MES. JOB PERSON. Dear Madam:-I commenced last Janmary to use your Bitters and Wash on our little daughter Annie, aged twelve years, for Scrofula, with a tendency to White Swelling, the physician said. At the time I commenced using your Remedy she was very much reduced in flesh, complexion sallow, appetite poor, lim be very much swollen, bones enlarged, with two frightful sores on her left leg near the an kie. After using the Remedy a week or two I could see a change, as I then thought, for the worse. The sores dischar. for this port. ged copiously a yellow corruption, sometimes running in a stream to the floor in spite of the linens. But feeling encouraged by your letters I persevered and after using the Remedy a while longer her strength was greatly improved, her appe-

tite good and complexion much improved. Those symptoms encouraged me, but the low of corruption continued for several months, and not until her general health was greatly improved did the sores begin to heal. First the swelling began to de crease below the knee, and continued gradnally downward, and when it nearly reach ed the sores they began to heal. In the meantime the leg from the ankle hal way to the knee became covered with running pimples, in fact the leg had become himself. almost a solid sore. After this the sores healed rapidly. The worst one, on the instep, healed entirely, the other to the size in that condition ever since, which has been several months ago. For a month or more it has not discharged at all, and looks sometimes now as if it was entirely well. As a Blood Purifier and Tonic I think it superior to anything I ever trisd. If you could have seen my daughter when she commenced using your Remedy, and now, you would hardly believe her to be the same child Last January nearly every ond thought she would die Then she was a living skeleton, now she is fat

The New Market.

Messrs. Geo. F. Tilly and Herman Hintze have associated themselves together and will continue the business on Second street, near Market, at Mr. Hintze's old stand. Mr. Thos. H. John son is, we believe, the only butcher who is now doing business in the New Market house. And yet, it is one of the most conveniently arranged market houses in the entire country.

Another Steamer.

It is rumored that Capt. R. P. Paddison has it in contemplation to put on March is already favoring us with another and a faster steamer on the route The idea is to run the new steamer on s daily schedule, strictly as a passenger boat, and to keep the John Dawson on her tri-weekly trips as a freighter, as at ent. The increase both of travel and freight on this route has been very considerable, and the Dawson not only carries large freights every trip, but has also a large passenger list. This is only another evidence of a healthy "deeline."

A Planetary Picture.

The heavens present a delightful planetary picture during the month of March. Uranus, our far-off brother, reaches opposition and perihelion; Venus, at its close, will be seen in the glowing West just after sunset; Mercury will beam in the morning light; Saturn, Jupiter and Mars will move in their appointed course as they approach the source of life and light. Thus, the planets as they track their devious path among the shining stars not only illustrate with them the amazing beauty of the star-lit heavens, Why is a fool in high station like a but also the variety that lends its neverfailing charm to the science of astrono-

The Last of Barth.

The remains of Capt. D. R. Murchison arrived here last evening on the train from the North. They were met at the depot by a committee from the Produce Exchange and by many friends and relatives, who escorted them to the late resideuce of the deceased, corner of Third and Ann streets.

The funeral services were held this aftergeon at St. James' Church, and from thence the remains were conveyed to their last resting place at Oakdale. The church was crowded, many being unable to obtain admittance, and the procession which followed the body to the grave was, perhaps, the largest ever known here. Mr. Goo. W. Kidder, Maj. D. J.
