#### Varioloid-Not Small Pox.

Yesterday morning it was reported that there was a case of small pox on board the brig Cora Green, lying in the stream opposite Messrs. Kidder & Son's mill. Drs. Walker, Wood and Schonwald, Jr., were promptly sent down by Mayor Smith to investigate the matter and they reported it as a case of varioloid. The vessel was at once ordered down to the quarantine ground and the patient taken to the hospital.

Various conflicting and exaggerated rumors have been in circulation relative to this case, during the day, but these are the facts as fiurnished us by Mayor Smith, and we gladly give them to the public in order to allay any alarm which may have arisen in the matter. The Mayor also informs us that the brig will be kept at the quarantine ground until all danger has passed.

Dr. Schonwald, Jr., is treating the case at the hospital, and he reports today that the patient is improving and his case is progressing as well as could be expected.

## The Sinking Fund.

Mr. Norwood Giles, who has recently resigned the position of Chairman of the Board of Audit and Finance for the city, this afternoon turned over to his successor, Mr. R. J. Jones, the bonds belonging to the Sinking Fund, amount ing to \$41,853. The Chairman of the Board of Audit and Finance is by virtue of his office Commissioner of the Sinking Fund. The bonds referred to are as iollows: Maturing February 1st., 1892, \$2,500; do. January 1st., 1897 \$3,300; do. January 1st., 1899, \$1,000; do. January 1, 1901, \$10,000; do. January 1, 1904, \$25,000. These, with \$55 in money, make up the fund, \$41, 855, all of which has been accumulated since the establishment of the Board of Audit and Finance, in 1877. And not | At one time a report went around that only has this fund been accumulated within the past five years, but within the same period the debt of the city has been reduced more than \$100,000, the license taxes have been materially re duced and the tax on real estate has also been reduced one fourth of one per cent., notwithstanding the fact that the assessed value thereof has been reduced \$637,832. This will show the tax payers of the city what a Democratic administration of affairs has done for them.

#### For the Review Mr. Norwood Giles.

ME. EDITOR :-

The retirement of Mr. Norwood Giles from the position he has held so long Board of Audit and Finance, was learned with real regret by his many friends. notwithstanding the fact that his successor, Mr. R. J. Jones, is in every way worthy to wear the mantie. Mr. Giles, although a young man, is, in my humble opinion, one of the best business men in the State. He has been able, active, Board have stood as a bulwark against anything like extravagance of expenditure in city affairs. The tax payers owe him a meed of gratitude Let us render it to him.
