"JUST IMAGINE HOW I FELT."

BRUNSWICK, Co., Va., November 5th, 1881.

MRS. JOE PERSON.

Franklinton, N. C.

DEAR MADAM:-It is with pleasure that I write to tell you that your valuable Remedy has entirely cured me of a most fearful looking and painful sore on my ankle. It came more than twelve months ago, very much like a ring worm. I painted it with Tinct. Iodine, until it became a very painful and bad looking place. Then I commenced to try everything I could think or hear of, until it became so very painful I could scarcely walk, when I went to the best doctor in the country for advice. He told me he could cure me if I would take my bed and there remain for four or five weeks, and if I did not do so pretty soon, it could not be cured at all, as the bone would become diseased, and my foot would have to be taken off. Just imag ine how I felt, to be told there was no cure for the sore but to lose my foot, or give up all business-either of these Remedies would have rained me. Mind day. you this was the advice of one of the best doctors in the State of North Carolina and this conversation took place last February. I continued to burn with caustic, as he advised until September, but derived no benefit from his treatment. I was advised then by a friend to try your Remedy, (Bitters and Wash) took the first dose the 17th of September, and I am now a well man, the sore is perfectly cured, and I can now walk as far, cance as much and jump as high a any man you know. Put me back to " alst of September, let me know as much as I now do of the virtue of your Remedy, and I would not hesitate to pay tendolcured, if they could know of and get your | was good and convinced us. Remedy I am truly and respectfully, JOS. R. MASON,

It would be difficult to oust him now in favor of another Republican, because the business men of Wilmington would come to his support; but we think he will resign in 1885, for the benefit of a good Democrat.
