnishes the following special bulletin to the press:

The storm which was central in the Southern plateau region yesterday morning has moved slowly to the eastward and is now central in Colorado. Cloudy weather prevails in the Mississippi and Missouri Valleys with rain in the Gulf States and Tennessee and snow in Dakota and the Upper Missouri Valley. Fair weather prevails in New England, Middle States and Lake Region with westerly winds. The temperature has fallen from five to ten degrees in Tennessee and the Lake Region and risen slightly in the Southwest Missouri Valley. The temperature has fallen from ten to forty degrees at St. Alma, in Western Montana, and Idaho. The indications are that cloudy weather with rain will prevail in the Middle and South Atlantic States during Friday, and snow will probably prevail in the Lake Region, New England and the Northern portion of the Middle States during Friday.

Sale of Real Estate

Messrs Cronly & Morris sold this morning at public auction at their sales-rooms, under direction and authority of Mr. Robt. Henning, the Executor of the estate of the late James Cassidey, and subject to confirmation, the following real estate situated in this city:
Four story brick building, 22x100 feet, on Market street—now occupied by Mr. Julius Sanson, to Mr. E. F. Hancock for \$6,200.
The old Cassidey residence on Church street, lot 186x264 feet, to Mr. James C. Munds, for \$1,500.
House and lot on Second street, between Nun and Church, to Mr. E. G. Barker, for \$1,525.
House and lot on Third street, between Nun and Church, to Mr. E. G. Barker for \$1,225.
House and lot on Front, between Taylor and Dawson streets, to Mr. E. G. Barker for \$530.
Terms:—One third cash, balance in 6, 12 and 18 months.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

This is a rapid age, beyond question. It is well illustrated by the experience last night of a gentleman in this city. He took supper with his family here at the usual hour last night and breakfast as usual this morning; yet, in the interval between the two meals, he had travelled to Hamlet and back, on the C. C. R. R., having accomplished 222 miles in the round trip.

Accept my sincere thanks for that almost miraculously healing remedy, St. Jacobs Oil. It has cured me and there fore I deem it my duty to give publicity to the fact that St. Jacobs Oil is the best remedy for rheumatism and similar affections.
H. HILLEN, Jefferson City, Mo.

Illness of Judge French.

Our community was pained to learn last night of the serious illness of Hon. R. S. French, of this city. He was attacked last evening, about 7 o'clock, with paralysis, his entire left side being affected. Reports to day as to his condition are not encouraging. He is said to be no better, although he is conscious and knows all who approach his bedside. We trust that a more encouraging report will be made to-morrow.

Installation Ceremonies

Right Reverend H. A. P. Northrop, the newly consecrated Bishop of North Carolina, will be installed in that high and responsible office at St. Thomas' Church, in this city, next Sunday, and Bishop Gibbons will conduct the ceremonies, in which he will probably be assisted by Bishop Keane and other dignitaries of the Catholic Church.

It is expected that the ceremonies connected with the installation will be solemn and impressive, and it is also expected that distinguished clergymen from other dioceses will be present on the occasion.
The episcopal residence will be in Wilmington.

A Natural Curiosity.

Pierce Powell, colored, of Columbus county, where he was born, raised and now resides, is a phenomenon in natural history. He is twenty-three years of age, and was born without hands or feet. The arms terminate at the wrist, a sort of excrescence extending therefrom on each, to which is attached a nail bearing some resemblance to a toe nail. One of his lower limbs terminates at the knee and the other descends half way down the leg, that portion below the knee appearing withered, without bones, and more like gristle than anything else. He is very active and is possessed of great physical strength; in fact, is a match for most men who are perfect in their organization; can pick money or even pins from the floor, and can hoe, cut wood and hitch and drive a yoke of oxen. He is very intelligent for one of his race, and has a pleasant and agreeable demeanor. He is in the city to-day, and his condition, together with his intelligence and happy disposition, have excited much interest among those who have seen him.

When a man brags that he can tell a person's character by the color of his hair, it is deemed rough to swindle him by steering him up against a man who wears a wig.

Mix a little carbonate of soda with the water in which flowers are immersed, and it will preserve them for a fortnight. Common saltpetre is also a good preservative.
