THE DAILY REVIEW.

VOL. VI WILMINGTON, N. C., THURSDAY, MARCH 30, 1882. NO 76

PLEASE NOTICE.
We will be glad to receive communication
from our friends on any and all subjects of
general interest but
The name of the writer must always be in-
cluded to the Editor.
Communications must be written on only
one side of the paper.
Personalities must be avoided
And it is especially and particularly under-
stood that the Editor does not always endorse
the views of correspondents, unless so stat-
ed in the editorial columns.

Don't fail to see the wonderful Seven
Sisters.
Crabs have made their appearance in
market.
The receipts of cotton at this port
to-day foot up 121 bales.
The prices of shad and other fish have
ranged unusually high this season.
The markets was bountifully supplied
with early garden truck this morning.
Norwegian barque *Therese*, Hansen,
hence, arrived at Hamburg March 28th.
Steamship *Benefactor*, Capt. Tribon,
hence, arrived at New York March 28.
Of all shares, plowshares, are the
most reliable. They always turn up
something.
The vexed question of a watering cart
for sprinkling the streets has been settled
by the water works.
The steamship *Regulator*, Captain
Doane, left her wharf in this city early
this morning for New York.
Beautiful your names by using the N
Y. Enamel Paint, ready mixed and war-
ranted. Sold only at JACOBI'S.
W. T. Martin, colored, was brought
before the Mayor this morning, charged
with disorderly conduct, but was dis-
charged.
The great attraction in our city is the
Seven Sisters, on exhibition on Market
street, opposite Masonic Hall.
It isn't because a woman is exactly
afraid of a cow that she runs away and
screams. It is because gored dresses
are not fashionable.
A true man never frets about his place
in the world, but just slides into it by
the gravitation of his nature, and swing
there as easily as a star.
A traveling printer, who, for want of
employment at his trade went to work on
a farm, came in one day to ask his em-
ployer if a hen should be set solid.
A doctor says a whole mince pie eaten
at bed time will not harm the most deli-
cate system. It is dreaming of falling
down a coal mine what upsets one's
nerves.
Schooner *Thomas Sivniekson*, hence,
for Philadelphia, went ashore at Goose
Island, March 27th, but got off on the
afternoon of the same day, and proceeded
on her voyage.
"Can there be happiness where there
is no love?" solemnly queries an author
in a book on marriage. Not much hap-
piness perhaps, but, if the girl is awfully
rich, there can be lots of fun.
Hundreds of ladies attended the mat-
inee of the Seven Wonders.
No matter how deep a young man's
pocket may be, a colored silk handker-
chief will inevitably float to the top and
dip over, while a solid linen rag will
sink to the bottom like a brick thrown
into a mud puddle.
There is nothing that so takes the
starch out of a young man who has
been wedded about a year as to have to
go to a store where there is a girl clerk
that he use to keep company with, and
enquire for those large sa fetty pins.

ment and lowest prices at JACOBI'S. †
Steamboatmen who arrived from Point
Caswell on the *John Dawson*, last even-
ing, report considerable swell in the
Black River, though it has not yet
reached the magnitude of a freshet. It
will be somewhat surprising if there are
not big freshets in both the Cape Fear
and Black rivers, as, from the informa-
tion we have received, the rains were
quite severe in the up-country.
The State Baptist Sunday School
Convention meets in Raleigh to-day.
Revs. James B. Taylor and G. S. Jones
and Mr. M. C. Walton, are the delegates
from this city. The first named gentle-
man, Rev. Mr. Taylor, will not probably
be present, as the very interesting ser-
vices now being conducted at the church
of which he is the pastor, will engage
his entire time and attention.

