We gain this month 58 minutes of day light.
Shad were selling this afternoon at \$1 25 a pair.

The receipts of cotton at this port today foot up 459 bales.
February greets us today with a bright balmy atmosphere.

The Domino and Masquerade Ball, to be given by Prof. Agostini, has been postponed until Tuesday evening, February 7th.

To Builders and others—Go to Jacob's for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

The mysterious Rhoda draws large crowds to the exhibition on South Front Street. Many ladies and children thronged there this afternoon.

Ger. brig Express, Fretwirth, cleared at this port to-day for Bremen with 1,107 bales cotton, shipped by Messrs D. R. Murchison & Co.

Yesterday's Newbern News says that a fleet of six vessels are lying at the Midland pier, with corn from Elizabeth City and Hyde county, for Boney & Sons of Wilmington.

One of the oldest merchants of Akron and the leading druggist of that section, Mr. E. Steinbacher, informed the writer that without exception the sale of the Hamburg Drops was the most satisfactory of anything he had ever sold, and that the unprecedented demand was due solely to its merits. Such emphatic expressions need no comment on our part.

Yesterday's Savannah News says: The decrease in the receipts of cotton to date, as compared with last year, is 74,269 bales, or about one-tenth, which is a better showing than any other port makes except New Orleans.

The News is referred to the report published elsewhere in these columns, where it is shown that at Wilmington the receipts up to today are 15,239 bales greater than to January 31st, of last year.

Educational.
Rev. A. D. Mayo, D. D., of Boston, Mass., will lecture at the Opera House this evening, with "How Does Universal Education Pay?" as his subject. He is a fine speaker, is master of the subject which he proposes to discuss, and all his energies are wrapped up in the cause in which he is now engaged, and we hope that a large audience may be in attendance to be benefited and instructed by his address.

Official Changes.
Mr. W. A. Riach, who has been appointed Auditor of the Wilmington & Weldon and the Wilmington, Columbia & Augusta Railroads, to take the place recently occupied by Mr. J. R. Latta, arrived in the city to-day to enter upon the duties of that position. Mr. Latta, we understand, will remain in the employ of the two railroads, but in what capacity we were unable to learn.

It is the Height of Folly to wait until you are in bed with disease you may not get over for months, when you can be cured during the early symptoms by Parker's Ginger Tonic. We have known the sickest families made the healthiest by a timely use of this pure medicine.

Death of Dr. H. F. Murphy.
The large circle of friends and acquaintances of Dr. Hanson F. Murphy will be pained to hear of his death at his home, in Pender county, on yesterday evening. Dr. Murphy's friends have been aware of his hopeless condition for several weeks, and will not be surprised at this announcement. His disease was aneurism of the emoral artery and his confinement was painful and protracted. Dr. Murphy represented New Hanover county in the State Constitutional Convention of 1865-'6 when he lamented Wm. A. Wright, of this city. He was a brother of Dr. C. T. Murphy, who died recently in Clinton.

Cotton Figures.

The receipts of cotton at this port, from last September 1st, to date, foot up 116,821 bales as against 101,382 bales to same date in 1881, a gain this year of 15,239 bales. The receipts for January, 1882, foot up 12,463 bales, as against 7,303 bales in 1881, a gain for this January of 5,160 bales.

Harbor Master's Report.

We have received from Capt. Joseph Price, the Harbor Master, his report of the arrivals of vessels at this port during the month of January, 1882, from which we glean that during that month the arrivals were as follows:

American.	Tonnage.
Steamships	7, 6,277
Barques	1, 312
Brigs	3, 691
Schooners	25, 6,195
Total	36, 13,575
Foreign.	Tonnage.
Barques	12, 4,753
Brigs	3, 642
Total	15, 5,495

Making in all a total of 51 vessels of all sizes, registering 18,970 tons.

"It is more brave to live than to die." Therefore don't wait till a slight Cough develops itself into consumption but secure a bottle of Dr. Bull's Cough Syrup at the small outlay of 25 cents, cure your Cough and live on happily.

