Debility

NEWBERN, Sept. 6, 1881.

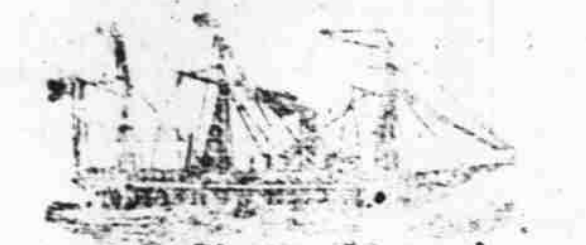

I HAVE USED MRS. JOE PERSON'S TONIC for general debility, consequent upon living in a low country, and found great benefit from it as an appetizer which gave tone to the system.

OPERA HOUSE—Kate Claxton
DR. THOS. F. WOOD—Martin's Vaccine Virus
One touch of winter makes the whole female world shiver.

Chinamen don't rock the cradle; they make the sky rocket.

To-day has been bright, balmy and spring-like, far more like May than like February.

There are 100,000 commercial drummers in the United States—the largest brass band on record.

They are fishing to-day for the broken cable of the Signal line but at last accounts had not recovered it.

A man eats cloves between the acts, so that not a breath of suspicion may be cast on his temperance character.

Beautify your homes by using the N. Y. Enamel Paint, ready mixed and warranted. Sold only at JACOBI'S.

Artemus Ward used to say of liars: "It is better not to know so much than to know many things that ain't so."

Advice to wives—Man is very much like an egg; keep him in hot water and he is bound to become hardened.

"She stoops to conquer." Can this refer to the fond mother who bends over her wayward boy with a number five slipper?

When doubting persons cast their bread upon the water, it is safe to say that there is something the matter with the bread.

To Builders and others—Go to JACOBI'S for Sash, Blinds and Doors, Glass, &c. You can get all sizes and at the lowest prices.

A veteran needs no patent medicines to prolong his life. Put the vet. on the pension roll, and he will hang on to life wonderfully well.

The man who advances all sorts of conflicting opinions always rises to say that anybody, expressing any opinion, agrees with him exactly.

Kate Claxton is booked for the Opera House in this city on Friday evening next, the 10th inst. and Geo. Adams' Humpty Dumpty troupe will appear next Monday evening.

Frank Mayo and his company played Richard III. at the Opera House on Saturday night to rather a slim house, which was owing probably to the threatening aspect of the weather.

Freshwater Perch, Trout and Black fish Hooks and Lines. A full assortment and lowest prices at JACOBI'S.

It is no use for poets to tackle the sea with such words as "Roll on, old ocean, with thy ceaseless roar." You can gamble on the certainty that she will roll and roar, poet or no poet.

Why are thoughtless ladies the very opposite of their mirrors? Because the one speaks without reflecting, the other reflects without speaking.

The new name for it is "smiling room." "Where have you been this evening, dear?" "At the smiling room, love." Sounds nice and innocent like, with sugar.

We often hear of a woman marrying a man to reform him; but no one ever tells about a man marrying a woman to reform her. We men are modest, and don't talk about our good deeds much.

Respecting the sewing on of buttons, while a man may not be able to do the job as quickly as a woman, and although he may miss the eye of the button and run the needle into his thumb nine jobs out of ten, yet when he gets the task completed, and breaks off the thread with a jerk, you can be pretty sure that the button will be on his pantaloons long after they are worn out.

Bed-Bugs, Roaches, Rats, mice, ants, flies, vermin, mosquitoes, insects, &c., cleared out by "Rough on Rats." Lic. boxes at druggists.

Personal.

Bishop Lyman goes to Waccamaw Lake this afternoon, where he will spend a few hours with Col. H. B. Short, after which he will take the night train for Charleston, whence he will go to Florida. He has been the guest, while in Wilmington, of Col. John Wilder Atkinson.

A doctor at Richmond says that if people will take a bath in hot whiskey and rock salt twice a year they will never catch a cold. Until somebody has tried this new remedy, we would say—stick to the old and reliable Dr. Bull's Cough Syrup.

A Free Lecture by Dr. Hession.

Dr. J. B. Hession, of New York, will give a free lecture in the Opera House, on Wednesday evening, February 8th. Those who wish to learn how to dispense with the services of a physician should attend this lecture; also, those who wish to pass a pleasant evening will find it instructive and entertaining. Let there be a full house. Lecture begins at 8 o'clock. Admittance free.

Mr. C. A. Beckford, Gen'l Agent for Gaff, Fleischmann & Co.'s Compressed Yeast, in Troy, N. Y., is a warm indorser of St. Jacobs Oil as a remedy for horses.

Mr. Kline.

Mr. Theo. D. Kline, Superintendent of the Richmond & Petersburg R. R., is in the city to-day. Mr. Kline, it will be remembered, was at one time Assistant Superintendent of the Wilmington, Columbia & Augusta R. R., in which position he made many warm friends in our city. He afterwards was appointed Superintendent of the C. C. & A. R. R., and afterwards accepted the position he now holds.

Bishop Lyman.

Bishop Lyman preached to a large congregation yesterday morning at St. James' and last night at St. John's. On the former occasion Mr. Armand DeRosset Meares was presented by Dr. Watson, the Rector of St. James', to the Bishop as a candidate for the diaconate, and he was confirmed a Deacon.

Rev. A. DeR. Meares is the eldest son of the late Col. Gaston Meares, the first Colonel of the gallant Third N. C. Infantry, who fell on the field of battle, and is the grandson of Dr. A. J. DeRosset, of this city.

The Southern Historical Society Papers.

