IN CONGRESS YESTERDAY.

WASHINGTON, February 16.—Mr. Hampton reported favorably a joint resolution directing copies of the official letter books of the Executive Department of the State of North Carolina to be furnished to the said State.

After an explanation by Mr. Edmunds that a short executive session at this time would be more desirable than at the close of the session, in view of the arrangement for the final disposition of the Polygamy bill to-day, the Senate at 12.40 o'clock went into Executive session, and at 1.15 o'clock resumed legislative business, when the regular order, the Anti-polygamy bill, was proceeded with, the question being upon the 8th section as reported from the Judiciary Committee.

An interesting debate followed, in the course of which Messrs. Brown and Morgan, among others, spoke against the returning board feature of the bill, which gave the commissioners power to disfranchise all polygamists, which term they might construe to cover all Mormons inasmuch as polygamy is a tenet of Mormon faith. The remaining committee amendments and the several sections of the bill were agreed to without further debate, and the bill reported to the Senate.

Mr. Brown then renewed his amendment, requiring that not more than three members of the Board of Commissioners should be members of the same political party. Agreed to upon a party vote—yeas 26, noes 24.

Mr. Davis, of Ill., voted aye with the Democrats. Mr. Mahone was absent. Another amendment offered by Mr. Brown to the last section of the bill was adopted, prohibiting the board from disfranchising any one on account of his opinion on the subject of bigamy or polygamy.

The bill finally passed by a viva voce vote, in which no negative responses were heard.

HOUSE OF REPRESENTATIVES

Mr. Cox, of N. Y., from the committee to audit the expenses growing out of the death and burial of the late President J. A. Garfield, reported a bill granting a pension of five thousand dollars a year to Mrs. Lucretia R. Garfield, passed.

Mr. Flowers, of N. Y., presented a petition of 2,400 merchants and other citizens of New York city for the abolition of the tax on bank deposits and the stamp tax on bank checks. Mr. Cox presented a similar petition, bearing 1,600 signatures, and Mr. McLane, of Md., a similar petition from 1,600 citizens of Baltimore. They were all referred to the Committee on Ways and Means.

Under the call of committees the following bills were reported:

From the Committee on Territories, for the admission of Dakota into the Union as a State. House Calendar.

From the Committee on Ways and Means, fixing the term of office of collectors of internal revenue at four years. House Calendar.

Consideration of the Apportionment bill was resumed.

News and Observer

The Murderer Captured. The coroner yesterday went out to hold an inquest over the body of Mr. Eldridge Blake, whose murder by Henry Jones, a negro, was noted in yesterday's issue.

The news of the affair, as published, was slightly inaccurate, as is shown by later developments. It appears that Mr. Blake and George Peebles had arrested Jones for stealing an ox and selling him in Raleigh. Jones asked to be allowed to go by his house. His request was granted and the officers stood in the yard while he sat on the door steps, tying his shoes. In a few moments he swore he would not go a step further. Peebles then went off to a neighboring house to get help so as to tie Jones. When he returned with some neighbors Blake was found lying dead in the yard of Jones' cabin, while the murderer had disappeared.

A musket found on the floor, which had just been discharged, told the story. The negro had stepped in the house, taken the gun and shot Blake, taking dead aim at him through a crack between the logs.

Tuesday Jones lay near the scene of the murder, it now appears, for before day yesterday morning he stole a valuable roan horse from Mr. William Stell, and fled with the animal, going, it is thought, towards Weldon.

Governor Jarvis, as appears elsewhere offers a reward of \$200 for the capture of Jones, the murderer. A very large posse of citizens, raised by the authorities of the county, has been in hot pursuit of the murderer. Deputy Sheriff James A. Rogers went to the scene yesterday with the sheriff to use all efforts to capture Jones, and to raise the country against him. His early capture was possible. In addition to the reward of

\$200, a reward of \$25 is offered for the recovery of the horse.

At 10 o'clock last night Sheriff Nowell received a telegram from Enfield, as follows:

"I have Henry Jones, the murderer, and horse in custody. Please answer at once." "J. C. Derr."