Since the Cape Fear Navigation
Company surrendered its charter to the
U. S. Government, thereby making the
Cape Fear and its tributaries a free river,
three new steamers have been put on the
river between this city and the head-
waters of the streams, and we hear that
other steamers will be built for the upper
Cape Fear during the summer.
The young gentlemen who have re-
cently organized a hose reel company
as auxiliary to the fire department think
that their project will meet with success.
They have applied to the city authori-
ties for the reel and feel much encour-
aged by the kind manner in which their
organization is looked upon by the city
fathers.
High Standard.
Mr. J. C. White, the courteous and
energetic Manager of the Telephone
Exchange, has worked the Exchange up
to a degree of usefulness seldom if ever
exceeded. Subscribers to the Exchange
can now transmit telegrams to and from
the Western Union office free of charge.
To be discontinued
Trains Nos. 42 and 45 on the Wil-
mington & Weldon and Wilmington,
Columbia & Augusta Railroads, will be
discontinued after Sunday, April 2nd.
The trains in question have been leaving
Wilmington at 1 o'clock, p. m., on the
W. & W. R. R., and at 7.20 a. m., on the
W., C. & A. R. R., and arriving here at
7 a. m. on the W. & W. R. R. and at
11:40 a. m. on the W., C. & A. R. R.
"What is heaven's best gift to man?"
she asked sweetly smiling on him. "Dr.
Bull's Cough Syrup," he replied with
prudence. He had just been cured by
it of a bad cold.
C. & P. C. Railroad.
Messrs. F. W. Kerchner, Roger Moore,
R. W. Hicks, J. C. Heyer, Owen Fen-
nell, Jr., and H. A. Bagg, the commit-
tee selected for the purpose, will call on
the members of the Chamber of Com-
merce, the Produce Exchange and the
business men on Water street, in the
course of a few days, to solicit subscrip-
tions to the stock of the proposed Clin-
ton & Point Caswell Railroad, while
Messrs. A. Adrian, J. C. Stevenson, H.
Brunhild, W. B. McKoy, Preston Cum-
ming and Hon. W. L. Smith will canvass
Market and Front streets and the city
generally for the same purpose. By this
systematic arrangement the entire city
will be canvassed more promptly, effi-
ciently and, without doubt, successfully,
than it otherwise would be, and we expect
to hear a very favorable report of their
efforts to carry through an enterprise
which is of so much importance to the
prosperity of Wilmington.

Good for Point Caswell.
The steamer *John Dawson* took, as
a part of her freight to-day, the machin-
ery for a steam saw mill which is soon to
be in operation at Point Caswell. Mr.
W. H. Monroe is the proprietor of the
mill and it will be operated under his im-
mediate supervision and control, and we
have not a doubt that it will prove a
profitable investment of his time and
money and will materially increase the
prosperity and wealth of that thriving
village. There is an abundance of tim-
ber in that section which can be made
available, some of which is of magnifi-
cent dimensions, and this new industry
will furnish lucrative employment to
quite a number of hands.
In Pontiac, Mich., a young lady called
at the Drug Store of Messrs. Wells &
Co., for a bottle of St. Jacobs Oil a
few days ago. Being asked how it was
liked, she replied that it had cured her
mother of Rheumatism, and when ever
any of the family had an ache or
pain, St. Jacobs Oil was immediately
applied. These gentlemen also say that
St. Jacobs Oil is the best selling article
they have in their store.
Mr. Josephus Daniels, for a number
of years an attaché of the *Wilson Ad-
vance*, will begin the publication of a
paper, to be called the *Free Press*, at
Kinston, on the 6th of April next. He
is a young man of energy and talent,
and we wish for him an abundant suc-
cess.
Lovers of nice fruits are reminded by
advertisement of Messrs. Cronly & Mor-
ris, in this issue, that the cargo of
oranges &c. of the Schooner *Mabel
Darling*, will be sold by them to-morrow
at the wharf nearly opposite their sales-
rooms.