Cold Weather.
From a letter received in this city by relatives of Sheriff Manning, from Ramford, Me., where his wife was in attendance at the bedside of her dying father, we learn that on the day that the latter gentleman died the thermometer indicated 30 degrees below zero. We complain of the cold here in the "Sunny South" where it seldom falls to within 60 degrees of that chronicled above, but we have in fact but a faint idea of what real cold weather is. Go down in Maine where it is so cold you would freeze your fingers, while taking a chew of tobacco and where they have to warm ice before it is fit to use and you will find out what cold weather really is when it gets fairly to work and means business. We don't p see to try the experiment.

Freshwater Perch, Trout and Black fish Hooks and Lines. A full assortment and lowest prices at JACOBI'S.

Change of Programme.
As will be seen by reference to announcement in our advertising columns, Mr. Frank Mayo will play Hamlet, instead of Richelieu, on Friday night and Richard III, instead of Davy Crockett, as previously announced, on Saturday night. This change, we learn, has been made by the manager in response to a request from some of our theatre-goers who desired to see the two plays which have been substituted for the original programme presented on the stage of the Opera House.

We hope this change has not been made unadvisedly as we are aware that there are many who would like to witness Mr. Mayo's rendition of Richelieu, and there are some who are doubtful if he has a support equal to the demands of Richard III.

The Angola Tramway.
A communication from a friend in Pender county, which should have been received yesterday, tells us of a meeting which was held on Saturday last at which the Angola Tramway Company was organized by the election of the following officers:

President—Gibson James.
Superintendent—D. J. McMillan.
Secretary and Treasurer—K. F. Powers.

Directors—John W. James, J. K. James, K. F. Powers, Gibson James, D. J. McMillan.

The road is to run from Croom's Bridge, on the Northeast river, through Angola Bay to a little settlement of which we spoke some weeks ago, called Oak City, but which has since been changed to Williamsburg, in compliment to Mr. Geo. W. Williams, of this city. The distance between the two points is about 9 miles and through a level country, too, which is not only very heavily timbered, but much of which is among the finest farming lands in the State. The stock has been subscribed and the road is expected to be in operation next Fall. The right of way will be given and as the gentlemen who are at the head of the enterprise are all energetic and go-a-head men, the enterprise will, we are assured prove a successful one.

Heavy Freight Traffic.

We are happy to learn that the different railroads terminating in this city are doing a larger business than they have ever done before at this season of the year. The Wilmington & Weldon and the Wilmington, Columbia & Augusta Railroads are taxed to their utmost carrying capacity to convey the immense quantities of freight now being forwarded. The freight traffic, instead of diminishing, as it usually does at this season of the year, is decidedly on the increase.

Beautiful your homes by using the N. Y. Enamel Paint, ready mixed and warranted. Sold only at JACOBI'S.

THE MAILS.

The mails close and arrive at the City Post Office as follows:

New Advertisements

DR. C. W. BENSON, of Baltimore, Md., inventor and proprietor of the celebrated Celery and Chamomile Pills. These pills are prepared expressly to cure Sick Headache, Neuralgia, Nervousness, Paralysis, Sleeplessness and Dyspepsia, and will cure any case, no matter how obstinate, if properly used. They are not a cathartic, but only for these special diseases. They contain no opium, morphine or cocaine, and are not a purgative, but regulate the bowels and cure constipation by curing or removing the cause of it. They have a charming effect upon the skin, and a lovely quieting effect upon the nervous system, simply by feeding its ten thousand hungry eyes, in some cases starving absorbents. They make or create nerve matter and give power, force and buoyancy to the nerves, and in that way increase mental power, endurance and brilliancy of mind. Nobody that has a nervous system should neglect to take them two or three months in each year, as a nerve food, if for no other purpose.

Sold by all druggists. Price 50 cents a box; Depot, 106 North Eutaw St., Baltimore, Md. By mail, two boxes for \$1. or six boxes for \$2.50 to any address.
