The River.  
Steamboatmen report that when they left Fayetteville, yesterday morning, the river was falling quite rapidly, but they thought that the rain of yesterday and last night, which was more considerable than it was here, will have the effect to create another rise, and that they will be liable to meet some freshet when on their way up the river to-day.  
City Court.  
Charles Light, colored, was brought before the Mayor this morning on a charge of violating the city ordinances which prohibit furious driving. He was found guilty and sentenced to pay a fine of \$2 to the City Treasury. He paid the money and was discharged.  
William Swann, colored, was then arraigned upon the charge of larceny, but as the evidence was not sufficient to warrant binding him over to the Criminal Court, he was discharged. This ended the matinee for to-day.

There was nothing found to signify the name of the boat.

## Venor's March Weather.

Venor says: Probably snow or sleet at Washington and very bleak weather on the 6th; probably cold and stormy weather everywhere through the early portion of the week, with snow and drift, in Northern and Western sections. There is likely to be a marked "cold dip" towards the 7th and 8th at the North. About the 12th it will be cold and stormy generally, with heavy snowfalls, "cold dips" East and West, and in all likelihood snow or rains and blustery weather as far South as Washington, with abrupt changes of temperature. The 17th and 18th may be specially stormy days. The third week will enter blustery and stormy, with snowfalls in many sections. Milder weather on and after 22d, with frequent rain and sleet; wet weather South and East. Twenty-seventh, snow storms, probably West, the month closing generally mild in most sections, with indications of a calm period.

## A Promise Kept.

It will be remembered that the Madison Square Theatre Company management announced that the play of Hazel Kirke would be given line for line and word for word, without cut or omission. That this promise was studiously kept may be known from the fact that the devotion to the integrity of the drama was the cause of the failure of the organization to get all its baggage and members aboard of the 11:05 train Tuesday evening. Mr. Sisson, the Manager, and Mr. Battin, master of transportation, were obliged to remain behind to make arrangements for the transmission of their baggage, which did not reach the station in time for the train. The praiseworthy action of the Manager costs the theatre the price of a special train to Sumter. Yet the organization can carry with it the assurance that on a second visit to our city its fidelity to the public will be repaid by an overflowing audience of our citizens, who know when they are well treated and believe in giving "honor to whom honor is due."

## Drowned.

About 4 o'clock this afternoon a young colored sailor, named Sam Smith, aged about 20 years, jumped overboard from the schooner *American Eagle*, Capt. Schroder, lying in the stream opposite the shipyard, and attempted to swim ashore, but was drowned before he reached the land. He is said to have been a native of Norfolk, Va., and it is also said that he has a brother in this city. His body had not been recovered when our report closed.

Murchison & Co.; and British schooner *Julia Elizabeth*, Ingraham, cleared for Nassau with 15,000 feet lumber and 50,000 shingles, shipped by Messrs. Colville & Co. Yesterday, Russian barque *Bernhard & Auguste*, Steen, cleared for Liverpool, with 1,233 bales cotton, shipped by Messrs. Alex. Sprunt & Son.

## The Clinton.

The steamer *Clinton*, which has been recently overhauled and repaired, and resumed yesterday her regular schedule to Beannerman's Bridge, has returned to the city with some slight derangement to her machinery, a slight leakage having been discovered about the bolts in the boiler. She got about 9 miles above the city, with a flat in tow, and was proceeding very nicely when the leak was discovered and it was found necessary to return to the city.

## Death of an Estimable Lady.

We regret to learn that Mrs. Fannie McLaughlin, wife of Mr. John McLaughlin, of Fayetteville, and daughter of Capt. T. J. Green, of the steamer *North State*, died at her home in Fayetteville, on Saturday, the 4th inst. She had been sick with consumption for several months, and her death from this hopeless disease was not unexpected. She left no living children. Hers was an amiable and gentle life and her decease has left a void in the hearts of a large circle of kindred, friends and acquaintances by whom she was much beloved.

## Prof. Semon.

This distinguished magician and ventriloquist will appear at the Opera House in this city on Monday evening, the 13th inst. He is now filling an engagement in Savannah, Ga., and every night distributes valuable and useful prizes to those who are so fortunate as to hold the lucky numbers. The *Savannah News*, of the 8th inst., in speaking of these entertainments, says:  
At the close of Prof. Semon's entertainment at the theatre last evening a large number of prizes were again issued, among them three very handsome and valuable ones, which were won by the following:  
N. W. Hayward, corner of Broughton and Habersham streets, gold watch.  
R. H. Giles, 138 South Broad street, silver watch.  
S. Brown, corner of President and Lincoln streets, sett of china.  
By Author of "Helen's Babies."  
"Mrs. Mayburn's Twins," by John Habberton, author of "Helen's Babies," is in press and will be published in a few days by T. B. Peterson & Brothers, Philadelphia. It is a charming bit of work, filled to the brim with fun, frolic and reality, and the author will have the thanks of every one that reads it, for there is in it a sweet undercurrent of pathos that lends a special charm to the whole story, from first to last. All who like to read about children, their mothers and the home circle, should get and read this truly absorbing and fascinating story. It is a gem of the first water in a setting that adds vastly to its attractiveness. Mothers and fathers especially will find it a treat of the rarest kind, for it is a worthy companion to the renowned "Helen's Babies," by the same author.

## HER CASE WAS AN INTERESTING STUDY.

LITTLETON, N. C., Nov. 10, 1881.  
MRS. JOE PIERSON.

Dear Madam:—I commenced last January to use your Bitters and Wash on our little daughter Annie, aged twelve years, for Scrofula, with a tendency to White Swelling, the physician said. At the time I commenced using your Remedy she was very much reduced in flesh, complexion sallow, appetite poor, limbs very much swollen, bones enlarged, with two frightful sores on her left leg near the ankle. After using the Remedy a week or two I could see a change, as I then thought, for the worse. The sores discharged copiously a yellow corruption, sometimes running in a stream to the floor in spite of the linens. But feeling encouraged by your letters I persevered, and after using the Remedy a while longer her strength was greatly improved, her appetite good and complexion much improved. These symptoms encouraging me, but the flow of corruption continued for several months, and not until her general health was greatly improved did the sores begin to heal. First the swelling began to decrease below the knee, and continued gradually downward, and when it nearly reached the sores they began to heal. In the meantime the leg from the ankle half way to the knee became covered with runny pimples, in fact the leg had become almost a solid sore. After this the sores healed rapidly. The worst one, on the instep, healed entirely, the other to the size of a five-cent piece, and it has remained in that condition ever since, which has been several months ago. For a month or more it has not discharged at all, and looks sometimes now as if it was entirely well. As a Blood Purifier and Tonic I think it superior to anything I ever tried. If you could have seen my daughter when she commenced using your Remedy, and now, you would hardly believe her to be the same child. Last January nearly every one thought she would die. Then she was a living skeleton, now she is fat and rosy. Her case was an interesting study from the time she commenced your Remedy. I can most heartily and cheerfully recommend it to what you claim for it. Wishing you every success with your undertaking, and with many thanks for the benefits we have received from your medicine, I am, very respectfully,  
MRS. R. J. ALLEN.  
The Remedy is for sale in Wilmington by DR. W. H. GREEN. feb 17