Dangerously Ill.
We regret to learn of the serious and
alarming illness of Lieut H. D. Smith, of
the Revenue Cutter *Coffax*. He is ly-
ing in a very critical condition at the
residence of Capt. John L. Wooster, on
the corner of Third and Dock Streets.
Lieut Smith contracted pneumonia at
sea on the *Coffax* while she was on one
of her cruises.
The Seven Wonders.
Crowds were gathering this afternoon
to look at these wonderful sisters, and
to listen to their peculiarly sweet vocaliza-
tion. They are certainly objects of
wonder and deep interest. We under-
stand that Mr. Donaldson, the Man-
ager, visited the schools of the city this
forenoon and distributed many tickets.
Ladies and children should remember
that the sisters hold a matinee every
afternoon, from 2 until 6 o'clock, for
their especial benefit.
The wonderful Seven Sisters' fine
quartette. Miss Naomi has a resonant
bass voice.
The Little World.
Those who have seen the Strausburg
Clock can have only an imperfect idea
of this Little World of Wonders, now
on exhibition in the Tienken Building
on Front street, with its Steamboats,
Railroad trains, and in fact all the in-
dustries of life being performed by those
little people, only four inches in
height, working as natural as if they were
really human beings. Should you fail to
see it, you will fail to see the curiosity
of the 19th century. Special matinee
from 1:30 to 6 P. M. for ladies and child-
ren. Open at 7 P. M. Admittance 10
cents.
American Newspapers in 1882.
The American Newspaper Directory,
which will be issued next month by Geo-
P. Rowell & Co., of New York, will
contain the names of 10,611 periodicals
in the United States and Territories, which
is a gain of 344 in the year just passed.
The number of daily papers has increased
in somewhat larger proportions, and is now
represented by a total of 996 against 921
in 1881. The largest increase has been
in New York—10 dailies, 29 of all sorts.
Illinois and Missouri show a percentage of
gain which is even greater, while Colorado
leads all others in the percentage of in-
crease, both in daily and weekly issues.
California, Nevada, Oregon, South Caro-
lina, Vermont and West Virginia have
fallen behind 1881 in the total number
of periodicals issued. In Georgia, Maine
and Massachusetts the suspensions have
exactly counterbalanced the new ven-
tures. In every State not mentioned
above, and in the Territories, there has
been an increase.

The Guano Elevator on the West side
of the river is completed. The finishing
touch, a coat of paint, was put on a few
days ago.
Capt E. J. Pennypacker, the newly
appointed Collector of Customs of this
port, will enter upon the discharge of
his duties on Saturday next.
The Seven Sisters possess the longest
suits of hair on earth.
The brig *Francis Jane*, Bennett,
cleared to-day for Kingston, Ja., with
155,491 feet lumber and 39,000 shingles,
shipped by Messrs. Northrop & Com-
mings.
Sad Accident.
We are pained to hear of a painful
accident which befell little Teddie Clark,
youngest daughter of Mr. F. W. Clark,
of this city. Little Teddie was skipping
along from school a few days ago, when
she tripped, falling face down on the
pavement and breaking her nose. The
little one was taken up and carried to
her home, where her pains and bruises
were soothed by loving hands. Her
physician states that the dislocated nose
can be reset, but that it will be a painful
and tedious operation. We trust ere
long to see her smiling face again on
the streets. The little sufferer has our
sympathies.
**Memorial Day—Orator and Chap-
lain.**
We learn that the Ladies' Memorial
Association of this city have extended
an invitation to Capt. C. B. Denson, of
Pittsboro, N. C., to deliver the address
at the annual celebration on the 10th of
May next, and that he has communicated
his acceptance of the invitation. We
congratulate the ladies of the Associa-
tion upon securing Capt. Denson's ser-
vices as the orator for the occasion.
He is a gentleman of scholarly attain-
ments and of fine cultivation and an at-
tractive orator.
We also learn that the Rev. T. Page
Ricaud, of this city, has been invited to
act as chaplain on the occasion and he
has notified the ladies of his acceptance.