Last evening Deputy Sheriff Rogers returned from the scene of the murder, with Coroner Richardson. He gives us some new facts as to the murder. It was committed about 8 o'clock Tuesday morning, and Jones laid around in the woods all day, until after nightfall, when he stole Mr. Stell's horse, bridle and saddle, and fled. Mr. Rogers says that Mr. Blake was shot with No. 2 shot, the part of his head above the mouth being full of shot holes, each of which showed distinct. He was only 22 years of age. He was called Eldridge Blake, but his name was said to be Alvis H. Blake. He was unmarried.

The verdict of the Coroner's jury was that Blake met his death at the hands of Henry Jones. This morning a telegram will be sent Mr. Derr to bring the murderer to Raleigh, and he will perhaps arrive to night.

Although the meeting has been going on for nearly three weeks, the interest unabating. There have been up to the present about 75 conversions and 30 accessions to the church. The house is crowded at every meeting. Mr. Baldwin is a very popular preacher.

News and Observer: Yesterday morning the dead body of one Pomp Pardue, white, was found on the railway track, two miles beyond Kittrell. An inquest was held yesterday, whose result is not known. It is said that there is a belief that the man was not killed by the train, but that he had been killed by some persons and his body placed on the track. Interesting developments are expected.

Fayetteville Examiner: Col. L. C. Jones, who was sick at his residence at Jonesboro a short time since, is now much better, being able to attend actively to the duties of his position as Superintendent of the C. E. & Y. V. Railway.

Winston Sentinel: Twenty-four years ago Mr. Harrison Pitts purchased one acre of ground in Winston near the line that divides the two towns, paying for the same \$450. Today after that lapse of time he has realized \$4,162, or an increase \$3,712 on his investment.

Last Saturday night a fire broke out in a dwelling, the property of Mrs. Lea, near the Winston Male Academy and in a short time levelled it with the ground. Mr. W. H. D. Curtis occupied the house, and lost a goodly share of his property, upon which, fortunately, there was an insurance. On the building there was none.

Chatham Record: Master Willie Headen, of this place, has a hen of the "Plymouth Rock" breed, that lays the largest eggs that we have seen anywhere. Those shown us average in weight three and a half ounces. —A correspondent from Alamance writes us that, on the 5th inst., a young man of that county, named John H. Bivins, drowned himself in Haw river, near Saxapahaw factory. The deceased is said to have been a steady and upright man, a member of Bethel church, and recently married. He was out of his mind at the time of his suicide.

Charlotte Home: A young man came on the night train on Monday last from the North, and registered at the Central Hotel as J. H. Bonbright, New York. He resorted to various plans to secure money, when finally he went to the First National Bank where

he presented a draft for \$75, endorsed by Nisbet & Bro., which was held. A few minutes later Mr. Nisbet entered the bank, when Mr. Orr spoke to him about the matter, when the latter denied all knowledge of the affair having been asked for his signature for the alleged use of a mercantile agency. An officer arrested Mr. Bonbright who carried him before Justice Waring, who committed him in default of bail. The amount of the draft was returned although it was evident that Bonbright intended to escape if possible, having given notice at the office of the Hotel that he would vacate his room. He says he is a native of Plymouth, N. C., and has heretofore bore a good character.

Rescued from Death. William J. Coughlin of Somerville Mass., says: In the fall of 1876 I was taken with bleeding of the lungs followed by a severe cough. I lost my appetite and flesh, and I was confined to my bed. In 1877 I was admitted to the Hospital. The doctors said I had a hole in my lung as big as a half dollar. At one time a report went around that I was dead. I gave up hope, but a friend told me of Dr. William Hall's Balsam for the Lungs. I got a bottle, when to my surprise, I commenced to feel better, and to-day I feel better than for three years past.

"I write this hoping every one afflicted with Diseased Lungs will take William Hall's Balsam, and convinced that Consumption can be cured. I can positively say it has done more good than all the other medicines I have taken since my sickness."