We have received the October, November and December numbers of this interesting periodical, combined in one volume. It is filled with valuable information and historical facts relating to the late struggle for Southern independence, and in this field of labor is doing a noble and important work. The opening paper is entitled "Forgotten Testimony on State Sovereignty," by Charles Harriss, and is a very able document, not only to every lover of the "Lost Cause," but to every one who would like to preserve the history of the events connected with that fearful struggle. The yearly subscription is only \$3 and it is published by Rev. J. William Jones, at Richmond, Va., to whom all communications should be addressed.

Vaccination vs. Rheumatism.

We clip the following from the local columns of the Petersburg Index Appeal. It presents to us a peculiar case, but one which comes well authenticated. We publish it for the benefit of our rheumatic readers:

As an instance of "new application of old remedies" it may be mentioned that a lady of this city, who has suffered constantly and severely with rheumatism for many months past, has been almost entirely relieved of her sufferings by vaccination. As soon as her vaccination had taken well, the rheumatic suffering began to decrease, and continued to decrease as recovery from the effects of the prophylactic progressed, until now she is almost entirely restored to natural health, and, whereas, she was lately in almost constant bodily pain, and could scarcely move without some pain—she now enjoys delightful ease. If vaccination can be proved to be a cure for rheumatism, as well as a preventive of small pox, the discovery will be hailed with joy and gladness by many thousands. Let the matter be investigated by the faculty and well tested.

The News and Observer was mistaken in saying that Judge Russell's name had been withdrawn from the contest for the U. S. Judgeship of this district, in favor of Judge Seymour. There has been no change of late in the status of the question. The affair is still "hitched and hanging up."

The receipts of cotton at this port to day foot up 286 bales.

Steamship Regulator, Capt. Doane, sailed hence this morning for New York.

Schr. St. Croix, Haskell, cleared to-day for Point a Pitre, Guadalupe, with 200,089 feet lumber, shipped by Messrs. Northrop & Cumming.

The regular meeting of the Historical and Scientific Society will be held this evening in the Hall of the Knights of Pythias on Front street.

The grand masquerade ball under the auspices of Prof. Agostini has been postponed until next week. Due notice of time and place will be made in a day or two.

The receipts of rosin to-day foot up 4,308 barrels, which is the largest day's receipts of this article in nearly a year, 5,242 barrels having been received on February 23d, 1881.

Rev. Dr. Patterson was at the Warm Springs, Arkansas, last week, where he had stopped for the baths. He probably reached Palestine, Texas, in time to preach there yesterday.

We were pleased to receive a call to-day from Mr. J. H. Laine, general agent for Geo. H. Adams' New Humpty Dumpty Troupe, who are booked for the Opera House in this city next Monday evening.

Magistrate's Court.

James Anderson and Clifton Armstrong, both colored, were before a Magistrate this afternoon, charged with the larceny of empty oil barrels from the Wilmington, Columbia & Augusta R. R. Co. They were both bound over to the Criminal Court in the sum of \$100 each, and failing to furnish bonds, they both went to jail to await trial at the next term of the Criminal Court.

Empire Gypsum

By notice elsewhere it will be seen that Messrs J. R. Blossom & Evans, of this city, are now manufacturing and offering for sale a superior article of Nova Scotia gypsum. It is crushed here under the personal supervision of this firm at their Empire Plaster Mills and is undoubtedly a pure article. It is furnished in quantities to suit and at very low rates.

City Court.

Joseph Harper, colored, charged with disorderly conduct, was discharged on payment of costs.

Francenia Moore, also colored, charged with disorderly conduct, was found guilty and sentenced to pay a fine of \$5, or else go below, and below she went.

Two white men, whose names, at their own request, are suppressed, were found guilty of disorderly conduct, and were fined \$5 each, which they paid.

The Banker's Daughter.

The Banker's Daughter is to be presented at the Opera House this evening by the Collier Combination Troupe and we are glad to learn that the prospects are good for a large house. Commenting on its presentation in Wheeling, W. Va., the Intelligence, of that city, says:

The Opera House was filled last evening to witness the second presentation in this city of that popular society play, "The Banker's Daughter." It can be safely said, without fear of contradiction, that the organization that appeared on the boards in this city for the past two nights is the finest one that has been seen in Wheeling since "Diplomacy" was performed, three seasons ago. Every member of this combination is an artist and perfectly fitted to the part. Everything is said and done evenly, naturally and without affectation, and, for the time, each seems to live and feel the part assigned. Given, as the drama is, with elegant costumes and handsome stage accessories, the seeming lack of appreciation shown by the audiences is deplorable. Both evenings the absence of old theatre-goers shown was noticeable, and the coldness by those that were present must have been depressing to the company. The play abounds with fine situations that appeal to one's sympathies, but yet last evening only once or twice did the audience acknowledge the same. We must again speak in praise of the performance of Miss Florence White, who assumed the title role. Her acting was perfection itself. Mrs. Walcott, as "Mrs. Browne," was delightful, and further, it is impossible to speak in detail, all were so good. It is hoped that Collier's Combination may visit Wheeling again and be greeted with packed houses.

The Board of County Commissioners met this afternoon but the proceedings are too late for this issue.

Ketch Thief!

This was the cry raised on Market and Front streets this forenoon. Abram Brady, colored, was tempted by the appearance of a pair of pants at a store on Market street, and so attempted their capture. He was seen and followed with a hue and cry of "Ketch thief!" and finally brought up in a yard in the rear of Messrs. West & Co.'s store, where he was captured by no less an individual than Capt Brock, Chief of Police, who "ketches" him. He will make his appearance before the Mayor to-morrow.

Regular monthly meeting this evening of the Board of Aldermen.
